Attaining Will-Power through Complete Surrender

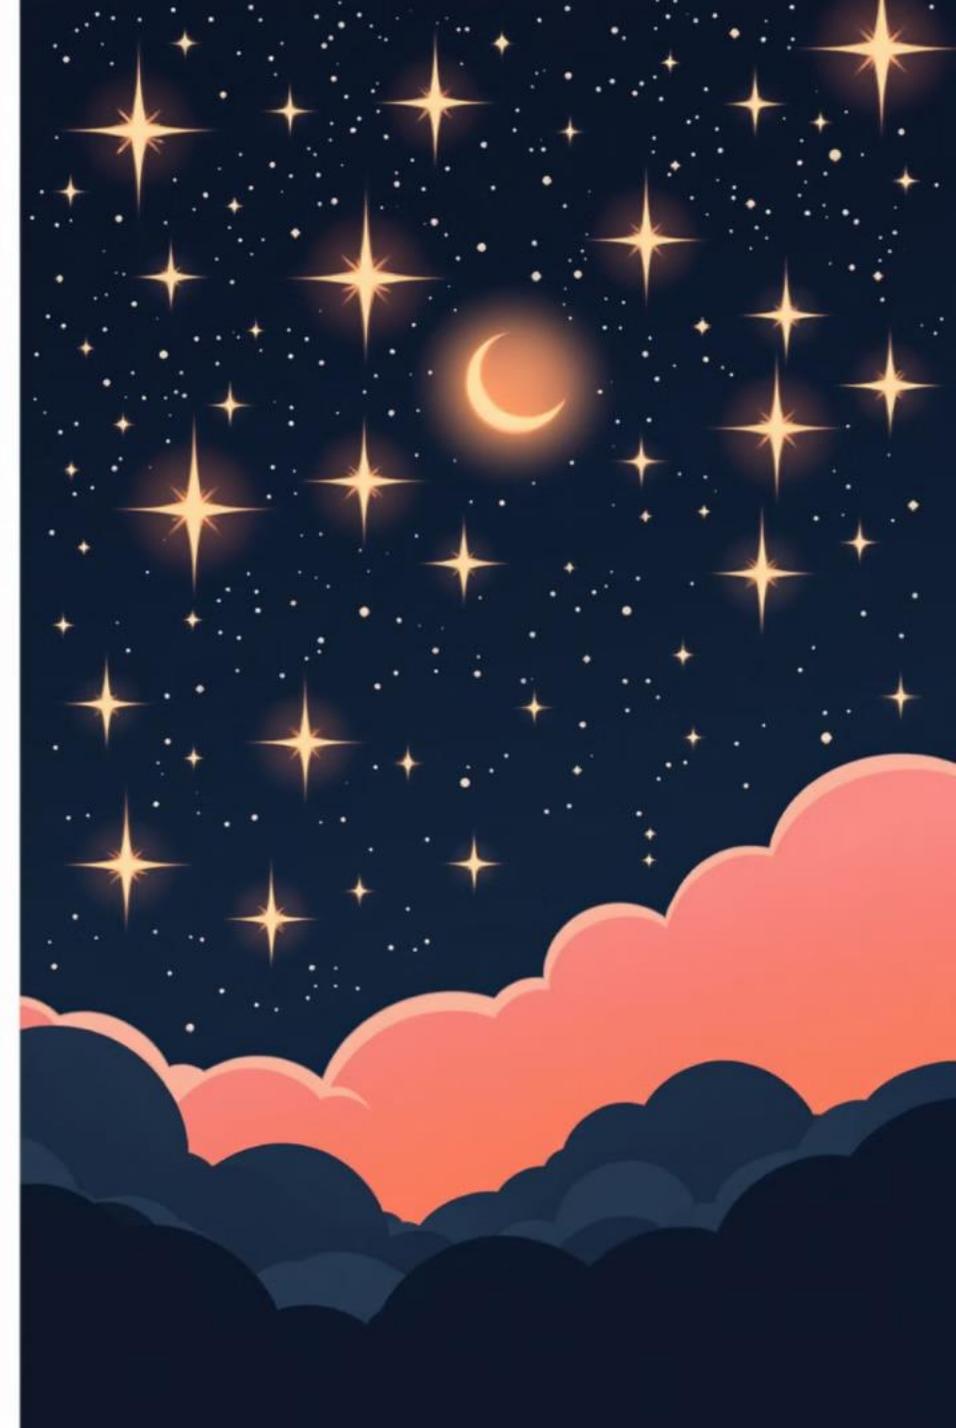

18 January 1970

Today, BapDada is seeing the closeness of completeness in each and every star.

The sign of completeness is that you are able to discern all matters in every way and in every form.

By remembering the picture and character along with the “Vichitra” (the unique form), you yourself will also become virtuous and filled with elevated character.

Tests of the Avyakt Stage

1

From the Physical to the Subtle

Check how far you have progressed from a physical (vyakt) consciousness to a subtle (avyakt) consciousness. If your avyakt stage has increased, your behaviour and actions will also reflect divinity.

2

Test of Faith

This year, the first test was the test of faith.
Each one knows for themselves how many marks they achieved in this test.

3

Upcoming Test

Next will be the paper on love, cooperation, and power.
The time is approaching
when your first divine image from the beginning of the cycle must be revealed in a visible form.

Service Through the Subtle

Subtle (Avyakt) Stage – 18 Jan

Jan 1971

Today, we will discuss the importance of going beyond sound and serving through the subtle (avyakt) stage.

This practice is not only essential for us, but it can also provide a deep experience to other souls.

We will explore how this approach can make our service more effective and help souls become naturally attracted towards the Father.

 **by Shiv Baba**

Service Through the Avyakt Stage – 18 Jan 1971

Practice of the Avyakt Stage

Going beyond sound and stabilizing in a deep state of peace is the most powerful method of doing service.

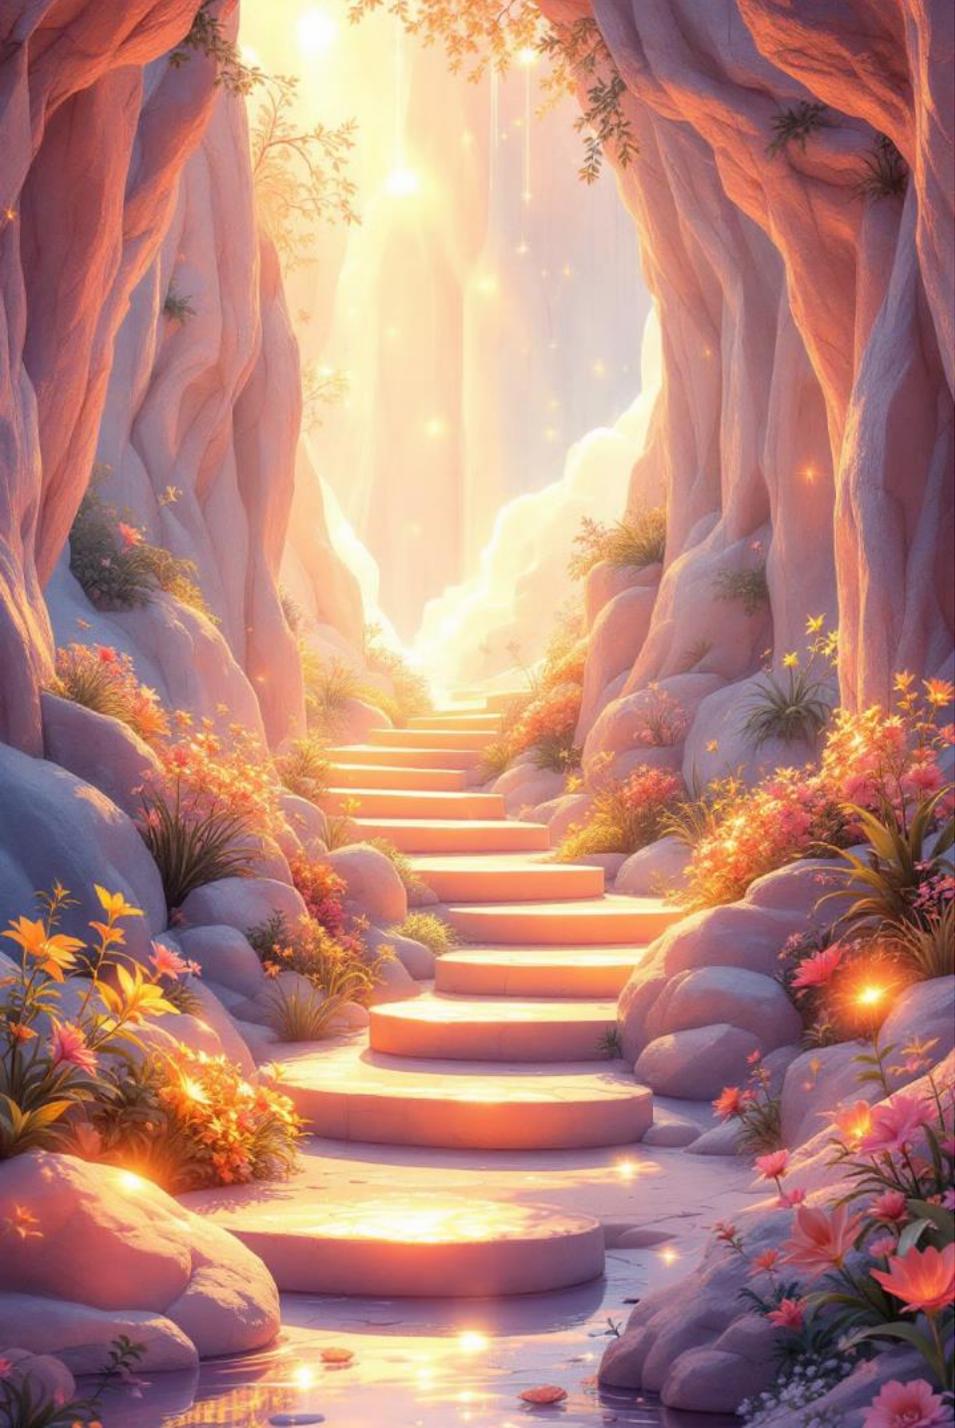

Collective Experience

By stabilizing in the Avyakt stage, you can help other souls experience deep spiritual feelings as well.

Impact of Service

This method naturally attracts souls toward God's love.

The Importance of the Stage Beyond Sound

1

Experience of the Avyakt Stage

By staying in the stage beyond sound while doing service, you can enable other souls to experience the Avyakt stage within just one second.

2

Flow of Vibrations

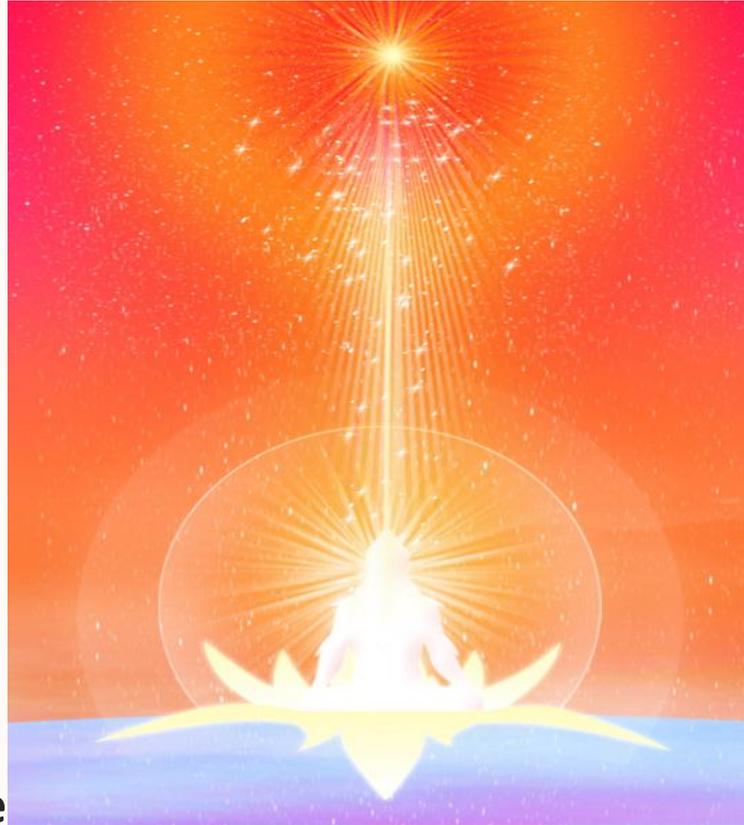

When you come into sound from this stage, there will be a flow of subtle vibrations in your words—words—vibrations that will naturally attract people toward the Father.

3

Eternal Relationship

A one-second experience of the Avyakt stage can connect a soul to an eternal relationship that even Maya cannot shake.

The Combination of the Avyakt Stage and Sound

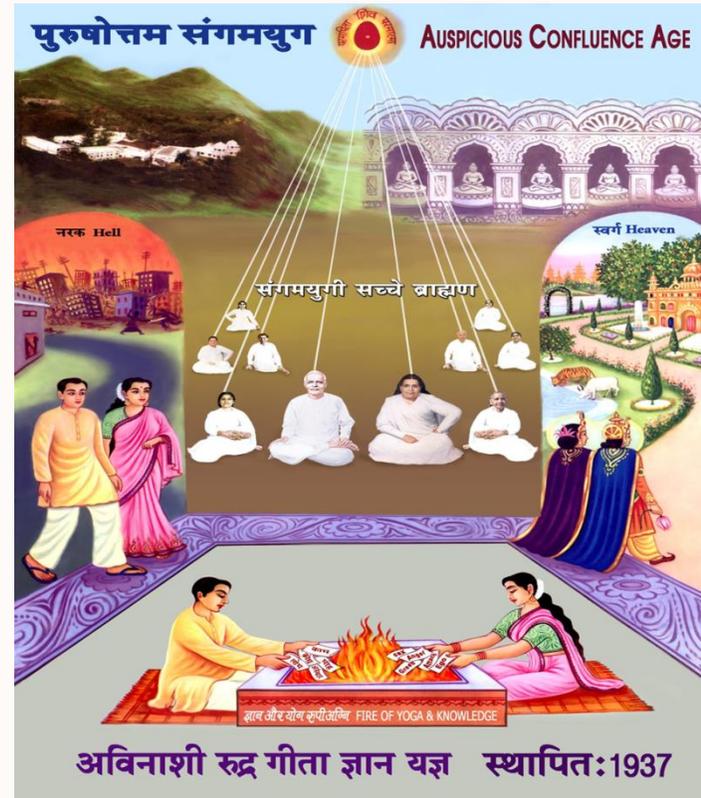

Combined Service

The combined form of the Avyakt stage and sound creates heirs. Service done only through sound through sound creates subjects, but the combination of both is far more powerful.

Importance of Remaining Absorbed(yad me Magan)

The stage of being “lost in remembrance” is more important than churning. Through the Avyakt stage, experiencing deep love and connection is essential.

The Power of Experience

Importance of Experience

These days, people prefer to experience rather than just listen. It is important to stay stable in experience yourself and enable others to experience it too.

Uniqueness of Experience

Only you can enable others to experience this — that is your specialty.

Impact of the Stage

By remaining in the Avyakt stage stage and giving others an experience, their lives can be transformed.

Self-Assessment and Blessings

Excellence

Evaluating the various various forms of excellence within yourself.

Today is a special day to receive the blessing of power through love.
With love, any blessing can be received from the Bestower of Blessings.

Closeness

Experiencing closeness closeness in the relationship with the Almighty and with everyone.

Today is a special day to receive the blessing of power through love.
With love, any blessing can be received from the Bestower of Blessings.

Contentment

Feeling contentment in your relationship with yourself and with others.

Bravery

Developing bravery within yourself.

Equality and Closeness-18 JAN 1973

Father-like Stage

Making effort to become equal to the Father by imbibing divine powers.

Spiritual Closeness

The greater the similarity, the deeper the experience of closeness to the Supreme Soul.

Guidance of Shiv Baba

Knowledge of the highest principles taught by the Father.

