

Essence: Sweet children, Shiv Baba is present in front of you at this time. You first have to have the faith that it is Shiv Baba, Himself, not a bodily being, who is teaching you.

Question: Asking the Father which question is like *insulting* Him?

Answer: Children ask the Father, “Baba, till when will You continue to enter that body?” or, “When will destruction take place?” Baba says: This is as though you are *insulting* Me. To ask a guest for how many more days he will stay is an *insult*. He would reply: Am I a burden to you? For as long as Shiv Baba is here, you children are happy, are you not? Therefore, you should not ask the Father such questions.

Om shanti. The Father sits here and explains to His children, the Brahma Kumars and Kumaris, through Brahma. Brahma Kumars and Kumaris understand that the incorporeal Father is explaining to them through Brahma. The Father is incorporeal. If He has to give someone a vision, the body of Brahma would be in front of them. If He were to grant a vision of Himself, no one would be able to understand it. He is just a point. Just as souls are *stars*, in the same way, God is a point. This is understood with the intellect. Even if they do have a vision, they would see the same thing. What else could it be? Generally, He gives many people a vision of Brahma: Go to this one. No one would be able to understand something so tiny. The Father sits here and explains through Brahma. He gives *knowledge*. He says: Children, I take the support of the body of this ordinary human being. Brahma is very well known. You understand that Baba is in this one. This is Baba's chariot. If that Baba weren't here, there wouldn't be this Brahma either. In that case, neither would there be BKs. Children receive *knowledge*. You understand that no one, apart from the Supreme Father, the Supreme Soul, can give you this *knowledge*. That incorporeal One is *knowledge-full*. How could He give you knowledge without *organs*? You should have the faith that Baba is present in front of us at this time. The intellect says that Baba has entered this one and that He sits here and gives us *knowledge*. You cannot receive the inheritance of heaven without the Supreme Father, the Supreme Soul. You children know that all the festivals that are celebrated on the path of devotion are memorials of this time. The birthday of Shiva is also a festival of this time. Trimurti Shiva, the Supreme Father, the Supreme Soul, is carrying out establishment through Brahma. Krishna doesn't establish the new world. The brahmin clan has continued. Those people don't know that you Brahmins then become deities. You Brahmins are the children of Brahma. All human beings of all religions are able to understand that their *great-great-grandfather* is Brahma who is also called Adam and Eve or Adam and Bibi (his wife), Adi Dev and Adi Devi. They, too, are a creation of Shiv Baba. How did Baba create the creation? He *adopted* them. This is the *number one* thing. After Alpha, there is beta. Those who understand these things very well claim a high status. You children now understand that people are in such extreme darkness. In the previous cycle, too, they woke up when the fire broke out. That *scene* will be enacted again. It definitely has to happen. Those of other religions will not understand these things nor will they make effort. That many human beings cannot come to the golden age. There will be very few people who will rule in the sun-dynasty kingdom there. All are bound by the bond of the *drama*. The Father Himself says: I, too, am bound by the bond of the *drama*. If the *response* to something is fixed in the *drama*, I would tell you about it. I would not tell you all the secrets of the *drama* at this time. I too have a *part* recorded in Me. As it continues to *emerge*, I continue to explain to you. Everything continues according to the *drama*. There cannot be any difference in that. If it is not in the *drama*, I do not *respond*. It isn't that I would tell you now how many more years are still left. Some ask Baba: Baba, for how much longer will you continue to travel in that body? I will not tell you this. If it is not in the *drama*, what can I do? If it is in the *drama*, I would tell you. I have come to teach you children. I am also your Father. You sing: You are the Mother and Father. I am playing that same *part*. It is My duty to teach you. I am called the Ocean of Knowledge, the Seed of the Human World. The living Seed would tell you everything, would He not? The example of the banyan *tree* is given. You can see that the deity religion doesn't exist now. All the other religions exist. All of those will now end. They will come and carry out their establishment at their own time. I am establishing the deity religion. That religion has disappeared and just its pictures remain. However, none of those people know when the deity religion existed or where it disappeared to. They just say that there was a kingdom of Lakshmi and Narayan, that Krishna came in the copper age and related the Gita; that's all! All of those scriptures etc. are for devotion. They will sit and write all of those scriptures etc. in the copper age. Just the deities used to rule in the land of truth. This is the land of falsehood. There is no sin there. The Father is now making you into charitable souls. It is fixed in the *drama*. Devotion and the scriptures etc. begin in the kingdom of Ravan. This eternal *drama* has already been *shot*. This is the false world. They tell nothing but lies about

