

Essence: Sweet children, wake up early in the morning and remember the Father with a lot of love and your intellect will change from stone to divine.

Question: What is the way to become prosperous for 21 births?

Answer: Donate the imperishable jewels of knowledge and you will become prosperous because each jewel of knowledge is worth hundreds of thousands of rupees. The more one donates and stays in remembrance of the Father, the higher the mercury of one's happiness will rise.

Question: What precautions must you take so that you don't perform any sinful actions?

Answer: You need to take a lot of precautions with your food. When you take food from a sinful soul, it affects you. The Father gives advice on seeing the *circumstances* of each one.

Om shanti. Who is sitting here and who has come? Human beings know that all of us souls are impure at this time. Bharat in particular and the world in general are all calling out: Oh Purifier! This is the impure world. All souls are impure and unhappy. They have become ugly. The Purifier is the unlimited Father who is called the Ocean of Knowledge and the Bestower of Salvation for All. You children are sitting in front of the Father. From whom did you children receive that recognition? From the Purifier Father. When it was the golden age, everyone - the king, the queen and all the subjects - were pure. They were all in the *golden age*. You children now have the understanding that you are souls and are sitting here in bodies. When a soul is in a body, the soul experiences happiness or sorrow. When there is no soul in a body, that body isn't aware of anything. A soul leaves a body and forges a *connection* with another body and that body thereby becomes living. Otherwise, bodies are non-living. That non-living body also grows. First, a puppet of the five elements is created. When its *organs* are formed, a soul enters it and it then becomes living. You living human beings are now sitting here. The Father is sitting in front of you. He is the *Supreme* Soul and He is *ever pure*. The Father is now giving you children *directions*: Children, you also have to become pure like your Father. You souls are immortal. At first you were in the land of peace. You souls know that you have come to Shiv Baba who has adopted this ordinary body. There cannot be anyone, apart from the Supreme Father, the Supreme Soul, who can sit and give *directions* to the children. Those people think that God never comes and that He is beyond name and form. You children know that you have now come and met Him again after 5000 years. You have recognised how the Father is purifying you. When souls became impure, their bodies also became impure. You now have to become pure once again. We souls were pure in the incorporeal world. Talk to yourself in this way. Churn the ocean of knowledge. You souls have now received that recognition. We souls were in the land beyond sound (nirvana) and we then went to the golden age to play our *parts* of happiness. You are *all-rounders* and this is why you receive knowledge first. You know that Shiv Baba creates Brahmins through the Father of Humanity (Prajapita) Brahma. Baba says: You living human souls have been brought into the Brahmin clan from the shudra clan. From being shudras, you have now become Brahmins, the mouth-born creation of Brahma. Why? To claim your inheritance. It is only at the confluence age that you become the mouth-born creation of Brahma. The confluence age is just for you. You souls say that you were pure at first and that you have now become impure. You are once again becoming pure. O Purifier Baba, come and once again make us pure from impure! Talk to yourself in this way. The soul has now received nourishment. When we souls were pure, we lived in the land of liberation and then we went to heaven. We took so many births and continued to come down and we now have to go to the *golden age* again. Baba says: I also told you 5000 years ago: Constantly remember Me alone. While living at home with your family and looking after your business etc., simply consider yourself to be a soul. We now have to become pure. We have to return home. We have to become the masters of the pure world. Let there now only be the concern about how to go from the *iron age* to the *golden age*. Baba shows you an easy way: Constantly remember Me alone and you will become pure. In the Gita, this elevated version is mentioned twice: Manmanabhav! O children, renounce body consciousness. Remember the Father. He is the *Authority*. He tells you the essence of all the scriptures and the *knowledge* of the beginning, the middle and the end of the world. The more you souls remember Me, the purer you will become. There is no other way. Those with stone intellects have to become those with divine intellects. You will not become pure by bathing in the water of the Ganges. If you were to become pure, you wouldn't be here. However, everyone has to go to the *iron age*. So, first of all, sit with these thoughts early in the morning. It is said: Remember Rama early in the morning o mind. The soul says: O intellect of mine, now remember the Father. Connect your intellect in yoga to the Father. The more you connect it, the more it will continue to become divine from stone. It is only the one Father who makes intellects divine. He says: I come every cycle at the confluence age to make you this. It is a matter of a *second*. *Doctors* can give such