Love and Loveleen(Absorption): Two Main Goals

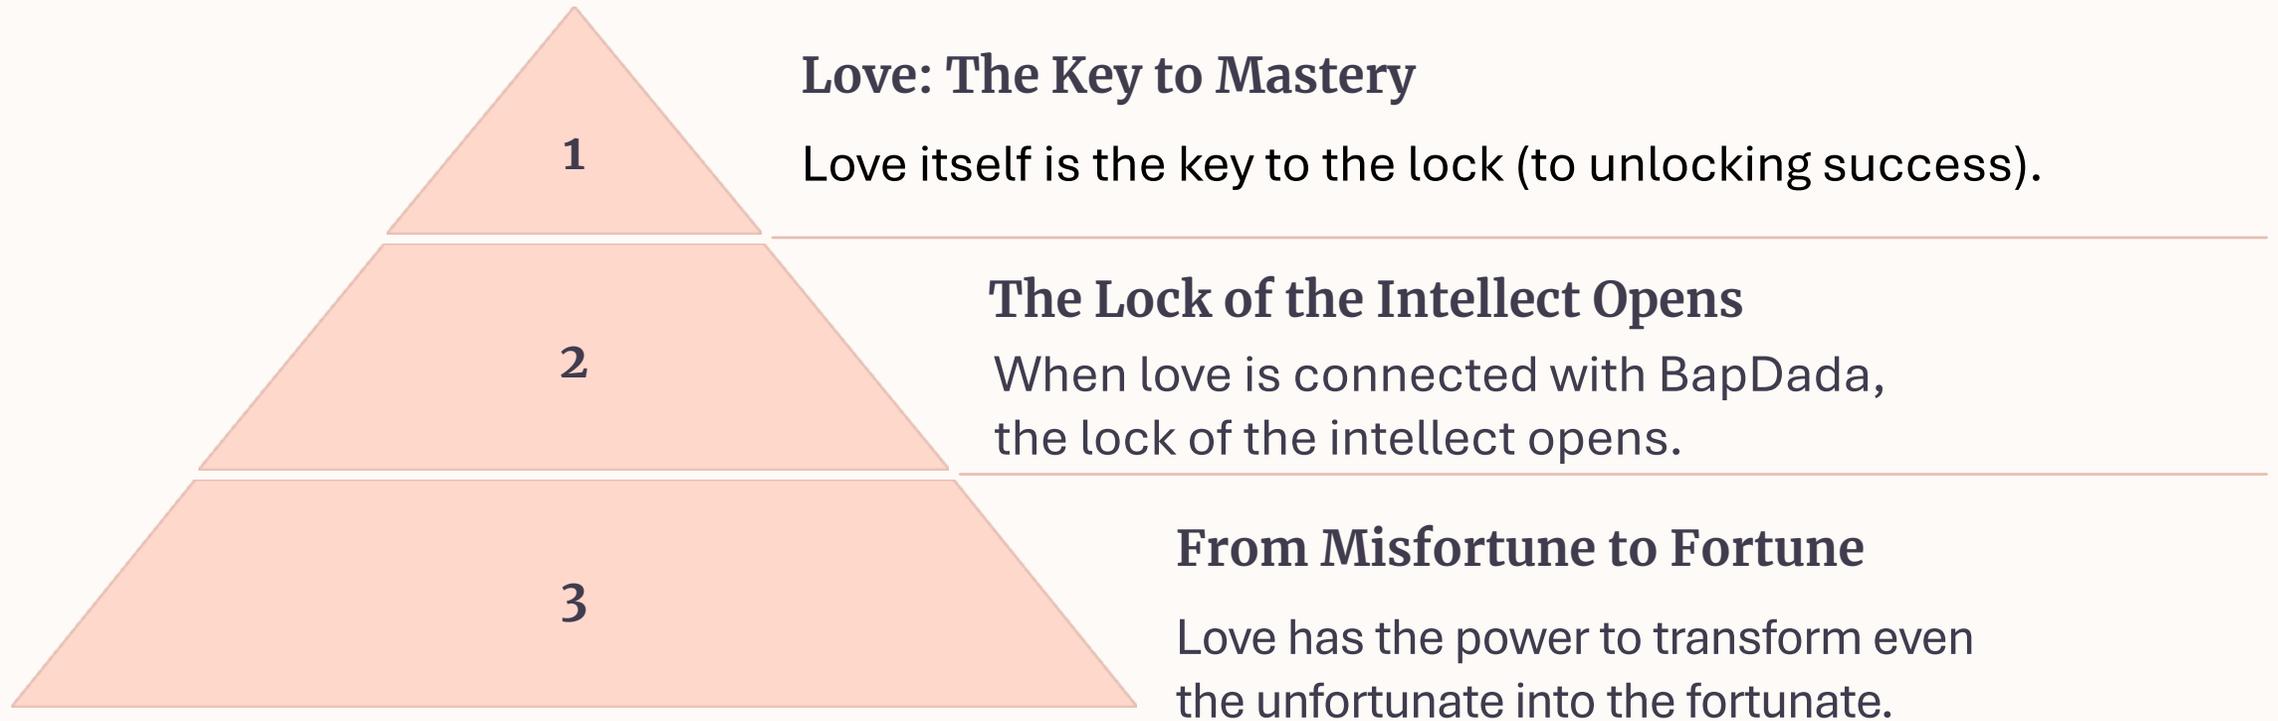

Love (Prem)

Maintain love in actions, words, interactions, and relationships. This strengthens all relationships and makes one a complete renunciate(sarvaswa tyagi).

Loveleen (Absorbed in Remembrance)

Stay love-filled in remembrance and in your inner state; the more loving you are, the more you can remain absorbed in love.

Love: The Key to Fortune

Through the power of love, we can awaken our own fortune and the fortune of others. It is such a key that can open every kind of lock.

Goal: Becoming Equal to the Father

1

Removing the Sense of “Mine”

Do not keep the feeling of ownership toward the body or any material thing.

Where there is the consciousness of “mine,” BapDada cannot always stay with you.

2

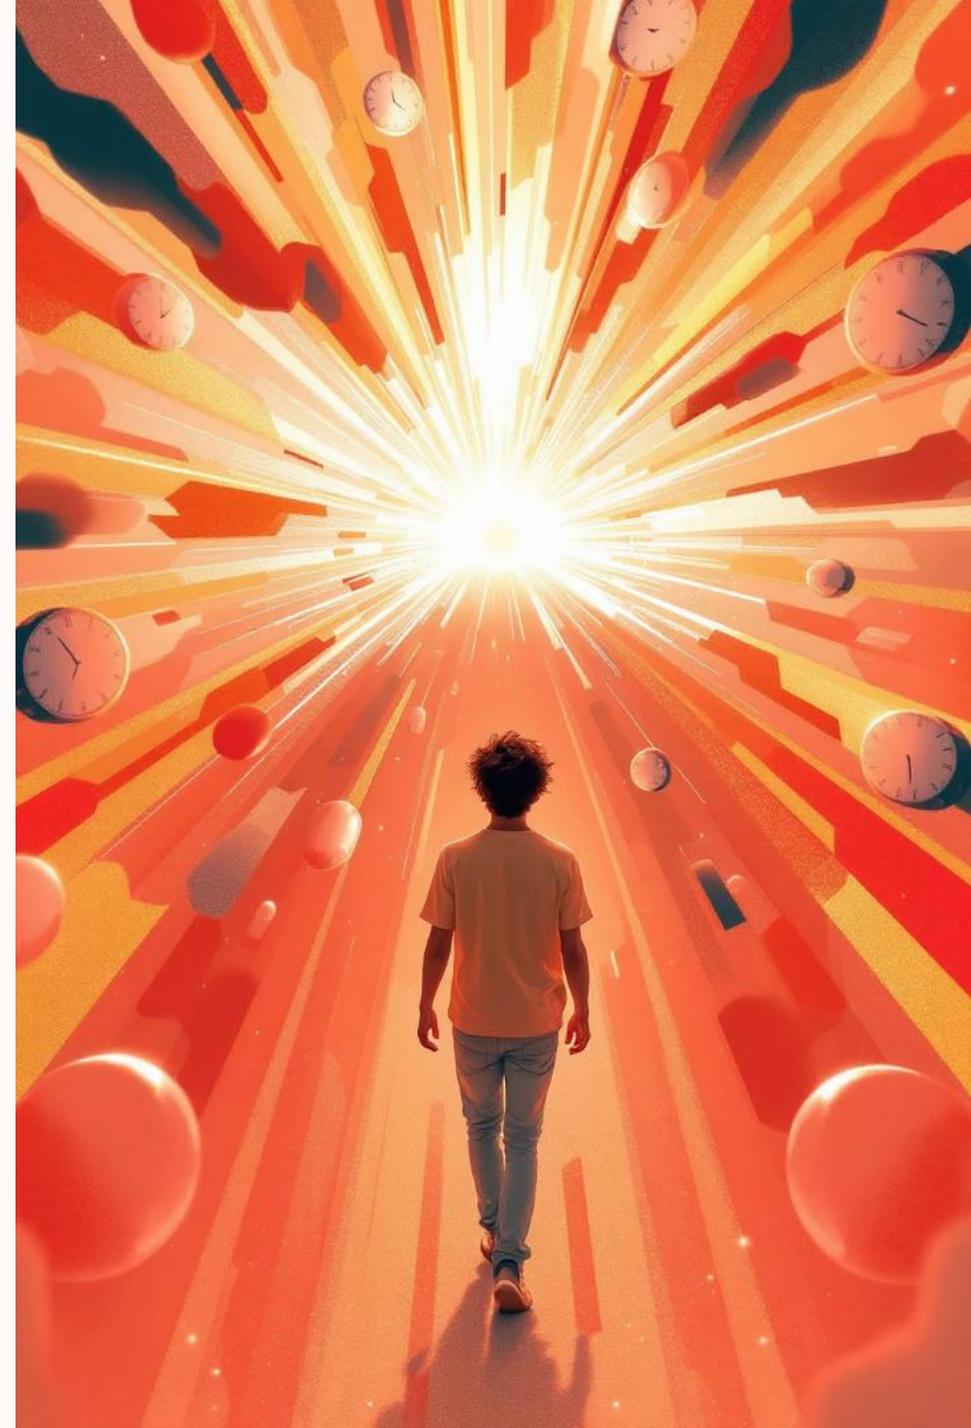

Becoming Perfect

Remove percentages and become perfect. One who still has percentages can never become completely perfect.

3

Bringing Time Close

By becoming equal to the Father, bring the time closer. Move forward this year with the aim of becoming Father-like.

Show the true destination to the souls who have forgotten the Father and themselves.
- Offering of Imperishable Attainments**

In the subtle form, the subtle meeting is eternal.

Madhuban: The Land of Transformation and Blessings

18 Jan 1975...2

Land of Transformation

Shiv Baba has described Madhuban as the sacred land of transformation for souls.

Place of Blessings

This divine place provides all souls with a precious opportunity to receive special blessings.

Center of a Grand Spiritual Gathering

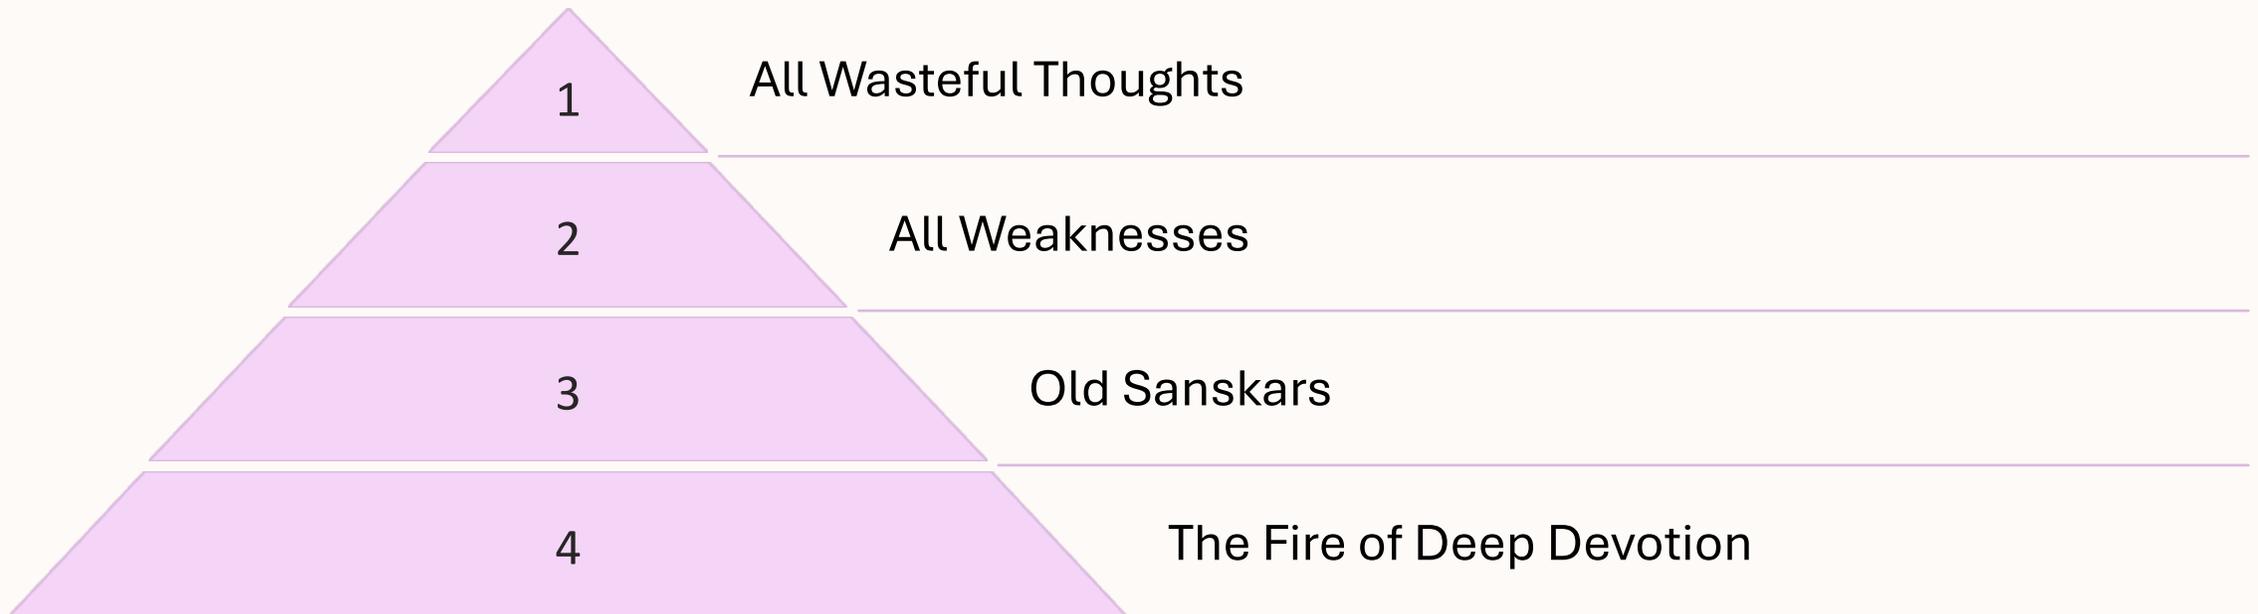

Coming to Madhuban is like participating in a grand spiritual gathering, where one can renounce weaknesses and old sanskars.

The Fire of Intense Devotion (Lagan ki Agni)

At Madhuban, create such a fire of intense devotion within yourself in which all wasteful thoughts, weaknesses, and old sanskars are burnt away. This symbolizes deep spiritual transformation.

Offering in the Great Spiritual Yagya

1
Take a Determination
Make a firm promise.

2
Make the Offering
Offer yourself with complete surrender.

3
Bring Transformation
Bring changes in your behavior.

Coming to **Madhuban** is like participating in a **great spiritual yagya**.

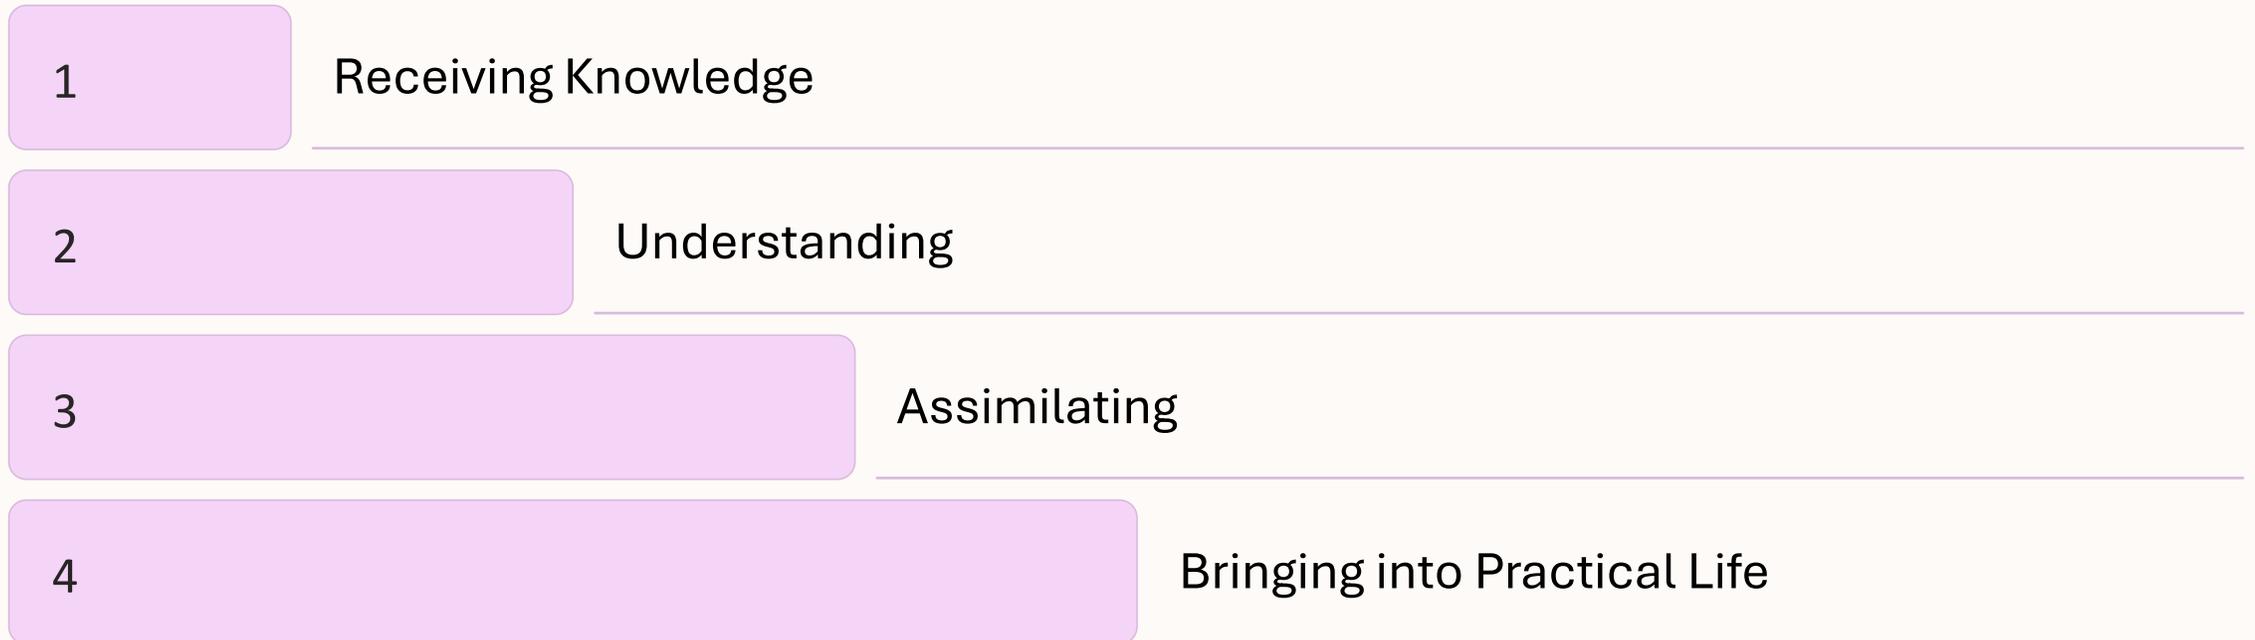

Here, you offer your weaknesses and old sanskars into this yagya.

This offering must be done with **total surrender**, not half-heartedly.

अविनाशी रुद्र गीता ज्ञान यज्ञ स्थापित:1937

Assimilating Knowledge

Merely receiving knowledge and understanding it is not enough. It is important to **assimilate it** and **bring it into daily behavior**. When knowledge becomes part of every sense organ and action, only then does a person truly become knowledgeable.

