

## Synopsis: Sakar Murli February 21, 2015

1. Shiva is called the **Supreme Soul**; Shankar is called a deity. They have combined Shiva and Shankar. The Father says: I have entered this one. You children say: **BapDada**. They say: **Shiv-Shankar**. The **Ocean of Knowledge** is only one. You now know that Brahma becomes Vishnu through knowledge. The picture is also created accurately. Vishnu emerged from the navel of Brahma.
2. Knowledge, devotion and then disinterest; (**gyan, bhakti vairaagya**). You renounce the whole world with your intellects. The main task of you Raja Yogi children is to study and to teach (**padhna aur padhaana**). The Brahma Kumars and Kumaris, who are studying with Shiv Baba, teach everyone. One Shiv Baba cannot just sit and teach everyone. So this is the Pandava Government. You are under God's directions.
3. The Father says: Conquer attachment! Donate the five vices and omens will go away. Become Mine and I will fulfil all your desires. This land of sorrow is to be set ablaze. There is now only a little time left. If you become busy on the pilgrimage of remembrance, your sins will be absolved and you will attain a high status.
4. Here, it is a matter of dying alive. The Father adopts you. Adoption definitely takes place in order to give an inheritance. You know that the Father has adopted you to give you an unlimited inheritance.
5. The Father repeatedly makes this firm in you: Don't become trapped in Maya. Otherwise, you will cross out your fortune. Only the Father can ask you: Have we met before? No one else would even have the wisdom to ask. The Father says: I have to come in order to speak the Gita again. I also have to come to free you from Ravan's jail. The unlimited Father explains matters of the unlimited.
6. The Father teaches the highest study in two words: **Alpha** and beta. By remembering Alpha and beta, the sovereignty becomes yours. You continue to study and, finally, the Father says: Manmanabhav! Then the consciousness of the body breaks. If you have instilled the habit of "Manmanabhav" then, at the end, you will remember the Father and the inheritance. **This is the main thing.** It is so easy!

Slogan: Move forward with one step of courage (himmat ka ek kadam) and the Father will take a thousand steps (hazaar kadam) towards you to help you.

Points to churn from the slogan:

We, the elevated multimillion times fortunate souls, the living chatraks, are the extremely loving long-lost and now found children who have come to celebrate a meeting...we are the lucky stars, the beings of light who dispel darkness worthy of salutations, the masters of the world and the masters of Brahmand...we make double effort with zeal, enthusiasm and courage... we are especially merged in BapDada's eyes, constantly experience His company and closeness, and with special love and co-operation from the Father, take a high jump, move fast and come first....

We are the most fortunate souls in the whole world, with a right to claim the fortune of a kingdom... we are courageous and enterprising...by making full effort we conquer Maya, create tactics to remain pure, and remain as pure as a lotus flower while living in a household...by following shrimat we attain happiness and give happiness to others through our behaviour, activities and faces...we remain very sweet while interacting with one another and do not get trapped in familiarity...

By taking one step of courage, we get a thousand steps of help from the Father... we make effort for the self with a big heart and also inspire others ...we remember the Father with an honest heart in all relationships, become images of experience and get close to the destination of attainment by being double light...instead of being weak, delicate and full of mischief, (naazyukt), we become raazyukt (those who understand all the secrets), yogyukt (those having accurate yoga) and yuktiyukt ( those acting with wisdom)...we are the powerful karmayogis and easy yogis who use all powers as weapons, and who sacrifice and offer the great sacrifice of all weaknesses in a second... we challenge maya and become the conquerors of the mind, the conquerors of maya, the conquerors of the five elements, and the conquerors of the world (manjeet, mayajeet, prakritijeet, jagatjeet)..
