

Essence: Sweet children, just as the Father gives happiness for the future 21 births, become the Father's helpers in the same way. Become ones with loving intellects. Never think of causing sorrow for anyone.

Question: What is the task of you children who are rup basant? What teachings have you received from the Father?

Answer: The task of you rup basant children is to let jewels of knowledge constantly emerge from your lips. Stones should never emerge from your lips. The Father's teachings for all the children are: 1. Do not trouble one another. Never become angry; that is the work of devilish human beings. 2. Never let your mind think of causing sorrow for anyone. 3. Tolerate everything: praise and defamation, respect and disrespect. If anyone says anything, just remain silent. Do not take the *law* into your own hands.

Song: You are the Ocean of Love. We thirst for one drop.

Om shanti. There is knowledge and ignorance. You children now have knowledge. Whom do devotees praise and whose praise do you children sitting here listen to? There is the difference of day and night. They simply continue to sing praise. They don't have as much love for Him because they have no recognition of Him. The Father has given you His introduction, that He is the Ocean of Love and that He is making you into oceans of love. The Father, the Ocean of Love, is loved so much by everyone. There, too, everyone has a lot of love for one another. You are learning this here. You mustn't oppose anyone, which, in other words, Baba calls, becoming like salt water. There should be no dislike inside you for anyone. Those who dislike others are iron-aged residents of hell. You know that all of you are brothers and sisters. When you are in the land of peace you are brothers. When you play your *parts* on this field of action you are brothers and sisters, the children of God. God is praised as the Ocean of Knowledge, the Ocean of Love. This means, He gives everyone happiness. Each of you should ask your own heart: Just as the Father is giving happiness for the future 21 births, am I also doing that task? If someone doesn't become a helper of the Father, if he doesn't love others, but has a non-loving intellect, he is led to destruction. It is the work of devils to have non-loving intellects. To call yourselves part of God's community and then cause sorrow for one another is to be called devilish. You children mustn't cause sorrow for anyone. You are the children of the Father who is also the Remover of Sorrow and the Bestower of Happiness. Therefore, you mustn't even think of causing sorrow for anyone. They are part of the Devil's community, not part of God's community because they are body conscious. They can never stay on the pilgrimage of remembrance. Unless you stay on the pilgrimage of remembrance, there cannot be any benefit. You definitely have to remember the Father who gives you your inheritance. Then your sins will be absolved. For half the cycle you have been making one another unhappy. Those who continue to fight and quarrel and make trouble are considered to be part of the Devil's community. Although you are effort-makers, for how long will you continue to cause sorrow? This is why Baba says: Keep your *chart*. By keeping a *chart* you will know whether your *register* is being reformed or whether there is still the same devilish behaviour. Baba always says: Never cause sorrow for anyone. Defamation, praise, respect and disrespect, heat and cold, etc. - all have to be tolerated. If someone says anything, remain silent. It should not be that you speak a few more words to that one. When someone makes another unhappy, the Father would explain to him. You children mustn't say anything to other children. Don't take the *law* into your own hands. If you have any problems, come to the Father. The *Government* also has a *law* which says: one is not allowed to hit anyone. You can *complain*, but it is the *Government's* duty to follow up the *law*. You too should come to this *Government*. Don't take the *law* into your own hands. This is your home. This is why Baba says: Hold a court every day. Some don't even understand that Shiv Baba is *ordering* this. Baba has told you: Always remember that it is Shiv Baba who is speaking to you. Don't think that Brahma is telling you. By always remembering that it is Shiv Baba who is explaining to you, you will be able to remember Him. Shiv Baba has taken this chariot in order to speak knowledge to you. The Father explains to you the way to become satopradhan. He is incognito, whereas you are visible. Whatever *directions* you receive, understand that they are Shiv Baba's directions and you will remain *safe*. You say "Baba, Baba" to Shiva. You also receive your inheritance from Him. Your behaviour towards that One must be full of so much *regard* and *royalty*. You say: Baba, I will become Lakshmi or Narayan. Then, perhaps, you become *second* or *third*, if not the sun dynasty, then the moon dynasty. Don't think: It doesn't matter if we become maids or servants. It is not good to become subjects. You have to imbibe divine virtues here. There mustn't be any devilish behaviour. When there isn't faith, they say: We don't believe that Shiv Baba enters this one. When the evil spirit of Maya comes, they talk like

