

Essence: Sweet children, you have received all the goods that the Father has. Imbibe them and inspire others to do the same.

Question: Why does the Trikardarshi Father not tell you today anything of tomorrow, even though He knows the beginning, the middle and the end of the *drama*?

Answer: Baba says: Children, if I told you everything in advance, there would be no pleasure in the *drama*. This is not the *law*. Although I know everything, I am still bound by the *drama*. I cannot tell you anything in advance and you must therefore not worry about what will happen.

Song: To live in Your lane and to die in Your lane.

Om shanti. That One is the parlokik Father of all souls. He speaks to souls. He has the *practice* of saying, “Child, child!” Although a body may be that of a daughter, all souls are sons. Each soul is an heir, that is, every soul has a right to claim an inheritance. The Father comes and says: Children, each of you has a right to claim an inheritance. Remember the unlimited Father a great deal. It is this that requires effort. Baba has come from the supreme abode to teach us. Sages and holy men come from their own homes and some of them come from villages. The Father has come from the supreme abode to teach us. No one knows about this. The unlimited Father is the Purifier; *God, the Father*. He is also called the *Ocean of Knowledge*. He is called the *Authority* too. What *knowledge* does He have? He has spiritual *knowledge*. The Father is the Seed of the human world tree. He is the Truth, the Sentient Being and the Embodiment of Bliss. There is great praise of Him. He has these goods. Someone who has a shop would say that he has this many *varieties*. The Father too says: I am the Ocean of Knowledge, the Ocean of Peace and the Ocean of Bliss. I have all of these goods in stock. I come at the confluence age to *deliver* them. I *deliver* everything that I have to you. However, it depends on each of you as to how much you imbibe and how much effort you make. You children understand what the Father has and you understand this *accurately*. Nowadays, no one admits exactly what he has. It is remembered: Some people’s wealth remains buried under the ground... All of that refers to this time. When the fire erupts, everything will be destroyed. Kings have many strong rooms in their palaces. Even if there are *earthquakes* or very intense fires, they would still be able to survive all of them. You children understand that nothing here will be useful there. Even all the mines will become full again. *Science* will also become *refined* and be useful to you. You children have all the knowledge in your intellects. You children now know the beginning, the middle and the end of the world. Only a small amount remains at the end and we will also come to know that. How could Baba tell you everything in advance? The Father says: I too am bound by the *drama*. Whatever knowledge you have received up to now is fixed in the *drama*. Every *second* that *passes* has to be considered to be the *drama*. We shall see tomorrow whatever is to happen tomorrow. Baba will not tell you today what is to happen tomorrow. People don’t understand the secrets of this *drama*. They have lengthened the duration of the cycle so much! Courage is needed to understand this *drama*. Even if your mother dies, eat halva! We understand that she has died and taken another birth. Why should we cry? Baba has explained: You can print in the newspapers that this exhibition took place on this date, at this place, in the same way 5000 years ago. You can write that the *history* and *geography* of the *world* is now being *repeated*. You understand that this world will only remain for a few more days and that everything will be destroyed. We will make effort and become conquerors of sinful actions. The period of sinful actions begins in the copper age. That is the period when sinful actions are performed. At this time, you are conquering sinful actions. So, you will become conquerors of sinful actions. You conquer sinful actions by following shrimat, and you will then be conquerors of sinful actions. You remain soul conscious there; there is no body consciousness there. There is body consciousness in the iron age. At the confluence age, you become soul conscious. You also know the Supreme Father, the Supreme Soul. This is pure pride. You Brahmins are the most elevated. You are the most elevated decoration of the Brahmin clan. Only you receive this *knowledge*; no one else receives it. This is your most elevated clan. It is remembered, “Ask the children of Gopi Vallabh about supersensuous joy.” You are now winning a *lottery*. After you have received something, there isn’t as much happiness. When someone becomes wealthy from being poor, there is great happiness. You know that the more effort you make, the more inheritance of the kingdom you will claim from the Father. Each of you receives according to the effort you make. The main thing that the Father says is: Remember your *most beloved* Father. He is everyone’s *beloved* Father. He alone comes and gives everyone happiness and peace. The kingdom of the deities is now being established. There are no *kings* or *queens* there; you would call them emperors and empresses. If they were to be called gods and goddesses, that would apply to the kings, queens and all the subjects because all of them would become gods and goddesses. This is why they cannot