From Resolve to Accomplishment/ From Determination to Achievement

- 1** — **Resolve (Sankalp)**
Make a firm determination
- 2** — **Effort**
Make continuous efforts
- 3** — **Care**
Stay alert and nurture
- 4** — **Accomplishment**
Achieve the goal

Simply making a **resolve** is not enough. It is necessary to remember it constantly, work on it, and take care of it. This process is like **planting a seed and taking care of it.**

Towards Completeness

Positive Thinking

Encourage positive thoughts

The Thought of Becoming Complete

Keep striving for perfection

Concern for Removing Weaknesses

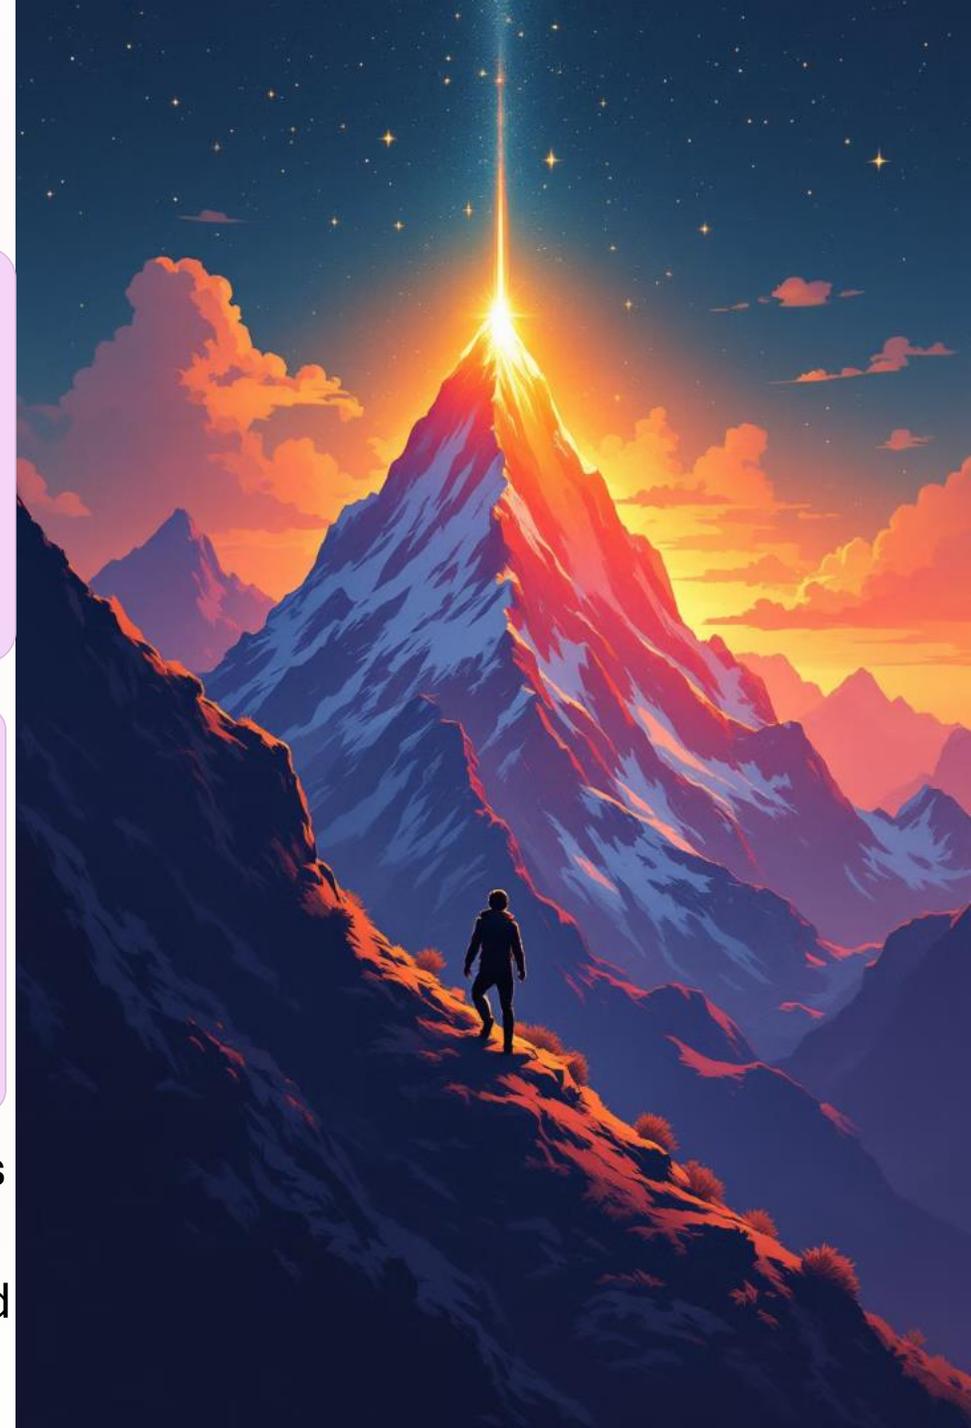

Pay attention to your shortcomings (Weaknesses) and improve them

Concern for Delivering Visible Results

To progress toward completeness, continuous effort and awareness are essential.

Be concerned about your growth but let this concern be positive and inspiring.

Samarthi Day: A Confluence of Remembrance and Power

18 Jan 1976

Subtle-region Resident Baba

Baba Himself became a **resident of the subtle region** and made the children His instruments in the corporeal world.

Blessing of Will-Power

Baba granted the children **special will-power for world benevolence (vishwakalyan).**

Blessing of Victory

On each child's forehead shines the **tilak of victory**, and in their hands the **flag of victory** is radiant.

Balance of Love and Power

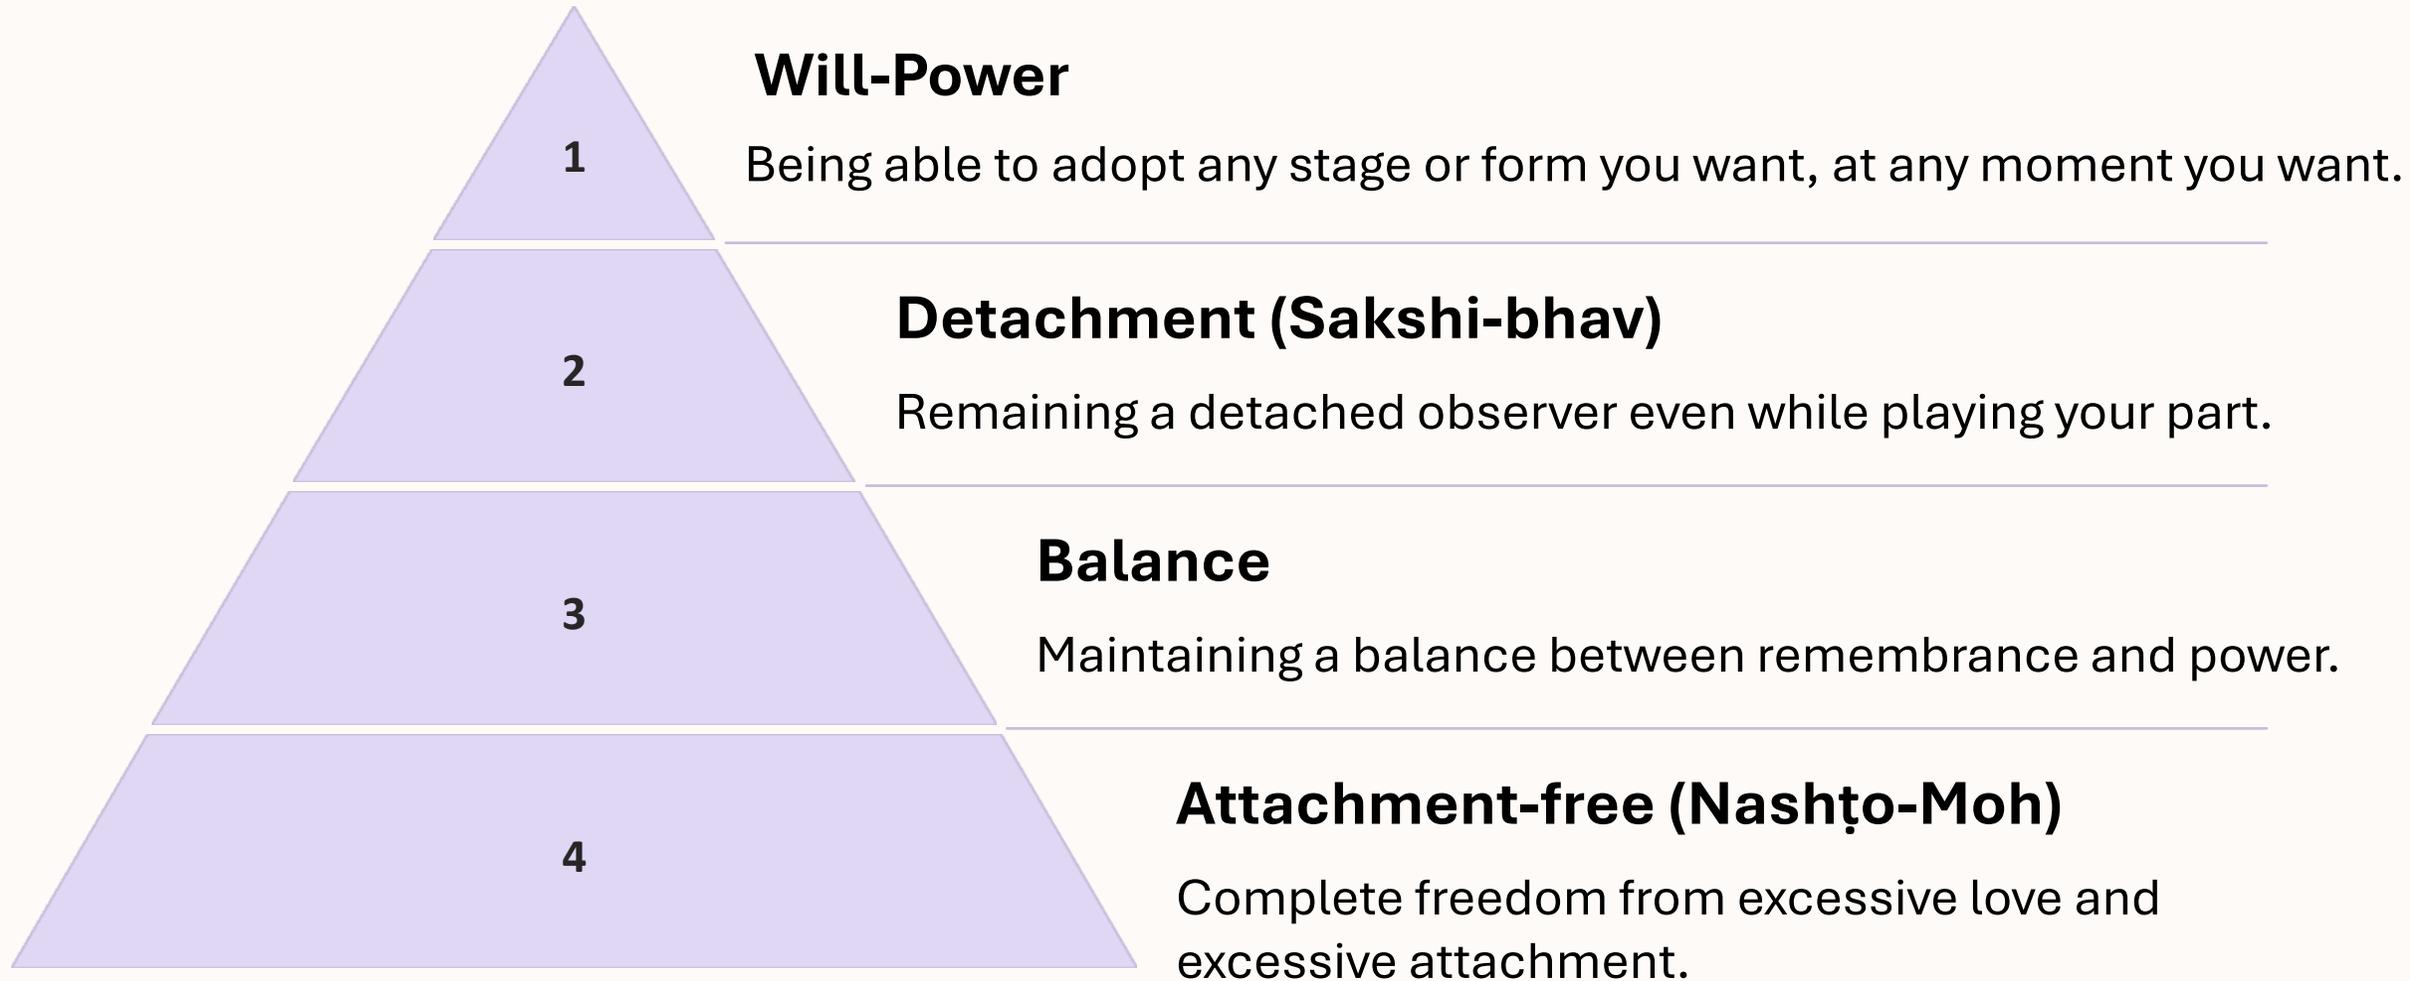

Form of Love

Baba says that children should not become only the embodiment of love — that is just worldly. Spirituality means that along with being loving, you should also remain powerful.

Powerful Form

Children should be the embodiment of **remembrance** on the outside and the embodiment of **power** on the inside. The balance of both is important. This **balance** itself is the **sign of spirituality**.

Importance of Will-Power

Special Gifts for New and Old Children

Old Children

Old children have received the lift of the double engine. They can guide the new children with their experience.

New Children

New children are being given a special (gift) lift from BapDada — hidden help, the experience of attainment, and the treasure of happiness.

Baba's Love

Baba gives equal love to all children, but He has a special vision of cooperation for the new children.

Final Test: Facing and Tolerating

1

Facing Love

To absorb Baba's deep love within yourself.

2

Facing Karmic Accounts

To peacefully accept the karmic accounts that arise in the final moments.

3

Power of Tolerance

To finish remaining accounts with the power of tolerance.

4

Becoming Detached (Uparam)

To become detached even from the body and remain stable in a spiritual stage.

Special Significance of 18 January – 18 Jan 1977

Today is a special day to become the embodiment of remembrance. Being merged in BapDada's love—meaning becoming equal to the Father—is the sign of true love: *equality*.

This day gives a special opportunity to experience the Father's equal stage with ease and in just a little time.

● by Shiv Baba

Importance of Being an Embodiment of Remembrance

1

Response to Love

To experience the blessing of becoming 'equal to the Father' by absorbing BapDada's love.

2

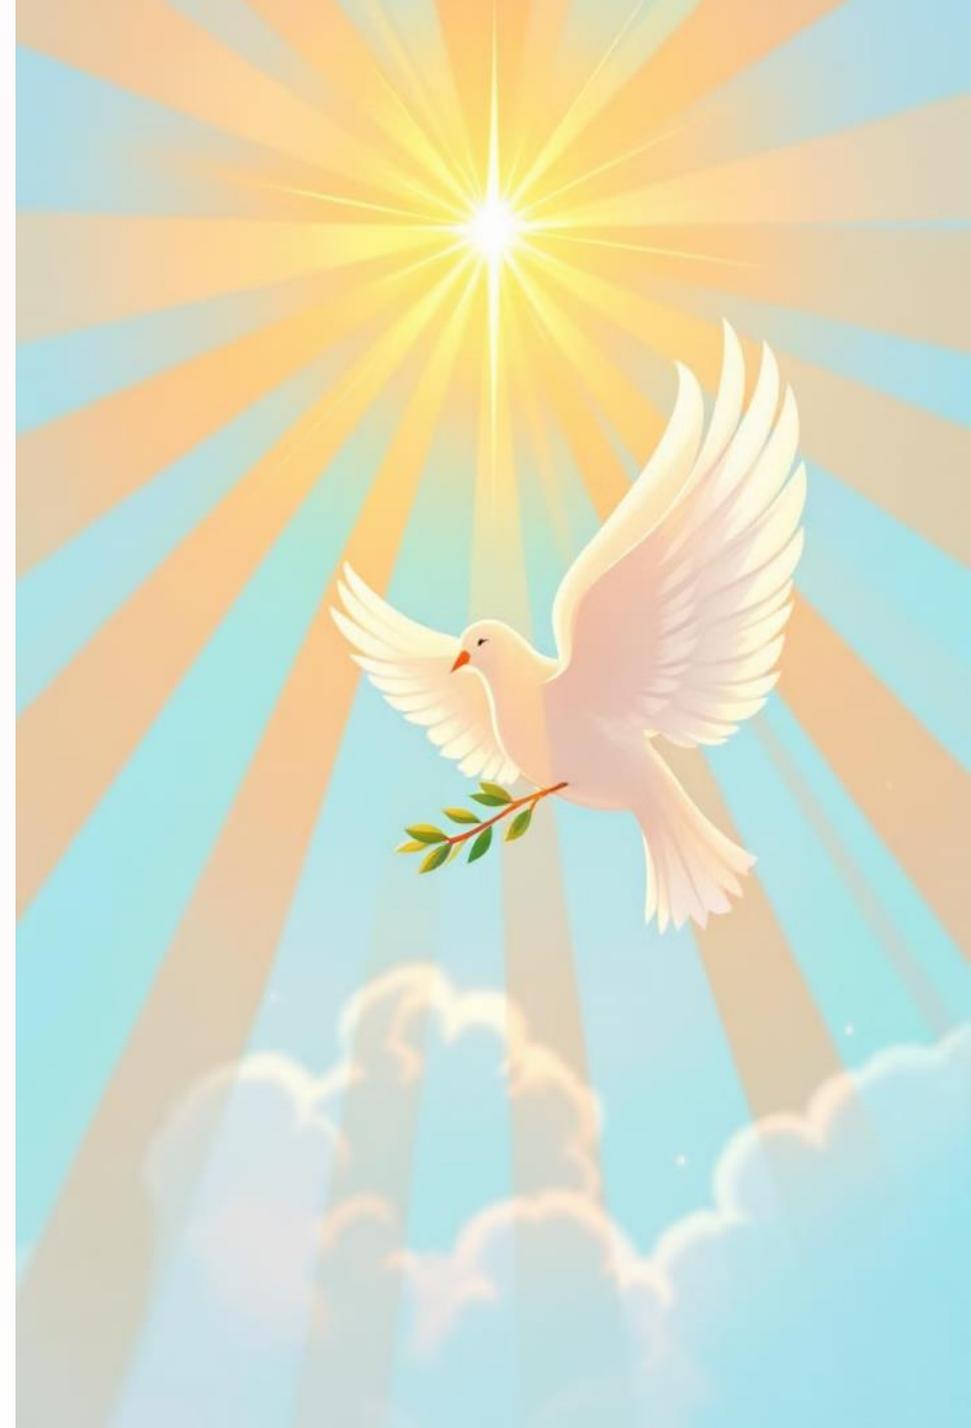

Blessings of All Powers

This day is especially for receiving the blessings of all powers.

