

Essence: Sweet children, you are true Raj Rishis and your duty is to do tapasya. It is only by doing tapasya that children become worthy of worship.

Question: Which effort makes you worthy of worship for all time?

Answer: When you make effort to ignite the light of the soul and make the tamopradhan soul satopradhan, you will become worthy of worship for all time. Those who become careless and make mistakes at this time will cry a lot. If you don't make effort and *pass*, you will experience punishment from Dharamraj and you will not be worshipped. Those who have to experience punishment will not be able to raise their eyes.

Om shanti. The spiritual Father explains to the spiritual children. First of all, He tells the children to consider themselves to be souls. First is the soul and then the body. Everywhere, at the exhibitions and *museums* and in *class*, you first have to caution everyone: Consider yourself to be a soul and remember the Father. When you children sit here, not all of you sit in soul consciousness. Even while sitting here, your thoughts wander everywhere. What do they do in satsangs until the sadhu comes? They definitely have some thoughts. Then, when the sadhu comes, they begin to listen to the story he relates. The Father has explained: It is on the path of devotion that something is related and people listen to it. The Father explains that all of that is *artificial*; there is nothing in that. The Deepmala that they celebrate is also *artificial*. The Father has told you that the third eye of knowledge should be opened so that there can be light in every home. Now, there is darkness in every home. All of that light is external. You sit in total silence to ignite your light. You children know that your sins are cut away by stabilizing in your original religion. It is only on this pilgrimage of remembrance that your sins of many births are cut away. The light of the soul has been extinguished; all the *petrol* of power has been used up. You souls will now be filled again as you become pure. There is the difference of day and night. People now worship Lakshmi so much. Some children write asking whether Lakshmi or Mother Saraswati (Maa) is greater. Lakshmi simply belongs to the one Shri Narayan. When they worship Maha-Lakshmi, they show her with four arms. That image represents the two of them. That should actually be called the worship of Lakshmi and Narayan; they show a four-armed image because the two of them are together, but human beings don't understand anything. The unlimited Father says: Everyone has become senseless. Would a physical father say to the children of the whole world that they are senseless? You children now know who the Father of the world is. He Himself says: I am the Father of all souls. All of you are My children. Those sadhus say that all are God. You understand that the unlimited Father is explaining unlimited knowledge to you souls. Human beings have become body conscious. They say: I am so-and-so. They continue to interact on the basis of the name of the body. Shiv Baba is incorporeal, the *Supreme Soul*. The name of that soul is Shiva. It is only Shiv Baba whose name is given to the soul. He is the Supreme Soul, God, and His name is Shiva. All other souls have names given to their bodies. Shiv Baba doesn't reside here; He comes from the supreme abode. There is the incarnation of Shiva. The Father has now explained to you that all souls come here to play their *parts*. The Father too has a *part*. The Father carries out a very great task here. Since they believe in His incarnation, they ought to celebrate His *holiday* and also have a *stamp* of Him. There should be a *holiday* for this in all countries because the Father is the Bestower of Salvation for all. No one can know His birthday or the day of His departure, because He is unique. This is why they simply speak of Shiv Ratri. You children know that, for half the cycle, it is the unlimited day and for the other half cycle, the unlimited night. When the night comes to an end, there is the day. The Father comes in between the two. This is the *accurate time*. When a baby is born, it is *noted* in the register of the *municipality*. Then, after six days, a name is given to the child. That is called the naming ceremony. Some call it "chatthi" (the sixth day ceremony). There are so many languages. When they worship Lakshmi, they have fireworks etc. You can ask them: You are celebrating Lakshmi's festival, but when did she sit on the throne? They celebrate her *coronation* day when she was seated on the throne; they don't celebrate her birthday. They place a picture of Lakshmi on a tray and ask her for wealth. They don't ask her for anything else. In the temples, they ask for anything, but on the day of Deepmala, they only ask for wealth. However, she doesn't give wealth, but that is their faith! When someone worships with real faith, it's possible that he or she receives wealth for a short time. That is temporary happiness. There has to be permanent happiness somewhere! They don't know about heaven at all. Nothing can be compared to heaven. You know that, for half the cycle, there is knowledge and for half the cycle, there is devotion. Then, there is disinterest. It has been explained to you that this world is old and dirty and that a new world is therefore definitely needed. Vaikunth (Paradise) is called the new world; it is also called *heaven, Paradise*. The actors in this *drama* are imperishable. You children have now come to

