

Essence: Sweet children, you souls have to charge your *batteries* with the powers of knowledge and yoga, and thereby make yourselves satopradhan, not by bathing in water.

Question: Who makes all human souls wander around aimlessly at this time? Why does he make you wander around?

Answer: It is Ravan that makes everyone wander around aimlessly because he himself is wandering around aimlessly; he doesn't have a home of his own. No one would call Ravan, "Baba". The Father comes from His home, the supreme abode (paramdham), in order to show you children your destination. Now that you know your home, you no longer wander around. You say that you separated from the Father first and that you will therefore return home first.

Om shanti. Sweetest children, while sitting here, you understand that, no matter what happens, Shiv Baba, who has entered this one, will definitely take us back home with Him. That is the home of souls. You children should definitely be experiencing happiness because the unlimited Father has come to make us beautiful. It's not that He makes us wear clothes etc. This is called the power of yoga, the power of remembrance. Whatever status a *teacher* has claimed, he enables his students to claim a status accordingly. *Students* can understand from their studies what they will become. You too understand that your Baba is also your *Teacher* as well as your Satguru. This is a new aspect. We also remember our Baba as our *Teacher*. This is what He is *teaching* us to become. Our unlimited Baba has come to take us back home with Him. Ravan has no home of his own. Rama has a home. Where does Shiv Baba reside? You would quickly say, "the supreme abode". Ravan wouldn't be called, "Baba". Where does Ravan live? No one knows. You wouldn't say that Ravan lives in the supreme abode; no. It is as though he has no destination. He simply continues to wander around and he makes you wander around too. Do you remember Ravan? No. He makes you wander around so much: you study scriptures, do devotion, do this and that. The Father says: That is called the path of devotion, Ravan's kingdom. Gandhi too used to say that there should be the kingdom of Rama. Our Shiv Baba has entered this chariot. He is the senior Father. He talks to us souls and says: Child, child. The spiritual Father is now in your intellects and you spiritual children are in the intellect of the spiritual Father. Our *connection* is with the incorporeal world. Souls remained separated from the Supreme Soul for a long time. Souls reside there with the Father. Then they become separated from Him in order to play their *parts*. There has to be an account for that long period of time. The Father sits here and explains this. You are now studying this study. Those of you who study well are numberwise. They are also the ones who were separated from Me first of all. They are the ones who then remember Me a great deal and who will also come back to Me first of all. The Father sits here and explains to all you children the deep secrets of the whole world cycle. No one else knows this. This can be called deep knowledge and it can also be called the most profound knowledge. You know that the Father doesn't sit up there whilst explaining to us. You know that He comes down here to explain all of this. I am the Seed of the kalpa tree. This human world tree is also called the kalpa tree. People of the world know nothing of this. They are sleeping in the slumber of ignorance (Kumbhakarna), and so the Father has come to awaken them. He has now awakened you children whereas everyone else is still sleeping. You too were sleeping like Kumbhakarna in that devilish sleep. The Father came and woke you up. He said: Children, wake up! You have become careless and are still sleeping. That is called the sleep of ignorance. Everyone has the other type of sleep. They also sleep in the golden age. At present, all of you are sleeping in the sleep of ignorance. The Father has come to awaken you all by giving you knowledge. You children have now been awakened. You know that Baba has come and that He will take us back home with Him. Neither this body nor this soul is of any use now. Both have become impure; alloy is mixed in them. You could call it nine *carat* gold or very little gold. Real gold is 24 *carat*. The Father now wants to make all of you 24 *carat* gold. He makes you souls truly *golden aged*. Bharat was called The Golden Sparrow. You would now call it an iron sparrow, a sparrow of pebbles and stones. Still, it is alive. All of these things have to be understood. Just as souls can be understood, in the same way, the Supreme Soul can also be understood. They speak of a sparkling star. It is a very tiny star. *Doctors* etc. have made great efforts to try and see it. However, without having divine vision, no one can see it; it is so very subtle. Some say that a soul leaves through the eyes and some say that he leaves through the mouth. Where does a soul go when he leaves his body? He goes and enters another body. You souls are now about to go up to the land of peace. You are very sure that the Father will come and take you back home. On

