

**Essence:** Sweet children, after going into 84 *motors*, the soul's *battery* has become *dull*. Now charge it fully by staying on the pilgrimage of remembrance.

**Question:** Which children does Baba consider to be very, very fortunate?

**Answer:** Baba tells those children who don't have any complications and who remain free from bondage: You are very, very fortunate children. By staying in remembrance, you can *charge* your *batteries fully*. If you simply relate knowledge but there is no yoga, the arrow cannot strike the target. No matter how splendidly you relate your experience, if you don't practise what you speak about, your conscience will continue to bite you.

Om shanti. The spiritual Father explains to the sweetest, spiritual children. What is the name of the spiritual Father? Shiv Baba. He is God, the unlimited Father. Never can a human being be called the unlimited Father, Ishwar or God. Although many people have the name "Shiva", they are all bodily beings. This is why they cannot be called God. The Father sits here and explains this to the children. This is the last of the many births of the one whose body I have entered. Many people ask you why you call this one God. From the beginning, the Father has explained that no physical or subtle bodily being can be called God. Subtle bodily beings are residents of the subtle region; they are called deities. The Highest on High is God, the Supreme Father. His name is the highest on high and His place of residence is the highest on high. The Father resides there with all souls. The place where He sits is also the highest. In fact, there is no place to sit there. Do *stars* sit anywhere? They just stand, do they not? You souls are also standing there with your own power. You souls receive such power that you go and stand there. The Father's name is the Almighty Authority; you receive power from Him. When you souls remember Him, your *batteries* become *charged*, just as a *motor* car has a *battery* and the car works with the battery. When the *battery* is charged by a *current*, the car works. Then the battery gradually becomes discharged. The *battery* then has to be connected to the *mains power* to be *recharged* and is then put into the *motor* car again. Those are limited matters. Here, it is an unlimited aspect. Your *battery* lasts for 5000 years. Then, gradually, while moving along, it becomes weak. You can tell that it hasn't completely discharged; it stays a little charged, just as a *torch* becomes *dim*. The soul is the *battery* of this body. This too becomes *dull*. This *battery* leaves the body and then goes into a second and a third *motor*. The soul goes into 84 *motors*. So, the Father says: You have become ones with such *dull heads* and stone intellects! Now recharge your *batteries* again. Souls can never become pure without remembering the Father. It is only the one Almighty Authority Father with whom you have to have yoga. The Father Himself gives you His own introduction - what He is like - and He tells you how the *batteries* of your soul become *dull*. I am now advising you to remember Me so that your *batteries* can become satopradhan and *first class*. Souls become 24 *carat* when they become pure. At the moment, you are mixed with alloy; your strength has completely finished. That beauty is no longer there. The Father now explains to you: Children, the main thing is to stay in yoga and become pure. Otherwise, the *batteries* will not become charged; you won't be able to have yoga. There are many who give knowledge like a cockerel. Although they relate knowledge, they don't have that stage. Here, they relate their experience with a lot of splendour. Their consciences bite them inside because their stage isn't equal to what they speak about. There are yogi children too. The Father praises the children a lot. The Father says: Children, you are very, very fortunate. You don't have many complications. Those who have many children also have a lot of bondage. Baba has so many children. He has to take care of everyone. Baba also has to stay in remembrance. The remembrance of the Beloved should become very firm. On the path of devotion, you were remembering the Father so much: Oh God! He is the One you worship first. First, it is incorporeal God who is worshipped. It isn't that you become soul conscious at that time. Those who are soul conscious would not worship anyone. The Father explains: When devotion first begins, it is the one Father who is worshipped first. It is Shiva alone who is worshipped. As are the king and queen, so the subjects. The Highest on High is God. Only He has to be remembered. Everyone below Him, like Brahma, Vishnu and Shankar, don't need to be remembered. Only the highest-on-high Father has to be remembered. However, the *part* in the *drama* is such that you are bound to come down. The Father explains how you come down. The Father explains everything from the beginning to the end and from the top to the bottom. Devotion is also satopradhan at first and it then becomes sato, rajo and tamo. You are now becoming satopradhan once again; it is this that requires effort. You have to become pure. Check yourself to see that Maya is not deceiving you. Do I have *criminal eyes*? Do I have any thoughts of committing sin? Since Prajapita Brahma is remembered, his children must be Brahmins, brothers and sisters. Worldly brahmins,