know how you souls play your *parts*. Baba has told you: Whenever you explain to people at an exhibition, first of all, show them this, your *aim* and *objective*, and explain how you can receive liberation-in-life in a *second*. Everyone definitely has to come into the cycle of birth and death. You can explain very well using the picture of the ladder. Devotion begins in the kingdom of Ravan. There is no name or trace of devotion in the golden age. Knowledge and devotion are separate. You now have disinterest in this old world. You know that this old world is now to end. A father always gives happiness to his children. A father beats his head so much for his children. He goes to gurus and sages in order to have a son because he believes that if he has a son, he can leave all his property to him. "If I have a son, I can make him my heir." A father never causes sorrow for his children. It is *impossible*! You cried out so much, calling out to the Mother and Father. Therefore, the spiritual Father shows you children the path to happiness. Only the one Father gives happiness. Only the spiritual Father is the Remover of Sorrow and the Bestower of Happiness. This destruction too is to bring about happiness. How else would you attain liberation and liberation-in-life? However, no one understands this. Only those who are poor and weak come here because only they can have the faith that they are souls. However, the body consciousness of all the rich, important people has become so strong, don't even ask! Baba repeatedly tells you: You are Raj Rishis. Rishis always do tapasya. They remember brahm; they remember the element of light. Some even remember Kali etc. Many sannyasis worship Kali. They call out to Mother Kali. The Father says: At this time, all are vicious. By sitting on the pyre of lust, they have become ugly. The mother, the father and the children are all ugly. This is an unlimited aspect. No one is ugly in the golden age; everyone is beautiful. The Father explains to you children when you became ugly again. You gradually become more and more impure until you became completely ugly. The Father says: Ravan made you sit on the pyre of lust and has made you completely ugly. I now make you sit on the pyre of knowledge once again. It is souls that have to be made pure. The Purifier Father now comes and shows you how to become pure. How could water show you how to become pure? However, if you were to explain this to millions, only a handful out of those millions would understand this and claim a high status. You have now come to the Father to claim your inheritance for 21 births. As you make further progress, you will have many visions. You will know everything about your study. Those who are careless at this time will cry a great deal later. There is a lot of punishment to be experienced and the status will also be destroyed. You will not be able to raise your eyes. This is why the Father says: Sweetest children, make effort and *pass* so that you don't have to experience punishment. Only then will you become worthy of worship. If you have to experience punishment, you cannot be worshipped. You children have to make a great deal of effort. You have to ignite the light of the soul. At present, souls have become tamopradhan; therefore they have to be made satopradhan. A soul is just a point; it is a star. You cannot give it any other name. Baba has explained to you children that some have had visions of this. There is the example of Swami Vivekananda and Ramakrishna Paramhans. That one saw a *light* coming out of the other one, and so that could only have been a soul. He thought that it merged into him. A soul cannot come and merge into anyone. A soul goes and takes another body. At the end, you will see much of this. There is nothing that is beyond name or form. The sky is said to be empty space, but it still has a name. You children understand that establishment takes place every cycle and that it will definitely take place now. We Brahmins continue to make effort, numberwise. Every *second* that passes by is said to be the *drama*. The cycle of the whole world continues to turn. This cycle is 5000 years and it continues to move like a louse; it continues to *tick* away. You sweetest children now simply have to remember the Father. While walking and moving around and doing everything, remember the Father! Only in this is there benefit. Sometimes Maya will slap you. You are Brahmins and you have to make others into Brahmins, similar to yourselves, like buzzing moths do. That buzzing moth is just an example. You are true Brahmins. It is you Brahmins who have to become deities. This is why you have the confluence age to become the most elevated humans. You come here in order to become the most elevated humans. However, you first definitely have to become Brahmins. There is the topknot of Brahmins. You can explain to the brahmin priests: There is your brahmin clan, but there is no brahmin kingdom. Who established your clan? Who is your senior or head? When you explain to them they will become very happy. People give a lot of regard to those brahmins because they relate the scriptures etc. In earlier days, brahmin priests used to go to tie rakhis. Nowadays, children go to do this. You have to tie rakhis on those who make a promise to remain pure. A promise definitely has to be made. We are making this promise in order to make Bharat pure again. You have to become pure and also enable others to become pure. No one else has the power to say this. You know that by becoming pure in this last birth you will become the masters of the pure world. This is

your business. There are no other human beings like this. You have to make them take an oath. The Father says: Lust is the greatest enemy! Conquer this! By conquering it, you will become the conquerors of the world. Lakshmi and Narayan definitely made effort in their previous birth. That was how they became Lakshmi and Narayan. You can tell people what they did to receive their status. There is nothing to be confused about in this. You don't experience happiness from this Deepmala etc. You have the happiness that you now belong to the Father and that you are to receive your inheritance from Him. On the path of devotion, people spend so much! There is so much loss. Sometimes, there is even a fire. However, they don't understand anything. You know that you are once again going to go to your new home. The cycle will *repeat* identically. This is an unlimited *film*; it is an unlimited *slide*. Now that you belong to the unlimited Father, you should have such happiness that it explodes in you. We will definitely claim our inheritance of heaven from the Father. The Father says: Make effort and take whatever you want. You definitely do have to make effort. It is only by making effort that you can become elevated. This Baba can become so elevated; can you not become the same? Achcha.

To the sweetest, beloved, long-lost and now-found children, love, remembrance and *good morning* from the Mother, the Father, BapDada. The spiritual Father says namaste to the spiritual children.

Essence for dharna:

1. Just as the Father always gives happiness to His children, so you too must become bestowers of happiness. Show everyone the path to liberation and liberation-in-life.
2. Do tapasya to become soul conscious. Become unlimited renunciates of this dirty old world.

Blessing:

May you be filled with all treasures by having the equality of being a child and a master. Just as everyone has the intoxication of being a child, similarly, be a child and a master, that is, experience the complete and perfect stage, the same as the Father's. The speciality of being a master is to have the sanskars of being a world server to the same extent as those of being a master and you can then be said to be equal to the Father. The intoxication of being a master and of being a world server should be the same. You will then be said to be equal to the Father. Let both forms of a child and a master be put into practice and you will then be able to experience the complete and perfect stage, like the Father's of being full of all treasures.

Slogan:

Have a right to the infinite treasures of knowledge and dependency will then finish.