this among themselves. Those with devilish natures meet and continue to talk among themselves in this way. Only devilish things emerge from their lips. The Father says: You souls are becoming rup and basant, so only jewels should emerge from your lips. If stones emerge, it means the intellect is devilish. You children heard the song. Children say that Baba is the Ocean of Love and the Ocean of Happiness. This is Shiv Baba's praise. The Father says: Consider yourself to be a soul and remember the Father. Many very good children *fail* in this. They are unable to stay in the stage of soul consciousness. It is only when they become soul conscious that they can claim such a high status. Many children *waste* a lot of *time* in useless matters. They don't pay attention to the things of knowledge. It is also remembered: "There is no regard for the Ganges that flows by your door." They don't even have that much regard for something that is in their own home. Since they have the pictures and images of Krishna in their own homes, why do they travel so far to Shrinath Dware etc? There is only a stone lingam in the temple of Shiva. Stones come down from the mountains and are shaped into lingams by being rubbed together. Some stones even have specks of gold. They speak of the Kailash Mountains of Gold. Gold is found in the mountains, is it not? Therefore, there are some stones with a little gold in them which then become very beautifully rounded. Those are sold. They even make special ones of *marble*. If you ask those on the path of devotion why they are wandering around so much, they become upset. The Father Himself says: You children have wasted a lot of money. Your having to stumble around is also *part* of the *drama*. This is a play about knowledge and devotion. You children are now receiving full understanding. This knowledge is the path to happiness. You receive the kingdom of heaven through this knowledge. At this time, all kings, queens and subjects are the masters of hell. When someone dies, people say that he has become a resident of heaven. You have now understood these matters. You now say: We are sitting with the Father who establishes heaven in order to become residents of heaven. You receive drops of knowledge. Even if you hear a little of this knowledge, you definitely do go to heaven. The rest depends on your efforts. They believe that by drinking a small urn of Ganges water they will become pure from impure. They take a small urn of water with them and put a drop of that every day into the water they bathe with. They believe that to be bathing in the Ganges. They even take some Ganges water abroad with them. All of that is devotion. The Father says: Children, Maya slaps you very hard; she makes you perform sinful actions. Therefore, hold a court. It is good to hold a court for yourself. You give yourself the tilak of sovereignty. Therefore, check yourself. Become satopradhan from tamopradhan. The Father gives you shrimat for what you should do. Imbibe divine virtues. Those who do something receive the reward of it. You should have goose pimples of happiness. You have found the unlimited Father. Therefore, you have to become helpers in His *service*. Become sticks for the blind. The more you become this, the more you will benefit yourselves. Remember Baba again and again. It is not a question of sitting down somewhere for specially conducted meditation. You have to remember Him while walking and moving along. You can also do *service* on the *trains*. You can explain to anyone who the Highest on High is. Remember that One; it is from Him that you will receive your inheritance. Souls receive an unlimited inheritance from the Father. Some souls take birth to a king when they have given many donations and performed much charity. However, that is only for a temporary period. They cannot become kings for all time. Therefore, the Father says: Here, you have a *guarantee* for 21 births. There, you will not even know that you received that inheritance from the unlimited Father. It is at this time that you receive this knowledge, so you should make very good effort. If you don't make effort, it is like putting an axe to your own feet. Continue to keep your *chart* and there will be that concern. Some even write it and wonder what Baba would say when He sees it. There is a lot of difference in their behaviour and activity. So, the Father says: Stop being careless! Otherwise, you will have to repent a great deal. At the end, you will definitely have visions of the effort you made. You will then shed many tears. Will I receive this inheritance every cycle? Then, you will become a maid or servant. Earlier, they used to go into trance and relate that so-and-so would become a servant or something else. Baba then put a stop to that. At the end, you children will have visions. How could you be punished without being given visions? That isn't the law. Many tactics have been given to you children: Tell your husband that Baba says: Children, lust is the greatest enemy. Conquer it! Those who conquer Maya conquer the world. Now, should I become a master of heaven or become impure and go to hell because of you? Explain with a lot of love and humility. Why are you pushing me towards hell? Many children continue to explain to their husbands in this way and eventually bring them here. Then the husband says: This one is my guru; she has shown me a very good path. They come and fall at Baba's feet. Sometimes, there is victory and sometimes, defeat. Therefore, you children should become very, very sweet. Those who do *service* will be loved the most. God, the Father,

