

**Essence:** Sweet children, break off all relationships with the impure world and connect your intellects in yoga with the one Father and you will not be defeated by Maya.

**Question:** What is the reason why there are so many obstacles in the sacrificial fire even though the Almighty Father is with you?

**Answer:** According to the *drama*, obstacles have to come because only when there are obstacles from the devils in this sacrificial fire can the urn of sin become full. The Father cannot do anything about this; it is fixed in the *drama*. There will be obstacles, but you mustn't be afraid of them.

**Song:** Who is the Mother and who is the Father?

Om shanti. You children heard the orders of the unlimited Father. You have relationships with your mama and baba of this world on a physical level because there is first attachment through the body to the mother, then the father and then to friends and relatives etc. The unlimited Father says: Break your intellect's yoga away from your mother and father of this world. Have no further connection with this world because all of those relationships are dirty, iron-aged ones. "Jagat" means the world. Break your yoga with impure relationships from this impure world and connect it to Me alone and then connect it to the new world because you now have to come to Me. It is just a question of forging a relationship; there is nothing else to it. There is no difficulty about this. Those who receive *directions* will forge a relationship. In the golden age, relationships are good at first; they are satopradhan. Then you continue to come down and the relationships of happiness gradually decrease. Now, all relationships have to be completely broken away from this old world. The Father says: Forge a relationship with Me. Follow shrimat and break off all bodily relationships. Destruction has to take place. You children understand that the Father, who is called the Supreme Father, the Supreme Soul, also does *service* according to the *drama*. He too is bound by the bondage of the *drama*. People believe God is the Almighty Authority just as they believe that Krishna is also the Almighty Authority. They have given Krishna a discus of self-realisation. They believe that he cut the throats of devils with that. However, they don't understand that deities cannot possibly carry out acts of violence; they just cannot do that. It is said of the deities that they observe the supreme religion of non-violence. How could they have been violent? People sat and wrote whatever came into their minds. They have defamed religion so much! The Father says: There is as much truth in those scriptures as there is salt in a sackful of flour. It is also written that the sacrificial fire of the knowledge of Rudra was created and devils created obstacles in that, that there were assaults on innocent women. That is written correctly. You now understand what is true and what is false in the scriptures. God Himself says: There will definitely be obstacles in this sacrificial fire of the knowledge of Rudra. This is fixed in the *drama*. It isn't that because God is with you He will remove obstacles. What could the Father do about that? It has to happen within the *drama*. It is only when all of them create obstacles that the urn of sins can become full. The Father explains that only that which is fixed to happen in the *drama* will happen. There will definitely be obstacles by devils because our kingdom is being established. For half the cycle, people become those with such tamopradhan and corrupt intellects in the kingdom of Maya. It is the Father's duty to make them elevated. It takes half the cycle to make you degraded. Then the Father elevates you in a *second*. It doesn't take long to have faith. There are many good children who have faith and they quickly make a promise, but Maya too is very powerful. She brings one storm or another to the mind. Make effort not to put those into action. All of you are making effort. You haven't yet reached your karmateet stage. Something or other happens through the physical senses. Until you reach your karmateet stage, there will definitely be obstacles in between. The Father has explained: By making effort, you will reach your karmateet stage at the end. Then your body will no longer be able to remain. This is why it takes *time*. There is one obstacle or another; in some cases, Maya even defeats you. This is *boxing*. There is the desire to stay in remembrance of Baba, but you are unable to do so. In the little *time* that remains, you gradually have to adopt that stage. No one becomes a king at birth. A baby has to grow up gradually. This too takes *time*. There is now very little time left. Everything depends on the effort you make. You have to pay *attention* so that, no matter what happens, you will definitely claim your inheritance from the Father. Maya will definitely oppose you. This is why you make a promise. Maya is no less. She comes in the most trivial forms. She uses a lot of force in front of those who are powerful. These things are not mentioned in the scriptures. The Father says: I now explain to you children. You receive salvation from the Father. There is then no further need for this knowledge. You did receive salvation through knowledge. The golden age is called salvation. So, sweetest children, you have been given your aim. You also understand that, according to the *drama*, it takes *time* for the tree to grow. There are many obstacles created. There has to be *change*; you have to change from shells

