

Essence: Sweet children, I have brought heaven on the palm of My hand for you children. Remember Me and you will receive the sovereignty of heaven.

Question: Which children can experience unlimited happiness all the time?

Answer: Those who have had unlimited renunciation and have broken away from everyone else and connected themselves to the One can remain happy all the time. The happiness of those who *follow the Father* and who are interested in doing *service* can never disappear.

Song: Leave Your throne of the sky and come down to earth.

Om shanti. You sweetest spiritual children heard the song. Who said this? The Father asked the children: Did you hear the song? People call out to Him when they are in extreme sorrow. You children know that only the Father created the land of happiness, the pure world, that is, He established the kingdom of gods and goddesses. It is as though gods and goddesses are the masters of heaven. You can see how wealthy Lakshmi and Narayan were and how big their kingdom was. There were no calamities in their kingdom. The Father gives you children such an inheritance and so you should have so much happiness. However, everything is numberwise according to the effort you make. Because of not taking the full knowledge, some are neither able to experience happiness there (outside world) nor here. It is said that they are lost to both worlds because, while claiming their inheritance from the Father, they fall. No one in the world knows that God has come and is establishing heaven because He comes in an incognito form. It is because everyone is in extreme darkness that they say God should definitely exist here at this time. When it is midnight, it is said to be extreme darkness. At night it is extreme darkness and during the day it is extreme light. You children know that the night of the path of devotion is now coming to an end and that there is nothing but sorrow in it. People think that they will find God after performing devotion. You know that only the Father comes and grants salvation to everyone. You children are numberwise. The mercury of happiness of some remains high. They also make a lot of effort in happiness. They are interested in doing *service* and in going to explain to people and this is why Baba makes arrangements for exhibitions and fairs etc. Therefore, the mercury of your happiness can rise when you explain to others. Here, those who have wealth think that they are sitting in heaven. It is difficult for them to take knowledge. This is why it is remembered that only a handful out of multimillions become sensible enough to claim a right to the Father's inheritance. It is remembered: *Follow the Father*. So, you have to follow the Father's shrimat. Those who follow shrimat very well also *follow the Father*. For instance, this child (Brahma) is following Him very well. When his children didn't follow his advice, he told them to go their own way. Those who follow Ravan's directions and those who follow Rama's directions cannot stay together. You children understand that the original eternal deity religion existed in Bharat. They took 84 births and became impure. This is why they call out: O Purifier, come! You children understand that only a few more days now remain. It takes *time* to establish the deity kingdom. This is incognito. It is not a question of a war in this. It isn't that you wage war against anyone and claim the kingdom. No, it is the Father, whom you remember as the Remover of Sorrow and the Bestower of Happiness, who comes and makes you into kings of kings. Sannyasis and gurus etc. cannot be removers of sorrow. Their renunciation is limited whereas yours is unlimited. Here, you have infinite happiness. The goddess Lakshmi and the god Narayan also have unlimited happiness. Impure human beings continue to say whatever enters their minds. Every word you speak is meaningful. In the new world, there is just one religion. It cannot be compared to anything else. Only in the old world can there be comparisons. In the new world, you are unaware of what exists in the old world. There, you will have forgotten everything. Here, you are told everything about when the new world will be established and when the old world will be destroyed. You have all the *knowledge*. You have now found the Father who establishes heaven. Therefore, you should claim your inheritance from Him very well. Those who made effort very well in the previous cycle will receive an inheritance. They are numberwise too. This is the world of thorns. Everyone has the *number* one thorn. The old world is dirty and the new world is very good. No one knows what heaven is. They simply say that so-and-so became a resident of heaven. Where is the heaven that that person could become a resident of? You know that heaven existed in this Bharat. Hell is also in Bharat. Those people catch hold of these words and say that heaven and hell exist here at the same time, that those who have a lot of wealth are in heaven. However, it is not like that. It was when Bharat was new that it was the golden age and it was called heaven. Now, the impure world is hell. There is just one world. The kingdom of Lakshmi and Narayan existed in the new world and the kingdom of Ravan exists in the old world. God speaks: I tell you the secrets of your 84 births. Through this Raja Yoga I make you into kings of kings, masters of heaven. Therefore, hell definitely has to be destroyed. They have put

