

## Synopsis: Happy Satguruvar: Sakar Murli January 08, 2015

1. Baba is the **Wonder of the World** and He creates heaven which is also called Paradise. There is great praise of the Father and His creation. The Highest on High is God. He is the **Beautiful Traveller**. The Supreme Soul comes here to make everyone beautiful. He is a beautiful **Bridegroom**.
2. Souls have become impure and so the one eternal **Surgeon** gives you medicine. He is always the Surgeon; He never falls ill Himself. Everyone else becomes ill. The eternal Surgeon only comes once at this age and gives you the injection of "Manmanabhav".
3. This knowledge is wonderful! There is only one subject, it is simply "Manmanabhav and Madhyajibhav". It is Alpha and beta, knowledge and yoga. You will become completely virtuous, 16 celestial degrees full, full of all virtues. This is the highest status of a human being. *At present you have a Godly status.*
4. Clouds are above the ocean, and the Father of the clouds is the ocean. The shower of rain is only for the clouds that are with the Ocean. Those clouds fill themselves with water and then rain. You also come to the Ocean in order to fill yourselves. You children of the Ocean are clouds anyway and this is why you are able to absorb this sweet water.
5. Those who rain a lot now become the kings and queens; the others become poor. You are now being filled with this knowledge, but your effort lies in having remembrance. It takes great effort to finish the body consciousness of many births and become soul conscious. Although it is very easy to speak about, this it takes effort to consider yourself to be a soul and to remember the Father in the form of a point.
6. The Father says: Scarcely anyone remembers Me as I am and who I am. As is the Father, so His children. If you know yourself as you are, you will also know the Father as He is.
7. There are many children of Prajapita Brahma. We do service with our minds, bodies and wealth. We Brahmins keep this yagya going with our own earnings. *We cannot use the money of shudras.*

Slogan: A treasure of elevated thoughts is the basis of an elevated reward (shreshth praalabdh) and Brahmin life.

Points to churn from the slogan:

We, the souls, are easy effort-makers...we constantly keep all attainments emerged in front of us, fly in the flying stage, and overcome problems as big as the Himalayas within one second ...with the eyes of experience of the intellect, we clearly see the reward of the present and the future, and accumulate an income of multi millions at every step...

We are mahavirs, the embodiments of success, from whose lips only that which is destined to happen, emerge...we are master almighty authorities who finish accounts of sin and accounts of wastage... we are great donors (mahadani), bestowers of blessings (vardaani) and world benefactors (vishv kalyani)...we take souls beyond with just a glance ...we see a clear vision of our actions, of our reward and of praise and worship in the mirror of our activities...

We are the spiritual victorious army on the battle field of Kurukshetra, playing our parts on the field of action in the eternal drama that has no beginning and no end...by having the knowledge of the seed and the Kalpa Tree, we earn a huge true income and enjoy the reward in the land of Truth...we are the valuable star cut diamonds who claim a right to the unlimited inheritance...

We are the Brahmins of the confluence age claiming rights...we fill this effort-making life with sanskars of the household path and experience the reward of the combined form of Shri Laxmi and Shri Narayan...

In this play of forgetting and not forgetting, we receive our reward according to our effort ...by forgetting the knowledge we go in the stage of descent, and by knowing the knowledge we go in the stage of ascent, receive liberation-in-life in one second, and become the masters of paradise for 21 births...
