

On the incarnation of Shiva, give the Father the special gift of finishing all waste, pay special *attention* and experience for one month the stage of being free from obstacles.

Today, on the incarnation of Shiva, on Shiva Jayanti, congratulations, congratulations, congratulations to all the beloved children. Today, on this day, BapDada saw that, from the morning onwards, there was lots and lots of happiness in everyone's heart for the memorial of the incarnation of God. This is because together with the incarnation of the Father, you children have also taken divine birth. So, you children are congratulating the Father and BapDada is congratulating each one of you children one hundred-thousand fold for your divine birth. In each one's mind, all the memories of the confluence age from birth until now are merged in the heart. Today, all of you have such happiness in your intellects about the incarnation of Shiva. The Father is also very, very happy for the divine birth of the children. Wah long-lost and now-found, sweetest children! Wah! This is because along with the Father, it is also the alokik, divine and worthy-of-worship birth of you children. At this confluence age, you have also incarnated along with the Father, that is, by taking a new birth you have become instruments for the task of world benefit. Together with the Father, you children are also companions in every task. All of you have the zeal and enthusiasm that this world definitely has to be transformed. You have this enthusiasm in your hearts, do you not? Then, raise your hands! If you have enthusiasm, then raise your hands! Achcha.

BapDada saw that the *majority* of you children have a lot of happiness in knowing that your kingdom is coming: you know that your kingdom is just about to come. This Shiv Ratri gives all the children the happiness that it is the day of the Father's incarnation. So, today, everyone of you has the remembrance of Father Shiva merged in your mind. Our Baba has come! Our kingdom is about to come. On seeing the zeal and enthusiasm of children, BapDada is singing the song "Wah children! Wah!" The Father saw that the children who are specially engaged in service are singing the song day and night with happiness in their heart: Our kingdom is about to come. You know what the preparations are in order to go into that kingdom.

So, today, on Shiv Ratri, each one of you has to look at the *chart* of your heart: In order to go into our kingdom, how much perfection have I brought about in myself? This is because we have to go to the perfect kingdom where there is no name or trace of sorrow. So, do you see in your heart the sanskars of being constantly free from obstacles from now? Even before the obstacle comes, do I experience the stage of being free from obstacles? Now, BapDada is seeing in the children the speciality of being destroyers of obstacles and also wants to see it. Some children have the firm sanskar of being a constant obstacle-free companion of the Father. You have *attention*, but the meaning of *attention* is "*no tension*". You pay good attention to this aspect because it is only now when you instrument children become experienced in the stage that is free from obstacles that the *vibrations* of your being free from obstacles will reach the effort-making children.

So, today, BapDada was seeing how long you are able to maintain a stage that is free from obstacles. The *result* of some children, that is, of them paying *attention* was good. On this day of the incarnation of Shiva - the memorial is of the incarnation of Shiva - those children who keep the aim of being free from obstacles, BapDada is congratulating them on the day of the incarnation, and Dilaram, the Comforter of Hearts is also giving them love from His heart. In His heart, Baba is singing the song: Wah children! Wah! To pay *attention* means to have *no tension*. The sign of that is *A-tension: no tension*. So, today, BapDada was *checking* this. There are such children, but those who pay constant *attention* were fewer than what the Father wants. So, today, on this day of the incarnation, the Father now wants every child, according to his or her own efforts, to make a *note* for the self, whatever time you *fix* according to your own self: Did I remain free from obstacles for the duration of that time? This is because as you progress further, it will be necessary to pay *attention* to being free from obstacles. This is why BapDada now wants all you children from everywhere in the world to *fix* a time for yourself according to your own courage: I, the soul, can remain free from obstacles for this amount of time. By paying *attention*, you should see that for yourself. Is it easy or difficult to remain free from obstacles? Those who believe that it is easy by paying *attention*, raise your hands! Achcha. Raise your hands, but if you don't have that strength, then do not raise your hands. BapDada wants to see the *result* of one month. Just one month, Baba is not asking for more. And for those who want to remain free from obstacles in their thoughts for one month, not to even any waste thoughts,

they should *stop* as soon as you tell them to *stop*. Now, there is a need to pay *attention* to your thoughts. So, *check*: Did I remain free from obstacles in every thought? Not even to have any waste thoughts. Am I paying this much *attention* to my thought power? Thoughts are your own power, are they not? So, now, think of a *plan* to remain free from obstacles. *Check* yourself for one month: Did what I think, happen practically or not? This is because Maya is also listening to this.