be called gods and goddesses. God is One. Human beings cannot be called God. Even the residents of the subtle region, Brahma, Vishnu and Shankar, are called deities. How could the residents of the corporeal world be called gods and goddesses? The highest of all is the incorporeal world, then there is the subtle region and this is then the *third number*. This should remain in your intellects. The Father of all of us souls is Shiv Baba. He is also the Teacher and the Guru. He is also the Goldsmith, *the Barrister* etc. He has everyone released from Ravan's jail. Shiv Baba is such a great *Barrister*! Why should you forget such a Father? Why do you say, "Baba, I forget you"? There are many storms of Maya. Baba says: This will happen. You have to make some effort. This is a battle with Maya. You Pandavas don't have a battle with the Kauravas. How could the Pandavas battle? In that case, they would be violent. The Father doesn't teach violence. They don't understand anything. In fact, we don't have a battle. Baba is just showing us a way to remember Him so that there won't be any attack from Maya. Now, there is a story about someone being asked whether he wanted happiness or sorrow first. He said that he wanted happiness first. There can't be any sorrow in the golden age. You know that all the Sitas are in Ravan's cottage of sorrow at this time. The whole of this world is an island in the middle of the ocean. Everyone is now in Ravan's jail. The Father has come to grant everyone salvation. Everyone is in the cottage of sorrow. There is happiness in heaven and sorrow in hell. This is called the cottage of sorrow. That is the land free from sorrow, heaven. There is such a vast difference! You children should try to remember the Father and then your mercury of happiness will rise. If you don't follow the Father's advice, you are stepchildren. You will end up among the subjects. Those who are real children will go into the kingdom. If you wish to go into the kingdom, you have to follow shrimat. You don't receive directions from Krishna. There are only two directions. You are now receiving shrimat and you receive the reward of that in the golden age. Then, in the copper age, you receive the directions of Ravan. Everyone becomes a devil by following Ravan's directions. You are now receiving God's directions. Only the one Father gives you directions and He is God. You are becoming so pure by following God's directions. The first sin is to flounder in the ocean of poison. Deities don't flounder in the ocean of poison. People ask: Aren't children born there? Why wouldn't there be children there? However, that is the *viceless world*; it is completely viceless. These vices don't exist there. The Father has explained that deities are only soul conscious, not God conscious. You are soul conscious and also God conscious. At first, you had no consciousness of either. In the golden age, you don't know God. You only know that you are souls, that you souls will shed your old bodies and take new ones. You understand in advance when you are going to shed your old body and take a new one. Even when you are to have a child, you will have a vision of that in advance. You become the masters of the whole world through the power of yoga. So, can children not be born through the power of yoga? You can purify anything with the power of yoga. However, you forget to stay in remembrance. Some develop this practice. Many sannyasis have a lot of regard for the food they receive. At that time, they recite many mantras before they eat that food. You too have been told about precautions. You mustn't eat meat or drink alcohol. You are becoming deities. Deities never eat rubbish. You have to become as pure as them. The Father says: By knowing Me from Me you will come to know everything. Then, nothing will remain for you to know. In the golden age, there will be a different type of education. It is now the end of the study of this land of death. All the business of the land of death will come to an end and then the business of the land of immortality will begin. You children should have this much intoxication. We were the masters of the land of immortality. You children should stay in supersensuous joy. You have to maintain supreme happiness. We are the children and *students* of the Supreme Father, the Supreme Soul. The Supreme Father, the Supreme Soul, will now take us back home. This is called supreme bliss. These things do not exist in the golden age. You are listening to this now. At this time, you belong to God's *family*. "Supersensuous joy", which the gopes and gopis experienced is a memorial of this time. Baba, the Resident of the supreme abode, comes and becomes our Father, *Teacher* and Guru. All three are *Servants*. He doesn't have any arrogance about this. He says: I serve you and give you everything and then go and sit in the land of nirvana. Therefore, He is our *Servant*, is He not? *Viceroy*s always signed their letters: *Your obedient servant*. Baba is also incorporeal and egoless. Look how He sits here and teaches us! No one else can teach us such an elevated study. No one else can give us such elevated *points*. People don't understand that it wasn't a guru who taught this one. If he had had a guru, then that one would also be a guru of many others. Would he be a guru of just one person? Only the Father purifies the impure. He is carrying out establishment of the original, eternal deity religion. Baba says: I come at the confluence age of every cycle. You say: Baba, we also met in the previous cycle. Only the Father comes and purifies you. I purify you children for 21 births.

Therefore, you should imbibe all of this and then explain to others whatever Baba explains to you. We are claiming our inheritance for the future 21 births from the Father. By remembering this, you will remain in happiness. This is supreme bliss. It is only now that you receive from the Father all these blessings of becoming *master knowledge-full* and *blissful*. In the golden age, you will be budhus; Lakshmi and Narayan have no *knowledge* at all. If they did have it, it would have continued from time immemorial. Even deities cannot experience the supreme bliss that you experience. Achcha.

To the sweetest, beloved, long-lost and now-found children, love, remembrance and *good morning* from the Mother, the Father, BapDada. The spiritual Father says namaste to the spiritual children.

Essence for dharna:

1. In order to become deities, you have to observe great cleanliness with your food and drink. Move along while observing all precautions. Purify your food with the power of yoga by giving it drishti before taking it.
2. We are children and *students* of the Supreme Father, the Supreme Soul. He is now to take us back to His home. Maintain this intoxication and experience supreme happiness and supreme bliss.

Blessing: May you be constantly powerful by eating the nourishment of happiness and keeping the shield of the *drama* in front of you.
Food of happiness makes the soul powerful. It is said: There is no nourishment like that of happiness. For this, use the shield of the *drama* very well. If you constantly have the awareness of the *drama*, you can never wilt and your happiness can never disappear because this *drama* is benevolent. Therefore, there is benefit merged even in a scene of non-benevolence. By understanding this, you will remain constantly happy.

Slogan: Those who remain distant from the dust of thinking of others and looking at others are truly invaluable diamonds.