medicine that a boil can be destroyed from within. The Father says: You don't have to say anything in words. You don't even have to do anything with your hands or feet. You simply have to use your intellect to remember Me. You also remembered Me in the previous cycle through which your sins were absolved. I explained to you in this way previously and I am explaining it to you now. You now have to become those with divine intellects by having remembrance of the Father. The Father says: I, your Purifier Father, come at the confluence of the cycles to give you shrimat. O My sweet, beloved children. It is the soul that listens through the *organs*. This is the mouth of Brahma. They speak of Gaumukh (mouth of a cow). That cow doesn't refer to an animal. This one is the mother. He speaks to us through this Gaumukh. They have then shown a cow's mouth in temples. They show water flowing from a cow's mouth. They consider that to be Gaumukh. They believe that that water is from the Ganges. You now know that the Father gives knowledge through this one. This one is the mother, the cow. He is the senior mother. He doesn't have a mother. He is also the mother of physical Mama. All of you mothers are the cows. This knowledge is being showered through your mouths. There are rivers of water everywhere. That Ganges cannot be the Purifier. They have a temple at the Ganges where they have idols of the deities. Those deities do not have any knowledge. You receive knowledge through which you become deities. Deities cannot be called knowledge-full. They have portrayed the ornaments on Vishnu. In fact, they are the ornaments of you Brahmins. You children have to spin the discus of self-realisation. There is no question of violence in this. All of these are matters of knowledge. You have to blow the conch shell of knowledge and remember the cycle. This is the discus of self-realisation. They have then shown a spinning wheel. You also have to become as pure as a lotus here. There is also the mace of knowledge with which you have to conquer Maya. So, all of those are your ornaments. You children know that this is hell and that heaven exists on the other side. We are now at the confluence. On one side is dirty water and on the other side is clean water. There is the confluence of the two, which people go to see. Here, this One is the Ocean of Knowledge, the Supreme Father, the Supreme Soul, and you are the dirty rivers. The Father sits here and makes you as pure as Himself. Remember the Father and spin the discus of self-realisation. There is no question of mercy in this. Would you say to your *teacher*: "Teacher, have mercy so that I can claim a high status!" The *teacher* would tell you to study. The Father says: I teach all of you the same thing. You say: O Purifier, come! Come and purify us! You are *actors* in this *drama* and you don't know the beginning, the middle and the end of the *drama* or its *Creator* or *Director*! You have stone intellects! You children are now becoming those with divine intellects by knowing the Father. The Father says: Simply sit for half an hour or 45 minutes in the morning and churn this knowledge. You are told many *points*. They sat and created 18 chapters. According to the *drama*, all of those scriptures will exist again on the path of devotion. You children now have to make effort. Wake up at amrit vela and talk to yourself. We now have to remember the Father and become pure. You have to become beads of the rosary. You will become pure by having remembrance of Baba. The more you become pure and make others pure, the higher the mercury of your happiness will continue to rise. Donate these imperishable jewels of knowledge to others. Wealthy people donate and perform charity. You are donors of the imperishable jewels of knowledge. Every jewel has a *value* of hundreds of thousands. The purer you become, the more prosperous you will continue to become for 21 births. When you had divine intellects, you had happiness, peace and wealth, everything. Now that you have stone intellects everything is finished. The Father says: Now have the faith that you are souls and develop the practice of waking up early in the morning. That time is very good. People commit a lot of sin in the darkness of night. You now have to become pure. You were 100% viceless. The alloy mixed in the soul will now be removed in the furnace of yoga, by the fire of yoga. The explanation of this knowledge and yoga is never destroyed. By listening to even a little, souls become part of the subjects. The Father says: Children, claim your full inheritance, exactly as you did in the previous cycle. The same ones will become the kings and the same ones will become the subjects. When people donate and perform charity on the path of ignorance they take birth in a royal family. Some take birth in a poor family, according to their karma. The Father sits here and explains to you the philosophy of action, sinful action and neutral action. Actions in the golden age are neutral because Maya doesn't exist there. This is Ravan's kingdom and that is Rama's kingdom. Now, Ravan's kingdom is to be destroyed and the golden age is being established. The Father explains very well. Kumaris should explain very clearly; they are free from bondage. Parents don't eat from the earnings of daughters. Parents worship the daughters. However, after a daughter indulges in vice and becomes impure, she has to bow down to everyone. A kumari also bows down to the deity idols because she has taken birth through impure parents. The deities are pure. You now understand that you were deities. You have taken