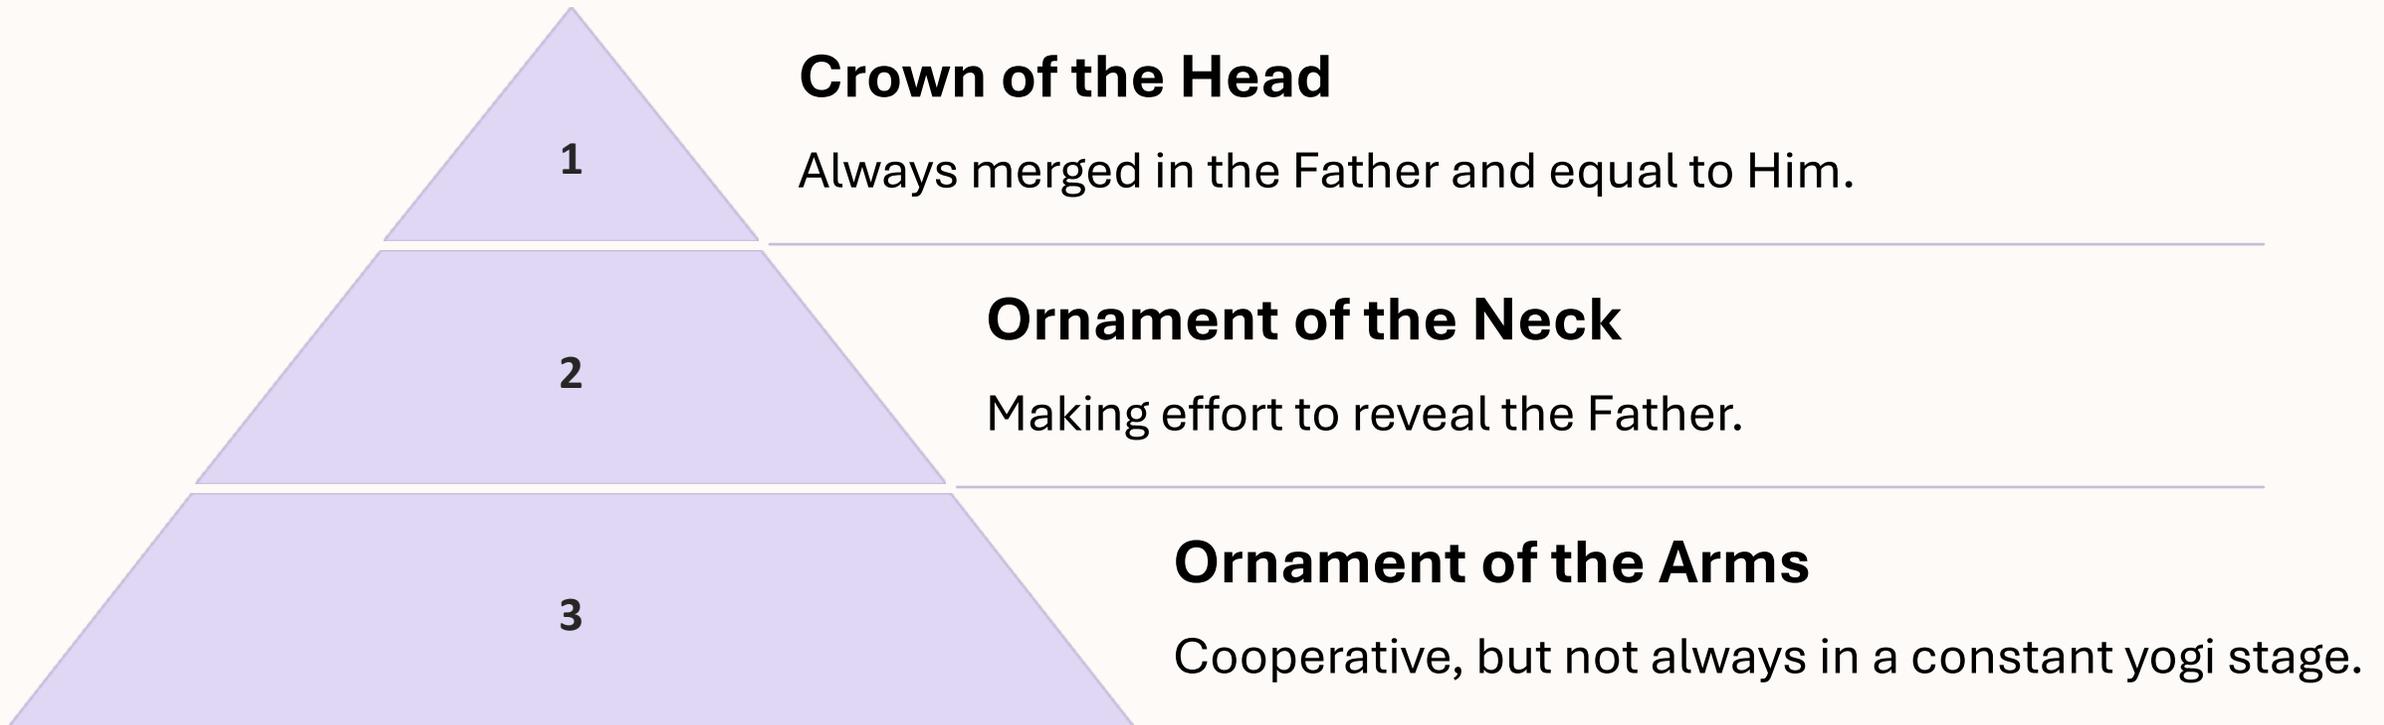

3

Golden Chance

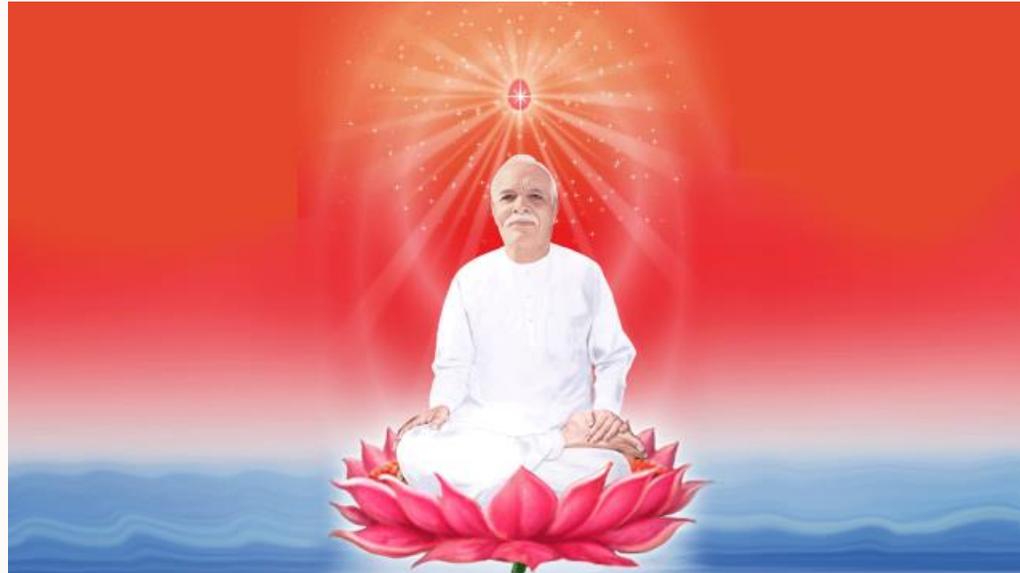

On this auspicious time (amritvela), BapDada has opened the lottery of special experiences — a golden chance.

Children's Stage

Worry About Destruction

Avoid Panic

Do not worry about destruction. Even in the benevolent Baba's words, benevolence is merged within.

Become Determined in Intellect

Do not allow even a trace of doubt to arise in your thoughts. Stay in faith and spiritual intoxication.

Power to Face

Do not panic — keep the power to face situations. Speak with divine intoxication and pleasantness.

Purity and Marriage

The Importance of Purity

Purity is the natural duty of a Brahmin by birth. It is not connected to a date of destruction, but rather it is your aim and characteristic.

About Marriage

Save yourself as long as you can — save yourself. Do not make yourself weak. Stay firm and strive with awareness.

Date of Destruction

Date Uncertain

The final date of destruction can never be fixed. If it could be fixed, then all seats would also be fixed.

Remain Carefree (nishchint)

Be carefree about the date. When everyone becomes carefree, the date will automatically arrive.

State of Detachment (nir-Sankalp)

When everyone becomes free from this concern, that will be the date of destruction.

Message from Bap-Dada

1

Unshakable (nishchay-buddhi)

Stay immovable and firm, no matter what the situation may be.
Let your stage remain constantly stable in the Father's love.

2

Elevated Stage (Supreme father is always with me)

Have full faith in supreme and
Become complete with all virtues and powers.

3

Love and Remembrance (be Successful)

Bap-Dada's blessings, love, and subtle presence
are always with you—guiding, protecting, and
uplifting you at every step.
Success is with you.
You (brahmans) are born to win.

Return of Bap-Dada's Service – 18 Jan 1978

On this Day of Remembrance, that is, the Day of Empowerment, all the children remembered according to their individual love and dedication, each in different ways. The remembrance of all the loving, cooperative, powerful souls from all directions reached the subtle region.

From Bap-Dada, each child receives the return of their remembrance instantly, exactly according to the way they remember. In whichever form a child remembers, in that very form Bap-Dada becomes present in front of the child.

 by Shiv Baba

Yogi and Viyogi Souls

“You are a yogi soul.”

The soul who is a *yogi*, that yogi soul naturally receives the method of yoga. A yogi soul always remains seated on the heart-throne of Bap-Dada. The heart is never distant.

Viyogi souls

But many children, instead of remaining yogi souls, become *viyogi* (disconnected) souls. Viyogi souls try to bring Bap-Dada in front of them through the feeling of separation. They forget the present and remember the past.

Bap-Dada's Promise

We Will Walk Together

1

The Father's promise is: *We will walk together.*

When will we walk together?

When the task is completed.

So why do you send the Father ahead first?

Change of Service Place

3

Just as you children change service places, Brahma Baba also changed his service place.

The form is the same, the service is the same.

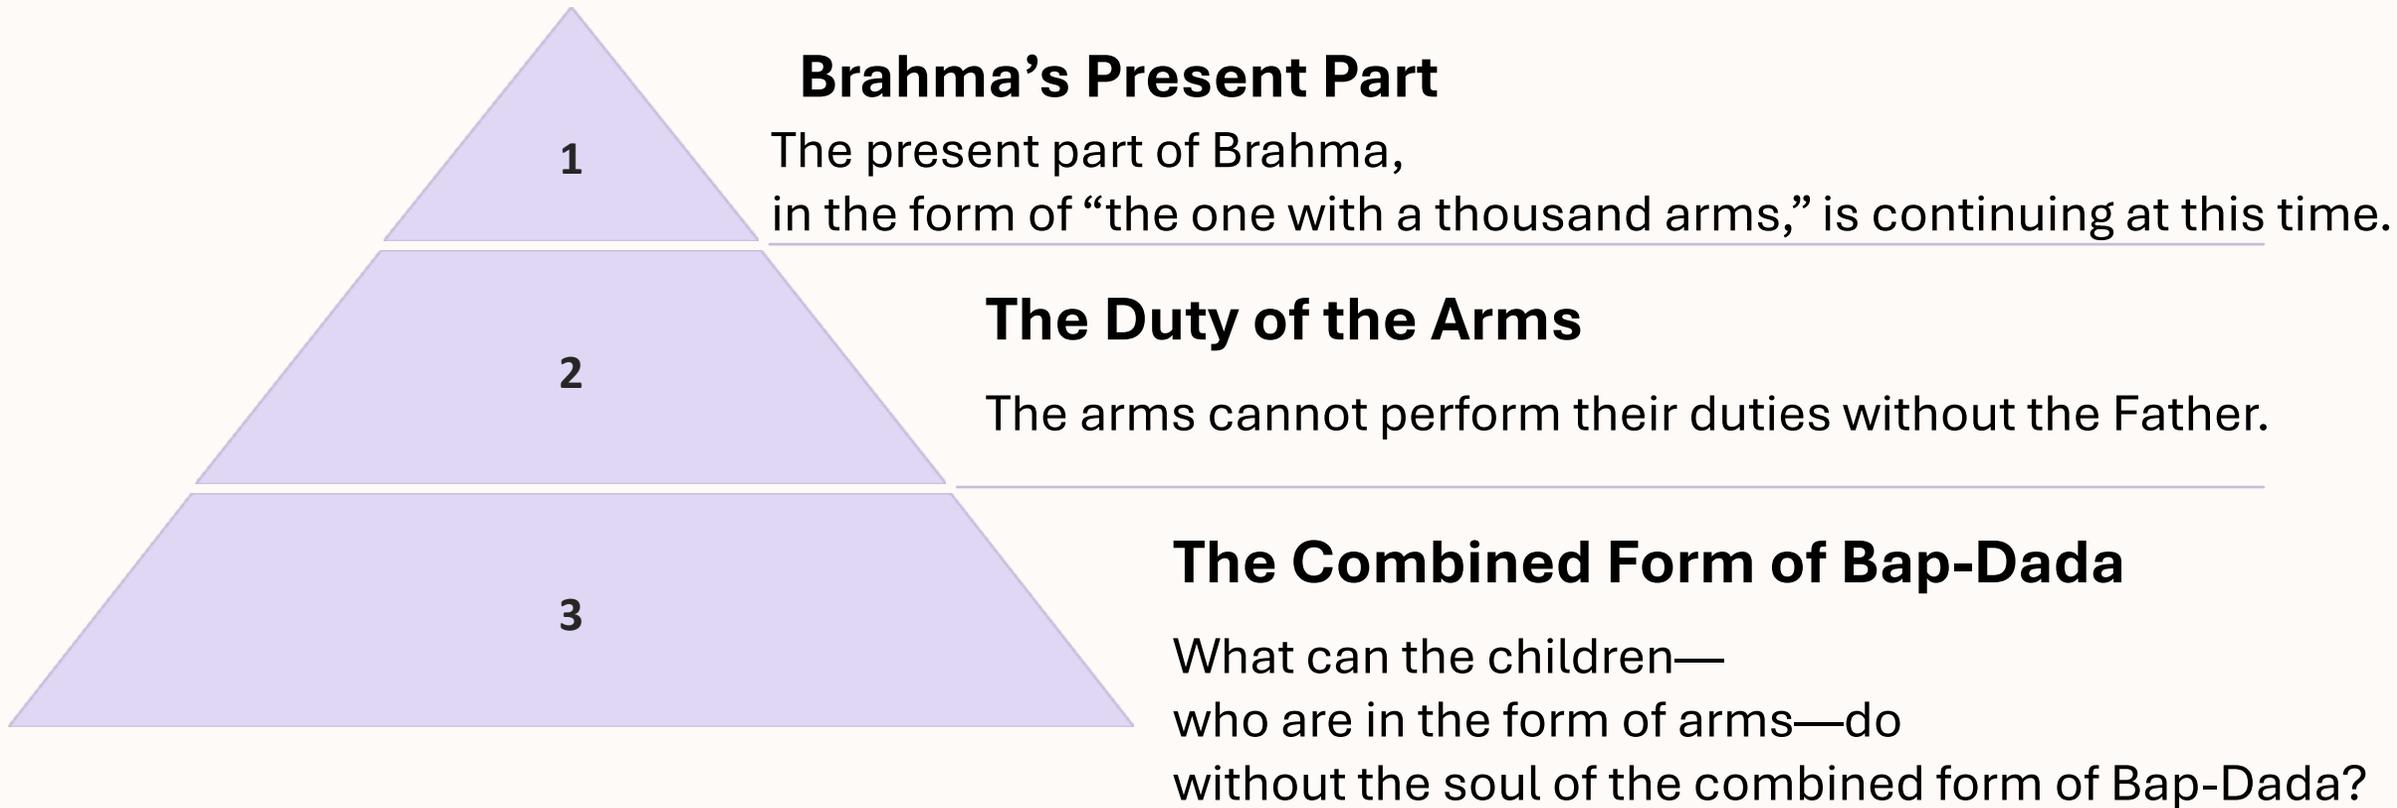

2

Eternal Relationship

If Baba has gone, why do you make this eternal relationship temporary?

Only the part has changed—nothing else.

Brahma with a Thousand Arms

Ocean of Love

Waves of Love

In the ocean of love, what do you become in the waves of love? You should play with the waves, not become influenced or overpowered by them.

Singing Praise

Sing praise, but do not become emotional or overwhelmed.

The Game of Hide-and-Seek

If you enjoy the game of hide-and-seek, then play it understanding it as a game—but do not become that form.

Speed of Service

1

Change of Place

There has been a change of place only to give extremely fast speed to the service.

2

Duty of the Children

Children too should remain busy in making the speed of service as fast as the Father's.

3

Return of Love

This is the return of love. The Father knows that children have immense love for the Father, but the Father also has love for the children along with constant service.

Light–Might House

Light House

Bap-Dada sees every child as a Light-Might House.

Mic

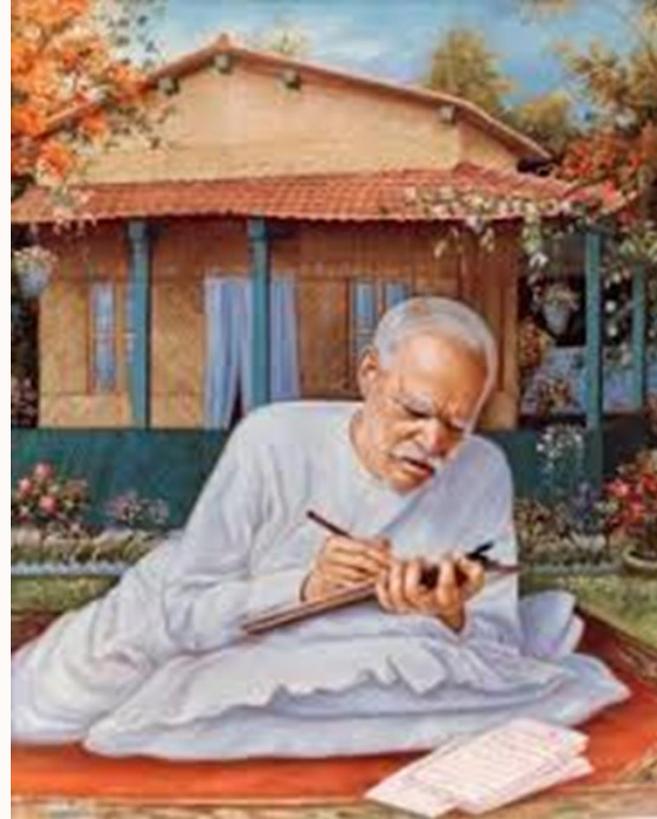

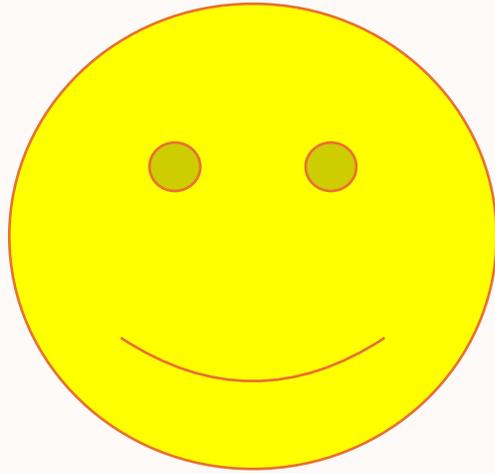

The mics have become powerful.

