

**Essence:** Sweet children, this whole world is a big *hospital* of the diseased. Baba has come to make the whole world free from disease.

**Question:** Which awareness should you have so that you never wilt or experience waves of sorrow?

**Answer:** We are now to leave these old bodies and this old world and return home and then take rebirth in the new world. We are now studying Raja Yoga in order to go to the kingdom. The Father is establishing the spiritual land of kings (Rajasthan) for us children. When you maintain this awareness there will be no waves of sorrow.

**Song:** You are the Mother and You are the Father.

Om shanti. This song is not for you children; it is played to explain to new ones. It isn't that everyone here is sensible. No; it is those who are senseless who have to be made sensible. You children understand how senseless you became. The Father is now making you sensible, just as students in *schools* become sensible by studying. They become *barristers* or *engineers* according to their understanding. Here, you souls have to become sensible. It is the soul that studies through a body. However, the education you receive outside for the livelihood of your body is for a temporary period. Some Hindus *convert* to *Christianity*. Why do they do that? In order to attain a little happiness, in order to get a job easily and earn money for their livelihood. You children now know that you first of all have to become soul conscious. This is the main thing because this world is diseased. There isn't a single human being who isn't diseased; there is definitely one disease or another. This whole world is the biggest *hospital* in which all human beings are impure and diseased. Their lifespans are also very short. They experience sudden death; they are taken by the claws of death. Only you children understand these things. You children serve not only Bharat but the whole world in an incognito way. The main thing is that no one knows the Father. Although they are human beings, they don't know the Father from beyond this world; they have no love for Him. The Father says: Now have love for Me! While having love for Me, you will return home with Me. You have to stay in this dirty world until you return home. First of all, from being body conscious, become soul conscious! Only then will you be able to imbibe this knowledge and remember the Father. Those who don't become soul conscious are of no use. Everyone is body conscious. You understand that if you don't become soul conscious and remember the Father, you remain as you were before. The main thing is to become soul conscious, it is not knowing creation. The knowledge of the Creator and creation is remembered. It isn't said: Knowledge of creation first and then the Creator. No; first is the Creator who is the Father. It is said: O *God*, the *Father*! He comes and makes you children equal to Himself. The Father is always soul conscious and this is why He is the *Supreme*. The Father says: I am soul conscious. I make the one I enter soul conscious. I enter him in order to *convert* him because he too was body conscious. I tell him: Consider yourself to be a soul and have accurate remembrance of Me. There are many people who believe that souls are separate from human beings. Since the soul leaves the body, it means there must be two things. The Father explains that each of you is a soul. It is souls that take rebirth. Souls adopt bodies and play their *parts*. Baba repeatedly says: Consider yourself to be a soul! This requires great effort. *Students* go to a garden in order to study in solitude. When priests go for a walk they do so in silence. They don't remain soul conscious; they just stay in the remembrance of *Christ*. They can even remember him while staying at home, but they especially stay in solitude and remember *Christ* and don't look anywhere else. Those who are very good believe that while remembering *Christ* they will go to him. They believe that *Christ* is sitting in *heaven* and that they will also go to *heaven*. They also believe that *Christ* has gone to *Heavenly God*, the *Father*, and that they too will go to Him by having remembrance of Him. All *Christians* are children of that One. They have some correct knowledge. However, it can be said that their understanding is *wrong* because the *Christ* soul hasn't gone back home up above. The name "*Christ*" is of the body that was put on the cross. A soul cannot be put on a cross. It is *wrong* to say that the *Christ* soul went to *God*, the *Father*. How can anyone return home yet? Each founder of a religion definitely has to sustain his religion after carrying out the establishment of it. When a building is whitewashed, that too is sustenance. You now have to remember the unlimited Father. No one but the unlimited Father can give you this *knowledge*. You have to benefit yourself. From being diseased, you have to become free from disease. This is a big *hospital* of the diseased. The whole world is a *hospital* of the diseased. Those who are diseased will definitely die quickly. The Father comes and makes the whole world free from disease. It isn't that you will become free from disease here. The Father says: It is in the new world that you are free from disease. You cannot become free from disease in the old world. Lakshmi and Narayan are free from disease, *ever healthy*. They have long lifespans there. Those who are *vicious* are diseased. Those who are *viceless* are not diseased; they are completely viceless. The Father

