

Synopsis: Sakar Murli November 15, 2014

1. Student life is the best. The Lord and Master (Moula) is teaching you. You have spiritual intoxication (Moulaai masti) and are the ones intoxicated with the Lord and Master (Moula ke mastane). This is the most elevated examination of all examinations and the most elevated study of all studies.
2. You should remember the three tasks of establishment, destruction and sustenance because they take place simultaneously. You are now carrying out the task of construction as you are establishing the pure, new world. Yoga is very essential for that. Cycle after cycle, the Father says: O children, remember Me alone. Remember the Father, the Almighty Authority. By remembering Him, your souls will become pure. When you have become pure, this impure world will definitely be destroyed.
3. Power is needed for everything. This is Godly might and it is called the might of the power of yoga. This is spiritual might. It was Shiv Baba who created Brahma. By remembering Shiv Baba, you can become like the deities.
4. The Father says: I am the Servant of you children. Children also say: We too are servants. You have to benefit each and every brother and sister. The Father benefits you and you then have to benefit others. You have to explain to everyone: Remember the Father and your sins will be cut away. The more you give this message to many others, the greater a messenger you become.
5. Those who have true hearts claim a scholarship. The Father explains: It is because of body consciousness that you become like salt water; those who have clean hearts climb into Baba's heart. By not following shrimat and by moving along with body consciousness, you will be hurt very badly. You should check: Is my behaviour divine or devilish?

Slogan: Contentment is the greatest virtue. Those who remain constantly content are loved by God, loved by people and loved by themselves. (Prabhu priy, lok priy, swayam priy)

Points to churn from the slogan:

“I have to remain content and make everyone content”...we, the souls, the constantly happy idols of contentment, keep this slogan constantly written on the board of our forehead, bring it in our awareness every morning at amritvela, claim the certificate of the future kingdom and attain the throne...

We are master bestowers of happiness, master bestowers of peace and master bestowers of knowledge, ever ready all-round servers...by being full of all treasures, we are content...by being content, we make others content and equal to ourselves...

I belong to the One Father and none other...whenever we have any thoughts, we offer them to the One up above and become free from any thoughts... with our pure feelings we have pure thoughts that get fulfilled with a constant and stable stage that has pure thoughts... whenever there is an upheaval in the atmosphere, we do not come into upheaval ourselves, but make it powerful with our pure and positive thoughts... we are constantly co-operative and contented, remaining busy in self-progress and progress in service...

We are raazyukt (knowers of all secrets), yuktiyukt and praiseworthy...while doing our worldly work, living with our family and fulfilling our responsibilities to our relatives and contacts, we make everyone content through our unlimited intellect...we know the secrets of a Godly income and so put aside a special share...we are children who belong to the One, who are economical and free from attractions and temptations, and who use all treasures, time, powers and physical wealth economically and generously for a spiritual task... we are loved by God and all...
