

**Essence:** Sweet children, you *guarantee* that you will make this Bharat into heaven with the power of your yoga. There, there will be one religion and one kingdom.

**Question:** By remaining *safe* from which of Maya's obstacles can you children perform great wonders?

**Answer:** The greatest of Maya's obstacles is to make you body conscious and trap you in the name and form of each other. The children who remain *safe* from this obstacle will remain safe from Maya's deception and will show many wonders. Their intellects constantly have new thoughts for *service*. When you become soul conscious, *service* will expand.

Om shanti. The Father has come to give you spiritual children shrimat. You children understand that, according to the *drama plan*, everything has to be accomplished within a short time. We are changing the land of Ravan into the land of Vishnu. The Father is incognito and the study is also incognito. There are many *centres*. There are *centres* in the big cities and in the small villages too. There are also many children. Day by day, the number of them will continue to increase. You write in your *literature* that you will definitely make this land of Bharat into heaven. You love this land of Bharat very much because you know that this Bharat was heaven. Bharat become that 5000 years ago; it was then very royal and beautiful. You children, who are the mouth-born creation of Brahma have this *knowledge*. You have to make this land of Bharat into heaven by following shrimat. Show everyone the path. There is nothing complicated about anything here. Sit and discuss among yourselves how you should *advertise* these pictures and how they can also be printed in the newspapers. Hold a *seminar* about this among yourselves. Just as those of the worldly *Government* meet and discuss among themselves how they can reform Bharat, in the same way, you should sit together and put right the differences of opinion that exist and also discuss how there can be peace and happiness in Bharat. You are also the spiritual Pandava *Government*. This is the great Godly *Government*. The Purifier Father purifies you impure children and makes you into the masters of the pure world. Only you children understand these secrets. The original eternal deity religion is the main religion of Bharat. This is the sacrificial fire of the knowledge of Rudra. Shiv Baba is called Rudra. The Father has now come and has awakened you. So, you then have to awaken others. You continue to awaken according to the *drama plan*. However much effort and whatever effort each of you has made up to now, you also did the same in the previous cycle. Your war is a spiritual one. Sometimes Maya is more powerful and sometimes God is more powerful. Sometimes *service* continues at a fast speed and sometimes children have obstacles of Maya. Maya makes them completely unconscious. This is a battlefield. Maya makes the children of Rama unconscious. There is also a story about Luv and Kush (children of Rama). They have portrayed two children of Rama, but Baba has many children here. At this time, all human beings are sleeping in the sleep of Kumbhakarna. They don't even know that the Supreme Father, the Supreme Soul, has come to give you children your inheritance. The Father only comes in Bharat. They have completely forgotten this. The people of Bharat were the masters of heaven. There is no doubt about this. The birth of the Supreme Father, the Supreme Soul, takes place here. This is why the people of Bharat celebrate the birthday of Shiva. Therefore, He must definitely have come here and done something. The intellect says: The Father must definitely have come here to establish heaven. He wouldn't establish it through inspiration. Here, you children are taught Raja Yoga and the pilgrimage of remembrance. There is no sound involved in inspiration. People think that Shankar carries out destruction through inspiration, but there is no question of inspiration in that. You understand that it is in their *parts* in the *drama* to make bombs etc. They become instruments for destruction. Inspiration is a word from the scriptures, but there is no question of inspiration here. Shankar is in the subtle region. Destruction has to take place according to the *drama*. It is remembered that missiles etc. were used in the Mahabharat War. Whatever happened in the *past* has to *repeat*. You *guarantee* that you will establish heaven with the power of your yoga. There will be one religion there. So, where will all the other religions go? They will definitely be destroyed. This is something that has to be understood. It is remembered that establishment takes place through Brahma and sustenance through Vishnu and that is fine. However, they have mixed Shiva with Shankar and that is *wrong*. They just say Shiva and Shankar. Because Shankar doesn't do anything, they have mixed Shiva with Shankar. However, Shiv Baba says: I have a lot of work to do: I have to purify everyone. I enter this corporeal body of Brahma and have establishment carried out through him. Shankar doesn't have a *part*. Shiva is worshipped. Only Shiva, the Benefactor, fills everyone's apron. They say: Salutations to the Supreme Soul Shiva. This Brahma is the Father of People. How Brahma becomes Vishnu and how Vishnu then becomes Brahma are very deep matters. Only you children understand these things. *Sensible* children can use their intellects to understand this knowledge very quickly. People don't know anything about when

