

Essence: Sweet children, together with becoming satopradhan by having remembrance, you also have to accumulate an income by studying. At the time of studying, the intellect should not wander here and there.

Question: What victory is fixed for you *doubly* non-violent *unknown warriors* and why?

Answer: You children are making effort to conquer Maya. Your aim is definitely to claim back your kingdom from Ravan. This tactic is created in the *drama*. Your victory is guaranteed because you have God, Himself, personally with you. You gain victory with the power of yoga. Through the great mantra of “Manmanabhav” you receive a kingdom and you rule for half the cycle.

Song: O man, look at your face in the mirror of your heart!

Om shanti. When you sweetest children are sitting here in front of Baba, you understand that your *Teacher* truly isn't corporeal. It is Baba, the Ocean of Knowledge, who is teaching us. You have the firm faith that He is also our Father. When you study, you have to pay *attention* to the study. When *students* are sitting at *school*, they remember their *teacher* and not their father. You know that Baba is also your *Teacher*. You mustn't hold on to any name. You simply have to pay attention to being souls listening to the Father. It is not like this, neither in the golden age nor in the iron age. It is only at the confluence age that you consider yourselves to be souls. Our Father is also our *Teacher* at this time because He is teaching us. He has to do both jobs. You souls study with Shiv Baba. This is a study and also yoga. It is you souls who study and the Supreme Soul who teaches you. There is even greater benefit in this when you are personally sitting here face to face. Many children stay in remembrance very well. When you reach your karmateet stage, that is like receiving the power of purity. You know that Shiv Baba is teaching us. This is your yoga and also your income. You souls have to become satopradhan. You are becoming satopradhan and also receiving wealth. You must definitely consider yourselves to be souls. Your intellects should not wander anywhere else. Whilst you are sitting here, it should remain in your intellects that Shiv Baba is about to come as the *Teacher* in order to teach us. He alone is *knowledge-full* and is teaching us. You have to remember the Father. We are spinners of the discus of self-realisation and also *lighthouses*. We have the land of peace in one eye and the land of liberation-in-life in the other eye. It is not a question of these eyes; you speak of the third eye of the soul. You souls are now listening. Then, when you leave your bodies, you will take these sanskars with you. You are now having yoga with the Father. You have been separated since you came into the golden age, that is, you haven't had yoga with the Father. You are now becoming yogis like the Father. It is God (Ishwar) who teaches you yoga and this is why He is called Yogeshwar. You are the children of Yogeshwar. He doesn't have to have yoga. He is the Supreme Father, the Supreme Soul, the One who teaches you yoga. Each of you becomes a yogeshwar or yogeshwari. Then you will become raj-rajeshwari (princes and princesses). He is God, the One who teaches you yoga. He doesn't study it Himself but He teaches it. The Krishna soul studies yoga in his final birth and then becomes Shri Krishna. People also call Krishna “Yogeshwar” because his soul studies it at this time. That soul studies yoga with Yogeshwar and claims the Krishna status. He has been named Brahma by the Father. First, he had a worldly name and then he died alive. It is the soul that has to belong to the Father. When you belong to the Father, it means you have died alive. You also study yoga with the Father. You will take these sanskars with you to the land of peace. Then your new *parts* of the reward will *emerge*. You will not remember these things there. The Father explains these things to you at this time. Your *parts* are now coming to an end and they will then begin afresh again. Just as the Father had the thought to come, so the Father also says: When I come, I begin to speak. There, I am always in silence. Then, according to the *drama*, His *part* begins. He had the thought to come and He comes here and plays His *part*. You souls are listening to this, numberwise, according to the effort you make, exactly as you did a cycle ago. Day by day, there will continue to be growth. One day you will be offered large *royal halls* where eminent people will also come. Everyone will sit together and listen to you. Day by day, the wealthy will continue to become poor; their backs will meet their stomachs! Such calamities will come. There will be torrential rainfall and all the farms etc. will be flooded. There will definitely be *natural calamities*; destruction has to take place. Those are called natural calamities. The intellect says that destruction definitely has to take place. On the other side, their *bombs* are ready. *Natural calamities* are for here. You need to have great courage to face this. There is the example of Angad. No one was able to shake him. You have to make the stage of “I am a soul” so firm, that all consciousness of the body continues to break. In the golden age, when the time comes, you *automatically*

