Smriti or to Remember

Baba says, O My sweetest, beloved, long-lost and now-found spiritual children. You are now listening to elevated versions from the Father and becoming beautiful flowers. You children now know that it is not a human being who is speaking to you. Shiv Baba is present in this one. He too is a soul, but He is called the Supreme Soul. He is the Supreme Father, the One who makes us into supreme beings. The term "Supreme Father" is very sweet.

Sweet Baba, during the course of the day I will reaffirm the awareness that you are my Baba. I maintain the transcendent joyful awareness that God is my Father, my Baba. I will remember you the Supreme Father with abundant love. You are so sweet. Beloved Baba, you teach me and transform me into a beautiful flower and a supreme being worthy of world sovereignty.

Samarthi or Power

I constantly plug myself into the power that is received from the above smriti. I become aware how my smriti is recharging my self-respect. I pay attention to how my smriti is giving me strength and is allowing me to operate with equanimity and patience in an ever-changing world.

Mano-vritti or Attitude

Baba to Soul: The easy meaning of an accurate attitude of disinterest is for you to be loving to the same extent that you are detached.

I am determined to embrace an attitude of disinterest. I will be extremely loving and extremely detached. I love people for who

they are but I have no favorites. I appreciate others for their presence in my life but do not get trapped in anyone and hence remain detached. I may not see the results immediately, yet this kind of love and detachment help me develop an attitude of disinterest.

Drishti or Pure Vision

Baba to Soul: You understand that you are going to Shiv Baba and Brahma Dada; they are combined. We are going to meet the ONE who makes us into the masters of the world. There should be unlimited internal happiness. When a girl is going to meet her future husband, she puts on jewelry etc. and her face blossoms; her face blossoms for receiving sorrow! Your faces blossoms for receiving constant happiness.

I will keep BapDada in my eyes. Baba is making me into a master of the world. The combined effect of remembering Baba and receiving my inheritance make my face blossom. This blossoming face and BapDada are in my drishti today.

Creating a Wave

I will do mansa seva and be part of creating a beautiful wave of pure remembrance and attitude spanning the whole globe during the 7:00pm to 7:30pm meditation. I will engage the smriti, manovritti, and drishti from above and give sakaash to the whole world as a humble instrument.