into diamonds. There is the difference of day and night. Even today, people continue to build temples to the deities. You Brahmins won't build temples because that is the path of devotion. The world doesn't know that the path of devotion is now to end and that there will be victory for the path of knowledge. Only you children understand this. People think that the iron age is still in its infancy. For them, everything depends on the scriptures. The Father sits here and explains to you children the secrets of all the Vedas and scriptures. The Father says: Forget everything that you have studied until now. No one receives salvation through that. Although they have been receiving temporary happiness through that, it's not possible that they would receive constant happiness. That is momentary happiness. People are in sorrow. They don't know that there is no name or trace of sorrow in the golden age. They have also written such things about that place - that Kansa (a devil) used to exist in the land of Krishna, that there was this and that, that Krishna was born in a *jail*. They have written many such things. What sin did Krishna, the *number one prince* of the golden age, commit? All of those things are tall stories. You now understand this because the Father has told you the truth. Only the Father comes and establishes the land of truth. There was so much happiness in the land of truth and there is so much sorrow in the land of falsehood. People have forgotten all of that. You know that you will establish the land of truth by following *shrimat* and that you then become the masters of that. The Father explains: By following this *shrimat* you can claim a high status. You children know that you have to study and become a sun-dynasty emperor or empress. Everyone wants to attain a high status. Everyone continues to make effort. Very good, firm, devotees keep a picture with them so that they are able to remember that one again and again. Baba says: Keep a picture of the Trimurti with you and you will also remember that again and again. By remembering the Father we will go into the sun-dynasty clan. If you hang a picture of the Trimurti up in your room, your vision can fall on that again and again. Through Baba we will go into the sun-dynasty clan. Then, as soon as you wake up in the morning, your vision will fall on that. That too is a type of effort. Baba advises you: Very good devotees make a lot of effort. They keep a picture of Krishna in front of them so that as soon as their eyes open they remember Krishna. For you, it is even easier. If you're unable to stay in remembrance easily and Maya is troubling you, then these pictures will help you. Shiv Baba is making us into the masters of the land of Vishnu through Brahma. We are becoming the masters of the world through Baba. By constantly remembering this, you can receive a lot of help. Baba gives this advice to the children who feel that they repeatedly forget: Keep a picture in front of you and you will remember the Father and your inheritance. However, you mustn't remember Brahma. When a couple become engaged, they don't remember the agent. Remember Baba very well and Baba will also remember you. Remembrance begets remembrance. You now know the *occupation* of the Beloved. There are so many devotees of Shiva. They continue to say "Shiva, Shiva", but that is *wrong*. They speak of Shiva at Kashi, that He is the Lord of the World, and then they speak of the Ganges. They go and sit on the river banks. They don't understand that the Father is the Ocean of Knowledge. Many *foreigners* etc. go to see Benares. There are many big river banks. However, the temple of the Father of all still attracts everyone. Everyone goes to that one. The temple would not go to anyone. The deity idols of the temples attract people to them. Shiv Baba also attracts everyone. Shiv Baba is *number one*, and then Brahma and Saraswati are the *second number*, Vishnu. Vishnu then becomes Brahma. Brahmins then become deities of the land of Vishnu. Deities of the land of Vishnu then become Brahmins. This is your business. We are now becoming deities and we therefore also have to show the path to others. All others take you into the *jungle*. You lead everyone out of the *jungle* and into the garden. Shiv Baba comes and changes thorns into flowers. You also do this business. Only you understand these things. There are no kings or queens whom you could explain to. It is remembered that the Pandavas didn't receive three feet of land. Their Father was powerful and so He gave them the sovereignty of the world. That same *part* will be played again now. The Father is incognito. Krishna cannot have obstacles. The Father has now come and you have to come and claim your inheritance from Him. You have to make effort for this. Day by day, new *points* continue to emerge. You can see that when these things are explained to others at an exhibition, there is an impact. Everything has to be done with the intellect. Is there greater impact through an exhibition or through a *projector*? When you explain at an exhibition you can see their faces as you explain to them: If you understand that the God of the Gita is the Father, then make effort to claim your inheritance. You have to give seven days for this. Give this to them in writing! Otherwise, as soon as they go outside, Maya makes them forget. It has entered your intellects that you have been around the cycle of 84 births and that you now have to return home. You have to become satopradhan from tamopradhan. You should have these pictures with you; they are very good. Even Birla etc. does not know how or when

