

Essence: Sweet children, you have come to claim the inheritance of *health, wealth and happiness* from the Father. Only by following Godly directions can you receive the inheritance from the Father.

Question: What method has the Father shown all of you children for you to become conquerors of sinful thoughts?

Answer: In order to become conquerors of sinful thoughts, consider yourselves to be souls and look at others with the vision of *brotherhood*. When you look at bodies, sinful thoughts come. Therefore, look at souls, the brothers, in the centre of the forehead. If you wish to become pure, then make this vision strong. Constantly remember the Purifier Father. Your rust will only be removed by having remembrance, the mercury of your happiness will rise and you will gain victory over sinful thoughts.

Om shanti. God Shiva speaks to His saligrams. Since God Shiva speaks, He must definitely have a body because this is how He is able to speak. A mouth is definitely needed in order to speak. Similarly, those who listen also need ears. A soul needs ears and a mouth. You children are now receiving Godly directions which are called the directions of Rama. Others are following the directions of Ravan. There are Godly directions and devilish directions. Godly directions last for half the cycle. The Father gives you Godly directions and makes you into deities, and those same directions then last through the golden and silver ages. There, they take fewer births because they are yogi people. In the copper and iron ages there are the directions of Ravan where there are many births; they are bhogi people (those who indulge in sensual pleasures). This is why their lifespan is short. Their community is very big and they become very unhappy. Those who were following the directions of Rama then unite with those who follow the directions of Ravan, and so the whole world becomes that of those who follow the directions of Ravan. The Father then comes and gives everyone the directions of Rama. In the golden age, there are the directions of Rama, Godly directions. That is called heaven. By your receiving Godly directions, heaven is established for half the cycle. When that finishes, it becomes the kingdom of Ravan where there are those called “following devilish directions”. Now ask yourself: What was I doing following devilish directions? And, what am I doing following Godly directions? Previously, it was as though you were residents of hell and then you become residents of heaven in Shivalaya (Temple of Shiva). The golden and silver ages are called Shivalaya. With whoever’s name establishment takes place, that place would be named after that one, and so it is Shivalaya where the deities reside. Only the Father, the Creator, explains these things to you. You children also understand what He creates. The whole of creation calls out to Him at this time: “O Purifier, O *Liberator*, the One who liberates us from the kingdom of Ravan and from sorrow!” You now know about happiness and this is why you understand this to be sorrow. Otherwise, many people don’t consider this to be sorrow. Just as the Father is *knowledge-full* and the Seed of the human world, in the same way, you also become *knowledge-full*. A seed has the *knowledge* of the tree, but that is non-living. If it were living, it would tell you. You belong to the living tree and this is why you also know the tree. The Father is called the Seed of the human world, the Truth, the Living Being and the Embodiment of Bliss. No one knows how this tree grows and how it is then sustained. It isn’t that a new tree grows. The Father has explained that the human beings of the old tree call out: “Come and *liberate* us from Ravan”, because it is the kingdom of Ravan at this time. People neither know the Creator nor the creation. The Father Himself tells you that He only creates *heaven* once. After *heaven*, it then becomes *hell*. When Ravan comes, people go on to the path of sin. In the golden age there was everything; there was *health, wealth and happiness*. You have now come here to claim the inheritance of *health, wealth and happiness* from the Father because there is never any sorrow in heaven. It is in your hearts that you make effort every cycle at the most auspicious confluence age. Its name is so good. No other age can be called the most elevated. In those ages, you continue to come down the ladder. You call out to the Father and you also surrender to Him. However, you don’t know when the Father will come. People call out: O *God*, *liberate* us, become our *Guide*. If He becomes the *Liberator* He definitely has to come here; then He has to become the *Guide* and take us back home. The Father sees you after many days and so He is very happy. Those are limited fathers and this One is the unlimited Father. Baba is the *Creator*. He creates it and then He also sustains it. You have to take rebirth. Some have 10 children, some have 12 children, but all of that is limited happiness which is like the droppings of a crow. They become tamopradhan. There is very little happiness in the tamopradhan stage. When you become satopradhan, you have a lot of happiness. The Father comes and tells you the way to become satopradhan. The Father is called the *Almighty Authority*. People think that *God* is the *Almighty Authority* and that He can

