

Essence: Sweet children, you have now come into the lap of the Father, the *Holiest of the Holy*. You have to become *holy* (pure) even in your thoughts.

Question: What is the intoxication and what are the signs of the *holiest of the holy* children?

Answer: They have the intoxication that they have taken the lap of the Father, the *Holiest of the Holy*. They are becoming the *holiest* deities. No bad thoughts can enter their minds. They are fragrant flowers and they never perform any wrong actions. They remain introverted and check themselves: Is everyone receiving fragrance from me? Are my eyes drawn towards anything?

Song: To live in Your lane and to die in Your lane.

Om shanti. You children heard the song. You have to churn it inside you and extract its meaning. Who said: To die in Your lane? It was the soul that said this because it is the soul that is impure. You are said to be pure at the end, or you can say you are pure when you receive a pure body. At present, you are effort-makers. You know that you come to the Father to die. To leave one father and to adopt another means to die to one and to live with the other. When the child of a physical father leaves his body, he goes and takes birth to another father. It is the same here. You die and then take the lap of the *Holiest of the Holy*. Who is the *Holiest of the Holy*? (the Father). And who is *holy*? (sannyasis). Yes, sannyasis are said to be *holy*. There is a difference between you and the sannyasis. They become *holy* but they still take birth through impure ones. You are now becoming the *holiest of the holy*. It is the Father, the *Holiest of the Holy*, who is making you this. Those people leave their homes to become *holy*. It is the soul that becomes pure. In heaven you are deities and so you are the *holiest of the holy*. Your renunciation is unlimited whereas theirs is limited. They become *holy* and you become the *holiest of the holy*. The intellect says that you are now going to the new world. The sannyasis come when it is the rajo period, and there is a difference between being rajo and being satopradhan. You are becoming the *holiest* through the *Holiest of the Holy*. He is the Ocean of Knowledge and also the Ocean of Love. In English, it is said, "*Ocean of Knowledge, Ocean of Love*." He makes you so elevated! You call out to the Highest on High, the *Holiest of the Holy*: Come and purify the impure! Come into the impure world and make us the *holiest of the holy*. Therefore, you children should have the intoxication of who it is that is teaching us! What will we become? You also have to imbibe divine virtues. Children write: Baba, Maya brings us many storms. She doesn't allow us to become pure in our thoughts. Since we have to become the *holiest of the holy*, why do we have such bad thoughts? The Father says: At present, you have become completely *un-holiest of the holy*. Now, at the end of many births, the Father is teaching you with full force. So, children, your intellects should have the intoxication of what you are becoming. Who made Lakshmi and Narayan become that? Bharat used to be heaven. At this time Bharat is tamopradhan and corrupt. We are now making it the *holiest of the holy*. There definitely has to be the One who makes it like that. You have to have intoxication inside yourselves that you have to become deities. For that, you also need to have such virtues. From being at the very bottom, you have now climbed up. "Rise and Fall" is written on the picture of the ladder. How can those who have fallen down call themselves the *holiest of the holy*? Only the Father, the *Holiest of the Holy*, comes and makes you children become like that. You have come here to become the masters of the world, the *holiest of the holy*. Therefore, you should have so much intoxication. Baba has come to make us so elevated. Become pure in your thoughts, words and deeds. Become a fragrant flower. The golden age is called the garden of flowers. There shouldn't be any bad odour. Body consciousness is said to be a bad odour. There shouldn't be any bad vision towards anyone. You shouldn't perform any wrong actions which would accumulate in your account and make your conscience bite you. You are accumulating wealth for 21 births. You children know that you are becoming very wealthy. Look at yourself, the soul, and check whether you are full of all the divine virtues. Am I making effort as Baba says? Look what your *aim* and *objective* is! There is so much difference between sannyasis and yourselves. You children should have the intoxication of whose lap you have come into. What is He making us into? Become introverted and check to what extent you have become worthy. How beautiful we have to become so that everyone receives the fragrance of knowledge! You give this fragrance to many. You make others the same as yourselves. First of all, you should have the intoxication of who it is that is teaching you! All of those people are gurus of the path of devotion. There cannot be any guru on the path of knowledge except the Supreme Father, the Supreme Soul. All the rest belong to the path of devotion. Devotion takes place in the iron age. That is when Ravan enters. No one in the world knows this. You now know that you were 16 celestial degrees full when you were in the golden age. After even one day has passed, you would no longer call it the day of the full moon. It is the same