Balance

Light, might, and mic — all three should be powerful together.

Now create such a powerful stage that through your stage every soul can receive peace, happiness, and purity through your light and might.

Godly Student Life

Elevated Life

Godly student life is considered the very best. In this, you always experience the best — that is, an elevated life.

Disciplined Life

Studying, reading, staying disciplined, getting up and sitting with the Father, eating and drinking with attention — this is Godly student life.

Company of the Father

Even while living in the physical world, you have the Father's company. Wherever the body may be, the mind should remain with the Father and engaged in service.

18 January 'Remembrance Day': The Samarthi (Powerful) Day of Eternal Support

18 JAN 1979

Auspicious Beginning of Samarthi (Powerful) Day

By the Almighty Shiv Baba,
the special blessing of
“Always remain immortal”
was given.

Memory of the Sakar Form

The unforgettable remembrance
of Brahma Baba's loving form.

Love from Children Around the World

Messages of remembrance
from children
across India and abroad
reached the subtle region.

The Father's Love and the Children's Question

Children's Question

Children ask the Father:

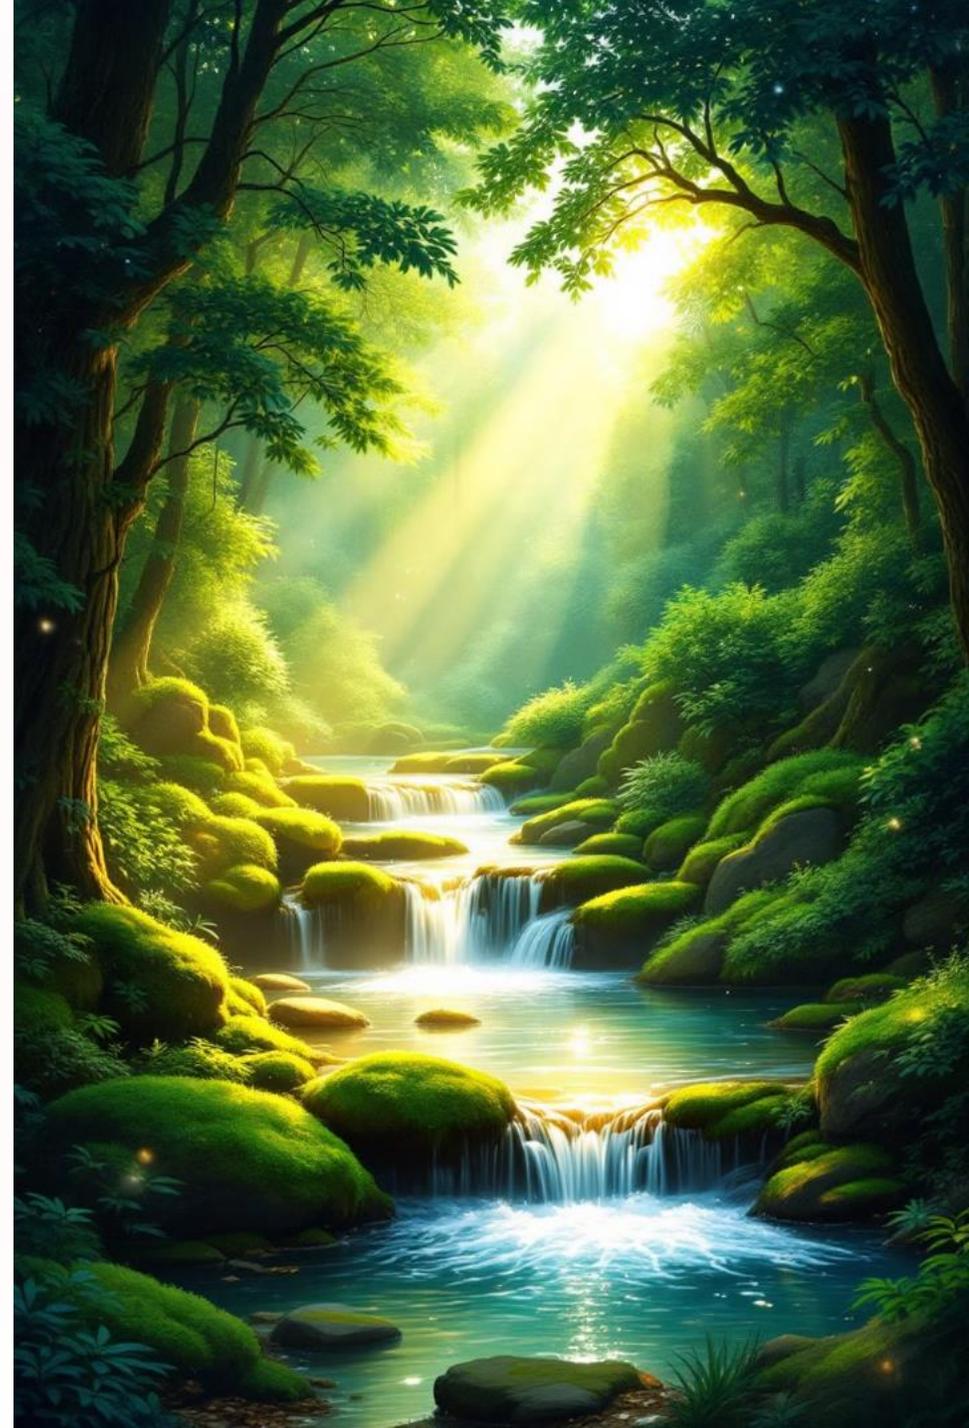

“Why did we become the first ones to reside alone in the subtle region?”

Father's Call

The Father called upon the children to become subtle-region residents like the Father.

Father's Answer

The Father explained: Just as in the beginning, for the task of establishment, only one was made an instrument, in the same way, in the end, to uplift the children, the Father had to become the subtle-region resident.

The True Form of Love

Definition of Love

The true form of love is that what the beloved likes becomes what the lover likes. Walking, eating, living — everything should be according to what the beloved's heart prefers.

Love for the Father

Love for the Father means making the Father's liking your own liking. In every thought and action, one should check: *Is this pleasing to the Father's heart or not?*

Resolve(Sankalp) for Samarthi Day

On this Samarthi Day, all children should take a strong resolve that they will end the mountainous weaknesses of the Iron Age and become victorious forever.

Victory is your birthright.

Brahma Baba's Final Message

1

Essence of Knowledge

Brahma Baba imbibed the entire essence of knowledge himself and gave the children the courage to “*follow father.*”

2

Priceless Gift

“Through the corporeal form, the final great versions (last profound teachings) were given as a priceless gift.”

3

Karmateet Stage

“With the three words — **Nirakari, Nirvikari, Nirahankari** — the Father attained the karmateet stage.

The children must also bring these into a practical form.”

• **Nirakari** — *Beyond body-consciousness / Incorporeal*

• **Nirvikari** — *Beyond vices / Free from impurities*

Now remain constantly supremely* fortunate.

Close and Beloved

Conversation with Didi Ji

1

Balance of Love and Power

Today's day represented a balance of love and power. Children who maintain this balance receive the blessing of being blissful from the Father.

2

Father's Remembrance

Today even the corporeal Father remembered the children — He rejoiced seeing the special diamond-like qualities of every child.

3

Preparing the Rosary

A subtle scene was shown of preparing the rosary, symbolizing the deep effort-based sanskars of Brahma Baba.

Meeting with the Parties – Part 1

1

Become Victorious

Always keep the Father in front of you and follow His footsteps.

2

Become Knowledgeful

Become knowledgeable even about Maya, then you will never be deceived.

3

Maintain Determination

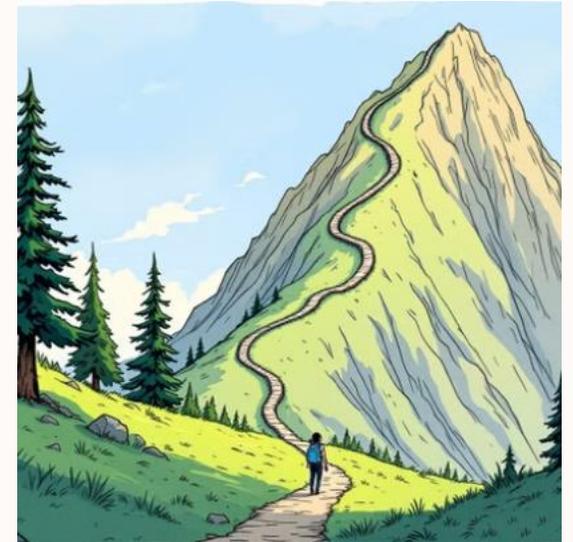

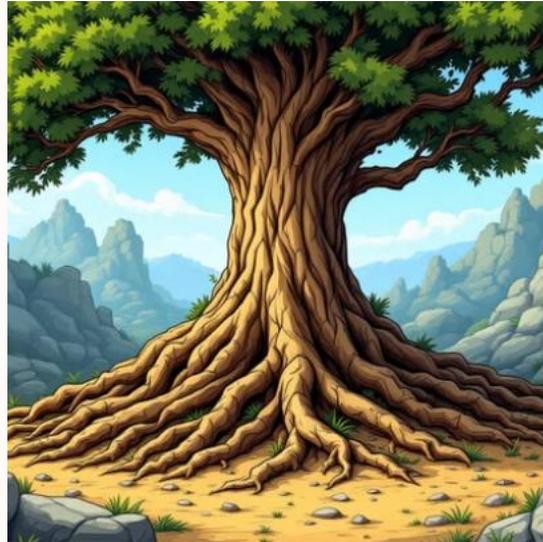

Bring determination into your thoughts so that thinking and doing become equal.

To become victorious, always keep the Father in front and walk in His footsteps.

If you become knowledgeable even about Maya, you will never be deceived.

Bring strong determination into your thoughts so that thinking and doing become equal.

Meeting with the Parties – Part 2

Understand the value of time and spend every second considering it precious.
Always consider yourself the highest soul among all souls and perform elevated actions.
Become unshakable like Angad and see the obstacles of Maya as papers to pass.
The true response of love is to follow the Father — copy the Father and become like the Father.

Teachings of BapDada to the Children on Remembrance Day — 18 Jan 1980

On the occasion of Remembrance Day today, BapDada is giving the blessing of “Become Powerful” to His children who are in their powerful form.

Just as today you remained in the form of remembrance — absorbed in one love, with the awareness of “One Father, no one else” — continue to remain such natural yogis, constantly yoga-filled, liberated-in-life, and in the angelic form forever.

by Shiv Baba

Message from BapDada

1 — **Balance of Love and Power**

Today, the chart of all children remained in the avyakt (subtle) stage, merged in love, and stable in the stage of being residents of the subtle region. In this way, become beloved and worthy-of-respect children of BapDada—always loving, always powerful.

2 — **Determined Thought of Revelation**

Today, on this Day of Power, the firm and determined thought of all the children everywhere is reaching the Father — the thought of revealing the Father to the world.

3 — **Enthusiasm for Service**

All children, with zeal and enthusiasm, are present—some through the mind, some physically—on the stage of service in India and abroad, with the strong aim to serve.

BapDada's Vision of the World

Rapid World Tour

It takes BapDada very little time to circle the entire world—much less than the time you take to hear or see something through scientific instruments.

Service of All Children

BapDada is observing what the children at every place are doing. Everyone is absorbed in only one passion—the passion for service.

Flag of Revelation

In everyone's intellect, the flag of revelation is waving—this flag is spreading across the entire world.

The Form of Service

Service from the Heart

Show everyone, by opening your heart, that the Father resides in our hearts. The form of this time should be like the memorial of the great server Hanuman.

Power of Thoughts

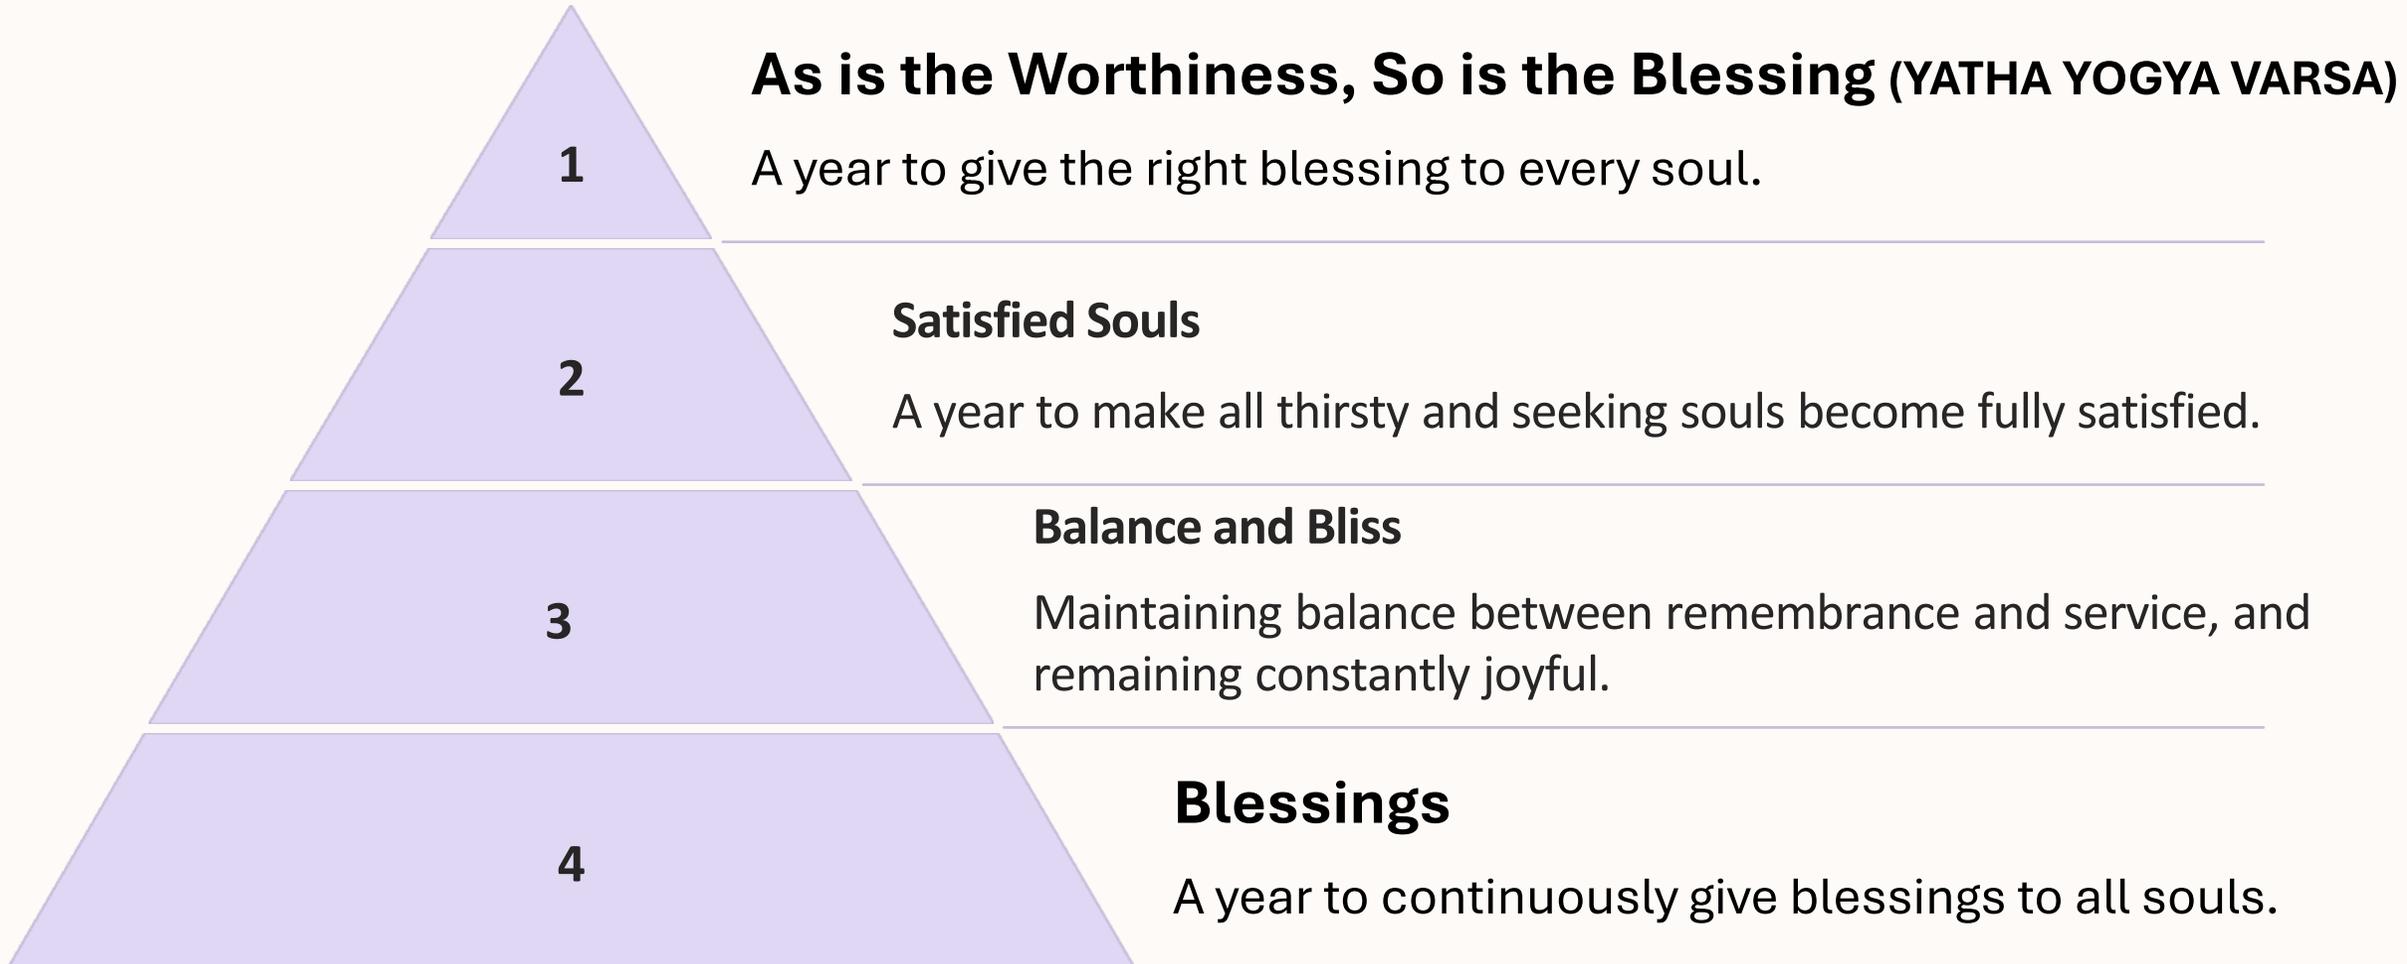

Let your elevated and powerful thoughts work like arrows. Through the best and purest thoughts, reveal the Father in the atmosphere.