too, consider themselves to be children of Brahma. You Brahmins are brothers and sisters. So, why do you have vicious vision? You can give very good drishti to the worldly brahmins. You children understand that the children of Brahma now become Brahmins and then deities. It is said that the Father comes and establishes the Brahmin and deity religions. This is something to be understood. You children of Brahma have become brothers and sisters. Therefore, there should be no pull of bad vision. You have to prevent that. This one is my sweet sister. There should be that *love*. The love that there is in a *blood connection* should change into spiritual love. Even though this is called easy remembrance, it does require a lot of effort. Consider yourself to be a soul and remember the Father. You must have no vision of vice. Baba has explained that your eyes deceive you a lot; they have to be transformed. I am a soul. At this time, we are Shiv Baba's children. We brothers and sisters have been *adopted*. We call ourselves Brahma Kumars and Kumaris. There will then be a difference in behaviour. It is a *teacher's* duty to ask everyone in *class*: Do you think that your vision is that of brother and sister or is there some mischief? If someone doesn't speak the truth in front of the true Father but tells lies, a lot of punishment will be experienced. In a *court* they have to take the oath that they will speak the truth in front of God, the Truth. A child of the true Father would also be truthful. The Father is the *Truth*. He only speaks the truth. All the rest are lies. They call themselves Shri Shri 108. In fact, that is the rosary of beads that is turned. They don't even know why they turn the beads of a rosary. *Christians* also have a rosary; Buddhists too have a rosary. All of them turn the beads of their rosaries in their own way. You children have now received knowledge. Tell them: The tassel at the top of the rosary of 108 symbolizes the incorporeal One. Everyone remembers Him. It is by remembering Him that we become queens of heaven, that is, we become empresses. To become Lakshmi or Narayan from an ordinary woman or man is to become the velvet kings and queens of the sun dynasty. Later on, they become cotton ones (less value). Therefore, keep such *points* in your intellects so that you can explain them to others. Then your name will be glorified. Speak like a lioness. You are the Shiv Shakti Army. There are many types of army. Go to other places and just see what they teach everyone. Hundreds of thousands of people go there. Baba has explained that *criminal eyes* deceive you a lot. You should speak of your stage. Relate your own experience and how you live at home and how it affects your stage. Keep a *diary*: For how long do I maintain this stage? The Father explains: Maya becomes very powerful and fights with the powerful ones. This is a battlefield, is it not? Maya is very powerful. Maya means the five vices. Money is called wealth. Those who have a lot of wealth are the ones who become like Ajamil (great sinner) the most. The Father says: First of all, you have to save the prostitutes. They will then create their own *association*. We want to claim our inheritance from the Father. The Father says: I have come to make you into the masters of the land of Shiva (Shivalaya). This is your last birth. Tell the prostitutes: It was because of you that Bharat lost its honour. The Father has now come to take you to the land of Shiva. According to shrimat we have come to you. You must now become the masters of the world and glorify the name of Bharat like we are doing. We are also becoming pure by remembering the Father. You must stop doing that dirty business for one birth. Have mercy and your name will be glorified a great deal. People will then say: You have such power that you have made them stop doing their dirty business. Everyone has an *association*. You can also create your own *association* and take whatever you want from the *Government*. Therefore, now serve those who are doing dirty business and defaming the name of Bharat. Your *union* also has to be very strong. Ten to 12 of you people can go and explain to them. There should be very good mothers. If a new couple comes, tell them: We remain pure. It is only by becoming pure that you become the masters of the world. So, why should you not remain pure? A whole group of you should go and explain. Say with a lot of humility: We have come to give you the message of the Supreme Father, the Supreme Soul's. Destruction is now just ahead. The Father says: I have come to uplift everyone. You mustn't indulge in vice for this one birth. Tell them: We Brahma Kumars and Kumaris are *serving* Bharat with our own bodies, minds and wealth. We are not asking for alms. We are the children of God. Make such *plans*. It isn't that you can't help. Do such work that you are praised. Thousands will emerge to help you. Create your own gathering. Select the main ones. Hold *seminars*. Many will emerge who can look after the children. Just keep yourself busy in God's *service*. You should have such a generous heart that you can quickly go and do *service*. On the one side, do this *service* and on the other side, do the service of the Gita. Take up these things together as a group. You are studying to become Lakshmi and Narayan. Therefore, you children mustn't have any conflict of opinions among yourselves here. If you hide something from the Father and don't tell Him the truth, you are causing yourself a loss. You will accumulate one hundredfold more punishment. Achcha.

To the sweetest, beloved, long-lost and now-found children, love, remembrance and *good morning* from the Mother, the Father, BapDada. The spiritual Father says namaste to the spiritual children.

**Essence for dharna:**

1. We are the children of the sweet Father. We have to live together as sweet brothers and sisters. Never have any vision of vice. If there is any mischief in your vision, tell the truth to the spiritual *Surgeon*.
2. Never have any conflict of opinion amongst yourselves. Be generous hearted and do *service* with great humility with your body, mind and wealth and give everyone the Father's message.

**Blessing:** May you have the awareness of karanhar (one who does) and Karavanhar (One who inspires) and thereby become a carefree emperor who wears a crown of *light*.  
“I am an instrumental karma yogi, karanhar and the Father is Karavanahar.” If you naturally have this awareness, you become one with a crown of *light* and a carefree emperor. Simply, “The Father and I, and none other”. This experience easily makes you a carefree emperor. Those who become such emperors become conquerors of Maya, their physical senses and matter. However, if, even by mistake, someone takes upon himself a burden of gross intentions, then, instead of a crown, many baskets of worry come onto his head.

**Slogan:** In order to be free from all bondages, be a conqueror of attachment to all bodily relationships.
