

Beloved Avyakt BapDada, the Mother and Father's deeply loving instrument teachers, the ones who constantly remain absorbed in the experience of the avyakt meeting through their avyakt form, ones who are seated on the throne of self-sovereignty and also the throne of BapDada's heart, all the jewels of Baba's eyes in this land and abroad, ones who experience the destination of completion and perfection to be closed with constant zeal and enthusiasm, all brothers and sisters who are the decoration of the Brahmin clan, please accept sweet love-filled Godly love and remembrance.

Today was the third turn of celebrating a meeting with our beloved Avyakt BapDada. For serving this group, a large number of brothers and sisters have come from Uttar Pradesh, Benares and West Nepal. In this group, there is a gathering of about 18,000 brothers and sisters from this land and abroad. Just as Avyakt BapDada sustained us for so long through our sweet Dadi Gulzarji, similarly, BapDada residing in the subtle region is also now giving beautiful alokik experiences from the subtle region to His children. From early morning, everyone remained introverted and were celebrating the avyakt meeting through their avyakt stage. In the evening everyone gathered in the Diamond Hall with that same enthusiasm. The atmosphere was very powerful. It felt as though Baba's love is merged in each one's heart. Everyone also remembers Dadiji and the through the elevated versions that are heard through the video, it feels as though BapDada has come to meet His children in the physical form. All old and new brothers and sisters are merged in the ocean of experience with that same wave. Having applied a brake to their thoughts, all of Baba's children are watching this unique scene of the drama, while just singing, "wah Baba, wah!" They are all singing the song, "Your divine games are unique, God!" In the evening, after hearing the class on having an avyakt meeting, bhog was offered to our beloved Baba. After hearing the elevated versions, everyone received toli filled with Baba's love and all Dadis and senior brothers shared their good wishes and blessings.

The elevated versions of Beloved BapDada that we heard are being sent to you. Refresh everyone with these. Achcha. Lots and lots of love and remembrance to all.

***Check your result of self-sovereignty and change yourself and claim a right to the constant and unbroken (akhand) kingdom.***

Today, the Father, the Comforter of Hearts, has come to meet His raj-dulare (very loving, royal) children. Why are you the loved ones? Do you know that each one of you is a master of three thrones? One is the throne of self-sovereignty, the second is BapDada's heart-throne and the third is the future throne. You have a right to all three thrones. You are also practising here for your future throne. You are making preparations and effort for the future now. The effort of the present time will enable you to claim your fortune of the kingdom for many births. You are imbibing your sanskars for the fortune of the kingdom at this time because the effort of the present time enables you to claim a right to the future kingdom. So, *check* whether your effort at the present time is accurate. In the future, there will be one kingdom; so, *check* now whether you have one kingdom in your mind. Do you have one kingdom in your effort? Or, does Maya create obstacles in the kingdom? Instead of having one kingdom, there isn't the influence of Maya, is there? There aren't two kingdoms, are there? The speciality of the future is of one kingdom. So, the practice of the present time continues in the future. So *check* whether you have self-sovereignty at the present time. Maya doesn't interfere in your self-sovereignty, does she? There aren't two kingdoms, are there? If there are two kingdoms, then, when will you fill yourself with the sanskars of one kingdom? The speciality of the future is of one kingdom and one religion. What religion is it? What is your special dharna? Complete purity. So, *check* whether there is one religion. The other religion of impurity does not interfere in between, does it? As well as this, also *check* that the law and order is of one. Or, does Maya interfere in between? Is the kingdom of one continuing without any obstacles? Another thing, in that kingdom, you have happiness and peace constantly and *naturally*; so, *check* whether you have constant happiness and peace in your kingdom.

There isn't any interference, is there? Maya is not interfering in your self-sovereignty and spreading peacelessness, is she? Maya is not creating any influence for any *salvation* or praise in your self-sovereignty, is she? Do you constantly have happiness, peace, bliss, love and supersensuous joy? You know that you have all attainments and perfection in your future kingdom and that, because of this, there is also contentment. So even now, are you complete with self-sovereignty or is there something lacking? If there is something lacking in the effort made at the present time, then how would you claim a right to the future constant and unbroken kingdom? Everything depends on the effort of the present time. If there is anything lacking at the present time, you cannot become one who has a right to the perfect kingdom of the future. The practice of self-sovereignty over a long period of time will enable you to claim a right to the future kingdom. So, let this *checking* take place constantly because if you don't make effort over a long period of time now, you will receive very little reward. This is why from time to time BapDada is drawing your *attention* for you to make yourself full and perfect for this from now. If, every now and then, you say that your effort is continuing, but that you keep using the word "toh" (in any case) in between in your effort – "In any case, this will happen; in any case, I will do this" – this sanskar will not enable you to claim a right to the constant and unbroken kingdom for 21 births.

