

Essence: Sweet children, you are studying a very high study with the unlimited Father. It is in your intellects that you are the *students* of the Purifier, *God*, the *Father*, and that you are studying for the new world.

Question: Which children receive a prize from the spiritual *Government*?

Answer: Those who make the effort to make many others equal to themselves. Those who give the proof of *service* are given a very big prize by the spiritual *Government*. They claim a right to an elevated status for the future 21 births.

Om shanti. The Father says to the children: You sweet, sweet children are studying this study with Me. This study is for the new world. No one else can say that they are studying for the new world. The better you study, the more your reward for 21 births accumulates. You are studying the unlimited study with the unlimited Father. This is a very elevated, unlimited study. All the rest are studying studies worth a few pennies. The more effort you make in this unlimited study, the higher the status you will claim. These things should always remain in your intellects: We are the *students* of the Purifier, *God the Father*, and we are studying for the new world. Therefore, you should make such good effort to study: We will first go to the Father and then, according to how we individually study, we will go and claim a status in the new world. That is a worldly study whereas this is the parlokik (spiritual) study, that is, it is the study for the world beyond. This is the old, impure world. You know that you are changing from residents of hell into residents of heaven. You should repeatedly remember this because only then will happiness rise in your intellects. When children go to weddings etc. they forget. You must never forget the study. In fact, you should be even happier that you are becoming the masters of heaven for the future 21 births. Those who make many others equal to themselves will definitely claim a high status. These secrets cannot sit in the intellect of anyone else. Sense is required for doing *service*. There are different *departments*. Baba even says to those who create *slides* that the slides should be of one *size* and that they should be compatible with any *projector*. The first *slide* should be: What is your relationship with the Supreme Father, the Supreme Soul? They would then understand that the Supreme Father, the Supreme Soul is their Father. What inheritance you will get from Him? Then show that you receive a sun-dynasty status through Trimurti Brahma. You are also making effort for the new world. You are now at the confluence age and are creating the pure world. Your intellects have now remembered that 5000 years ago we truly become deities and that we then lost our kingdom. All the kingdoms that they claim now are limited matters. Yours is an unlimited battle. According to shrimat, you are now battling with Ravan, the five vices. You know that the *parts* of victory and defeat are fixed in the *drama*. The *drama* cycle turns every 5000 years. Therefore, you children have to follow shrimat, according to whatever *directions* each of you receives. Some children say that they are able to understand but unable to explain to others. That is like saying that you haven't understood anything. You will claim a status according to how much you yourself have understood. Let the discus of self-realisation continue to spin in your intellects. You become spinners of the discus of self-realisation. If you don't make others equal to yourselves, you are not *serviceable*. Therefore, you should make full effort. You also have to teach others. Brahmin teachers have to make effort with everyone. It is only when *teachers* make a lot of effort that they receive a prize. You receive a prize from a very great *Government*. You have to give the proof of *service*. You mustn't make mistakes. Here, you study all the subjects in the one *class*. You know that in the future you will go and become deities. Destruction definitely has to take place. Just as you built the buildings of heaven in the previous cycle, so you will do the same again. The *drama* also helps. There, they build huge palaces and huge thrones. Here, there aren't such big palaces of gold and silver. There, the diamonds and jewels will be like stones. There are so many diamonds and jewels in devotion, so what wouldn't they have at the beginning of the golden age? Wealthy people decorate the idols of Radhe and Krishna and Lakshmi and Narayan etc. so much. They decorate them with gold jewellery. Baba remembers a merchant who said that he was building a temple to Lakshmi and Narayan and that he wanted new jewellery for those idols. At that time, everything was very cheap. Therefore, what would it be in the golden age? There were many treasures on the path of devotion which were *looted* by everyone. You children now know everything. This is a very elevated study. You also have to teach it to young children. Together with a worldly education, this education should also be given. Continue to remind others of Shiv Baba. Explain the pictures. Also benefit your children. Shiv Baba is the Creator of heaven. If you remember Shiv Baba, you become the masters of heaven. The imperishable knowledge is never destroyed. When others are given even a little of this knowledge they will come into the kingdom. In the golden age it