No matter how much Maya there is of the atmosphere, the influence of the atmosphere should not be an obstacle to the pure thoughts in your mind: let there be success in this. *Check* yourself for 15 days: not to even have any waste thoughts. Do I always have the Father merged in my heart? Now, for some time, pay *attention* to this effort over your thoughts. Words and deeds are gross things, but even your thoughts should not be wasteful - it is necessary to *check* each and every thought. Although there are words and actions, when the power of your thoughts becomes *powerful*, there will be a difference in your words and deeds. Today, BapDada is drawing your *attention* to the thoughts in your mind. The instrument maharathis now have to pay *attention* to the power of the mind. Words and deeds will *automatically* be put right. So, today, BapDada is signaling the thoughts of your mind because unnecessary *waste thoughts* also take up your *time*. You have to save that time. Is it possible? If it is possible, raise your hands! Achcha. You have a lot of zeal and enthusiasm and so, well done for that! Now, put that zeal and enthusiasm into your deeds. You will *pass* in this too, because, you will keep the Father with you, will you not? Then, by having the Father's company, all waste will *automatically* finish.

So, today, BapDada, is drawing your *attention* to *waste thoughts* because a lot of *time* is *wasted* in this. You have to use your *time* for intense effort. So, today, BapDada is drawing your *attention* to waste because children say: We don't have any bad thoughts, do we? We do have these little waste thoughts, but these can deceive you at any time. Therefore, now reduce the waste. So, thoughts, words, and deeds (relationships and connections): *check* yourself in all of these - How much is *waste* and how much is *best*? This is because on this Shiv Ratri, you will give a gift to the Father, will you not? Will you give it? Raise your hands! So, BapDada wants the gift that you finish all waste. Pay *attention*! You do pay *attention* to overcome anything bad, but you now also have to pay *attention* to waste because a lot of time is *wasted* in anything wasteful. So, on this day, in relation to Shiv Jayanti, BapDada is giving you the *homework* of paying *attention* to the waste. You like it, do you not? Do you like it? Then raise your hands! If you like it, then all of you will *pass*. If you like something, then whatever you like, you would do it with your heart. So, congratulations, congratulations, congratulations.

You don't find this to be hard work, do you? By paying *attention*, your effort reduces. Try it and see. You will all *pass*. When Baba asks for the *result* after one month, the *majority* of you will have *passed*. This is possible, is it not? Is it? Then, raise your hands! All of you are raising your hands. So, BapDada says: Wah children! Wah! With the aim, you will easily and naturally develop the qualifications. Achcha.

BapDada will give a prize to each and every child for your intense effort. Do you like it? Achcha. On this day, it is the day of Shiv Ratri, so there are special congratulations for this day and there is also love from the heart. Today, BapDada saw that there are many *double foreigners*. Stand up! Let us see how many there are. Look. Wah, wah, wah! BapDada is pleased. You are paying good *attention*. BapDada is giving blessings from His heart. These blessings are also for the people of Bharat. Nowadays, it is the *season* of those from abroad, and the children have come from many directions. BapDada is seeing that you have come from many countries. **(1200 double foreigners have come from 80 countries.)** All of you are *doubly* happy, are you not? Happy both with your body and your mind? It is good. All of you have *attention* on service. You can increase service as much as possible because anything can happen suddenly. Therefore, continue to increase service, because your kingdom is to come, is it not? You will rule in your own kingdom, will you not? As much as possible, at least give souls the Father's introduction. The Father comes and goes away and yet the children are not even aware! So, as much as possible, definitely give the message. Otherwise, there would be repentance: the Father came, we were even told about it, but we didn't go there. You just continue to increase your task of giving the message. No one should complain: We were living near you, we were living in this street and, in spite of that, we didn't know. It is good. The *result* of the *foreigners* is good. You have love for Madhuban. You were told earlier too, that it was only after you