BapDada is drawing your *attention* for all time. *Check* that if any obstacle comes, if any storm comes, then that storm (toofan) becomes a gift (tohfā). The storm should not remain a storm but it should become a gift. When Maya wages war, she is giving you an experience. So, see that experience as a ladder of experience that is enabling you to move forward. For this, BapDada says: Constantly *check* your own *chart*. To the extent that you *check* your *chart*, accordingly you will then *change* yourself after *checking*. So, does each one of you *check* your own *chart*? Do you? Those of you who *check* your *chart* every day, raise your hands! Those who check it every day, not those who check it only sometimes? *Check* your *chart* every day and *change* it, because BapDada has been signalling you about the time for a long time. You can see the time – worry (chinta) is increasing in the minds of people whereas you do not have any worry in your minds, but you have instead Prabhu chintan (thoughts of God). Because of having thoughts of God in your minds, you know that you are instruments and are humble because the Father is Karavanhar (One who inspires). Because of this you do not have any worry in your minds. Karavanhar is making you do it – this awareness constantly enables you to move forward.

Now, each one of you has to *check* especially whether each and every *second*, moment and thought of the confluence age is pure and auspicious (subh). Know the importance of this time: one *second* is not a *second*, but one *second* has a lot of *value* and importance. Sometimes, children say that they had a thought, but in fact they took two to four *seconds*. However, the time of the confluence age has great *value*. One *second* now is equal to one hour. This present time has so much *value* because BapDada has said that your *final paper* can take place suddenly at any moment. BapDada will not tell you this and this is why you have to have full and perfect *attention* to this present time. BapDada has given you all of the treasures and each of those treasures has to be used on time. You are the masters of the treasures. The speciality of a master is that whatever treasure is required at a particular time that treasure is used at that time. When you *order* the power to accommodate, is it this power to accommodate that is used at that time? Because a master is one who is able to use his treasures at the right time. So, now, all of you have to pay so much *attention* to yourselves! The treasure of happiness should always be visible on everyone's face and in their activity. Happiness is a gift from the eternal Father. So, keep the gift from the eternal Father eternally with you. About happiness, it is said that there is no nourishment like happiness; there is no treasure like happiness. Happiness is *automatically* visible in the eyes, on the face and in the activity of those who have constant happiness. BapDada's blessing is: Constantly remain happy and constantly distribute happiness because happiness will increase when you distribute it! When you distribute any other treasure, it will decrease, but the more you distribute the treasure of happiness, the more it will increase. So, *check* whether you constantly have the treasure of happiness.

Now, whether it is children from this land or children from abroad, BapDada is giving special congratulations to all the children for one thing. What is that? Whether it was in this land or the lands abroad, all of you have given souls the Father's message with your zeal and enthusiasm. Whatever programmes each of you did with your happiness - and you may have had one *programme*; you had one *programme* in each place – but you attained a thousandfold fruit of that. BapDada has the thought that,

according to the present time, the *circumstances* are going to become more and more delicate, and this is why, whether it is the villages or any corner, there shouldn't be any such complaints from anywhere "Our Father came but you didn't give us the message." This is why BapDada is pleased with the task that all of you carried out with zeal and enthusiasm. Continue to get together and have similar *programmes* among yourselves. BapDada saw that all of you used your zeal, enthusiasm and courage in your own way and that now all of you have done very well. In the future too, according to the time, have the aim that no corner should be left without having received the message. In doing this, you are able to make good effort for your own self and other souls are also benefitted. All of you liked these *programmes*, did you not? Did you like them? So, BapDada is repeatedly telling all of you children: Be merciful towards souls. Nowadays, because of sorrow and peacelessness, all of them are saying from their hearts: Have mercy! Have compassion! So you children are the Father's companions. So, now, through you children, the Father wants to see each child playing the *part* of being merciful. You have enthusiasm for the world of sorrow to change and for the world of happiness definitely to come. So, the conditions are changing for the world of happiness to come and for sorrow and peacelessness to be destroyed. So, remember today's message from the Father: Now, continue to increase the speed of serving through your mind, your words, your face and your activity. Continue to bring your kingdom closer. Achcha.