Service through Words

With loving and powerful words, reveal the Father through your speech.

Year 80: The Year of Special Blessings

Special Slogan of the Year

Becoming a Destroyer Of Obstacles

Becoming a constant destroyer of obstacles for the self and for all is the special collective slogan for this year.

Easy Methods

Bid farewell forever to the path of waste and keep all powers fully stocked through full stop practice.

Angel Dress

This year, always wear the special, obstacle-proof, sparkling angel dress. Do not wear the dress of body-consciousness (the dress of clay).

Become Fragrant, Spread Fragrance

1

World-Benefactor Form

Every day at Amritvela, adopt the elevated world-benefactor form and become a combined form with the Benevolent Father.

2

Fragrance of Vibrations

Spread the fragrance of vibrations through pure thoughts and elevated feelings.

3

Fragrance of Virtues

Spread different fragrances of virtues such as happiness, peace, power, love, and joy.

4

Shower of Rose-Like Blessings

Every day during Amritvela, according to the fountain of various elevated vibrations, shower rose-like blessings upon souls.

Finalize the File of Service

1

Selection Machinery

Make the machinery of selection fast.

2

Liberation and Liberation-in-Life

Choose which souls are worthy of the year of liberation and which are worthy of liberation-in-life.

3

Message and Finalization

Give each one the message according to their worthiness and finalize it.

4

Put the Stamp

Sign the file of every soul for liberation and liberation-in-life.
Put the stamp on the file.

Work of the Advance Party

Hidden Servers

The group of the Advance Party, especially those special, elevated souls whose organization is very strong. They are vigorously working to prepare for giving the best birth — the first birth — and for giving visions.

Work of Establishment

Just as the destructive (transformative) machinery is ready to press the button, similarly, the party created for establishment through divine birth is ready to touch (activate) the Advance Party service — to give messages and to reveal themselves.

Special Instructions for Servers

1 Value Specialities

Recognize and appreciate the specialities of each soul. By valuing their unique qualities, encourage them with enthusiasm to move forward. For this, even those who are appointed must become tireless servers.

2 Create a Spiritual Atmosphere

Create an atmosphere of spirituality in your service center and all connected centers. Such an environment helps souls who come towards the self to progress easily and naturally.

3 Spread Vibrations of Unity

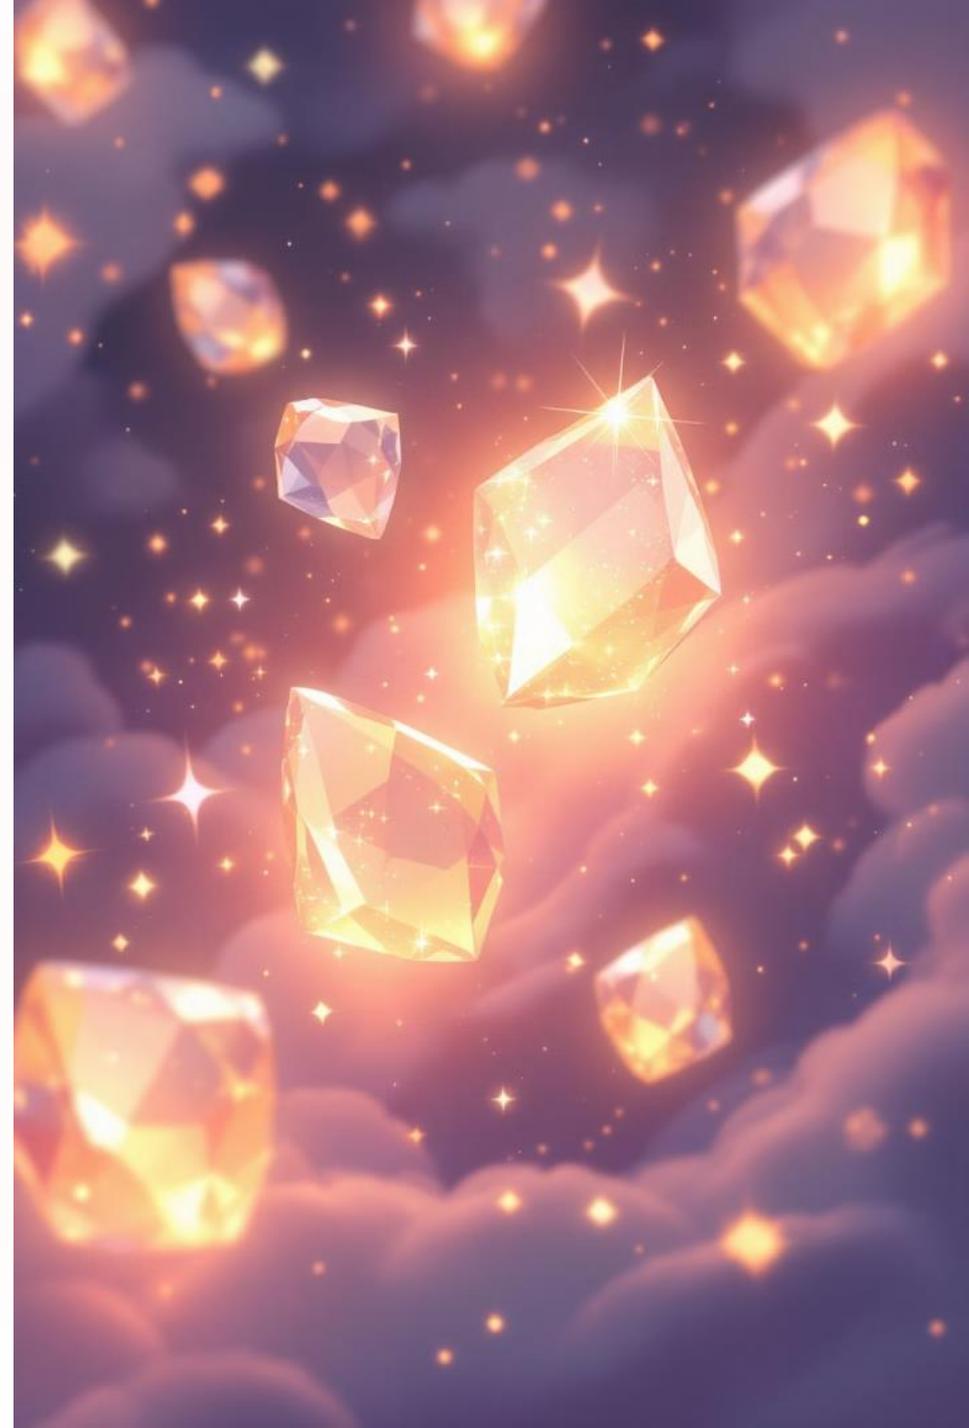

Every service center should radiate such vibrations that everyone feels we are not many, but **one**. The vibrations of unity will establish one religion and one kingdom in the world.

Smriti-Swaroop: The Foundation of Remembrance and Service 18 January 1981

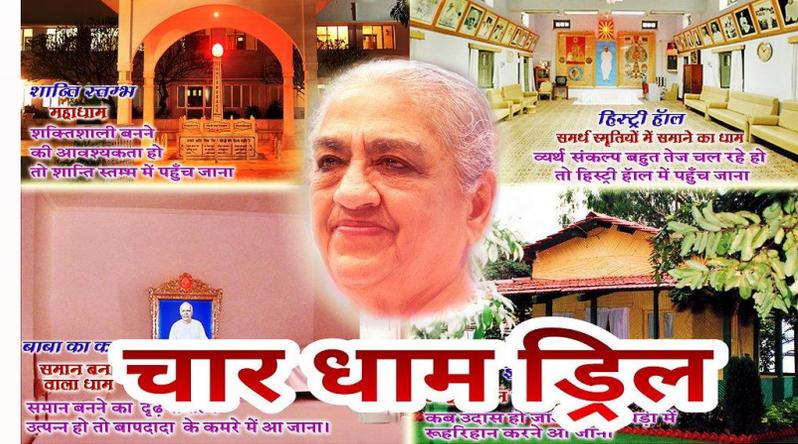

Today, BapDada is looking at His invaluable jewels. Each jewel, situated in its own elevated stage, is sparkling in its unique position, adorning BapDada with its radiance. In the physical world, you children decorate every place with different kinds of flowers. In the same way, BapDada constantly watches from above the efforts His children make.

by Shiv Baba

Circumambulation (Parikrama) of Madhuban

1

The Four Dhams

Even in Madhuban, four special “dhams” (holy places) have been created, which are circumambulated.

Just as devotees value the four dhams, similarly these four dhams in Madhuban also hold great significance.

2

Following the Devotees

Just as today you take a parikrama, in the same way devotees have also followed this tradition. You too create a queue while walking; similarly, devotees also form queues and wait eagerly for darshan.

3

Specialty of the Confluence Age

This is the specialty of the Confluence Age:
Devotees take parikrama *before* God,
but now God takes parikrama *behind His children*.

Relationship Between God and the Children

Importance of the Children

Has God made you His own,
or have you made God your own?
BapDada understands that the children
have made God their own.
Children are clever, and the Father is also
clever.

Day of Meeting

Today is the day of meeting.
The blessing for today is “**Constantly in the
Stage of Remembrance.**”
So did you experience the stage of
remembrance today?
Today you have come in return to celebrate the
meeting in the stage of remembrance.

Balance of Remembrance and Service

Form of Remembrance

The balance of both remembrance and service naturally makes one an embodiment of remembrance. In the intellect too, it is “Baba” from the mouth and “Baba” from the heart.

World Benevolence

Every step should be dedicated to the service of world benefit. In thoughts, remembrance and service through actions should always be present — this itself is the Brahmin life.

Brahmin Life

Without remembrance and service, there is no Brahmin life at all. To all the invaluable jewels—children who are embodiments of remembrance—Baba gives blessings to perform every action in a true and elevated way, becoming great and royal.

Recognizing Specialties

Specialty of Every Child

BapDada always looks at every child with the vision of their specialties. There cannot be anyone who does not have any specialty.

Specialty of Confluence-Aged Brahmins

Just as the Father makes the hopeless hopeful, no matter what someone is like, the task is to bring out their specialties. This is the specialty of Confluence-Aged Brahmins.

Diamond-Like Vision

Just as a jeweler's vision always remains on diamonds, you too should become jewelers — your vision should not go toward stones but toward diamonds. The Confluence Age is also the age of becoming like diamonds.

The Day of Coronation of Responsibility 18 January 1982

On 18th January, Avyakt BapDada came to meet His radiant, light-filled children.

This day is especially the day of the children's *coronation*, when Brahma Baba offered the crown of physical responsibilities and service to the children.

It is also the day of receiving the blessing of **“Become equal to the Father.”**

 by Shiv Baba

BapDada's Love

Songs of Love

From Amritvela, the songs of the children's love were being heard in the subtle region.

Pearls of Love

Garlands of pearls of the children's love were offered around BapDada's neck.

Divine Adornment

With these garlands, BapDada was beautifully and divinely adorned.

Brahma Baba's Blessing

1

Coronation Day

Brahma Baba gave the crown of his corporeal responsibilities to the children.

2

Final Blessing

Brahma Baba's final blessing:

“Children, you will always continue to receive growth through the method of cooperation with the Father.”

3

Fruit of the Blessing

All of you are the variety fruits that have emerged from the seed of this blessing.

Unique Tree

One Tree, Many Fruits

The tree of Brahma Baba's blessing is a unique and joy-giving tree, in which many variety fruits grow on a single tree.

Nourished by Easy Yoga

This tree has been nurtured through the sustenance of easy yoga, making it even more special than the achievements of science.

Will and Will-Power

1

Will of the Divine Property

Brahma Baba willed his divine property to the children.

2

Granting of Will-Power

The children were made instruments and were bequeathed will-power through this will.

3

Increase in Service

On the basis of this will-power, clear results of progress in service can be seen.

Special Blessing

Blessing of 'Tat-Tvam'

Brahma Baba gave the children the special blessing of 'Tat-Tvam', of which you are the special heirs.

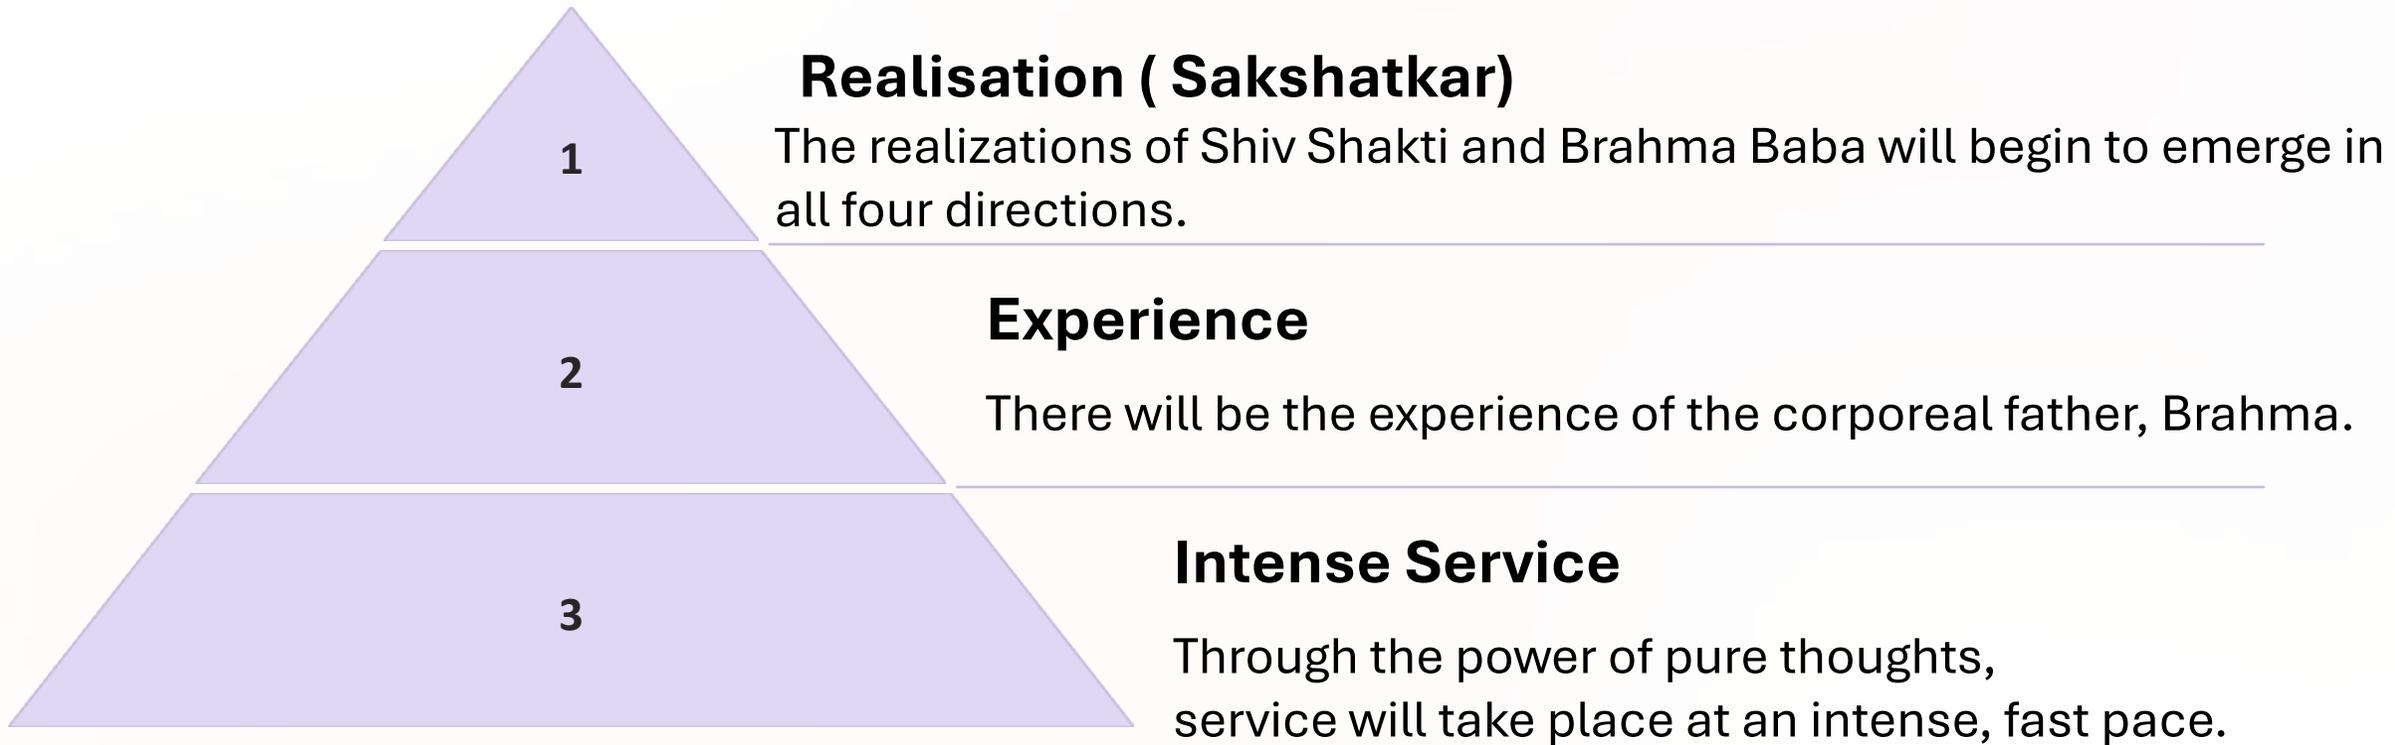

Powerful Soul

With the remembrance of this blessing, one must become a powerful soul.