has come to you children. You have to follow His shrimat. By not following shrimat, you fall when there are storms. There are such ones. Of what use are they? This study is not *common*. In all other spiritual gatherings there is just pleasure for the ears through which they receive temporary happiness. Here, you receive happiness for 21 births from the Father. Baba is the Ocean of Peace and Happiness. We are also to receive an inheritance from the Father. Only when you do service will you receive it. This is why you should always wear your *badge*. We have to become full of all virtues. Check that you are not causing sorrow for anyone. Is my behaviour devilish? Maya makes you perform such actions, don't even ask! Even those from very good homes tell Baba how Maya made them perform a sinful action. Some tell the truth whereas others accumulate one hundredfold punishment by not telling the truth. Then that habit continues to increase. When you tell the Father, He will caution you. Baba says: If you have committed a sin, write that down in your *register* and tell Baba and then half your sin will be finished. If you don't tell Baba but continue to hide it from Him, you will continue to perform wrong actions. You then become cursed. By not telling the truth, instead of doing it just once, you will continue to do it one hundred times over. Baba gives you very good advice, but it doesn't affect some, even slightly. It is as though they continue to kick their own fortune away. They cause a great deal of damage. At the end, everyone will have a vision of what each one will become. They receive *marks* before they are *transferred* to another *class*. Their *result* is announced before they are *transferred*. When you go to your *class*, you will know your *marks*. You will then cry a great deal. What will you be able to do once the *results* have been announced? You will claim whatever is in your fortune. The Father cautions all the children. The karmateet stage cannot be attained now. If you attained the karmateet stage, you would have to shed your bodies. As yet, some sins and karmic accounts still remain and this is why you are unable to have accurate yoga. None of you can say that you have now attained your karmateet stage. When you come closer, many signs of that will be visible. Everything depends on your stage and on destruction. When your study is about to end, you will see that the war is standing right over your heads. Achcha.

To the sweetest, beloved, long-lost, now-found children, love, remembrance and *good morning* from the Mother, the Father, BapDada. The spiritual Father says namaste to the spiritual children.

Essence for dharna:

1. Don't be influenced by Maya and thereby have devilish behaviour. Keep a *register* of your behaviour. Do not perform any actions for which you would have to repent.
2. Serve with a lot of love and humility. Become very sweet. Do not allow devilish words to emerge through your lips. Remain very cautious about the company you keep. Continue to follow shrimat.

Blessing: May you be constantly loving and make Maya and nature (the elements) your servants with your stage of being merged in love.

The children who remain constantly merged in God's love remain safe from labouring and any difficulty. Maya and nature become their servants from now. The time and thoughts of loving souls who maintain their *stage* of being masters cannot be used towards nature or Maya; their every moment and thought is for remembrance of the Father and His service. The praise of the stage of loving souls is that they belong to the one Father and none other and that the Father is their world. They are not dependent on anything even in their thoughts.

Slogan: Be *knowledge-full* and even problems will be experienced as a game.
