

**Essence:** Sweet children, in order to become a charitable soul, perform as many good actions as possible, become *all-rounders* and imbibe divine virtues.

**Question:** By making which effort do you children become multimillionaires?

**Answer:** The greatest effort is to make the *criminal eyes civil*. The eyes deceive you a great deal. The Father has shown you the way to make your eyes *civil*: Children, make your vision soul conscious! Do not see the body. Make this practice firm: I am a soul. By making this effort you will become multimillionaires for birth after birth.

**Song:** Have patience, o mind! Your days of happiness are about to come.

Om shanti. Who said this? Shiv Baba said it through this body. A soul without a body cannot speak. The Father too enters a body and explains to souls: Children, you no longer have any physical *connections*. This *connection* is spiritual. You souls receive knowledge from the Supreme Father, the Supreme Soul. All of you bodily beings are studying. The Father doesn't have a body of His own; He has therefore taken the support of this body for a short time. The Father now says: Sit here with the faith that you are souls, that the unlimited Father is explaining to us souls. No one other than He can explain to you in this way. How would souls explain to souls? Souls need the Supreme Soul to explain to them. No one knows Him. They have removed Shiva from the Trimurti. Who carries out establishment through Brahma? Brahma is not the Creator of the new world. The Creator, the unlimited Father of all, is only the one Shiv Baba. It is only at this time that Brahma becomes your father; he doesn't become this at any other time. There (in the golden age), you just have a physical father. In the iron age, there is your physical father and the Father from beyond this world. Now, at the confluence age, there are three fathers: the physical, the subtle and the One from beyond. The Father says: No one in the land of happiness remembers Me. The Father made them into the masters of the world, so why should they call out? There are no other countries there. There is only the sun dynasty there; the moon dynasty comes later. The Father says: Children, have patience! Only a few more days remain. Make effort very well. If you don't imbibe divine virtues your status will be destroyed. This is a huge *lottery*. To become a *barrister*, a *surgeon* etc. is also a *lottery*. They earn a lot of money. They give directions to many. Those who study well and also teach others claim a high status. By remembering the Father your sins will be absolved. You forget the Father again and again. Maya makes you forget to have remembrance, but she doesn't make you forget knowledge. The Father says: In order to make progress, keep your *chart* to see whether you performed any sinful actions throughout the whole day. Otherwise, there will be one hundredfold sin accumulated. Those who take care of this sacrificial fire are also here. Therefore, do everything with their advice. You say: Whatever You feed us and wherever You make us sit! Therefore, renounce all other desires. Otherwise, sin will continue to accumulate. How can you souls become pure? Don't perform any sinful actions in this sacrificial fire. You become charitable souls here. To steal something is a sin. When Maya interferes, you are unable to stay in yoga or imbibe knowledge. Ask your own heart: If I don't become a stick for the blind, then, what am I? I too would be called blind! It is for this time that the children of Dhritarashtra (blind king of the Kauravas) are remembered. Those people are in the kingdom of Ravan whereas you are at the confluence age. You are going to attain happiness in the kingdom of Rama. It doesn't enter anyone's intellect how the Supreme Father, the Supreme Soul, gives happiness. No matter how well you explain, it still doesn't sit in anyone's intellect. Only when they consider themselves to be souls can they understand this knowledge given by the Supreme Soul. Souls become something according to the effort they make. It is remembered: Whatever you remember in your final moments.... The Father says: Those who remember Me will attain Me. Otherwise, they will come after experiencing a lot of punishment. They won't come into the golden age, but at the end of the silver age. The golden and silver ages are called the day of Brahma. It is not just Brahma alone; Brahma has many children. There is the day of Brahmins and then there is the night of Brahmins. The Father has now come to change the night into the day. You Brahmins are making preparations to go into the day. The Father explains so much; the deity religion is definitely going to be established. The destruction of the iron age is definitely going to take place. Those who have any doubt inside them will run away. First of all, they have faith and then they develop doubt. They die here and take birth in the old world again; they disappear. The Father's shrimat has to be followed. Baba gives you children many good *points*. First of all, say: You are a soul, not a body. Otherwise, all the *lottery* will be lost. Though the kings and the subjects are all happy there, you still have to make effort to claim a high status. Don't think that you will go into the land of happiness anyway. No; you also have to claim a high status. You have come here to become kings. Therefore, such sensible ones are also needed. You have to do the Father's *service*. If you

