

**Essence:** Sweet children, this confluence age is the age for having your sins absolved. You definitely have to become pure in this age and not commit any sins.

**Question:** Which children can experience supersensuous joy?

**Answer:** Those who are full of the imperishable jewels of knowledge can experience supersensuous joy. The more knowledge you imbibe in your life, the wealthier you become. If you don't imbibe any jewels of knowledge, you remain poor. The Father is giving you the knowledge of the *past*, *present* and *future* and making you trikaladarshi.

**Song:** Salutations to Shiva.

Om shanti. The *past* has now become the *present* and this *present* will then become the *past*. People remember the *past*. You are now at the most auspicious confluence age. The word "auspicious (purshottam)" must definitely be used. You can see the *present*. The memorial of the *past* is now happening in a *practical* way. No doubts should arise about this. You children know that it is now the confluence age and also the end of the iron age. Five thousand years ago, the confluence age was definitely the *past*, and it has now become the *present*. The Father has now come. Therefore, the *future* is that which was the *past*. The Father is now teaching you Raja Yoga for you to attain your kingdom in the golden age. It is now the confluence age. No one but you children knows these things. You are studying Raja Yoga *practically*. It is extremely easy. All of you children, young and old, must definitely explain one main thing: Remember the Father and your sins will be absolved. Since it is the time for having your sins absolved, who would commit further sin? However, Maya makes you perform sinful actions and you then understand that you were slapped and were made to make a severe mistake. You have been calling out to the Father: O Purifier, come! Now that the Father has come to purify you, you should become pure, should you not? After belonging to God, you shouldn't become impure. In the golden age, everyone was pure. Bharat itself was pure. It is remembered: The *vicious world* and the *viceless world*. They are completely viceless and we are vicious because we indulge in vice. The word "vice" means *vicious*. It is impure people who call out for Him to come and purify them. Angry people don't call out. The Father also comes according to the *drama plan*. This can't be changed in the slightest way. Whatever happened in the *past* is happening at *present*. To know the *past*, *present* and *future* is known as being trikaladarshi. This has to be remembered. These matters require you to make great effort. You repeatedly forget. Otherwise, you children would experience so much supersensuous joy! You are becoming extremely wealthy with the imperishable jewels of knowledge. The more you imbibe, the wealthier you become. However, that is for the new world. You know that whatever you are doing now is *for the future* new world. The Father has come to establish the new world and to destroy the old world. This will happen exactly as it happened a cycle ago. You children will see this. There will also be *natural calamities*. An *earthquake* will take place and everything will be destroyed. There will be so many *earthquakes* in Bharat. We say that all of this will definitely happen. It also happened in the previous cycle. This is why it is said that the golden city of Dwaraka sank beneath the sea. You children should make it sit in your intellects very clearly that you also took this *knowledge* 5000 years ago. There isn't the slightest difference in this. Baba, we claimed our inheritance from You 5000 years ago. We have claimed our inheritance from You so many times that it cannot be counted. You become the masters of the world so many times and you then also become beggars. At this time, the whole of Bharat are beggars. You write, "According to the *drama plan*". Those people don't use the word "*drama*"; they have their own *plan*. You say that, according to the *drama plan*, we are once again carrying out establishment exactly as we did 5000 years ago. We are now following *shrimat* and doing exactly what we did in the previous cycle. We are receiving power by following *shrimat*. There is the name "Shiv Shaktis". You Shiv Shaktis are those goddesses who are worshipped in the temples. You are the goddesses who attain the kingdom of the world again. Look how much Jagadamba is worshipped! She has been given many names. However, she is only one, just as the Father is only the one Shiva. You help to make the world into heaven and so you are also worshipped. There are so many goddesses! Lakshmi is worshipped so much. On Deepmala (Diwali, the festival of lights) they worship Mahalakshmi (Four armed Lakshmi). She is the *head*; the emperor and empress together become Mahalakshmi; both are included in this. We too used to worship Mahalakshmi. If our wealth increased we believed it was because of blessings given by Mahalakshmi. They simply worship her every year. Achcha, people ask her for wealth. What do they ask of the goddesses? You goddesses of the confluence age give the blessing for heaven. People don't know that all their desires for heaven can be fulfilled by the goddesses. You are goddesses, are you not? You donate knowledge to human beings through which all their desires are fulfilled. When they have an

