

## Synopsis: Sakar Murli February 04, 2015

1. The Father is the **World Almighty Authority**. You receive strength from Him. You receive all the knowledge of the Vedas and scriptures and of the beginning, the middle and the end of the world. Just as the Father is the Almighty, so you too become almighty; you rule the world. No one can snatch that away from you. You receive so much power from Me. The more you remember the Father, the more power you receive. By understanding the **Seed**, you can understand how the whole tree emerges from it. *It is in your intellects in a nutshell.* These matters are unique.
2. You are sitting in the company of the **Truth**. Only at the confluence of every cycle do you children sit in this gathering of the Truth. Satsangs can only take place on the path of knowledge. Nowhere else do souls sit in the company of the Supreme Father, the Supreme Soul. No one, but you Brahmins, has the company of the Truth. You are the children of Prajapita Brahma and you are the grandchildren of the Grandfather.
3. The Father has great love for the children who have honest hearts. **The Lord is pleased with an honest heart.** Those who are honest internally and externally and who remain busy doing service are very much loved by the Father. They are Baba's true helpers. Ask your own heart: Am I really doing true service? Do I remain in the company of the true Baba? Continue to show the path to many others and you will claim a high status.
4. This is your student life. Your aim and objective is standing in front of you. You are given this dose of the nectar of knowledge. Keep this knowledge in your intellects whilst sitting, walking and move around.
5. You souls know that you have to remember Baba and have His company. Remembrance is also called company. This is the company of the Truth. The Father says: I only come once. Now, because you souls have the company of the Supreme Soul, you are able to go across for 21 births. You know that you become 16 celestial degrees full, and that, as you then come down the ladder, your degrees decrease. *Devotion is at first unadulterated.*

Blessing: May you be a great donor with your mind (mansa mahadaani) and donate peace to all souls through the freedom (sw tantrata) of your mind.

Although those who are in bondage are dependent physically (par tantr), they are independent (sw tantr) in their minds and they can do the service of changing the atmosphere of the world with their attitude and pure thoughts. Nowadays, people in the world need peace of mind. A soul who is independent in the mind can spread vibrations of peace through the mind. When you stay in remembrance of the Father, the Ocean of Peace, rays of peace automatically spread. Those who donate peace in this way are the great donors who donate through their minds.

### Points to churn from the blessing:

We, the souls, serve through the mind accurately...we are unlimited servers who have good wishes with soul-conscious feelings, unlimited soul-conscious vision and an attitude of brotherhood...by having benevolent feelings for all, we bring about transformation and definitely receive the fruit.

By not seeing the expansion, but by looking at the essence and merging it in ourselves, we become double intense effort-makers...in this elevated life, we have received specialties as birthright...by using them for serving through our mind, through words and through deeds, we increase these specialties and receive multifold fruit from one seed...by sowing it in the land of service we experience its fruit in the form of success and become the embodiments of success...

We transform the atmosphere with our pure and benevolent and spiritual attitude and make it powerful...we are the embodiments of experience who give many desperate souls that are calling out, and who are wandering around without any destination, a drop of happiness, peace and power and blessings and thereby making them satisfied...we quench the thirst of the souls who have been thirsty for many births, show everyone the right destination, and give them the experience of bliss, power and peace...
