Success

Success means to reach such a constant level of positive thoughts that pure actions happen naturally. Pure actions are like good seeds which, when planted, produce healthy, sweet fruit. 'As you sow, so shall you reap.' Concern for the quality of my actions today ensures the Success of my tomorrow.

The Method Of Realizing Your Purpose (Part 2)

A question that can help you to find the purpose for your self is: **when you feel absolutely on top of the world, very much content and full of enthusiasm, what is there in you?** Who are you at that moment? What is the energy inside you at that time? What do you give to your surroundings and to others? This stage is something that you want to reach all the time and keep with you. Ask yourself that question. Visualize that moment, which at some time in life you must have experienced. If not, visualize what you would like to experience.

Second question to find your purpose related to the world: **What is it that you want to radiate to others? What is it that you want to give? That is, what do you want to devote yourself to?** This isn't limited to your job or a hobby or a sport for e.g., but rather applies to what you offer and radiate in the whole day, in relationships, with people through your thoughts, words and actions - in the family, at work, in the market, friends, acquaintances and even strangers.

To carry out this inner inquiry (in both the cases above) you need to go to its deepest part. What is your purpose? Not your purpose for this weekend you want to go for the club meeting or not, or that in the holidays you want to visit a hill station; all these are short term purposes. Your life purpose refers to what it is that you really want to reach. If you clarify it, it will help you to make decisions with clarity and determination in your life.

Respect

Respect is never catching anyone out, never pulling at their shortcomings, so that they become a target for laughter.

It means watching and nurturing strength and it is based on the awareness that everyone has value, because everyone is unique.

It rests also on humility, because humility knows that what's visible in a fool is only a chapter in their whole story.

Message for the day

To have the awareness of being God's instrument is to bring about a positive change.

Expression: When there is the awareness of being an instrument of God, there would be the desire to do the best and be the best. So each and every thing I do would be for the improvement for the self. Due to this there would be divinity and speciality seen in every thing that is done. This would also bring the awareness of all the resources and they would also be used in a worthwhile way.

Experience: When I am aware of my own role and what I contribute through my specialities, I recognize the fact that I am a beautiful instrument of God. This awareness naturally helps me be in my state of self-respect under all circumstances. I find myself giving my best and making myself more and more beautiful within. So I find that I am able to bring about a positive change with great ease.