illness, they ask the goddesses to cure and protect them. There are many types of goddess. You are the Shiv Shakti goddesses of the confluence age. You bless them with heaven. The Father gives this and you children also give this. They visibly show Mahalakshmi whereas they make Narayan incognito. The Father is increasing the influence of you children. The goddesses fulfil all desires for happiness for 21 births. People ask Mahalakshmi for wealth. They do good business etc. for wealth. The Father comes and makes you into the masters of the whole world and gives you plenty of wealth. Shri Lakshmi and Narayan were the masters of the world. Now they are poverty-stricken. You children know how they ruled the kingdom and then how their stage gradually descended. Look what your state has now become from taking rebirth and your degrees having decreased! This is nothing new. The cycle continues to turn every 5000 years. Bharat is so impoverished now! It is Ravan's kingdom. Bharat used to be so elevated, it was *number one*. It is now the *last number*. If it didn't become the *last number*, how could it become *number one*? There has to be a proper account. When you patiently churn the ocean of knowledge, everything will automatically enter your intellects. These are such sweet matters! You now know the whole world cycle. Education is not just carried out at *school*; a *teacher* also gives you lessons to study at home. That is called *homework*. The Father too gives you homework. Throughout the day, you can carry on with your business etc. because you have to earn a livelihood for your body. Everyone has time at amrit vela. Two or three o'clock in the morning is a very good *time*. Wake up at that time and remember the Father with a lot of love. It is vices that cause you sorrow from the time they begin, through the middle, to the end of them. People burn an effigy of Ravan, but they don't understand the meaning of that. They say that the custom of burning an effigy of Ravan has continued from the beginning of time. That too is fixed according to the *drama*. They have been continually killing Ravan, and yet Ravan doesn't die! You children now understand when the burning of Ravan's effigy will end. You are now listening to the story of the true Narayan. You know that you are now receiving your inheritance from the Father. Because no one knows the Father, everyone is an orphan. They don't know the Father who makes Bharat into heaven. This too is fixed in the *drama*. It is only when they have come down the ladder and become tamopradhan that the Father comes. However, they don't consider themselves to be tamopradhan. The Father says: The whole tree has now reached a state of total decay! Not a single soul is satopradhan. Satopradhan souls exist in the land of peace and the land of happiness. They are now tamopradhan. Only the Father can come and awaken you from the sleep of ignorance. You continue to awaken yourselves and then awaken others. When someone dies, people ignite a lamp so that there can be light for that soul. There is now total darkness everywhere. Therefore, souls cannot return home. Although they want to be liberated from their sorrows, not a single soul can be liberated. The children who remain aware that this is now the most auspicious confluence age cannot stop donating jewels of knowledge. Just as people give donations and perform great charity in the auspicious month of charity, so you too have to donate jewels of knowledge in this most auspicious confluence age. You also understand that the Supreme Father, the Supreme Soul, Himself, is teaching you. There is no question of Krishna doing this. Krishna is the first *prince* of the golden age. Then he continues to take rebirth. Baba has explained to you the secrets of the *past*, *present* and *future*. You are becoming trikaldarshi. No one but the Father can make you trikaldarshi. Only the Father has the knowledge of the beginning, middle and end of the world. Only He is called the Ocean of Knowledge. Only God is remembered as the Highest on High. He is the Creator. The words "*Heavenly God*, the *Father*," are very *clear*. He is the One who establishes *heaven*. The birthday of Shiva is celebrated, but no one knows when He came or what He did when He came. They don't even understand what His birthday means. Therefore, what would they celebrate? All of that is fixed in the *drama*. It is only at this time, not at any other time, that you children know the beginning, the middle and the end of the *drama*. You will come to know it again when the Father comes again. You have now become aware of how the cycle of 84 births turns. What is there on the path of devotion? You don't receive anything from following that. So many devotees go to crowded places and get pushed around. Baba has liberated you from that. You understand that you are now following shrimat and making Bharat elevated once again. Only by following shrimat can you become elevated. Shrimat is only received at the confluence age. You know accurately who you were and how you are once again becoming that. You are now once again making effort to attain that. Children, if, while making effort, you *fail*, you must give that news to the Father so that He can caution you and make you alert again. Don't just sit down and consider yourself to be a *failure*. Get up once again. Take some medicine! The *Surgeon* is sitting here. Baba explains how much difference there is in falling from the fifth floor and falling from the second floor. The vice of lust is the fifth floor. This is why Baba says that lust is the

greatest enemy. It has made you impure. Now become pure! The Purifier Father has come to purify you. He would definitely make you pure at the confluence age. This is the confluence of the end of the iron age and the beginning of the golden age. You children know that the Father is now planting the sapling. The whole tree will then grow here. The tree of you Brahmins will grow and you will then experience happiness in the sun and moon dynasties. It is explained to you so easily! Achcha, if you don't receive a murli, then remember the Father! Make it firm for yourself that Shiv Baba tells you through the body of Brahma: Remember Me and you will go into the Vishnu clan. Everything depends on your efforts. Whatever effort you have made every cycle, that is exactly the effort you will make now. For half the cycle you have been body conscious. Now make full effort to become soul conscious. This requires effort. The study is easy; the main thing is to become pure. To forget the Father is a big mistake. It is by becoming body conscious that you forget Him. Carry on with your business etc. for eight hours, for the livelihood of your body, but make effort to stay in remembrance for the other eight hours. That stage will not be created very quickly. At the end, when you reach this stage, destruction will take place. Once you reach your karmateet stage, your body will not remain. You will shed it because the soul will have become pure by then. When you reach your numberwise, karmateet stage, the war will begin. Until then, *rehearsals* will continue to take place. Achcha.

To the sweetest, beloved, long-lost and now-found children, love, remembrance and *good morning* from the Mother, the Father, BapDada. The spiritual Father says namaste to the spiritual children.

#### Essence for dharna:

1. Donate the imperishable jewels of knowledge in this most auspicious month of charity. Wake up at amrit vela and churn the ocean of knowledge. As well as earning an income for the livelihood of your body according to shrimat, you must also definitely do the *homework* that the Father gives you.
2. Whenever you have any obstruction to your efforts, give that news to the Father and take shrimat from Him. Tell the *Surgeon* everything. This is the time for your sins to be absolved. Therefore, don't commit any more sin.

**Blessing:** May you finish any consciousness of "I" and any doubts and thereby become a merciful world benefactor.

No matter how many defects a soul has, how strong the sanskars of a soul may be, whether a soul has very little wisdom or one who constantly defames others, children who are merciful world benefactors are *lawful* and *love-full* to all souls. They never have any doubts or say, "This one is never going to change", "This one is always like this", or "This one cannot do anything. I am everything, this one is nothing". Put aside this ego and any doubts of this type and of knowing people's weaknesses and defects. Only merciful children who are able to forgive are able to be successful in the service of world benefit.

**Slogan:** Where there is the co-operation of body, mind and wealth of Brahmins, there will be success.
