

Synopsis: Sakar Murli November 19, 2014

1. The unlimited Father, the **Ocean of Knowledge**, comes and teaches us through Brahma's body. He doesn't make a sound from up above. There is no question of power or inspirations. The Shiva whom you used to worship yesterday is today teaching you. You have to learn from Shiv Baba and then teach others. Father shows son.
2. Bap and Dada are both together. You should understand who is giving you these directions. Baba is the senior Baba and this is why Baba says: Always think that Shiv Baba is explaining to you. The One who gives you shrimat has now become present here. His directions are God's directions. If you receive wrong directions from Brama, then I am sitting here to rectify that.
3. The more honesty you have, the more protected you will be. The more you follow shrimat, the more inheritance you will claim. Sinful souls go and bow down in front of the charitable souls.
4. The happiness of the golden age is only in the fortune of Bharat. Those who become residents of heaven are said to have passed with good marks and those who become residents of the silver age are considered to have failed. Whatever happens is the destiny of the drama.
5. The Father says: Definitely study! There are evil spirits in everyone. Until you reach your karmateet stage, the criminal eye won't leave you alone. The greatest enemy is lust. You mustn't remember any bodily beings; no one except Shiv Baba.
6. The Father says: Write your chart honestly. One should tell the truth. Otherwise, there will be a lot of punishment. A lot of punishment is also received in the jail of a womb. They cry out in distress that they will not perform such actions any more. It is like when someone is being beaten; he continues to ask for forgiveness.

Slogan: Those who are full of all attainments (praapti) are always happy, cheerful and have the fortune of happiness. (harshit, sukhi and khushnaseeb)

Points to churn from the slogan:

We, the souls, are special, virtuous, great and master almighty authorities...by keeping this spiritual intoxication with soul consciousness, we sit on our seat of self respect and experience being constantly happy, constantly elevated, and being the constant embodiments of all attainments...

We are easy effort-makers...we constantly keep all attainments emerged in front of us, fly in the flying stage, and overcome problems as big as the Himalayas within one second ...with the eyes of experience of the intellect, we clearly see the reward of the present and the future, and accumulate an income of multi millions at every step...

We are full of zeal and enthusiasm, and remember both, the Father, the Bestower of Fortune, and our fortune, and make others fortunate...we are the generous hearted great donors, the children of the Bestower, who distribute our fortune and enable others to receive attainments...

By having faith in the Father deep within the heart we receive all attainments, and by studying this elevated knowledge for one birth, we attain a kingdom for 21 births.....

We are maharathis with success of powers, who look at the line of fortune and the jewel sparkling in the middle of everyone's forehead... from the vibration of their thoughts and with the power of silence, we can see their spirituality from a distance...we are soul conscious while walking and moving around, and experience all attainments with spiritual intoxication...we are the embodiments of all attainments who finish all name and trace of sorrow and peacelessness with spiritual intoxication and are always happy, cheerful and have the fortune of happiness ...