was the kingdom of Lakshmi and Narayan. Where did it then go? We are explaining to you, which means that we will make you into masters of that heaven. By you teaching it to them, they will learn. You have to make effort. You mustn't waste time in useless matters. By making mistakes you will have to repent a great deal. A father earns wealth and then leaves it to the children. Now, everyone is to be destroyed. Even now, there continues to be so much fighting and battling and death continues to take place. This is nothing. There will be destruction in the region of tens of millions. Everything will be burnt and finished. It has to become a graveyard and it will then become the land of angels. The graveyard is big whereas the land of angels will be small. Those of Islam speak of how everyone will be buried. Khuda (God) comes and awakens everyone and then takes everyone back. At this time, all souls exist in one form or another. The bodies are in the graveyard, but the souls go and take other bodies. At this time, Maya has put everyone in the graveyard; all are dead. Everyone is to be destroyed and you must therefore not attach your heart to anyone. You must attach your heart to only the One. Eventually, all your attachment will finish. You have to remember the one Father, that is all! You understand that you are studying this study with the Purifier Father for your future 21 births. The Supreme Father, the Supreme Soul, is the Seed of the World, He is Living. The soul is also living. Until a soul enters a body, the body is non-living, but the soul is living. The soul has now received knowledge. Each soul has his own *part* recorded in himself. Each one's *act* is individual. The drama is *wonderful*. It is said to be the wonder of nature. Such a huge *part* is recorded in such a tiny soul! The Supreme Spirit sits here and explains to you these spiritual matters which are all fixed in the *drama*. He also takes you on a tour. He continues to give you visions of everything which is fixed in the *drama*. Although the play is eternally predestined, human beings do not know that it is eternal. You know everything. Whatever happens, after a *second*, it becomes the *past*. You understand that whatever becomes the *past* was in the *drama*. The Father has explained to you what *parts* there were from the golden age onwards. The world does not know these things. The Father says: I am giving you the *knowledge* that I have in My intellect. I make you equal to Myself. You know that the whole world is corrupt. You now first have to become pure and then make others pure. Apart from you, no one can make anyone pure. You now have to follow the Father's shrimat and imbibe divine virtues. You have to speak very sweetly. No bitter words should emerge from your lips. Have mercy on everyone. You can teach everyone the versions of God: "Manmanabhav". They don't know who God is or when He spoke the Gita. You now understand that God's versions are: Become bodiless. Renounce all the bodily religions: I belong to Islam, I am a Parsi: who says this? All souls are brothers, children of the one Father. Souls explain to their brothers that the Father says: Constantly remember Me alone and you will go to the land of liberation. Everyone is to go to the land of nirvana. You have to remember these two words and explain them. The God of everyone is One. It cannot be Krishna. The Father says: Now renounce all the religions of the body and constantly remember Me alone. A soul takes support of matter and plays a *part* here. It is said of *Christ*, that he is now in the form of a *beggar*. Everyone's shoe (body) is now old. *Christ* too must definitely have taken rebirth; he would now be in his *last* birth. The Father comes and awakens even these *messengers*. It is only the one Father who purifies the impure. Everyone definitely has to come down while taking rebirth. It is now the end of the iron age. As you progress further, people will accept this. The sound will emerge that the Father has come. God's name is mentioned in the great war, but they changed the name. Destruction and establishment are the tasks of God alone. The Father Himself comes and opens the gates to heaven. You call out to Him: Baba, come! Come and open the gates to Paradise! The Father comes and opens the gates through you. Your name is glorified as the Shiv Shakti Army. Why are you called Pandavas? Because you are spiritual guides and you show everyone the path to heaven. The Father sits here and explains the essence of all the scriptures. Only those who understood these things in the previous cycle will do so again. We souls are guides and we will take everyone to the land of peace and then they have to go to the land of happiness. The land of sorrow has to be destroyed. There is the great Mahabharat War for that. You have all the *detail* in your intellects. "Manmanabhav, madhyajibhav" – the total knowledge is included in this. Just as Baba is *knowledge-full*, so you children also become the same. Baba just keeps with Himself the key to divine vision. Instead of this, I make you into the masters of the world. I do not become that. There is this difference. The *part* of divine vision is also useful for you. God gives the return of your faith and devotion in the form of chick peas. Baba has explained how so many melas take place to Jagadamba. There aren't so many melas to Lakshmi. There is so much difference! People place a picture of Lakshmi in their treasure-box with the hope that they will receive wealth. On the path of devotion, you receive chick peas whereas in knowledge, you receive diamonds. People simply ask for wealth from Lakshmi. They would not

ask her for a child or for good health. People go to Jagadamba with all their desires. You now understand that you were worthy of worship and have now become worshippers and that you will then become worthy of worship. You children have now been enlightened with knowledge. You have become so unique. When the Satguru gives the ointment of knowledge, all the darkness is dispelled. You now know the beginning, the middle and the end of the *drama*. It has entered your intellects how you should value this study so much! You have been studying those studies for birth after birth and what did you receive? Chick peas. By studying this study for one birth, you receive diamonds and jewels. It is the duty of you children to make effort. What can the *Teacher* do if you don't study? It is not a question of mercy here. The whole kingdom of the deities is being established at the confluence age. You are having your sins absolved with the power of yoga and with the power of knowledge, that is, through *knowledge* you are becoming so elevated. By bathing in the Ocean of Knowledge and in the rivers of knowledge you receive salvation. You children continue to receive methods with which to explain to others. According to the *drama plan*, Baba continues to explain to you the things He explained in the previous cycle. Children continue to come here, numberwise. The Brahmin clan has to grow. You children have to become great donors. Continue to explain something or other to anyone who comes. You also have to blow the conch shell. You cannot imbibe as much at home as you can imbibe here. Madhuban has been praised in the scriptures as the place where the flute (murli) is played. Achcha.

To the sweetest, beloved, long-lost and now-found children, love, remembrance and *good morning* from the Mother, the Father, BapDada. The spiritual Father says namaste to the spiritual children.

Essence for dharna:

1. Have a lot of value for this study. You mustn't ask the Father for mercy etc. Continue to accumulate the powers of knowledge and yoga.
2. Be merciful. Never let bitter words emerge through your lips. Always speak sweetly. Definitely do the service of making others equal to yourself.

Blessing: May you be a *master* bestower of happiness who becomes an embodiment of happiness and gives everyone happiness.

To be a confluence-aged Brahmin means to have no name or trace of sorrow because the children of the Bestower of Happiness are *master* bestowers of happiness. How can those who are *master* bestowers of happiness and embodiments of happiness experience sorrow themselves? They have stepped away in their intellects from the land of sorrow. They themselves are embodiments of happiness, and so they constantly give happiness to others. Just as the Father constantly gives happiness to every soul, so whatever is the Father's task is also the task of the children. Even if someone is causing sorrow, you cannot cause sorrow. Your *slogan* is: Do not cause sorrow, do not accept sorrow.

Slogan: Imbibe the *balance* of being cheerful and mature (serious) and remain in a constant and stable stage.