the one side, there is the iron age and on the other side, there is the golden age. We are now at the confluence age. It is a *wonder*! There are billions of humans here, whereas there are only 900,000 in the golden age. What happens to the rest of them? Destruction takes place! The Father only comes to establish the new world. Establishment takes place through Brahma. Then there is sustenance through the dual form. It isn't that there is a human being with four arms. There would be no beauty in that. Baba explains to you children that the four-armed figure represents the *combined* forms of Shri Lakshmi and Shri Narayan. "Shri" means elevated. In the silver age, there are two degrees less. You children must remain aware of the *knowledge* you are now being given. The main thing is to remember the words: Remember the Father! No one else is able to understand this. Only the Father is the Purifier, the Almighty Authority. They sing: "Baba, You gave us everything, including the earth and the sky. There was nothing that You didn't give us! You gave us the kingdom of the whole world." You know that Lakshmi and Narayan were the masters of that world. The cycle of this *drama* continues to turn. You are becoming completely viceless, numberwise, according to the efforts you make. You know that you became vicious from viceless and viceless from vicious. You have played your *parts* of 84 births countless times; you cannot count them. You can count the population, but you can't count how many times you changed from tamopradhan to satopradhan or how many times you changed from satopradhan to tamopradhan. Baba says: This cycle is 5000 years. This is the accurate length of time. If it were hundreds of thousands of years, you wouldn't be able to remember anything. You are now imbibing virtues. Each of you has received the third eye of knowledge. You see the old world with your physical eyes. You have to use your third eye of knowledge that you have been given in order to see the new world. This world is of no use; it is an old world. Just look at the difference between the new world and the old world! You know that only you were the masters of the new world. Then, while taking 84 births, this is what you have become! You have to remember these things very well and then explain to others how you become this. Brahma becomes Vishnu, and then Vishnu becomes Brahma. You can see the difference between Brahma and Vishnu. Vishnu is sitting beautifully decorated, whereas Brahma is sitting in an ordinary form. You know that this Brahma will become that Vishnu. It is very easy to explain to anyone the relationship between Brahma, Vishnu and Shankar. You know that Vishnu is the dual form of Lakshmi and Narayan. The deity Vishnu then becomes the ordinary human Brahma. Vishnu belongs to the golden age whereas Brahma belongs here. The Father has explained that it only takes a *second* to become Vishnu from Brahma, but it takes 5000 years to change from Vishnu to Brahma. The same applies to you too. It isn't only one who becomes Brahma. No one but the Father can explain these things to you. There isn't anything about human beings or gurus here. This one's Guru is Shiv Baba, and the Guru of you Brahmins is also Shiv Baba. He is called the Satguru. Therefore, you children must remember Shiv Baba alone. It's easy to tell anyone to remember Shiv Baba. Shiv Baba creates the new world of heaven. God Shiva is the Highest on High. He is the Baba of us souls. Therefore, God says to you children: Remember Me, your Father! It's so easy to remember. When a baby is born, the word "maa-maa" soon automatically emerges from his mouth. He wouldn't go to anyone but his parents. Of course, it's a different matter if the mother dies. First are the mother and father, then there are the friends and relatives etc. There are couples in that too: the paternal aunt and uncle. When a kumari becomes a woman, some would call her their maternal aunt and some their paternal aunt. The Father explains to you: All of you are now brothers; all your previous relationships are *cancelled*. When you consider yourselves to be brothers, you will remember the one Father. The Father too says: Children, remember Me, your Father! He is our most senior, unlimited Father of all. That senior Baba has come to give you the unlimited inheritance. Baba repeatedly says: Manmanabhav! Consider yourselves to be souls and remember the Father. Do not forget this! It is by becoming body conscious that you forget. First of all, you must consider yourselves to be souls. We souls are saligrams. We have to remember the one Father. The Father has told you: I am the Purifier. By remembering Me, your *batteries* which have become empty will become full and you will become satopradhan. You have been choking in the water of the Ganges for birth after birth, but you weren't able to become pure. How could that water be the Purifier? It is only with knowledge that you receive salvation. At present, the world is false and full of sinful souls. Your give and take is also with sinful souls. You became sinful souls through your thoughts, words and deeds. You children have now received understanding. You say that you are making effort to become like Lakshmi and Narayan. You have now stopped performing devotion. Only with