can't do spiritual *service*, there is also physical *service*. Sometimes, even *males* conduct *classes* among themselves. A sister then goes and conducts *class* there every now and then. The tree continues to grow gradually. So many go to the *centres*. Nevertheless, after moving along, they disappear. By falling into vice, they feel too ashamed to go to their *centre*; they become slack. It is as though they have become ill. The Father continues to explain everything. Keep a daily chart for yourself. There is your profit and loss account. A soul becoming pure means that he is accumulating a profit for 21 births. It is only by having remembrance of the Father that you will accumulate that and have your sins absolved. They say: O Purifier, Baba, come and purify us! They don't say: Come and make us into the masters of the world! No! Only you children know this. Liberation and liberation-in-life are both pure worlds. You know that you receive the inheritance of liberation and liberation-in-life. Those who don't study well will come at the end. You have to go to heaven. Everyone will come at his own time. Everything is explained to you. You can't understand everything instantly. Here, you have so much time to remember the Father. Tell whomever comes: First of all, consider yourself to be a soul. The Father, who is the Father of all souls, gives you this *knowledge*. You have to become soul conscious. The soul receives knowledge. It is only by remembering the Father, the Supreme Soul, that your sins are absolved. He then gives you the knowledge of the beginning, the middle and the end of the world. Only by remembering the Creator will your sins be absolved. Then, by understanding the knowledge of the beginning, middle and end of creation, you become rulers of the globe. That's all! You have to relate this knowledge to others. You also have the pictures. You should keep this knowledge in your intellects throughout the day; you are *students*. Many householders are also *students*. You have to become like lotus flowers while living at home. Brothers and sisters must never have *criminal eyes* for one another. You are the mouth-born creation of Brahma. In order to make the *criminal eyes civil* you have to make a lot of effort. You have had that habit for half the cycle and you therefore need to make a lot of effort to remove it. Everyone writes that the *point* about the *criminal eyes* that Baba speaks of is very strong. Our intellects are drawn again and again and many thoughts arise. What should we do with our eyes? There is the example of Surdas. That is just a story they made up. He realized that his eyes were deceiving him and so he removed them. It isn't like that. Everyone has eyes, but it is *criminal eyes* that have to be made *civil*. Those people think that that is impossible while living at home. The Father says: It is possible. There is a lot of income to be earned. You become multimillionaires for birth after birth. There, you don't count anything. At this time, Baba gives you the titles "Padampati, Padmavati" (Mr. and Mrs. Multimillionaire). You become multimillionaires. There is no counting there. You only count when there are rupees and coins etc. There, they only use gold and silver coins. Previously, there used to be gold and silver coins belonging to the kingdom of Rama and Sita. There is no mention of the coins of the kingdom of the golden age. Only moon-dynasty coins have been seen. At first there only used to be gold and silver coins; copper coins emerged later. You children are now once again claiming your inheritance from the Father. Whatever customs and systems are to continue in the golden age will continue. Now, you just have to make effort for yourselves. There will be very few in the golden age and they will have long lifespans. There is no untimely death there. You understand that you are conquering death. There is no mention of dying there. That is called the land of immortality and this is called the land of death. There are no cries of distress in the land of immortality. When old people die there, they experience happiness because they know that they are going to become a little baby. Here, when someone dies, they start to cry. You are receiving such good knowledge. You have to imbibe it very well, because you also have to explain to others. When someone says to Baba that he wants to do spiritual *service*, Baba instantly says: Yes, you may do that. Baba doesn't forbid anyone. However, if there isn't any knowledge, there is ignorance. Then, because of ignorance, a lot of *disservice* takes place. You have to serve very well. Only then will you win the *lottery*. The *lottery* is very grand. This is God's *lottery*. When you become kings and queens, your grandchildren will continue to be nourished by you. Here, everyone receives the fruit of his own actions. Some donate a lot and thus become kings. The Father explains everything to you children. Understand everything very well and imbibe it. You also have to do *service*. Hundreds of people are served. In some cases, there are people who have very good devotional feelings. When they have done a lot of devotion, they also enjoy knowledge. You can understand everything from their faces. They become happy just by listening to everything. Those who don't understand continue to look around or sit with their eyes closed. Baba sees everything. If you don't teach others, it means you haven't understood anything. Some listen through one ear and let it out of the other. This is the time to claim your unlimited inheritance from the unlimited Father. The more you claim from Him now, the more you will receive for

