

Synopsis: Sakar Murli November 21, 2014

1. The Father is the **Almighty Authority**, the One who gives happiness. The Father is the Magician and so you children too become magicians. You consider Him to be the Father and also the Child. You say: Our Baba is also our Child. He says: Sweetest children, follow the father. There are the incognito mother and Father. The mother is incognito; the father can be seen.
2. The Father is giving you knowledge here, and He is called the **Ocean of Knowledge**. You have to become pure either through the power of yoga or by experiencing punishment. Everyone's karmic accounts definitely have to be settled. The Father says: There are just the two terms: Manmanabhav and madhyajibhav. You recognize the unlimited Father. That unlimited Father is the One who gives you unlimited knowledge. Consider yourself to be a soul. Forget all the religions of the body. Remember the Father and you will definitely also remember your inheritance. You receive the sovereignty of the world.
3. The Father says: I live up above. I only relate the things of Manmanabhav and explain the secrets of the world cycle which this one doesn't know. Brahma explains his own experience separately; I do not become involved in those things. My part is just to show you the path. I am the Father, Teacher and Guru. I have come to take you back. "The procession of Shiva" is remembered. It is not the procession of Shankar. All of them are devotees and I alone am God.
4. You children are spinners of the discus of self-realization and lucky stars. Those who are fortunate are said to be lucky. It is only the Father who now makes you fortunate. However lucky someone wants to become, he can become that. Each of you can become as wealthy as you want. The Father says: You can receive whatever you want by making effort. You also definitely have to keep your chart of remembrance because you definitely have to become satopradhan from tamopradhan.

Slogan: Sit in the swings of love (muhabbat) and then labouring (mehnat) will automatically finish.

Points to churn from the slogan:

By belonging to the Father, by being lost in the love of the Father, by being absorbed and merged in the love of the Father, we, the souls, become fortunate, prosperous, have happy faces, and swing on the swing of love... our attitude towards each soul is with pure feelings and good wishes...we see everyone in an angelic form through our vision and give and receive happiness through our deeds...

By receiving three divine sustenances from BapDada at the same time in the confluence age, we, the blessed souls, have the fortune of happiness and finish the words “labour” and “difficult”...in the relationship of the Father, we are sustained with the awareness of the inheritance... in the relationship of the Teacher, we are sustained with teachings...in the relationship of the Satguru, we are sustained with the experience of blessings and continue to experience an easy and elevated life...

With the great mantra of Manmanabhav, and by following shrimat, we, the Brahmins of the confluence age, become the most elevated beings following the highest code of conduct... by considering ourselves to be elevated souls, few out of multi millions, deity souls, great souls, special actors, we maintain pure feelings...by not having any impure feelings, we are saved from the illness of any “flu”, that is, saved from labouring...by constantly experiencing ourselves to be sustained by blessings, we attain success in service and become the images of success..

By remaining within the Godly codes of conduct, we are saved from the tamoguni atmosphere and vibrations...by taking every step according to the maryadas (codes of conduct) we are saved from labouring...by leading our lives according to the maryadas from amritvela till night, we become the most elevated human beings, who follow the highest codes of conduct (maryada purushottam)...