God too. God is the Highest on High. Since we want to meet Him, we must definitely receive something from Him. What would you receive from the Father? He is the Bestower of Salvation for All. He liberates everyone from sorrow. Ravan too is very powerful. For half the cycle it is his kingdom. However, he causes sorrow and that is why all human beings remember the Father. Ravan snatches away your whole kingdom; he is so powerful! You now know that the Father gives us the inheritance and that Ravan curses us. Human beings don't know when the Father gives us the inheritance. They have falsified the Gita by putting Krishna's name in it. This is the biggest mistake. This Baba was also a staunch devotee of Narayan and used to read the Gita. He never did anything without first reading the Gita. When he had a vision, he began to understand that that Gita was false and he let go of it completely. The Father is giving us this inheritance (Lakshmi and Narayan). We now understand a great deal. Shiv Baba continues to explain to us. He never takes up any scriptures; Baba just speaks to us. This one says: I too am listening. Sometimes, when Baba is not here, this one can speak to you. Baba is sitting in this one and this is why Brahma's name is not mentioned as much. They have built a temple in Ajmer (to Brahma), but they don't understand anything. They have shown Krishna with a murli (flute) and Saraswati with a sitar. Saraswati is called the *goddess of knowledge*. They have said that Krishna is the *god of knowledge* instead of saying that it is Brahma. They have become confused. The Father sits here and explains to you children that Krishna isn't there in the Trimurti, although he is there in an incognito way. Radhe and Krishna become Lakshmi and Narayan. No one even knows that the Supreme Father, the Supreme Soul, explained to us and continues to explain even now. If the sages and holy men were to understand this, there would be many crowds here. However, it is not like that in the *drama*. The Father says: I come at the confluence age and teach you Raja Yoga. Those who *pass* become the sun dynasty and those who *fail* become the moon dynasty. The subjects of the sun dynasty will be sun dynasty and the subjects of the moon dynasty will be moon dynasty. You children have the knowledge of the whole cycle in your intellects. You Brahmins are spinners of the discus of self-realisation. This is the most elevated Brahmin clan. You are servers; you are creating heaven in Bharat with the power of yoga in an incognito way. Heaven is definitely needed for you; the old world has to be destroyed. You are establishing your own kingdom by following shrimat. The kingdom of the Yadavas has to end. The Pandavas are establishing a kingdom for the new world. The old haystack has to be set on fire. You also understand how many more days remain. Very few! How much more time is left? We cannot ask this question. You wouldn't ask a guest: for how many more days are you going to stay. He would say: Am I perhaps a burden? Shiv Baba says: When I am here, you remain happy, do you not? Then, why do you ask till when I will continue to incarnate here? To ask this question is like an *insult*. You should be ashamed of asking that. To ask this question is like saying that it would be good if Baba went away soon. Therefore, you can't even ask Baba such questions. No one else can be such a Father. Only you children now know the Father. You wouldn't say of Krishna that God is in him. You would continue to remember Krishna. In that case you wouldn't remember God; you would continue to see Krishna everywhere. You wouldn't even remember Shiva. This is why it is explained to you children that you have to remember Shiv Baba. You mustn't remain body conscious. The praise of Shri Krishna is no less. The Father says: I have to come into the foreign land and into an old body. Shri Krishna cannot enter Ravan's land. You now know that, after taking rebirth, the Shri Krishna soul is now in this body. This is the last body. This body then becomes the *number one* pure body. None of these things can enter the intellect of anyone else. They create an image of Ravan, but they don't understand when Ravan came into existence. They have simply continued to burn his effigy. If he were to die, they would stop burning him, but he doesn't die. They burn his effigy every year. All of that is the path of devotion. The Father says: I made you into the sun and moon dynasties. How did you then become the shudra dynasty? I am now once again making you into the sun and moon dynasties. You now know that you are conquering the world and that you will then be defeated. When there was the deity religion, there were no other religions at that time. That one religion will now be established and all the other religions will end. You can see the signs of that. So much is happening through *science*. So much happiness is celebrated. An *aeroplane* is to be invented which will take you to London in three to four hours. Nowadays, they even take elephants, monkeys, frogs etc. on *aeroplanes*. All of that is for happiness and also for sorrow. People there will tour around in vimans. You have now come here to make your fortune elevated. You are becoming deities once again. People sing of heaven, but they don't know when heaven existed. It is said that so-and-so has gone to heaven. Therefore, he was definitely in hell. However, if you told them directly that they are residents of hell, they would get angry. You now have strength. You can say: Since you are calling out to the Purifier, you must

surely be impure. The Father says: The tree has now reached a state of total decay. The great war is also very well known. You know that you have come here to claim the kingdom. We are instruments for establishment. As you make further progress, even those sannyasis and mahatmas will believe you. All of this is fixed in the *drama*. Achcha.

To the sweetest, beloved, long-lost and now-found children, love, remembrance and *good morning* from the Mother, the Father, BapDada. The spiritual Father says namaste to the spiritual children.

Essence for dharna:

1. Serve Bharat in an incognito way with the power of yoga and make it into heaven. Become spiritual servers.
2. Our Brahmin clan is the most elevated. Maintain the intoxication that you are spinners of the discus of self-realisation. Don't develop doubt about anything.

Blessing: May you remain beyond gross feelings by using a *powerful brake* in a *second* and become an avyakt angel or bodiless.

There may be an atmosphere of noise everywhere around you, but you can put a *full stop* in a *second* and go beyond gross feelings. When the *brake* is applied powerfully, you will then be said to be an avyakt angel or bodiless. There is now a great need for this practice because the calamities of nature are going to come suddenly. At that time, let the intellect not go anywhere else, just the Father and I; let the intellect be focused wherever you want. For this, you need the powers to merge and pack up and you will then be able to go into the flying stage.

Slogan: Continue to eat the nourishment of happiness and your mind and intellect will become strong.
