

Essence: Sweet children, you true spiritual Brahmins are instruments for establishing the new world. Each of you has to sacrifice your horse (body) into this sacrificial fire.

Question: What is the way to make your stage permanently stable and constant?

Answer: Your stage will become permanent when you constantly stay in yoga. Yoga breaks when there is attachment to someone. Therefore, become a conqueror of attachment. Make your intellect pure. Knowledge is imbibed in only a pure intellect. Therefore, the vessel of your intellect should be clean and you will then be able to have yoga with the Father.

Song: This is the season of spring to forget the world.

Om shanti. Incorporeal God Shiva speaks. No-one, subtle or corporeal, can be called God. You children know that you are now sitting at this confluence age. The Father has explained: At this time you cannot be called the deity community. At this time you are the Brahmin community. There are two types of Brahmins in existence at this time. This is the clan of true Brahmins. Those brahmins don't know that there are the true Brahmins who are the mouth-born creation of Brahma, so they have to be given this introduction. You should tell anyone that comes: There are many who call themselves brahmins. There are many types of those brahmins. Here, you alone are the true Brahmins, the mouth-born creation of Brahma. You are Brahmins, children of Brahma. You cannot indulge in vice. Young and old, all of you are Brahmins. So, those are physical brahmins, whereas you are true, spiritual Brahmins, the mouth-born creation of Brahma. You know that you true Brahmins are the children of Brahma. The Supreme Father, the Supreme Soul, is teaching His grandchildren through His son. His son is Prajapita Brahma. Although the name 'Daksh Prajapita' has been mentioned in the scriptures, there wasn't anyone called Daksh. This one has been named Daksh Prajapita. It is mentioned in the scriptures that the horse was sacrificed into the sacrificial fire. However, you are the horses. They have sat and written a story. They cannot understand the real meaning. Some of those words are true. For instance, when they perform a play, they have the name 'The Queen of Jhansi', but those *actors* are not *real*. They sit and make up everything *artificially*. They make their own people perform the parts of soldiers in an army. Something or other would have happened and they then created plays about that. They appoint new *actors* to play the *parts* of whatever happened in the *past*. You have already learnt your *parts*. The *parts* that are fixed in the soul are *automatically played*. You now understand your *parts*. You are Brahmins, the mouth-born creation of Brahma. It isn't that the creation doesn't exist and that he creates a new one. This too has to be understood. People think that a great annihilation took place and that a child then came floating in the ocean on a pipal leaf. It cannot be like that. However, Baba is making the world new and you children therefore first come in the palace of a womb. It's as though they are in an ocean of milk. Here, a womb is a jail, an ocean of poison in which a lot of punishment is experienced. The Father sits here and explains this. This is called easy Raja Yoga. You are those who belong to the deity religion. You are making effort to become kings of kings. Lakshmi and Narayan will be the same ones. They are now completing their births. The Father explains: You are the ones who existed in the previous cycle too. When anyone comes, the Father asks him: Have we met before? They say: Yes Baba, we also met 5000 years ago. We have been meeting at the confluence age of every cycle and we will continue to meet. There is no *end* to this. This is the predestined *drama*. The Father says: I have to come here to make impure ones pure. It is not My duty to come between the ages. I am called the Purifier. People say: Come and once again make Bharat and the world pure. At the beginning of the world, there was the kingdom of the deities in Bharat. It is said: *Long, long ago*. However, they don't understand when that was. The oldest human beings are the deities. They show palaces etc. as things of heaven. The oldest of all are the deities and they had golden palaces studded with diamonds and jewels. It is a matter of 5000 years. Nothing can be older than that. Even Lakshmi and Narayan are not the oldest of all. It is Radhe and Krishna who are the oldest of all. Before Lakshmi and Narayan there are Radhe and Krishna. Krishna is the first child of heaven. His soul is *pure* and his body is also *pure, number one*. They are the main *prince* and *princess*. The Father says: I am the Traveller. Where am I, the Traveller, from? You know that He is the Traveller from the supreme abode, the land of nirvana. It is the soul that is the traveller. I, the soul, am *ever pure*. Then, you are My brides. You have become ugly. I am now making you souls beautiful and removing the alloy. The one Traveller is making all of you beautiful. He is such a *most beloved Traveller*. There is *natural* beauty in heaven. The deities are so beautiful. These are the old bodies of you Brahmins. You become ugly from beautiful and I, the Traveller, make you beautiful. I enter this old, ugly bride. I enter this one and make him and all of you beautiful. The one Traveller comes and makes so many of you beautiful. You understand the meaning of 'Traveller'. Only if you continue to follow shrimat