do whatever He wants, that He can even revive the dead. Once someone wrote: “If You are God, then show it by making this fly come alive.” They ask many such *questions*. The Father gives you strength with which you conquer Ravan. From being like monkeys you become worthy of being in a temple. They have then made up such stories. In fact, all of you are Sitas, devotees. All of you have been liberated from Ravan. You can never receive happiness from Ravan. At this time, all are in the *jail* of Ravan. It would not be said that you are in the *jail* of Rama. Rama comes to liberate you from the *jail* of Ravan. They create a Ravan with 10 heads. They have shown him with 20 arms. The Father has explained that five vices are of the male and five vices of the female. That is called the kingdom of Ravan or the kingdom of Maya in the form of five vices. It would not be said: This one has a lot of Maya (wealth), or that he has the intoxication of Maya. No; wealth is not Maya. Wealth is called prosperity. You children receive a lot of prosperity etc. You don’t need to ask for anything because this is a study. Would one need to ask for anything in a study? Whatever the *teacher* teaches, the *student* would study that. The more you study, the more you will receive. There is no question of asking for anything. Purity is also needed in this. Look how much *value* even one word has. Multimillions. Recognise the Father and remember Him. The Father has given you recognition: Just as a soul is a point, in the same way, I am also a soul, a point. He is *ever* pure. He is the Ocean of Peace, Knowledge and Purity. There is praise of just the One. They all have their own *position*. They have made a play showing God in every particle. Those who have seen the play would know about this. Baba tells the Mahavir children: You may go anywhere. You should just see everything as detached observers. You children are now establishing the kingdom of Rama and finishing the kingdom of Ravan. This is something unlimited. They have created limited stories. You are the Shiv Shakti Army. Shiva is the *Almighty*. You are the Army of Shiva who take power from Shiva. Those people have then given the name ‘Shiv Sena’ (Political party). What should your name be? You have been named: Prajapita Brahma Kumars and Kumaris. All are the children of Shiva. Souls of the whole world are His children. You receive power from Shiva. Shiv Baba teaches you knowledge through which you receive so much power that you rule the whole world for half the cycle. Yours is the power of yoga and theirs is physical power. The ancient Raj Yoga of Bharat has been remembered. People want to learn the ancient yoga of Bharat through which *Paradise* was established. They say that so many years before *Christ* there was *Paradise*. How was that created? With yoga. You are the sannyasis who belong to the family path. Those people leave their homes and families and go into the *jungles*. According to the *drama*, each one has received his own *part*. Such a tiny soul has such a big *part*. This can only be called nature. The Father is *ever* powerful and *golden aged*. You are now receiving power from Him. This *drama* has been created. It isn’t that He is brighter than a thousand suns. Whatever their devotional feelings for God are, that is the vision with which they see Him. Their eyes become red. “Stop it! I cannot tolerate it any more.” The Father says: All of those are the sanskars of the path of devotion. This is *knowledge* which you have to study. The Father is also the *Teacher*. He is teaching you. He tells us: You have to become satopradhan from tamopradhan. Baba has explained: *Hear no evil....* People don’t know who said this. Previously, they used to show an image of monkeys. Now, they continue to show this in an image of human beings. Baba had a photo made of daughter Nalini. People have so much intoxication of devotion. It is the kingdom of devotion. It is now becoming the kingdom of knowledge; there is a difference. You children know that there truly is a lot of happiness through knowledge. Then, on the path of devotion, you continue to come down the ladder. We first go to the golden age and then we come down like a louse. In 1250 years, we become only two degrees less. There is the example of the moon. The moon is eclipsed. The degrees continue to decrease and then, gradually, they increase and become 16 celestial degrees full. That is a temporary matter. This is an unlimited matter. At this time, there are the omens of Rahu over everyone. The highest omens are those of Jupiter. The lowest omens are the omens of Rahu, and they make you completely bankrupt. We climb up with the omens of Jupiter. Those people do not know the unlimited Father. There are now the omens of Rahu over everyone. Only you know this; no one else knows. It is the omens of Rahu that make you *insolvent*. You become *solvent* with the omens of Jupiter. Bharat was so *solvent*. There was just the one Bharat. In the golden age there is the kingdom of Rama, the pure kingdom that is praised. Those of the impure kingdom sing: “We are without virtues, we do not have any virtues.” They have established an organisation that is called “Nirgun” (Without Virtue). In fact, the whole world is an organisation without virtues. It is not a question of just one. Children are always said to be great souls. You then say that they don’t have any virtues. It is everyone in the whole world who are experiencing the omens of Rahu because they have no virtues. The Father now says: Make a donation and the omens of the eclipse can be removed.

Everyone now has to return home. Each of you has to renounce your body and all bodily religions. Have the faith that you are a soul. You now have to return home. Because of not being pure, no one can return home. The Father is now showing you the way to become pure. Remember the unlimited Father. Some say: “Baba, we forget.” The Father says: Sweet children, if you forget the Purifier Father, how would you become pure? Just think about what you are saying! Even animals would never say that they forget their father. What are you saying? I am your unlimited Father. You have come to claim your unlimited inheritance. Only when the incorporeal Father comes into the corporeal can He teach. The Father has now entered this one. Together we are BapDada. The souls of both are in the centre of this forehead. When you say “BapDada” there must definitely be both souls: Shiv Baba and the Brahma soul. All of you have become Prajapita Brahma Kumars and Kumaris. You receive *knowledge* and so you know that you are brothers. Then, you become brothers and sisters through Prajapita Brahma. This remembrance has to be very firm. However, Baba sees that there is the pull of name and form even between brother and sister. Many have sinful thoughts. It is because you see the body that you have sinful thoughts. The Father now says: Consider yourself to be a soul and look at others with the vision of brotherhood. All souls are *brothers*. If they are *brothers*, there definitely has to be the Father. Everyone has the one Father. Everyone remembers the Father. The Father now says: If you want to become satopradhan, constantly remember Me alone. The more you remember Me, the more rust will be removed, the mercury of happiness will then rise and you will feel that pull, numberwise, according to the effort you make. Achcha.

To the sweetest, beloved, long-lost and now-found children, love, remembrance and *good morning* from the Mother, the Father, BapDada. The spiritual Father says namaste to the spiritual children.

Essence for dharna:

1. Pay full attention to the study and make yourself prosperous. Do not ask for anything. Become multimillionaires by having remembrance of the one Father and by imbibing purity.
2. In order to be liberated from the omens of Rahu, donate the vices. *Hear no evil....* Remove from your intellect the things through which you came down the ladder and became without virtue.

Blessing: May you constantly experience closeness with the flight of love become an image of love. BapDada’s love is merged in all the children and you are all flying ahead with the power of love. The flight of love brings you closer to the Father with your body, mind and heart. Although you are all numberwise in knowledge, yoga and dharna according to your capacity, everyone is *number one* in love. This love is the main basis for Brahmin life. “To love” means to stay close, to *pass* and to *pass* every adverse situation very easily.

Slogan: Merge the Father in your eyes and you will be saved from Maya’s eyes.

* * * O M S H A N T I * * *