84 births and become impure. You have continued to come down. Now, once again, we have to follow shrimat so that we don't perform any sinful actions. You cannot eat any food from sinful souls. You are told the precautions to take. Otherwise, it affects you. However, sometimes, the *circumstances* are seen. There are karmic accounts. Sometimes, they don't allow you to cook separately. OK, in desperate circumstances, remember the Father. Remember Baba and then eat that. If you forget to do this, that food would affect you. By remembering the Father, you will come closer. You are now sitting personally in front of Baba. The Father is explaining to you *directly*. The Father speaks to you and calls you: O child, o child! Therefore, you have to remember the Father. Then, whether you do that or not is up to you. Those who do this will definitely receive accordingly. It is a straightforward matter. You have understood that this is a *hospital*. This is also a *university for health and wealth*. You simply need three square feet of land, that's all. Look how the unlimited Father is teaching you! The Father is so egoless. He sits in an impure body, in the impure world and makes so much effort on you children. Children, claim your inheritance once again! I am watching everything as the detached Observer to see who is making good effort. You simply need three square feet of land. There is a *centre* in Calcutta where so many are being benefited. Those who get together and run a *centre* also receive a status. Let the room be large enough for *class* where everyone can hear the *class*; that's all. We have to go to the *golden age*. There is no way other than remembrance. The Father says: Children, benefit yourselves and others. Open this *hospital*. Here, you will receive blessings from many. People open *colleges* for others. They themselves don't study, but they do receive a good education in their next birth. The Father says: Whether you are poor or rich, simply make arrangements for three square feet of land in which knowledge and yoga can be taught and people can be changed from being like stone to divine. People say that we make everyone into brothers and sisters, that we make them renounce the inheritance of poison. Then they ask how the world would continue! You children know that the world there is not based on the power of vice. There, children are born through the power of yoga. You are now becoming the masters of that new world. Achcha.

To the sweetest, beloved, long-lost and now-found children, love, remembrance and *good morning* from the Mother, the Father, BapDada. The spiritual Father says namaste to the spiritual children.

Essence for dharna:

1. Develop the practice of waking up early in the morning. Wake up early in the morning and definitely churn knowledge. Sit for half an hour or even 45 minutes and talk to yourself. Make your intellect full of knowledge.
2. In order to receive blessings from many, open a *hospital* or *college* on three square feet of land. Become egoless, the same as the Father and do service.

Blessing: May you experience every power and virtue through your elevated effort and become an embodiment of experience.

The greatest *authority* is the authority of experience. Just as you think and say that a soul is an embodiment of peace or an embodiment of happiness, similarly, experience every virtue and power and become lost in those experiences. Since you say that you are an embodiment of peace, then let yourself and others experience that peace. You speak of the powers, but you also have to experience the powers and virtues at the right time. To become an embodiment of experience is a sign of elevated effort. So, increase your experiences.

Slogan: Become a contented soul and by experiencing being full, no name or trace of anything lacking will remain.

*** OM SHANTI ***