will you become beautiful. You souls have become ugly by having alloy mixed into you. Now, how can the alloy be removed? By having yoga with Me, all the alloy will be burnt away in the fire of that yoga. You understand the right things. The Father explains a lot to you but you forget because your yoga is not right. You haven't become destroyers of attachment. The Father is *ever pure*; He is the Ocean of Purity. You know that we souls have become *iron aged* and so we have received false jewellery. This is why you should first of all remove the alloy from the soul. Remember the Father. This is called the fire of yoga. Shiv Baba says: I am *ever pure*. If it weren't for Me, who would make you *pure*? Have the firm faith that you are souls. I, the soul, have the alloy of 84 births mixed in me. I will now become pure by having yoga with Baba. No vices will remain. If some do remain, there will have to be punishment, so why should we not make constant effort now? Your stage has to become such by making effort that no storm of Maya can shake you. Become Achalghar (the home of stability). If you, the soul inside, become mature by having remembrance of Father, you will reach your karmateet stage. The soul won't then perform any sinful acts and will become pure. This requires effort. The Supreme Father, the Supreme Soul, also has a *part*. We remember that One. How does He come and teach us? That would be in a *practical* way. God taught us 5000 years ago. He truly did teach us the ancient Raja Yoga of Bharat. You children know that this is the same ancient Raja Yoga. The Father says: Remember Me. This requires effort. Everything is a matter of remembrance. The Father orders: Remember Me. However, Maya doesn't allow you to follow His orders; she creates obstacles. The Father says: By remembering Me, you will become as pure as I am, and you will then also become *knowledge-full* and *blissful*. You are *blissful*. You don't have three feet of land here and the Father is giving you the sovereignty of the whole world. This is why everyone remembers the Father. People retire in order to go beyond sound, that is, they want to go to the land of liberation. No one, except the Father, can give you liberation and liberation-in-life. You first change from shudras into Brahmins through the Father. There is no question of any difficulty. While walking, sitting and moving around, continue to make your own effort. You understand that you will become beautiful if you remember Baba. You souls will become pure. The pure Father comes and shows you methods to become pure. You have to continue to remember the *most beloved* Father. When a person falls ill, he is told to remember so-and-so. However, he would not be able to remember anyone just like that. You need to have great practice of this, because only then will your final thoughts lead you to your destination. You have to stay in remembrance of the Father. You definitely have to become karmateet. If you burn away your sins with yoga you won't have to experience punishment. If you don't stay in yoga, there will be punishment and then you will go to the land of liberation. It is numberwise in this too. So the one Baba is the beautiful Traveller. All souls too are travellers. He comes from so far away to play a *part*, just as those *actors* come from their homes to play their *parts*. This is the foreign land of Ravan. Ravan has made you impure. I will then make the impure ones pure and take them back with Me. Some gurus have many *followers* but neither do they take anyone back with them nor are they themselves able to go there. They don't know the way there. No one can merge into the light. Souls are *immortal*; they don't break into pieces. Bodies die and burn. They even commit suicide of their bodies. When something happens between two people and their desires are not fulfilled, they both drown themselves. They commit suicide and are said to be great sinners. They don't commit suicide of the soul; it is the body that is destroyed. To the extent that you remember the Father, so you will be able to imbibe. No matter how well someone reads the murli, Maya is such that she can finish that one with just one slap. Her *boxing* continues. This is a battlefield. Look at what they have shown in the scriptures! There is the difference of day and night. It is said of this time: Knowledge has disappeared, the deity religion has disappeared but the non-living images remain. When you go to a Shiva Temple, you would instantly say: This is Shiv Baba's temple. When you go to the Brahma Temple, you would say: This one is Dada's. This is the temple of Jagadamba, Mama. Down below, they are doing the tapasya of Raja Yoga and there is the memorial of Paradise up on the ceiling. Otherwise, where else would it be shown? When a person dies, people say that he has gone to Paradise. So, they have shown Paradise up above. The memorial is accurate according to the *drama*. Baba and Mama, Kamdhenu, are sitting here. They have then mistaken her for a cow. Fakirs (religious wanderers) take cows around with them. So this one is Kamdhenu (cow) and Kapildev (sage). Kamdhenu used to stay with Kapildev. There are many stories. Shiv Baba says: I am the Traveller. This Brahma (Dada) would not say this. Shiv Baba says: I, the Traveller, am *ever pure*. This is the impure, vicious world and that is the viceless world. This is the predestined *drama*. The Father sits here and explains to you. No one in the world knows this. Souls are residents of the incorporeal world. They come here to play their *parts*. This is the field of action. The supreme abode is not called the

field of action. This is called a play. Bharat becomes like a diamond and then worth a shell. There are the clans of Bharat. There are the Brahmin, deity, warrior, merchant and shudra clans. The 84 births are completed within these. Not all religions have 84 births. Baba explains so many things to you sweetest, beloved, long-lost and now-found children. You children know that you have been studying for cycle after cycle. You will be *transferred* according to the effort you make, just as students are *transferred* at *school*. You will go and rule the kingdom, numberwise. Simply belong to the Father and remember the Father. Repeatedly remember the Father. Otherwise, how would your sins be absolved? Repeatedly talk to yourself. I, the soul, am *immortal*. Baba has given you the order: Remember Me, and your sins will be absolved. If you don't remember Me, your sins won't be absolved and you won't receive a high status. Achcha.

To the sweetest, beloved, long-lost and now-found children, love, remembrance and *good morning* from the Mother, the Father, BapDada. The spiritual Father says namaste to the spiritual children.

Essence for Dharna:

1. Burn away the alloy of vices with the fire of yoga and become beautiful. Become pure and give everyone the *bliss* of purity.
2. Make yourself into such an Achalghar (home of stability) that you don't perform any sinful acts. Make your stage mature with the effort of remembrance.

Blessing: May you be a great magician who even binds the One who is free from bondage with the magic of love.

You children are greater magicians than the Father. You have such magic of love that you even bind the One who is free from bondage. Even the Father cannot think of anything except you children. He constantly remembers you children. You call Him to eat with you so many times. When you eat, when you walk, when you sleep, you do it with the Father. When you perform any task, you say: It is Your work, you just inspire us and we will use our hands as instruments. Then, you give the burden of the action to the Father and so you are great magicians, are you not?

Slogan: Those who transform adverse situations with the power of their own original stage can never be distressed.