Himself says: At this time, the whole world in general, and Bharat in particular, is diseased. You children first come into the world that is free from disease. It is by staying on the pilgrimage of remembrance that you become free from disease. By having remembrance, you will go to your *sweet home*. This too is a pilgrimage. Souls are on a pilgrimage to the Father, the Supreme Soul. This is a *spiritual* pilgrimage. No one else can understand these words. You also only understand this, numberwise, but you forget it. This is the main thing; it is very easy to explain. However, only those who stay on the spiritual pilgrimage themselves can explain to others. If you yourself are not on this pilgrimage and try to tell others, your arrow will not strike the target. There has to be the power of truth. We remember Baba so much! A wife remembers her husband so much. That one is the Husband of all husbands, the Father of all fathers and the Guru of all gurus. Gurus too remember that one Father. Even *Christ* used to remember the Father, but no one knows Him. Only when the Father comes can He give His introduction. People of Bharat don't know the Father, so how can others know Him? People come from abroad to learn yoga. They believe that God taught ancient yoga. They have faith in this. The Father says: Only once, every cycle, do I come and teach you true yoga. The main thing is to consider yourself to be a soul and to remember the Father. This is known as spiritual yoga. All the others are physical yogas. They have yoga with the brahm element of light; that is not the Father. That is the great element, the place of residence. Only the one Father is *right*. Only the one Father is called the Truth. The people of Bharat don't know how the Father is the Truth. Only He establishes the land of truth. There are the land of truth and the land of falsehood. When you are living in the land of truth, Ravan's kingdom doesn't exist. It is after half the cycle that the kingdom of Ravan, the land of falsehood, begins. The whole of the golden age is said to be the land of truth. The end of the iron age is the complete land of falsehood. You are now sitting at the confluence; you are neither here nor there. You are now *travelling*. It is the soul that *travels*, not the body. The Father comes and teaches you how to travel. He teaches you how to go there from here. Those people then *travel* to the *moon* and *stars* etc. You now know that there is no benefit in that. It is through those things that destruction will take place. All the effort that they are making is useless. You know that all the things that are being created through *science* are going to be useful to you in the future. This *drama* is predestined. The unlimited Father comes and teaches you. Therefore, you should have so much *regard* for Him. There is generally a lot of *regard* for *teachers*. A *teacher* instructs you to study well and *pass*. If you don't obey your *teacher*, you fail. The Father says: I teach you to make you into the masters of the world. Lakshmi and Narayan are the masters. Although their subjects too are masters, there are varieties of status. All the people of Bharat say that they are its masters. Even the poor consider themselves to be the masters of Bharat. However, there is a difference between a king and them. The difference in status is because of *knowledge*. One has to be clever in *knowledge*. Purity too is essential; *health* and *wealth* are also required. There is everything in heaven. The Father explains the *aim* and *objective* to you. No one else in the world has this *aim* and *objective* in his intellect. You instantly say that this is what you are becoming. Our kingdom will be over the whole world. It is now government of the people by the people. At first, there were those who were *double* crowned, then those with a single crown and now those with *no* crown. Baba told you in a murli to make a picture of those with a single crown bowing down to kings with a *double* crown. The Father says: I am now making you into the *double*-crowned kings of kings. They are kings for a short time, whereas here it is a matter of 21 births. The first and main thing is to become pure. You called out to Me to come and purify the impure. You didn't ask to be made into kings. You children now have unlimited renunciation. You will leave this world and go home and then go to *heaven*. You should have this happiness inside you. Since you understand that you are going home and then to your kingdom, why do you wilt and experience sorrow? We souls will go home and then take rebirth in the new world. Why do you children not experience permanent happiness? It is because there is a lot of *opposition* from Maya that your happiness decreases. The Purifier Himself says: Remember Me and your sins of many births will be burnt away. You become swadarshanchakradhari. You know that you will go to your land of kings. There have been many different types of king here. Now there is going to be the spiritual Rajasthan (the land of kings). You will become the masters of heaven. *Christians* do not understand what is meant by *heaven*. They call the land of liberation *heaven*. It isn't that *Heavenly God, the Father*, lives in *heaven*. He lives in the land of peace. You are now making effort to go to *Paradise*. You have to show this difference. *God, the Father*, is the One who resides in the land of liberation whereas the new world is called *heaven*. There are no Christians there (in the new world). Only the *Father* comes and establishes *Paradise*. The place that you call the land of peace, they call *heaven*. All of these things have to be understood. The Father says: This *knowledge* is

very easy. This is the *knowledge* to become pure and to go to the lands of liberation and liberation-in-life. Only the Father gives this knowledge. When someone is about to be put on the gallows, he understands inside that he is going to God. The executioner tells him to remember *God*, even though neither of them knows *God*. That one only remembers his friends and relatives at that time. It is remembered: Someone who remembers his wife at the end... He would definitely remember someone or other. It is only in the golden age that they are conquerors of attachment. There, they know that they will shed their bodies and take new ones. There is no need to have remembrance there. This is why it is said: Everyone remembers God at the time of sorrow. There is sorrow here. Therefore, in order to receive something from God, they remember Him. There, they have already received everything. You can say that your aim is to make human beings into theists and make them belong to the Lord and Master. At this time, all are orphans. We now belong to the Lord and Master. Only the Father gives the inheritance of happiness, peace and prosperity. Lakshmi and Narayan live long lives. You also know that the people of Bharat previously used to live long lives. Now they have short lives. No one knows why it has become so short. It is very easy for you to understand this and then explain to others. This too is numberwise. Each one's explanation is his own. Each of you explains according to how much you have imbibed. Achcha.

To the sweetest, beloved, long-lost, now-found children, love, remembrance and *good morning* from the Mother, the Father, BapDada. The spiritual Father says namaste to the spiritual children.

#### **Essence for dharna:**

1. Just as the Father is always soul conscious, so you too should make full effort to remain soul conscious. While loving the one Father with your heart you have to return home with Him.
2. Pay full *regard* to the unlimited Father, that is, follow the Father's instructions. The Father's first instruction is: Children, study well and *pass!* Follow these instructions.

**Blessing:** May you be a detached observer, a witness who finishes even any *royal* form of body consciousness.

Not to give *regard* to others and to *cut* them off is a *royal* form of body consciousness which also makes you insult yourself and others. Those who *cut* others off have arrogance and whomever they *cut* off feel insulted. So, while keeping the blessing of your being a detached observer in your awareness and performing every action and creating every thought keeping *drama* as a shield and staying on the rails of the *drama*, you will finish any *royal* form of the consciousness of "I". You will then give respect and love to everyone and they will become co-operative for all time.

**Slogan:** On the basis of the water of Godly shrimat, make the seed of action powerful.