birth after birth and cycle after cycle. Otherwise, there will be great repentance at the end. Everyone will have visions at that time. Because you didn't study fully, you will be unable to claim a status. What will you then become? Maids, servants or ordinary subjects. A kingdom is being established. The fruit you receive is according to what you do. Only you make effort for the new world. People make donations and perform charity for this world. That is a *common* thing. When they do something good, they receive good fruit for that in their next birth. Yours is a matter of 21 births. Perform as many good actions as possible. Become *all-rounders*. First of all, you have to become a gyani and a yogi soul. You need to be gyani, because it is the maharathis who are invited to give lectures. Those who do all types of *service* definitely accumulate charity. There are the different *subjects*. You receive good *marks* for whatever type of work you do while you remain in yoga. Ask your heart: Do I do *service*? Or, do I just eat and sleep? Here, this is a study and nothing else. You are becoming deities from ordinary humans, Narayan from an ordinary human being. This is the story of immortality and the story of the third eye. The stories that all human beings now go and listen to are false. No one but the Father can give you the third eye. You have now received the third eye through which you know the beginning, the middle and the end of the world. Kumars and kumaris should go ahead in this study. You also have the pictures. You can ask anyone: Who is the God of the Gita? This is the main thing. There is only one God from whom you receive your inheritance of the land of liberation. We are residents of that place. We came here to play our *parts*. How can we now become pure? Only the one Father is the Purifier. As you children make progress, your stage will become very good. The Father continues to explain in many different ways. First of all, remember the Father so that your sins of many births are erased. Ask your heart: How much do I remember the Father? It is good to keep your *chart*. Make progress! Have mercy on yourself and continue to examine your own behaviour. If we continue to make mistakes, the *register* will be spoilt. Your behaviour has to be divine in this. It is remembered: We will only eat whatever you feed us. We will only sit wherever you seat us. We will only do whatever *directions* you give us. *Directions* are definitely given through a body. "*Gateway to Heaven*". These words are very good. This is the gate to go to heaven. Achcha.

To the sweetest, beloved, long-lost and now-found children, love, remembrance and *good morning* from the Mother, the Father, BapDada. The spiritual Father says namaste to the spiritual children.

#### **Essence for dharna:**

1. In order to become a charitable soul, let go of all desires and make it firm for yourself: "Baba, whatever You feed us, wherever You make us sit". Don't perform any sinful actions.
2. In order to win God's *lottery*, keep busy doing spiritual *service*. Imbibe knowledge and inspire others to do the same. In order to claim good *marks*, remain in remembrance while performing every action.

**Blessing:** May you be a constantly fearless and carefree emperor by renouncing even any subtle form of the consciousness of "mine".  
In today's world, people have wealth and also fear. The more wealth they have, they accordingly have that much fear when eating and sleeping. Where there is the consciousness of "mine", there will definitely be fear. If even a golden deer is "mine", there is fear. However, if "mine" is one Shiv Baba alone, I will then be fearless. So, *check* even any subtle consciousness of "mine" and renounce it and you will receive the blessing of remaining fearless and a carefree emperor.

**Slogan:** Give regard to the ideas of others and you will automatically continue to receive regard.