have a vision that you now have to leave your body and become a baby. They shed their bodies and enter new ones. There is no punishment etc. there. Day by day, you will continue to come closer. The Father says: The *part* that is recorded in Me will continue to be revealed. I will continue to tell that to the children. The Father's *part* will then end and your *parts* will also end. Then your *parts* will begin in the golden age. You now have to claim your kingdom. This *drama* is created very carefully and wisely. You are conquering Maya and this too takes *time*. On the one hand, those people think that they are sitting in heaven and that this is the land of happiness. On the other hand, they sing about Bharat's condition! You know that it has become even more tamopradhan. According to the *drama*, it continues to become tamopradhan with great force. You are now becoming satopradhan. You are now coming closer. Ultimately, victory will definitely be yours. After the cries of distress, there will be the cries of victory. Rivers of ghee will flow; you won't have to buy ghee! You will all have your own *first-class* cows. You are now becoming so elevated! You know that the *history* and *geography* of the *world repeat* again. The Father comes and *repeats* the *history* of the *world*. This is why Baba has told you to write: Come and understand how the *world history and geography repeat*. Those who are *sensible* will say that it is now the *iron age* and so the *golden age* will definitely *repeat*. Some say that the world cycle is of hundreds of thousands of years and ask: How can it *repeat* again? Here, there is no *history* of the sun and moon dynasties. Until the end they don't understand how this cycle *repeats*. They don't even understand when their kingdom will come again. They don't know the kingdom of Rama at all. You now have the Father with you. There will definitely be victory for the side that has God, the Almighty Authority, personally with them. The Father would not make you commit violence, would He? To kill someone is violence. The greatest violence is to use the sword of lust. You are now becoming *doubly* non-violent. There, there is the most elevated deity religion of non-violence. There, they neither fight nor indulge in vice. You now have the power of yoga, but, because no one understood this, they wrote about a war between devils and deities in the scriptures. No one understands the meaning of non-violence. Only you understand this. You *incognito* warriors are *unknown*, but *very well-known* ones. Would anyone consider you to be *warriors*? Everyone will receive the message of "Manmanabhav" from you. This is the great mantra. People don't understand these things. These things do not exist in the golden and silver ages. Once you have claimed your kingdom through this mantra, there is no further need of it. You know how you have been around the cycle and have come here. The Father now gives you the great mantra. You will then rule for half the cycle. You now have to imbibe divine virtues and inspire others to do the same. Baba advises you: You will have great pleasure when you keep your *chart*. In a *register*, there is *good, better and best*. You yourself *feel* that some are studying well and that others don't pay any *attention*. Therefore, they *fail*. This study here is unlimited. The Father is also the *Teacher* and the *Guru*; all three are together. That one is the only Father who says: Die alive! Consider yourself to be a soul and remember the Father! The Father says: I am your Father. I give you the kingdom through Brahma; he becomes the agent in between. You mustn't have yoga with him. Your intellects are now connected to Shiva, the Bridegroom, the Husband of all husbands. That One makes you belong to Him through this one. He says: Consider yourself to be a soul and remember Me. I, the soul, have now completed my *part* and have to return home with the Father. The whole world is now tamopradhan. Even the five elements are tamopradhan. There, everything will be new. Here, there are no diamonds or jewels etc. Where do they come from in the golden age? The mines that have now become empty will then become full once again. They will dig mines and bring them out. Just think about it. Everything there will be new, will it not? *Light* etc. will be *natural*. The things that the *scientists* learn here will all be useful there. *Helicopters* will be waiting for you; you just press a *button* and it takes off. There is no difficulty at all. There, everything will be *fool proof*. The *machines* etc. will never be damaged. Everyone will sit at home and then be able to go to *school* or tour around in just a *second*. There will be slightly lower quality for the subjects. There are all types of happiness for you there. There can be no untimely death there. Therefore, you children should pay so much *attention*! Maya has a lot of force. This is the last *pomp* of Maya. Look how so many get killed in a war. War never ends. There is so much difference between the whole of this big world and just the one heaven. There, you won't say that the Ganges is the Purifier. None of the things of the path of devotion will exist there. Here, just look how all the rubbish of whole cities goes into the Ganges. All the rubbish of Bombay flows into the ocean. You build large temples on the path of devotion. There is the happiness of diamonds and jewels there. There is happiness for three *quarters* and sorrow for one *quarter*. If it were half-and-half, there would be no pleasure. On the path of devotion, too, you remain very happy. They came to *loot* all the temples later on. You children were so wealthy in the

golden age. Therefore, you children should have plenty of happiness. Your *aim* and *objective* is in front of you. For the mother and father, that is *certain*. It is remembered that there is no nourishment like happiness. Your lifespan increases through the power of yoga. The soul has now had a vision of himself and how he goes around the cycle of 84 births and plays such a large *part*. When all souls, *actors*, have come down, the Father will take everyone back home. “The procession of Shiva” has been remembered. You know all of this, numberwise, according to the effort you make. You will remain happy to the extent that you remain in remembrance. Day by day, you will *feel* this, because it is that Father who teaches you. This one also continues to teach you. Brahma doesn’t need to ask anything. It is you who ask all the questions. This one only listens. The Father *responds* and this one also listens. This one’s *activity* is so *wonderful*! This one also stays in remembrance. Then, he speaks about it to the children. Baba feeds me. I give Him my chariot. He rides in Me, so why would He not feed me? This one is a *human* horse. I am Shiv Baba’s chariot. By remembering this, you will be able to remember Shiv Baba. There is benefit through having remembrance. When you prepare food in the kitchen, understand that you are preparing it for Shiv Baba’s children, that you yourself are also a child of Shiv Baba. There is benefit in having remembrance in this way. The greatest status is received by those who attain their karmateet stage by staying in remembrance and doing *service*. That Baba also does a lot of *service*, does He not? That One’s *service* is unlimited whereas you do limited *service*. It is by doing *service* that this one receives his status. Shiv Baba says: Do this and this. He also advises this one. Some children experience storms. Unless you have remembrance it is difficult to control the physical senses. It is by having remembrance that your boat will go across. It becomes difficult to understand whether it is Shiv Baba or Brahma Baba who is saying something. A very refined intellect is required for this. Achcha.
