02-02-2013:

Blessing: May you be a special soul who receives the fruit in the form of contentment with the seed of speciality.

In this special age, the most elevated fruit grown from the seed of speciality is contentment. To remain content and to make everyone content is the sign of a special soul. Therefore, give the water of all powers to the seed, that is, the blessing of speciality and the seed will then become fruitful. Otherwise, from time to time, the fully grown tree will shake in the storms that come and break. That is, there won't be zeal, enthusiasm, happiness or spiritual intoxication for moving forward. So, make the powerful seed fruitful using the right method.

02-02-2013:

Essence: Sweet children, the Father's direction is: Become introverted. You mustn't speak bitter words or spread peacelessness. Don't cause sorrow to anyone.

Question: What method does the Father show you to make the world full of peace and happiness?

Answer: Children, it is the evil spirits of lust, anger etc. that have made the world poverty-stricken. It is through these that even the urns that were full of jewels and diamonds have become empty. The whole world has become poverty-stricken. These five vices, which are present in everyone at this time, are your enemies. There has been so much damage since they came into existence. The Father shows you the way to remove them: Children, become introverted. Only with remembrance of the Almighty Authority Father can you conquer these evil spirits. When you gain victory over these evil spirits, the world will become full of happiness and peace.

Essence for dharna:

1. Become introverted, check yourself and chase away the evil spirits that are within you. Don't become extroverted. Remain peaceful.
2. Let your lips speak sweet words. Let only jewels emerge through them. Don't speak bitter words. Forget everything including your body.

Blessing: May you be a special soul who receives the fruit in the form of contentment with the seed of speciality.

In this special age, the most elevated fruit grown from the seed of speciality is contentment. To remain content and to make everyone content is the sign of a special soul. Otherwise, from time to time, the fully grown tree will shake in the storms that come and break. That is, there won't be zeal, enthusiasm, happiness or spiritual intoxication for moving forward. So, make the powerful seed fruitful using the right method.

Slogan: To distribute the holy food (prasad) of experience and make the powerless powerful is the greatest charity.