Lakshmi and Narayan claimed their fortune of the kingdom. You know this and so you should experience great happiness. You should take the pictures of Lakshmi and Narayan and quickly explain to others how they claimed their status. All of these matters have to be understood with the intellect and explained. The destination is very high. As are the *teachers*, so the *service* they do is according to that. Baba can see who are looking after the *centres* according to their stage. Everyone has intoxication, but the conscience says: If the teachers are good, a lot of *service* will continue to take place. Not everyone can be clever. Not everyone can have the same *teacher*. Whatever happened in the previous cycle is happening now. The Father says: Continue to create your stage. This is a deal of every cycle. It has been seen that everyone is making effort exactly as they did in the previous cycle. Whatever happens, we say that it also happened in the same way in the previous cycle. Then there is that happiness and peace. The Father says: While performing actions, remember the Father. Let your intellect's yoga dangle there and you will experience a lot of benefit. Whoever does this will receive the reward for it. When you do good, what you receive is good. Everyone has been continuing to perform bad actions because of following Maya's dictates. You are now receiving *shrimat*. Do good and there will be good done to you. Each of you makes effort for yourself. Whatever you do, you will receive the reward of that accordingly. Why should we not have yoga and continue to do *service*? Your lifespan will increase with yoga. We will become free from disease by staying on the pilgrimage of remembrance. Therefore, why should we not stay in the remembrance of Baba? If this is right, why should we not do that? Knowledge is absolutely easy. Even small children can understand and explain it to others. However, they are not yogis. Make it firm that they have to remember the Father. Those who feel that they repeatedly forget should keep the pictures with them. That too would be good. When you wake up in the morning, as soon as you see the pictures, you will remember that you are claiming your inheritance of the land of Vishnu from Shiv Baba. This picture of the Trimurti is a main one. You now understand its meaning. No one in the world has such a picture of the Trimurti. This is very easy. Whether we write it or not, everyone understands that establishment takes place through Brahma and that sustenance takes place through Vishnu. Achcha.

To the sweetest, beloved, long-lost and now-found children, love, remembrance and *good morning* from the Mother, the Father, BapDada. The spiritual Father says namaste to the spiritual children.

#### **Essence for dharna:**

1. Be careful that you are never defeated while *boxing* Maya. Create your stage with the awareness of the previous cycle. Remain happy and peaceful.
2. In order to do good to yourself, follow *shrimat*. Break off all relationships with this old world. In order to be safe from the storms of Maya, keep the pictures in front of you and remember the Father and your inheritance.

**Blessing:** May you be a *double-light* angel who has all accounts and relationships with the one Father. In order to become a *double-light* angel, remain beyond the awareness of the body because body consciousness is mud. If you have a burden of this, it is heaviness. An angel means to be one who doesn't have a relationship with even your own body: you have given to the Father the body you received from Him. When you give something of yours to someone else, your connection with it finishes. All your accounts and all your exchange is only with the Father and all other past accounts and relationships are finished. Only those who are complete *beggars* become *double-light* angels.

**Slogan:** Experiment with your specialities and you will experience progress at every step.
