

- Essence:** Sweet children, have mercy on yourselves. *Gallop* ahead in this study. Don't spoil your *register* by performing any sinful action.
- Question:** In order for you to *pass* in this elevated study, what main teachings do you receive? To what must you pay special *attention* in order to achieve this?
- Answer:** In order to *pass* in this study your eyes have to be very, very pure because those eyes deceive you; those eyes become *criminal*. When you look at someone's body, the organs play mischief. Therefore, your eyes must never become *criminal*. In order to become pure, maintain the consciousness of being brothers and sisters. Pay full *attention* to the pilgrimage of remembrance.
- Song:** Have patience, o mind! Your days of happiness are about to come.
- Om shanti. Who said this? The unlimited Father said this to the unlimited children. When someone is unwell, he is given reassurance: Have patience and all your suffering will go away. He is reassured in this way to make him happy. Those are limited matters. Here, it is an unlimited aspect. That One has so many children! He has to liberate them all from suffering and sorrow. Only you children know this. Do not forget it! The Father has come to grant everyone salvation. He is the Bestower of Salvation for All. Therefore, this means that everyone is in degradation. All human beings of the world, and that means the people of Bharat in particular, and the people of the world in general, are included in this. You, in particular, go to the land of happiness. All the rest go to the land of peace. It enters your intellects that you truly were in the land of happiness and that those of other religions were in the land of peace. Baba came and made Bharat into the land of happiness. Therefore, *advertise* it in this way. Explain that incorporeal Shiv Baba comes every 5000 years. He is the Father of everyone and all are *brothers*. It is *brothers* who make effort to claim their inheritance from the *Father*. It isn't that *fathers* make this effort. If all were *fathers*, from whom would they claim their inheritance? From *brothers*? That is not possible. You now understand how easy these things are. In the golden age there is just the one deity religion. All the rest of the souls will have gone to the land of liberation. It is said: *Repetition* of the *history* and *geography* of the *world* takes place. Therefore, it must be the same *history* and *geography* that is *repeated*. After the iron age, there will be the golden age. Between the two, there is definitely the confluence age. This is called the *supreme*, most elevated, benevolent age. The locks on your intellects have now opened, and you therefore understand that these are very easy things. There is the new world and the old world. There would surely be many leaves on an old tree and few leaves on a new tree. That is called the satopradhan world and this is the tamopradhan world. The locks on your intellects open, numberwise, according to the effort you make. Because not all of you remember the Father accurately, you are unable to imbibe knowledge. The Father inspires everyone to make effort, but it is not in the fortune of some. According to the *drama*, those who study well and teach others, those who become the Father's helpers in every situation, are the ones who will claim a high status. *Students* in a *school* can understand how many *marks* they are going to *pass* with. Those who are fast make effort with full force. *Teachers* are appointed to give special *tuition* to them to *pass* no matter what happens. Here, too, you have to *gallop* ahead a great deal. Have mercy on yourself! If you were to ask Baba what status you would claim if you left your body in your present stage, Baba could instantly tell you. This is a very easy thing to understand. Just as worldly *students* are able to understand, so you unlimited *students* can understand this. You can use your intellects to understand that you are repeatedly making the same mistakes and performing sinful actions. If you spoil your *register* your *result* is going to be according to that. Each one of you should keep your own *register*. In fact, according to the *drama*, everything is recorded. You can even understand for yourself when your *register* is very bad. If you can't understand, then Baba can show you. *Registers* etc. are kept in a *school*. No one in the world knows about this school. This school is called the Gita Pathshala. "Vedas Pathshala" is never said. No one says that there is a pathshala (study place) of the Vedas, the Upanishads or the Granth etc. In a pathshala, there is the *aim* and *objective*: this is what we will become in the future. When someone studies the Vedas and scriptures a great deal he receives a *title* and also earns an income. Some earn a lot of money but that is not an imperishable income; it doesn't go with them. This true income will go with you and everything else will be destroyed. You children know that you are earning a lot of income. We can become the masters of the world. There is the sun dynasty. Therefore, children will definitely receive the throne. The status is very high. You never even dreamt that you could make effort to claim a royal status. This is called Raja Yoga. Other yogas are to become a *barrister* or a *doctor*. They remember their studies and their teacher. It is the same here – easy remembrance. It is remembrance that takes effort. You have to consider yourself to be a