Brahma Baba's Presence

Brahma Baba will be present in your every action.

Form of Shiv Shakti

Towards the Stage of Flying

1

Power of Thought

With the power of pure thoughts, everything is possible.

2

Double Light

While doing everything, remain double-light.

3

The Game of a Second

Reaching the flying stage is a game of just one second.

4

Equal to the Father

The aim is to become an angel equal to the Father.

18 January – The Significance of Smriti Diwas

18 January 1984

Today, the Madhuban Father has come to Madhuban to meet the children.

This day is a day of **love, power, and equality**.

BapDada is responding to the loving and powerful thoughts of all the children.

He is giving blessings to the children:

- **“Always be the loving ones of BapDada.”**
- **“Always be powerful and equal.”**
- **“Always remain close, with constant zeal and enthusiasm.”**

by Shiv Baba

Day of Love and Power

On this special day, the pearls of love reach BapDada. These pearls of love transform you into a great diamond.

Blessing of Equality

Today is the day for equal (similar) children to receive the blessing of “*Tat Twam*”.

Day of Power

Today is the day of power. BapDada fills the Shakti Army with all powers and gives them will-power.

Beginning of World Benevolence

1

Brahma Baba's Karmateet Day

Today is the day of Brahma Baba becoming *karmateet* (beyond the effect of actions).

2

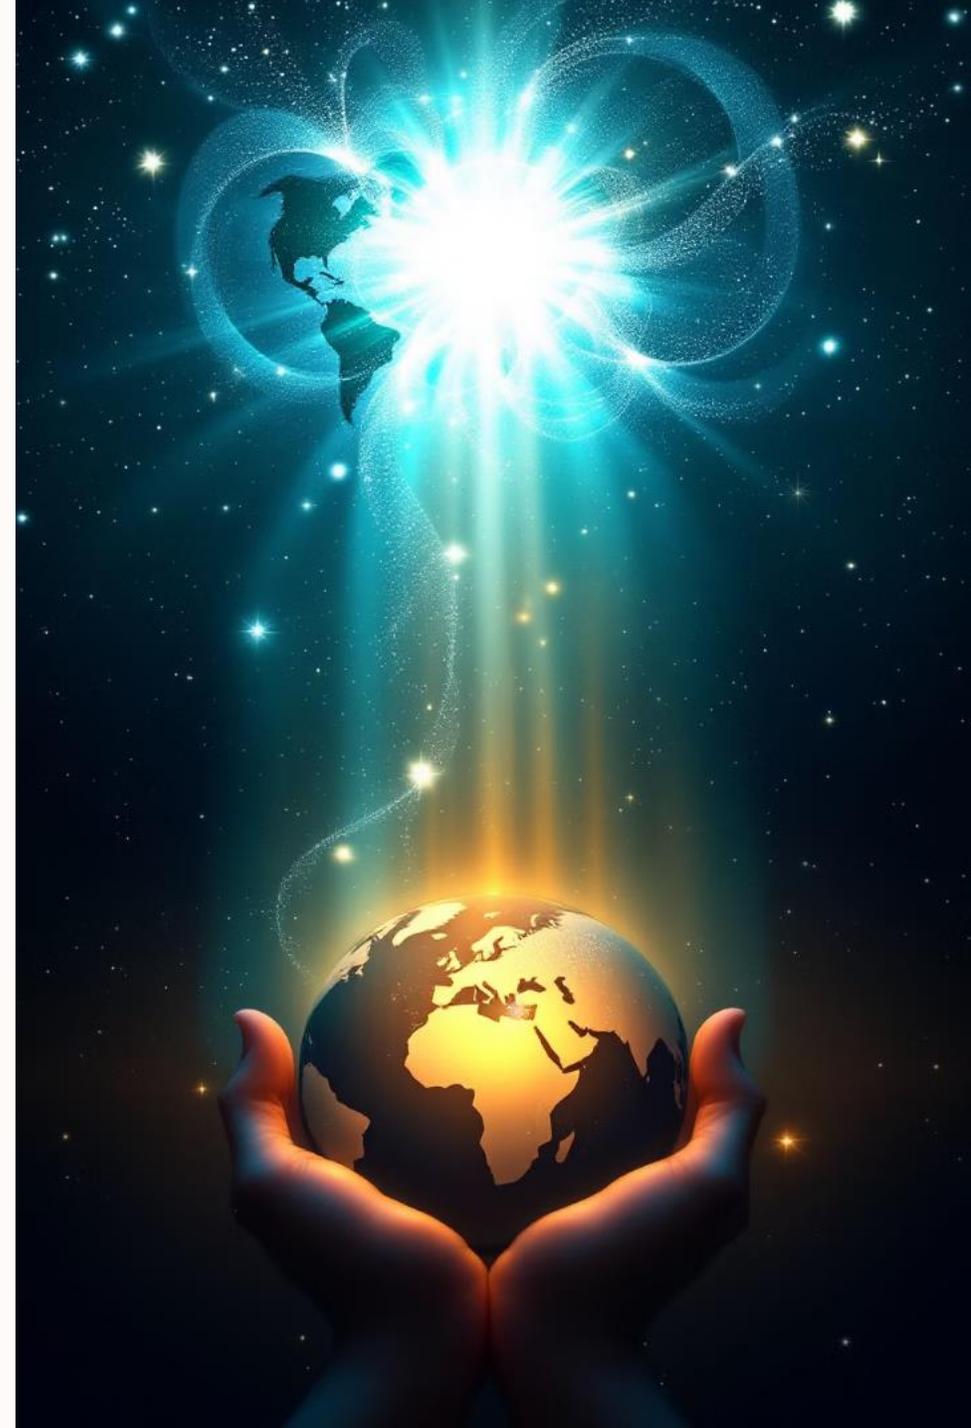

Beginning of World Benevolence

Today is the day when the task of world-benevolence and world-service begins with great speed.

3

BapDada Becoming Revealed

Today is the day when BapDada becomes revealed through the mirror of the children.

The Glory of the Pillar of Peace (Shantistambh)

Living Pillar of Peace

Every child is the memorial of the Father — the “*Pillar of Peace.*”

This physical pillar of peace has been created here, but the true pillar is the living memorial of those who remain in the Father’s remembrance.

You children are the living (conscious) pillars of remembrance.

BapDada’s Circumambulation

BapDada takes a circumambulation (parikrama) of all the living pillars — the children.

Just as today you stand near the pillar of peace, in the same way BapDada stands before all of you who are the living pillars that remain in remembrance.

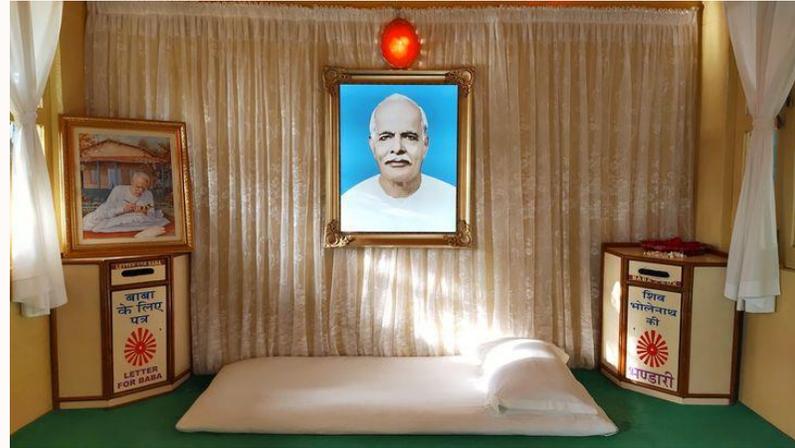

Talks of the Heart and Meeting

In the Father's Room

Today, on this special day, you go into the Father's room.

BapDada also goes into each child's heart-room and has heart-to-heart conversations with them.

The Significance of the Hut

You go into the hut.

The hut is a memorial of the Beloved Father and the beloved children.

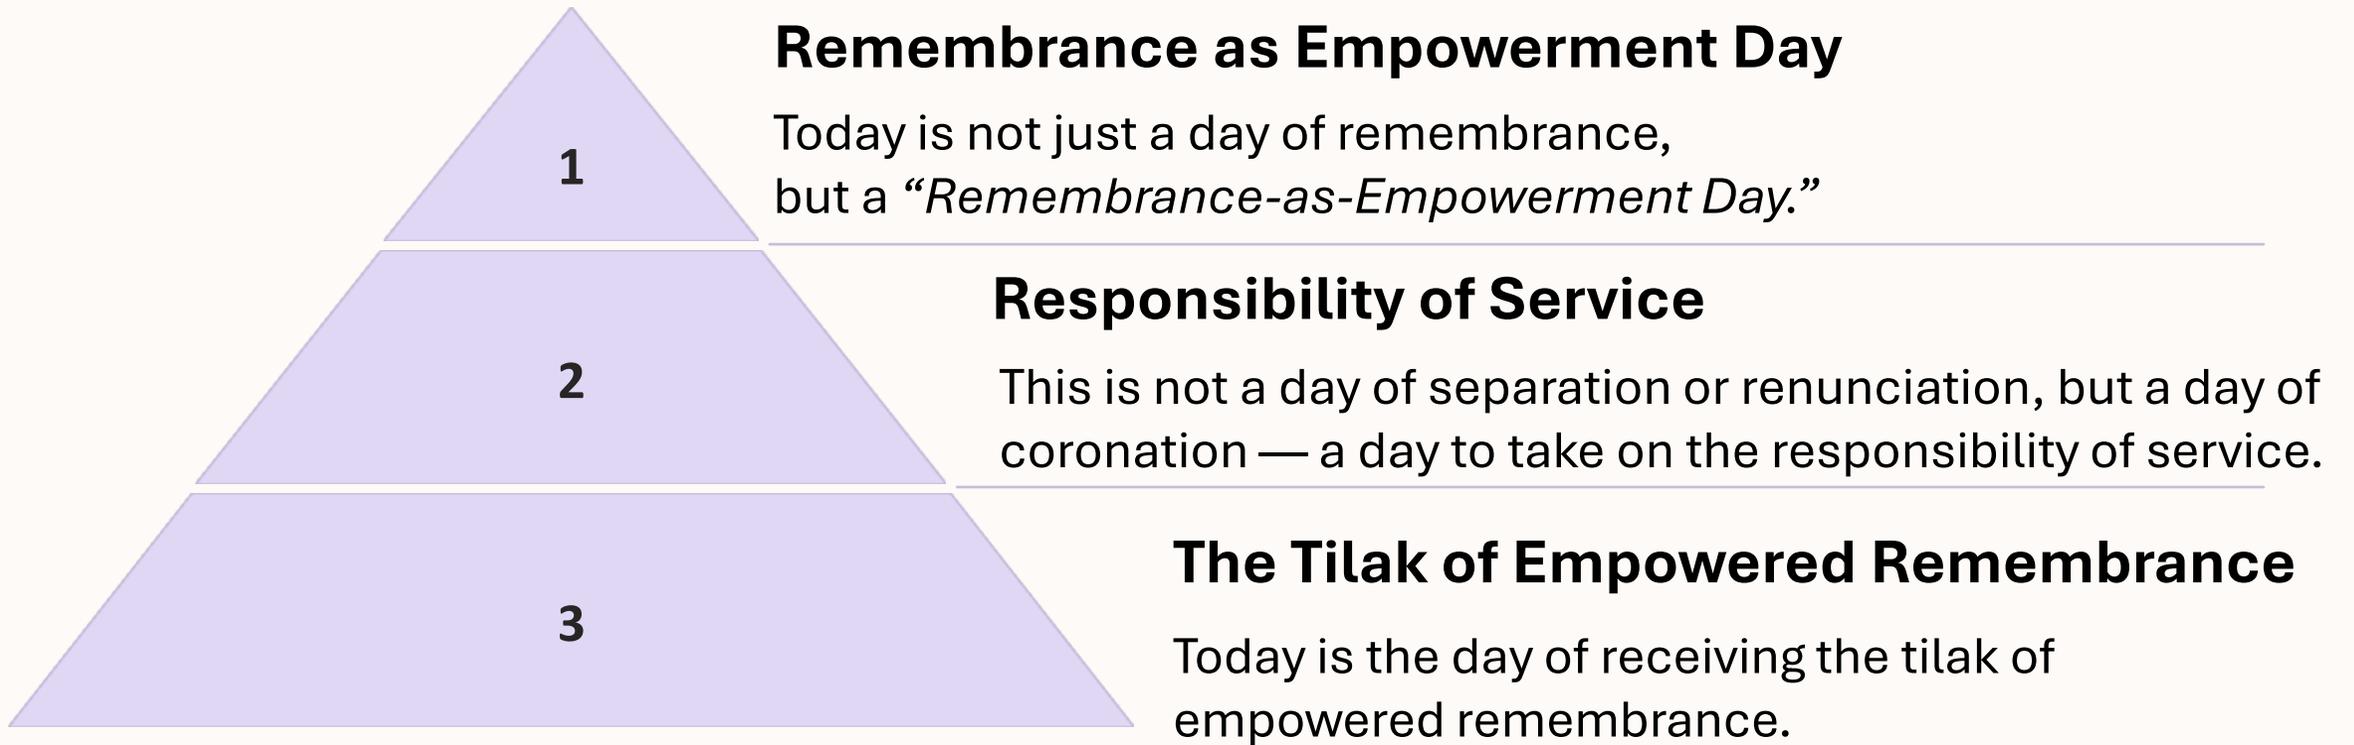

The Beloved Father celebrates a special, love-filled meeting with the beloved children in the hut.

Different Melodies

BapDada listens to the different melodies of all the beloved children.

Some play the melody of love, some the melody of power, some the melody of joy, and some the melody of divine love.

Special Significance of Remembrance Day

Greatness of Foreign Children

Double Foreign Children

Brahma Baba is delighted to see the loving children who have given a practical form to the Father's signals and call, especially the double-foreign children.

Fortunate Children

Although living far away, in distant lands and different religions, the children have reached so close.

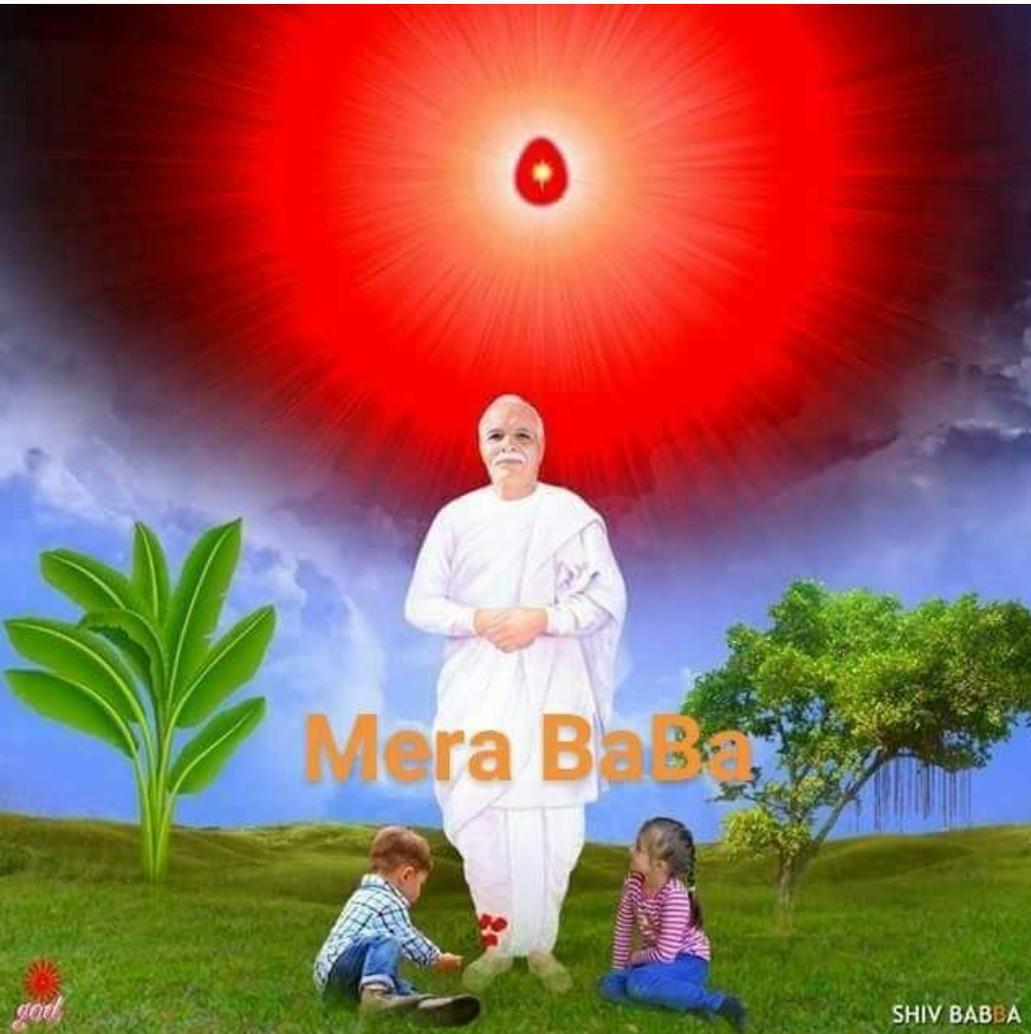

That is why such fortunate children always make BapDada happy.

Power of Love

How beautifully the children have reached the Father through the power of love!

As a direct result of Brahma Baba's call, seeing such powerful, love-filled, elevated fruits, Brahma Baba is giving special congratulations and blessings to the children.

Message of Service

1

Going for Service

BapDada says that you are not going home, but you are going for service. Without service, you cannot sleep peacefully.