knowledge can there be salvation. Those deities were in salvation. The Father has explained that this one is in the last of his many births. The Father explains everything so easily! You children make plenty of effort. You make those efforts every cycle. You have to change the old world into the new world. They say that God is the Magician, the Jeweller and the Businessman. He is the Magician. He changes the old world of *hell* into *heaven*; therefore, a great deal of magic is performed. You are now becoming residents of *heaven* and you know that, at present, you reside in *hell*. *Heaven* separate from *hell*. This cycle is 5000 years; it cannot be a question of hundreds of thousands of years. You must not forget these things. There are the versions of God. There definitely has to be someone who is beyond rebirth. Krishna has a body of his own whereas Shiva does not; therefore He definitely needs someone's mouth with which He can give you this knowledge. He comes here to teach you. According to the *drama*, the Father has all the *knowledge*. He only comes once during the whole cycle in order to change the land of sorrow into the land of happiness. You definitely did receive your inheritance of peace and happiness from the Father and that is what you people want again. This is why you remember the Father. Just see how easily the Father gives you this knowledge. While you are sitting here, you have to remember the Father and also remember this somersault, because this too is "Manmanabhav". The Father is the only one who gives this entire knowledge. You tell others that you are going to see the unlimited Father, that the Father is showing us the path to the land of peace and the land of happiness. While you sit here, you should also remember your home. Consider yourselves to be souls. You have to remember the Father, the home and the new world. This old world is definitely going to be destroyed. As you make progress, you will remember heaven a great deal. It will be as though you go to heaven again and again. At the beginning, the daughters used to sit together and go to Vaikunth (heaven) again and again. When people from important families saw this, they sent their children. It was called Om Nivas at that time. So many children came and then there was upheaval. He used to teach children and they would automatically go into trance. The *part* of visions and trance has now been stopped. They would pretend it was a graveyard. Everyone was made to lie down and told: Remember Shiv Baba! They would then go into trance. You children too are now magicians. Anyone you look at will also quickly go into trance. This magic is so wonderful! Only when the people who perform intense devotion are ready to sacrifice their lives do they have a vision. The Father, Himself, has come here. He educates you children and enables you to claim a high status. As you children progress, you will have many visions. If you were to ask the Father now, He could tell you who is going to become a rose, who is going to become jasmine and who will become a flower with no fragrance at all. Achcha.

To the sweetest, beloved, long-lost and now-found children, love, remembrance and *good morning* from the Mother, the Father, BapDada. The spiritual Father says namaste to the spiritual children.

Essence for dharna:

1. *Cancel* all your bodily relations and have the faith that all souls are brothers. Remember the Father and claim a right to your full inheritance.
2. Your give and take must now no longer be with sinful souls. Wake everyone up from their sleep of ignorance and show them all the path to the abode of peace and the abode of happiness.

Blessing: May you be detached and loving and consider yourself to be a *sample* by keeping the *symbol* of a lotus flower in your intellect.

The *symbol* for those who live in a households is a lotus flower. So, put this into practice and become a lotus. If you don't practise this, you won't be able to become a lotus. So, keep the *symbol* of a lotus flower in your intellect and move along while considering yourself to be a *sample*. While doing service, be detached and loving. Do not just be loving, but first be detached and then be loving because love can sometimes change into attachment. So, while doing any service, be detached and loving.

Slogan: Maya cannot come under a canopy of love.