the Purifier Father would come. It is now the end of the iron age. They say that 40,000 years still remain until the end of the iron age, in that case, how much more impure would they still become? How much sorrow are they going to tolerate? There isn't any happiness in the iron age. Because of not understanding anything, the poor helpless people are in extreme darkness. You children should meet and discuss how to increase *service*. The Father continues to show you *plans*, so you children should then meet among yourselves. Explain the pictures very well. All of these pictures continue to be created according to the *drama* plan. You children know that whatever *time passes*, the *drama* continues accurately according to that. The stage of you children will continue to fluctuate - sometimes high and sometimes low. Baba continues to watch everything as the detached Observer. Sometimes, children have bad omens and so, in order to remove those omens, Baba makes you try many things. Baba repeatedly tells you to remember the Father. However, you become body conscious and this is why you stumble. Here, you have to become soul conscious, but children have a lot of body consciousness. Become soul conscious and you will be able to remember the Father and *service* will then also continue to expand. Those who have to claim a high status will remain constantly busy doing *service*. If it is not in their fortune they won't make effort. Then, they themselves would say: Baba, I am unable to imbibe any of this; it doesn't sit in my intellect. If you don't imbibe these things, there is no happiness. Those who imbibe these things will also experience happiness. They understand that Shiv Baba has come. The Father says: Children, understand this very clearly and then explain to others. Some become engaged in *service* and continue to make effort. You children know that every *second* that passes by is fixed in the *drama* and that it *repeats* in the same way. It is explained to you children that when you give lectures outside, so many different types of people attend. You children know that all of those people give lectures based on the Gita, the Vedas and the scriptures. They don't know that God is explaining to you the secrets of Himself, the Creator, and the beginning, the middle and the end of creation. It has been shown so clearly in the pictures who God is. These things cannot be explained using a *projector*. At the exhibitions you have the pictures in front of you. Then you can explain and also interact with them and ask them who the God of the Gita is and who the Ocean of Knowledge is. Who is the Ocean of Purity, Peace and Happiness, the *Liberator* and the *Guide*? They wouldn't be able to say that it is Krishna. The praise of the Supreme Soul is different. First of all, you should make them write this down. Take a *probe* (do a survey) and also get them to sign something! (Birds were squabbling in the hall.) At this time there is fighting and quarrelling throughout the whole world. They all continue to fight among themselves. The five vices of human beings are remembered; they do not refer to animals. The *vicious world* and the *viceless world* are remembered in connection with human beings. In the iron age there is the devilish community and in the golden age there is the divine community. People have such tamopradhan intellects that they don't understand at all that they are the devilish community. They go in front of the deity idols and sing: We are degraded, sinful sinners. We are without virtue and have no virtues. You can explain to them by proving it to them. It is very *clear* in the picture of the ladder. It shows how there is the stage of ascending and then the stage of descending. The picture of the ladder is the main one for the people of Bharat. This is the best picture of all. You can explain very well using this picture. You will complete your 84 births and then take the *number* one birth. Then you will go from the stage of descending into the stage of ascending. You all have to think about how to show everyone the path. How can you do *service* if you don't think about these things? It is very easy to explain using the pictures. After the golden age you have to come down the ladder. You children know that we are now being *transferred*. However, we don't go directly to the golden age; we first have to go to the land of silence. You know that we are actors. You are numberwise in how you consider yourselves to be actors in this *drama*. No others in the world can say how they are actors. We even write that if a human being, while being an *actor* in this unlimited *drama*, does not know the *Director* and principal *Actor* or the beginning, the middle and the end of the *drama*, he is senseless! There is nothing wrong in writing this. You mustn't listen to this with one ear and then let it out of the other. There has to be nothing but *service*, *service* and then more *service*! Baba understands that some children sometimes experience bad omens. When there are bad omens, the Father knows how much damage is caused. Wealthy ones become poor. There has to be some reason. Baba continues to explain to many of you: Children, never become trapped in anyone's name or form. Otherwise, Maya is such that she will catch hold of you by the nose and throw you into a ditch. Maya greatly deceives you. You mustn't become lovers and beloveds here. Some become lovers and beloveds because of vice. Others are attracted to someone's appearance. You know that there are so many obstacles of Maya at many *centres*. They become trapped in one another's name and form. Maya is so powerful that a woman becomes trapped in the

name and form of another woman or a kumari becomes trapped in the name and form of another kumari. Even while you are making effort, Maya completely catches hold of you. This is why Baba cautions you: Children, Maya will try to trap you a great deal but you mustn't allow yourself to become trapped. Don't become body conscious! Consider yourself to be a soul and remember the Father! Continue to protect yourself from Maya's deception. The Father has come to make you children into flowers. You mustn't have doubts about anything. If you have some doubt in your heart, you aren't able to do *service* well. You will continue to choke inside. You must remain courageous. There is very little *time*. Listen to Baba's murli, and you will become enthusiastic. The child Atam Prakash (Indore) is paying very good *attention* to the pictures. This should also enter the intellects of those in Bombay. The main pictures have to be created first. You should make enquiries about them. Baba continues to give you *directions* about how to refine the pictures. Create such a method that the picture of the ladder can be put up at airports. Everyone who sees that picture will become very happy. Eventually, they will understand who is giving you directions. Therefore, you children should become very intoxicated. Achcha.

To the sweetest, beloved, long-lost and now-found children, love, remembrance and *good morning* from the Mother, the Father, BapDada. The spiritual Father says namaste to the spiritual children.

#### **Essence for dharna:**

1. You children are on a battlefield and you are battling with Maya, Ravan. Maya causes many obstacles. You children must remain very cautious.
2. Each of you has to think about your own progress and how to explain using the pictures and how to increase *service*. What should we include in the pictures so that people are easily able to understand?

**Blessing:** May you be a victorious jewel whose love of the intellect's love is connected to the one Beloved and who experiences being constantly face to face.  
Let your loving intellect, that is, the love of your intellect be connected to the one Beloved. Those whose love is connected to the One cannot have their love connected to any person or possession. They constantly experience BapDada to be face to face in front of them. Their minds cannot have any wasteful or sinful thoughts that oppose shrimat. The words that emerge from their lips and their hearts are: I eat with You, I sit with You, I fulfil all my relationships with You. By constantly having such loving intellects, they will become victorious jewels.

**Slogan:** To have a thought of "want, want" is a *royal* form of asking.