here. The cycle continues to turn little by little like a louse. You now have to become 16 celestial degrees full, and that too, is for half the cycle. Then the degrees will continue to decrease. You have this knowledge in your intellects and so you should have so much intoxication. It doesn't enter the intellects of many who it is that is teaching them. *The Ocean of Knowledge!* He says to you children: Namaste, children. You too are the masters of Brahmand. Everyone resides there; then you also become the masters of the world. In order to increase your enthusiasm, the Father says: You become even more elevated than I! I don't become the Master of the world. I make you into those with even greater praise than Mine. When children become greater than their father, the father understands that they have claimed a high status by studying. The Father also says: I am teaching you. Now make effort to claim the status you want. The Father is teaching us. So, first, this intoxication should rise. The Father can come and talk to you at any time as He is in this one. You children belong to Him, do you not? This chariot belongs to Him, does it not? Therefore, the Father, the *Holiest of the Holy*, has now come to purify you. You now have to purify others. I am *retiring*. When you become the *holiest of the holy*, no impure beings can come here. This is the *church* of the *holiest of the holy*. All the people who go to those churches are impure. All are impure and *unholy*. This is a very big *holy church*. No impure beings can set foot here. However, you cannot do this now. When you children also become like this, all the laws will be enforced. No one else will be able to come inside. Some ask if they can come and sit in this gathering. Baba says: You have to work with the *officers* etc., and so you have to allow them to sit here. When your name has been glorified, you won't need to be concerned about anyone else. Now, you still need to keep this concern; even the *holiest of the holy* have to give way. You cannot say "No" to them at the present time. When your influence spreads, people's enmity will also be reduced. You will then explain that it is the Father, the *Holiest of the Holy*, who is teaching you Brahmins Raja Yoga. Sannyasis cannot be called the *holiest of the holy*. They only come in the rajo period. Can they become the masters of the world? You are now effort-makers. Sometimes your behaviour is very good and sometimes it is such that you defame the name. Many who come to the *centres* don't have any recognition at all. You even forget what you are becoming. The Father can understand from your behaviour what you will become. If there is the highest status in your fortune, you behave with great *royalty*. Simply remember who is teaching you and you will experience such happiness that it explodes within you. We are *Godfatherly students*, and so there should be so much *regard* for Him. You are still studying at the moment. The Father understands that it will still take *time*. Everything is numberwise. A building too is at first satopradhan and then it goes through the stages of sato, rajo and tamo. You are now going to become satopradhan and 16 celestial degrees full. The building is being constructed. All of you together are constructing the building of heaven. You should have great happiness that Bharat, which has become the *unholiest of the unholy*, is now being made the *holiest of the holy*. Therefore, you need to caution yourself a great deal. Your vision should not be such that your status is destroyed. Don't think: What would Baba think if I write this to Baba? No, everyone is making effort at this time. Even he cannot be called the *holiest of the holy* at this time. Once he has become that, even this body will not remain. You are also becoming the *holiest of the holy*. However, there are different levels of status. For that, you need to make effort and also inspire others to do the same. Baba continues to give you many *points*. When someone comes, show him the contrast between the *holiest of the holy* and the *holy*. Lakshmi and Narayan take birth in the golden age; others come later and so there is so much difference. You children understand what Shiv Baba is making you. He says: Constantly remember Me alone. Consider yourself to be a bodiless soul. The Highest on High, Shiv Baba, teaches you and makes you the highest on high. We are studying through Brahma. Brahma becomes Vishnu. Only you know this. Human beings don't understand anything. It is now the kingdom of Ravan over the whole world. You are establishing the kingdom of Rama which only you know. According to the *drama*, we are becoming worthy to establish heaven. Baba is now making us worthy. No one, apart from the Father, can take us to the land of peace or the land of happiness. They continue to tell tall stories when they say that "So-and-so has gone to heaven" or "to the land of liberation". The Father says: How can vicious and impure souls go to the land of peace? You can tell them this so that they understand how much spiritual intoxication you have. Churn the ocean of knowledge as to how we can explain to them. While walking and moving around you should have this feeling inside you: In order to become worthy, we have to have patience. It is the people of Bharat who become completely worthy and completely unworthy, no one else. The Father is now making you worthy. This *knowledge* is very enjoyable. Internally, there is great happiness that we will make this Bharat into the *holiest of the holy*. There has to be very *royal* behaviour.

One can tell everything from your food and drink and your behaviour. Shiv Baba is making you so elevated! You have become His children and so you have to glorify His name. Your behaviour should be such that they understand that you are the children of the *Holiest of the Holy*. Gradually, you will continue to become this. Your praise will continue to emerge. All the rules and regulations will then be put in place so that no impure beings can come inside. Baba understands that you still need *time*. You children have to make a lot of effort so that your kingdom becomes ready. Then, when these rules are enforced, it won't matter. At that time, there will be a *queue* from here down to Abu Road. Just see as you make further progress. Baba continues to increase your fortune. It is rightfully said that you are multimillion times (padmapadam) fortunate. They show a lotus (padam) at the feet. All of that is the praise of you children. Nevertheless, the Father says: Manmanabhav! Remember the Father! Achcha.

To the sweetest, beloved, long-lost and now-found children, love, remembrance and *good morning* from the Mother, the Father, BapDada. The spiritual Father says namaste to the spiritual children.

Essence for dharna:

1. Don't perform any actions that would make your conscience bite. Become a fully fragrant flower. Remove the bad odour of body consciousness.
2. Your behaviour has to be very *royal*. Make full effort to become the *holiest of the holy*. Your vision should not be such that your status is destroyed.

Blessing: May you be a *master* bestower of support who steps away from waste and becomes victorious on the basis of your faith.
Children with faith in the intellect constantly dance in happiness because of being victorious. They do not speak about their victory, but, because of being victorious, they encourage others. They do not try to make anyone look small, but they become master bestowers of support, like the Father, that is, they uplift those who are down. They always remain distant from any waste. To step away from waste is to be victorious. Such victorious children become *master* bestowers of support for all.

Slogan: Only those who serve with a stage that is selfless and free from sinful thoughts are embodiments of success.