bodiless soul. Each soul is filled with sanskars. Many who come here say that they used to worship Shiv Baba, but they didn't know why they worshipped Him. Only Shiva is called Baba. None of the others are called Baba. Hanuman and Ganesh etc. are worshipped, but Brahma is not worshipped, although there is a temple to him in Ajmer. A few brahmin priests there probably worship him, but there is no praise of him. There is so much praise of Krishna and Lakshmi and Narayan. There is no mention of Brahma because Brahma is impure at this time. The Father comes and *adopts* him. This is very easy. So, the Father explains to you children in various ways. Keep it in your intellects that Shiv Baba is saying this. He is the Father, the *Teacher* and the Guru. Shiv Baba, the Ocean of Knowledge, is teaching us. You children have now become trikaladarshi; you have each received a third eye of knowledge. You understand that souls are imperishable. The Father of souls is eternal. No one in the world knows this. All of them simply call out: Baba, come and purify us impure ones. They never called out to Him to come and tell them the *history* and *geography* of the world. The Father Himself comes and tells you this. He also tells you how you change from impure to pure, how you then become impure again and how *history repeats*. This is the cycle of 84 births. Why did we become impure and where do we want to go to when we become pure? People go to sannyasis and ask how they can have peace of mind. They don't ask how they can become completely viceless and pure. They feel too ashamed to ask that. The Father has now explained: All of you are devotees and I am God, the *Bridegroom*. You are *brides*. All of you remember Me. I, the Traveller, am very *beautiful*. I make all the human beings of the world beautiful. Heaven is called the *wonder of the world*. Here, they have seven *wonders*. There, there is just the one *wonder of the world*, heaven. The Father is only one, heaven is only one. All human beings remember heaven. Here, there are no *wonders*. You children have patience because you know that your days of happiness are now coming. You children understand that this old world is to be destroyed and that you will receive the kingdom of heaven. The kingdom is not yet established. Yes, subjects continue to be created. You children discuss among yourselves how *service* can increase and how everyone can receive the message. The Father establishes the original, eternal, deity religion and inspires the destruction of all others. You should remember such a Father who gives us the right to the tilak of sovereignty and inspires the destruction of everything else. *Natural calamities* are also fixed in the *drama*. The world cannot be destroyed without them. The Father says: Your examination is now very close. You have to be *transferred* from the land of death to the land of immortality. The more you study well and also teach others, the higher the status you will claim. You have to create your own subjects. You have to make effort to benefit everyone. *Charity begins at home!* This is the law. First, only your friends and relatives will come and then the *public* will come. It happened like that in the beginning. There was gradual expansion and then a large house called Om Niwas was built for the children to live in. Children came and began to study there. All of that was fixed in the *drama*. It will all *repeat* again; no one can change it. This study is so elevated! The pilgrimage of remembrance is the main thing. The eyes are the main organs that deceive you. When the eyes become *criminal*, the physical organs of the body cause mischief. When someone sees a beautiful girl, he becomes trapped in her. There are many *cases* like that in the world. Even gurus sometimes have *criminal* vision. Here, the Father says: There must be no *criminal* vision whatsoever! Only when you live as brothers and sisters will you be able to remain pure. People know nothing about this. Therefore, they just make fun of you. These things are not mentioned in the scriptures. The Father says: This knowledge disappears, then these scriptures are created again in the copper age. The Father says: The main thing is to remember Alpha so that your sins are absolved. Consider yourselves to be souls. Having gone around the cycle of 84 births, you have now come here. You souls are now becoming deities. It is a *wonder* how an imperishable *part* of 84 births is recorded in a tiny soul. Only the Father comes and tells you about such *wonders of the world*. Some have *parts* of 84 births and others have *parts* of 50 to 60 births. The Supreme Father, the Supreme Soul, has also received a *part*. According to the *drama*, it is an eternal, imperishable *drama*. One cannot say when it began or when it will end because it is an eternal, imperishable *drama*. No one knows these things. Achcha.

To the sweetest, beloved, long-lost and now-found children, love, remembrance and *good morning* from the Mother, the Father, BapDada. The spiritual Father says namaste to the spiritual children.

Essence for dharna:

1. The time for the examination is coming very close. Therefore, make effort to bring benefit to yourself and everyone else. Study and also teach others. *Charity begins at home!*

2. Become soul conscious and accumulate a true imperishable income for yourself. Keep your own *register*. Never perform any sinful actions that would spoil your *register*.

Blessing: May you be a true businessman who is liked by the Father by remaining free from extroverted cleverness.

BapDada does not like worldly, extroverted cleverness. It is said that God belongs to the innocent ones. The Wise and Clever One only likes the innocent children. In God's *directory*, it is only the innocent children who are the special *VIPs*. Those to whom the eyes of worldly people are not drawn are the ones who become the stars of God's eyes by their making a bargain with Him. It is the innocent children who say from their hearts, "My Baba!"; the children who make a bargain of countless treasures with this one word of one *second* become the true businessman.

Slogan: In order to receive everyone's love, constantly speak sweet words.
