Smriti or to Remember

Sweet child, you know that you are human beings who are now becoming deities for the future. Whether you sit here or anywhere else, you are gradually being transferred and becoming deities from human beings. Whatever you do, even while cooking chappatis, simply keep the Father in your intellects. When you remember the Father, you also remember the inheritance and the cycle of 84 births. Since we are becoming deities, we shouldn't have devilish natures. Don't become angry with anyone. Don't cause anyone sorrow. Don't listen to any useless things. Simply remember the Father.

Sweet Baba, while performing karma, I will have yoga. I will keep remembering that I am going to become a deity. I will remember You and Your inheritance as I walk and work today. I will keep the cycle of my 84 lives in my awareness, I will stay cool and give happiness to everyone I meet.

Samarthi or Power

I constantly plug myself into the power that is received from the above smriti. I become aware how my smriti is recharging my self-respect. I pay attention to how my smriti is giving me strength and is allowing me to operate with equanimity and patience in an ever-changing world.

Mano-vritti or Attitude

Baba to Soul: You are very fortunate that the Boatman is holding your hand. You are the ones who become His instruments every cycle.

I am determined to adopt the attitude of an instrument. Sweet Baba not only holds my hand and provides security but He does everything for me and gives me credit. I do Baba's work thinking myself an instrument. I feel so fortunate that Baba selected me and made me an instrument of His task. These thoughts make it easy for me to adopt the attitude of an instrument.

Drishti or Pure Vision

Baba to Soul: Those who are able to change something negative of anyone into something positive are world transformers.

I transform my drishti toward souls. My drishti is filled with wisdom and in everyone I meet, it transforms anything negative into something positive. When I see anyone's defect, I transform that into strength. When I bring transformation into my drishti then I become a world transformer.

Creating a Wave

I will do mansa seva and be part of creating a beautiful wave of pure remembrance and attitude spanning the whole globe during the 7:00pm to 7:30pm meditation. I will engage the smriti, mano-vritti, and drishti from above and give sakaash to the whole world as a humble instrument.