Krishna's name in the scriptures and shown a war etc. There is no army of the Pandavas. Nowadays, they make groups of kumaris and mothers and teach them how to use guns etc. Here, you don't have any guns etc. in your hands. What do they know about who the Shiv Shakti Army is? Shiv Baba can never make you commit violence. There is no question of war. You know that Shiv Baba's army is the spiritual army. Shiv Baba is making us *doubly* non-violent. This is called 100% *non-violence*. Theirs is 100% *violence*. They destroy so many with just one *bomb*. There is so much difference between unlimited *non-violence* and *violence*. You are now in unlimited *silence*. The more preparations they continue to make for war, the more noise they make. There is so much upheaval in destruction. For this establishment, you are sitting in such *silence*! There is no question of violence. This is now your *practical life*. You are claiming your inheritance from the Father with the power of yoga. By remembering Alpha, the Father, you receive the sovereignty of heaven. It is so easy! The Father is the *most beloved*. He comes from such a distant land. When a father comes from abroad, his children become so happy because their father would have brought very good gifts for them from abroad. This is the unlimited Father and He only comes once. What gift does He bring? He says: I have brought heaven on the palm of My hand for you. For instance, it is said that Hanuman carried the mountain top that had the life-giving herb growing on it, on his hand. No one can lift a mountain. In the same way, the Father says: I have brought heaven on My palm. Heaven cannot be carried on one's palm; it is a matter of understanding. You children know that Baba has brought the *number one* gift for you. The Father says: I have come to make you into the masters of the pure world and so you have to become pure. This is Raja Yoga. Only the God of the Gita taught ancient Raja Yoga of Bharat and gave the kingdom. He is now once again teaching Raja Yoga. You say that you are the children of the Father who establishes heaven. The Father establishes the new world and so someone would surely receive the sovereignty. It isn't that the Father would only give to those who live in heaven. The Father gives to everyone else too. According to the *drama*, all the rest receive the *part* of liberation; everyone becomes liberated. Only the one Father and none other is the Bestower of Salvation for All. You should get all the eminent people who come to your exhibitions etc., those who truly believe that the God of the Gita is not Shri Krishna, but Shiva, to write something down. People only listen to what eminent people say. No one listens to the poor and this is why, at the exhibitions, you should try to get them to write that there is only one God of the Gita and that He is the Father of all. Five thousand years before today, Bharat was heaven and it was the kingdom of Lakshmi and Narayan. Now there is the kingdom of Ravan over the whole world. He is everyone's enemy. He is burnt every year and yet he doesn't die. Bharat's biggest enemy now is Ravan. Only you know this. Now, Rama, the Supreme Father, the Supreme Soul, is enabling you to conquer Ravan. He says: Remember Me and your sins will be absolved and you will become worthy. Then the new world is needed for you. The old world was definitely destroyed and that will happen again. The Mahabharat War took place when the kingdom of Ravan was destroyed and the kingdom of Rama established. The cries of distress begin in the kingdom of Ravan. After the cries of distress, there will be the cries of victory and the world will change. Just as an old building is demolished and a new one built and then demolished again, so establishment is taking place in the same way. They continue to manufacture *bombs* etc. Preparations are taking place. Now that Dashera has come, they make an *effigy* of Ravan. Yours is an unlimited aspect. Your intellects wonder about what they are doing. When you explain to them, they will understand what they are doing. Then they too will be amused. You can explain to anyone that such a huge Ravan cannot exist. The Father says: Now claim the kingdom of Rama. Make a donation of the five vices and the omens will be removed. The Father comes and explains that the whole world is eclipsed by the five vices. Everyone has become completely ugly. You children should have unlimited happiness. Only a few more days remain. You now know the *Creator*, *Director* and *Principal Actor* and the beginning, middle and end of the *drama*. No one else knows it. Your intellects have now become pure and clean. Now that you belong to the Father, He will definitely send you to heaven. It is said that *knowledge is a source of income*. This is spiritual *knowledge* which only the Father gives. Human beings cannot give this knowledge to human beings. In the world, it is just human beings who give *knowledge* to human beings. Here, the Father, the *Supreme Soul*, comes and gives you this knowledge. All the rest are those who relate tall stories of the path of devotion. There is the story of the true Narayan and of the Ramayana. They continue to make up stories of those who existed in the *past*. This is a study. *History* and *geography* are taught in a study. This is *world history* and *geography*; it is *huge*. You explain that 5000 years ago, Baba told you that those who study the Gita don't really understand anything. You can see in a *practical* way who the Yadavas, Kauravas and Pandavas are. The Yadavas, the residents of Europe, invented missiles

through which destruction took place. They don't show anything about what happened after destruction. They think that annihilation took place. They ask you whether you believe in the scriptures. Tell them: Yes, we know and believe in them, but we also know that they belong to the path of devotion. Only the one Father, who is the Ocean of Knowledge, speaks knowledge. Devotion is now coming to an end and there is to be victory for knowledge. Destruction of the old world is just ahead. It is *nothing new*. Our love is for the one Father. We break away from everyone else and connect ourselves to just the One. The Father says: Consider yourself to be a soul and have yoga with Me. This is called the ancient Raja Yoga of Bharat. Only the Father teaches this. Even the Krishna soul is now in his last birth. Baba tells this one: You do not know your own births. This is the last of your many births. This is why I have entered him. I sit in this one to make you children into the mouth-born creation of Brahma and give you your fortune of the kingdom. No one, apart from the Father, can tell you this. The Father tells you everything Himself with this mouth. This Baba didn't know anything previously. You also didn't know anything. How the cycle of 84 births turns has to be explained to the people of Bharat. This is the same war through which the *gates* to heaven opened when the Father came and taught you Raja Yoga and made you into deities from human beings. Achcha.

To the sweetest, beloved, long-lost and now-found children, love, remembrance and *good morning* from the Mother, the Father, BapDada. The spiritual Father says namaste to the spiritual children.

Essence for dharna:

1. *Follow* those who observe shrimat very well. In order to stay in unlimited happiness, do the service of making others equal to yourselves.
2. Have a loving intellect, break away from everyone else and connect yourself to the one Father. Become *doubly* non-violent, sit in *silence* and establish your own kingdom.

Blessing: May you be a world benefactor who gives everyone God's message on the basis of the fragrance of spirituality. Imbibe all the powers of spirituality in yourself and the fragrance of spirituality will easily attract many souls to you. Just as you make matter satopradhan from tamopradhan with the power of your mind, similarly, you can give all the many souls who are unable to come in front of you the Father's introduction and the main message from a distance with the power of spirituality. When you speed up this subtle *machinery*, desperate souls will then receive a drop and you will be called a world benefactor soul.

Slogan: Let pure and elevated thoughts *emerge* in you and waste will automatically become *merged*.