did service that BapDada became known as the World Server. You were also told earlier that, as much as possible, wherever anyone still remains, they should at least receive the message that our Father has come. Whether they follow or not is up to them, but from your side, they should at least receive the message. Then, they would repent, but, at least, they should know. Even so, the *result* is good. Very good. Wherever you have come from, having made that effort, you will receive the fruit of that effort and it is also accumulated. Very good! Sit down! *Double foreigners*, consider what your *title* is! *Double foreigners* may never forget that they are *double* foreigners.

It is the turn of Rajasthan Zone (5000 brothers and sisters have come from Rajasthan. In total, there are 20,000). BapDada has seen that because each *zone* has the *duty*, the *result* is good. That *zone* pays special *attention*. The *result* of the *majority* is good. What do you think? The *result* is good, is it not? It is very good that every *zone* gets this chance, and so it is co-operative in service very well and also the *zone* receives a special chance. The *attention* of the Dadis is also drawn to the *zone*. This feels good, does it not? Raise your hands!

Many have come for the first time: So, those who have come for the first time have to claim the first *number*, because you have to make up for all the time that you have *missed*. Therefore, become intense effort makers, not slack, but intense effort-makers. Do you agree? Intense effort-makers.

Dadi Ratanmohiniji received the doctorate degree: This is an honour for the organisation and shows that the Brahma Kumaris can do everything. Otherwise, they think: We don't know what the Brahma Kumaris are doing. From this, they can understand that you are *all round* and reach everywhere. Achcha.

(**Dadi Janki:** Wonderful Baba, it is Your wonder that you pull everyone's heart.) He is Dilaram, the Comforter of Hearts. The heart has reached Dilaram Baba. (How will everyone come to know about this?) They will find out. Those who still remain are beginning to find out. Now, with zeal and enthusiasm, enable the message to reach all the places that still remain. You can make it happen. Baba is inspiring it. The Father will even now continue to make it happen. Where will they go? (There are problems with the body.) It doesn't matter. Baba is an instrument to make the children move forward because the children have to face everything. Even so, He has to do everything through the children.

Mohiniben gave greetings to BapDada: One hundred, thousand-fold congratulations to you.

Rameshbhai gave a card to Baba: Thousand fold, multimillion-fold congratulations.

To brother Brijmohan: You do pay *attention* and you continue to move forward.

To Bhopalbhai: Are you OK? Very good.

All the cards that were sent to Baba were shown to BapDada. (Cards from Russia and Naliniben were shown to BapDada.) Tell them that BapDada saw the cards. Send them fruits and *toli*.

Senior sisters from abroad: Now, the maharathis from this land and abroad have come together. This feels like a good gathering, does it not? (All countries should get together and do some service.) You are making effort and doing service and you also have success. BapDada is pleased, whether it is those from this land or abroad. You are making effort and the fruit of your efforts is emerging. Therefore, congratulations, congratulations. You are the instruments. BapDada gives you power, but, in front of the world, it is you children who have to do everything.

A doctor came from Coimbatore: Now, you are a *double doctor*. You have to become a *double doctor*, not a *single doctor*. Is this firm? Are you sure? It is good. Continue to move forward. Continue to move forward in service. You have a ready-made means of giving the message. Do a lot of service. You will do it. It is good.

BapDada personally hoisted the flag for the 78th Shiva Jayanti:

Everyone's heart is saying the same words: Wah Shiva Jayanti! Wah! Wah Shiv Baba! Wah!