**Those who have come here for the first time to meet BapDada**, raise your hands! There are many. You may stand up. Congratulations. You have at least arrived here before the end. You have taken a new birth. To all the children who have come from all directions, congratulations to you from BapDada and from all the children everywhere! Congratulations! You are happy on seeing the Brahmin family, are you not? To those who have come now, BapDada says: A lot of time has gone by. Very little time remains and you therefore have to make intense effort. Those who are intense effort-makers will move forward. You mustn't walk now; you have to fly. If you make effort of the flying stage, then, even though you have come late, you will be able to claim a full right to the Father's inheritance. Remain happy at every *second* and give everyone this message. Achcha.

**This time, it is the turn of UP, Benares and West Nepal to serve:** Those who have come to serve, stand up! You have taken a good *chance*. There are many memorials of your service in UP. There are many temples on the path of devotion and there are also many rivers. Those from UP are increasing service everywhere and will continue to do so. Now, BapDada is telling those from all the *zones*: Now, prepare such a *group* in which there are members from all wings that have been created for service. Each *zone* is serving people of every wing in your own area and you will continue to do so. However, in every *zone*, there should be such a *service group* in which there is one member from every wing. Wherever you have *programmes*, this *group* should send special invitations to people from their own wings. No wing should then complain that they didn't receive this message. Everyone in the *variety group* that is created should increase service of their own wing, and together with that, each one should relate his or her own experience: What did I receive through this *knowledge* and what am I experiencing now? So prepare such a *service group* in each *zone*. Even if there isn't that much *time* for giving lectures, at the end of the *functions*, make them sit in a *line* and let the *stage secretary* give their introductions. One or two of them can share their experiences and, if there is *time*, they can take a *chance* to share their experience on how they transformed their lives while living with their family and carrying on with their business.

So, today, BapDada told you to be one who has a right to self-sovereignty, a master of the self and to *check* the *result* of your self-sovereignty. *Check* that and then, whatever weakness there has been over a long time, *change* that, because there is a need for your kingdom to continue in a constant and unbroken manner over a long period of time. Those who make effort over a long period of time automatically claim a right to the reward for a long period of time. Therefore, *underline* effort over a long period of time. Let there be the *checking* and also the *change*.

To all the children everywhere who are seated on BapDada's heart-throne, BapDada specially distributes power to all the children every day at amrit vela. At amrit vela, Baba specially distributes the special blessing of power. Those who take the power at amrit vela as a blessing become special intense effort-makers. To give importance to amrit vela means to be seated constantly on BapDada's heart-throne. Some

children pay *attention* to this and BapDada specially gives those children a *certificate* every day: Wah child! Wah!

To all the intense effort-making children everywhere, BapDada is giving a special blessing to the children who make BapDada their Companion at every moment and who have the practice of remaining *combined*: May you constantly continue to fly and give others co-operation to fly and make them fly. All of you are victorious and, as the fruit of victory, you continue to receive blessings from BapDada at every moment. So, become immortal and continue to give everyone nectar to drink. The children everywhere are in front of BapDada. BapDada has love in His heart for every child because each child has one or another speciality. Now, make yourself into a special soul with all specialities and continue to move forward. May each child accept *personal* multimillionfold love and remembrance from BapDada! Achcha. Now, we shall continue to meet. Namaste.

### **Blessings from Dadi Janki**

**Om shanti.** Look how beautiful the scene today is. Hearing BapDada's elevated versions, I was seeing everyone's heart. Just see how Baba has made our faces and behaviour, it is a wonder of Baba. Baba has seated us on three thrones. Having become avyakt, Baba is sustaining all of us so well. Baba says: Always use your time in a worthwhile way.

From the subtle region, Baba made everyone raise their hands. Everyone raised their hands in front of Baba. All of us received that feeling from Baba. It is my desire and Baba has given that feeling. I have heard that there are 17-18 thousand brothers and sisters sitting here. There are people sitting outside in the garden and also in the Conference Hall. Each one feels that they are not only fortunate, but multimillion times fortunate. Wherever you step foot, there is income and more income. One scene with sakar Baba is coming in front of me now. Baba was standing at the top of the staircase and I was sitting at the bottom. Baba said: Put your feet out and I did that. Baba said: Child, the angels do not set feet on the ground. We are souls who are becoming like angels. We will become deities in the golden age. Now, our feet are not on the ground. Baba is making us all move and everything is moving along fine. In my whole life, there is light, might and everything right. Light has two meanings – one is light in weight and the other is light as in bright light. All around, there is light and only light visible and Baba's might is working. Achcha. Om shanti.