2

World Benefactors

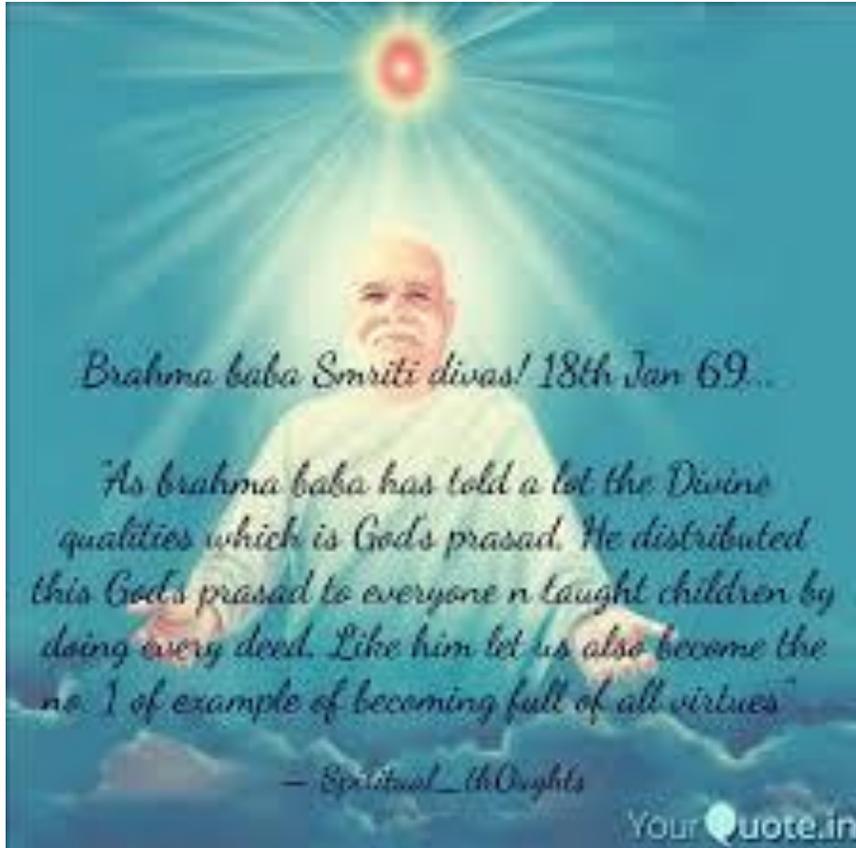

Every child is a world benefactor. Now let us see who brings the biggest bouquet!

3

Co-operative Children

BapDada always keeps co-operative children close. Co-operative children always receive cooperation in return.

On Smriti Divas — Avyakt BapDada's Precious Versions 18 January 1985

Today, on Smriti Divas, the Almighty Father is looking at His almighty children.

This is the day Brahma Baba especially offers the blessing of power to the powerful children.

Today is the day to invoke the Shiv Shaktis in their revealed form.

BapDada grants His children the blessing of becoming *samaan bhav* (equal in stage),

the blessing of being the embodiment of love, and the blessing of an imperishable meeting.

This is a special day to sing the songs of love, sweet meeting, and glory.

● by Shiv Baba

Garlands of Love

Garlands of Pearls of Love

BapDada saw the garlands of pearls of love from many children in the subtle region.

Between each pearl, the words “*Baba, Sweet Baba*” were sparkling. These are garlands of divine and invaluable jewels.

Garland of Nine Jewels

In this old world, people speak of a garland of nine jewels.

But BapDada has many divine and unique garlands of countless jewels.

These garlands will not be worn even in the Golden Age.

Songs of Love

Today is the day to hear the sweet songs of love and remembrance that arise from the hearts of many devoted gopis.

BapDada gives the good news of becoming revealed to those loving souls who remain absorbed in such deep love.

Firm Determination and Success

1

The Day of Firm Determination

Today is the day for every child to take a firm determination from the heart. It is the day to attain the direct result of easy success.

2

The Enthusiasm of Love and Service

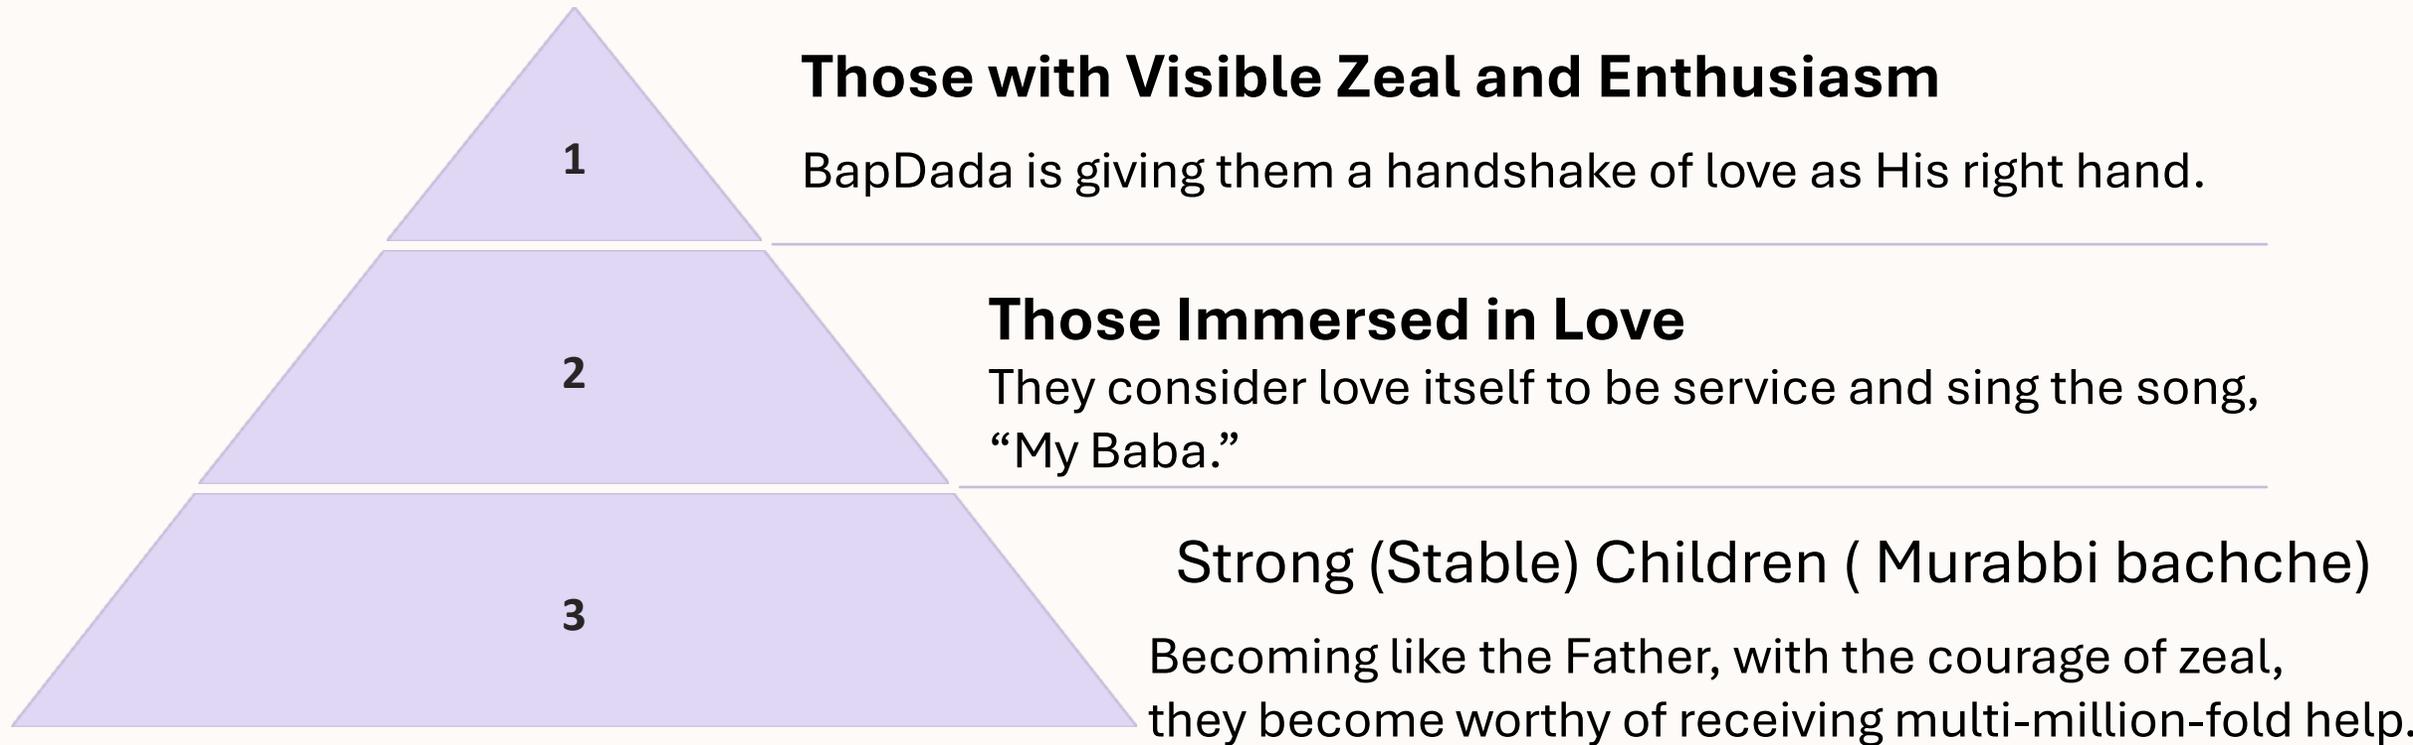

BapDada gives loving congratulations to every child for their enthusiasm and zeal in serving to reveal BapDada through love and service.

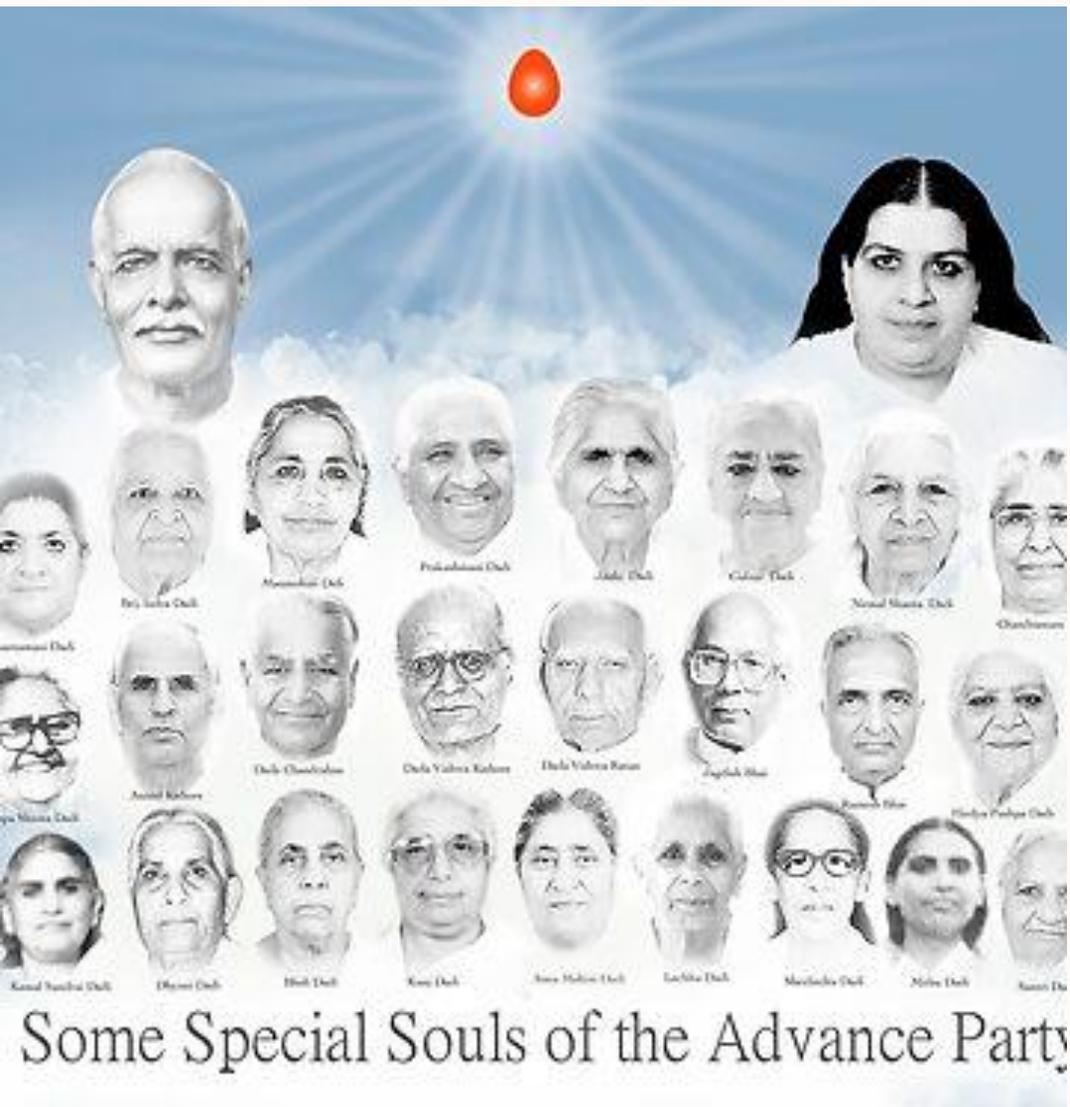

3

Promise and Visible Result

BapDada congratulates those who keep their promises. They say that one should constantly revise this promise at Amritvela and always maintain zeal and enthusiasm.

Three Types of Children

Preparation of the Advance Party

1

Strong Organization

The Advance Party is strengthening its own organization. Their work will also gradually become visible to all of you.

2

Small Groups

Small groups among them keep meeting each other, sometimes even without knowing the reasons behind it.

3

New Task

In their intellect, there is the signal that they must unite and carry out a new task—a task that no one else in the world can accomplish according to the current circumstances.

Three Types of Children in the Advance Party

Those with Planning

Children who have the intellect for planning the establishment of the kingdom.

Those who Inspire Courage

Children who increase others' enthusiasm and courage.

Those with Action

Children who bring plans into action.

Steps Toward Revelation (PRATYAKSHATA)

1

Clouds Are Dispersing

The specialty of revelation is within the clouds, which are slowly dispersing.

2

Powerful Stage

As the master souls reach the powerful stage of the Sun of Knowledge, the clouds continue to disperse.

3

The Drum Will Beat

When the clouds completely clear away, then the drum of revelation will begin to beat.

The Secret of the Kingdom's Establishment

■ The Secret of Unity

There is also a secret behind external unity. Differences are weakening, and 'one' is becoming powerful.

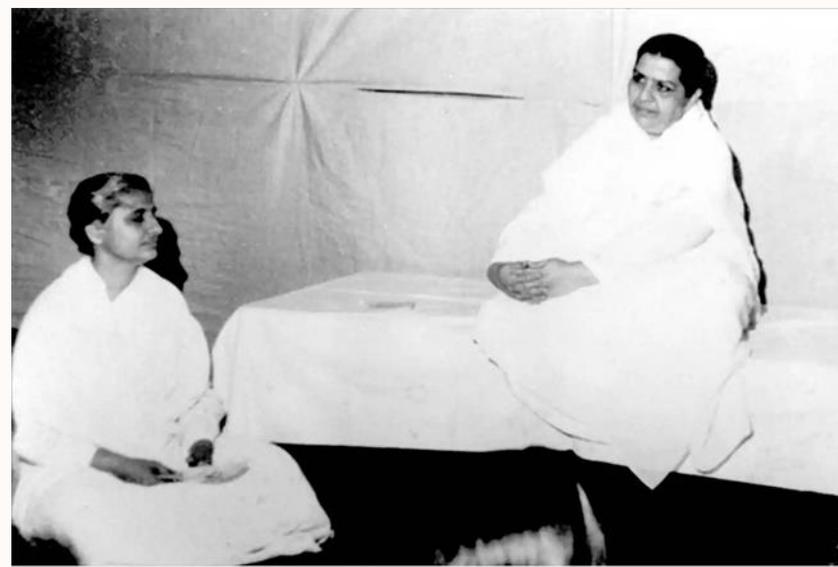

■ The Meeting of Compulsion

They have not met from the heart, they have met out of compulsion —
but even a meeting of compulsion has a secret behind it.

■ Hidden Methods and Systems

The time is approaching when the hidden methods and systems of establishment will become clear.

Special Part of Jagadamba and Didi

Dadi Prakashmani & Mamma.

Dadi Pushpashanta Ji

Companionship of the Moon

Jagadamba is like the moon, and from the very beginning Didi has had a special part. Both have always been companions in their work. Jagadamba gives the power of coolness, while Didi is intense.

Companions in Planning

In planning, there should also be companionship. *Pushpashanta* and *Didi* also have a mutual connection from the beginning. Even here, both have a close and accurate relationship with each other.

Farewell Message

Blessing of a Powerful Stage

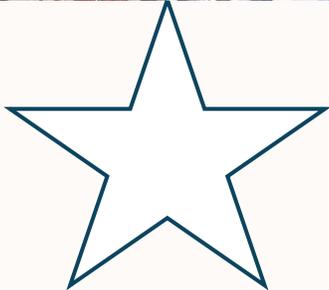

On this special and powerful day, whoever has come should always carry the blessing of a powerful stage. If any challenging situation arises, remember this day and this blessing.

Becoming a Madhuban Resident

In a second, reach Madhuban through the plane of intellect. Madhuban will always continue to give courage and enthusiasm.

Courage and Enthusiasm

Just as here everyone is filled with courage and enthusiasm, let no one feel weak. This very remembrance will again make you powerful.

सृष्टि रूपी उल्टा व अद्भुत वृक्ष और उसके बीजरूप परमात्मा

Power of Pure Thoughts (Manasa Shakti) and the Power of Fearlessness

18 January 1986

The Lord of the Tree (Vrikshpati Bap) spoke to His original jewels.

Today, Vrikshpati is looking at the foundation children of His new tree.

Vrikshpati is looking at the trunk of His tree.

He is also looking at all the elevated, fruitful children who have been nurtured through His sustenance.

● by Shiv Baba

Greatness of the Original Jewels

Uniqueness

The greatness and uniqueness of each jewel is its own.

Instrument Souls

All are special souls who became instruments for creating the new creation.

Example

By recognizing the Father and becoming cooperative in the Father's task, they became instruments and became examples ahead of many others.

Creation of the New World

Do not look at the world; look at the ones who create the new world.
They showed unshakable faith and courage as proof in front of the world.
That is why all are special souls.

Special Organization

When special souls are seen in a unique
and organized form,
even BapDada becomes delighted.

Songs of Praise

Such children are praised in songs of glory.

Father's Choice

Recognizing the Father, and the Father accepting the children exactly as they are — this itself means being chosen.

Because the Beloved Father likes only one thing: **those with a true heart.**

Importance of the Heart

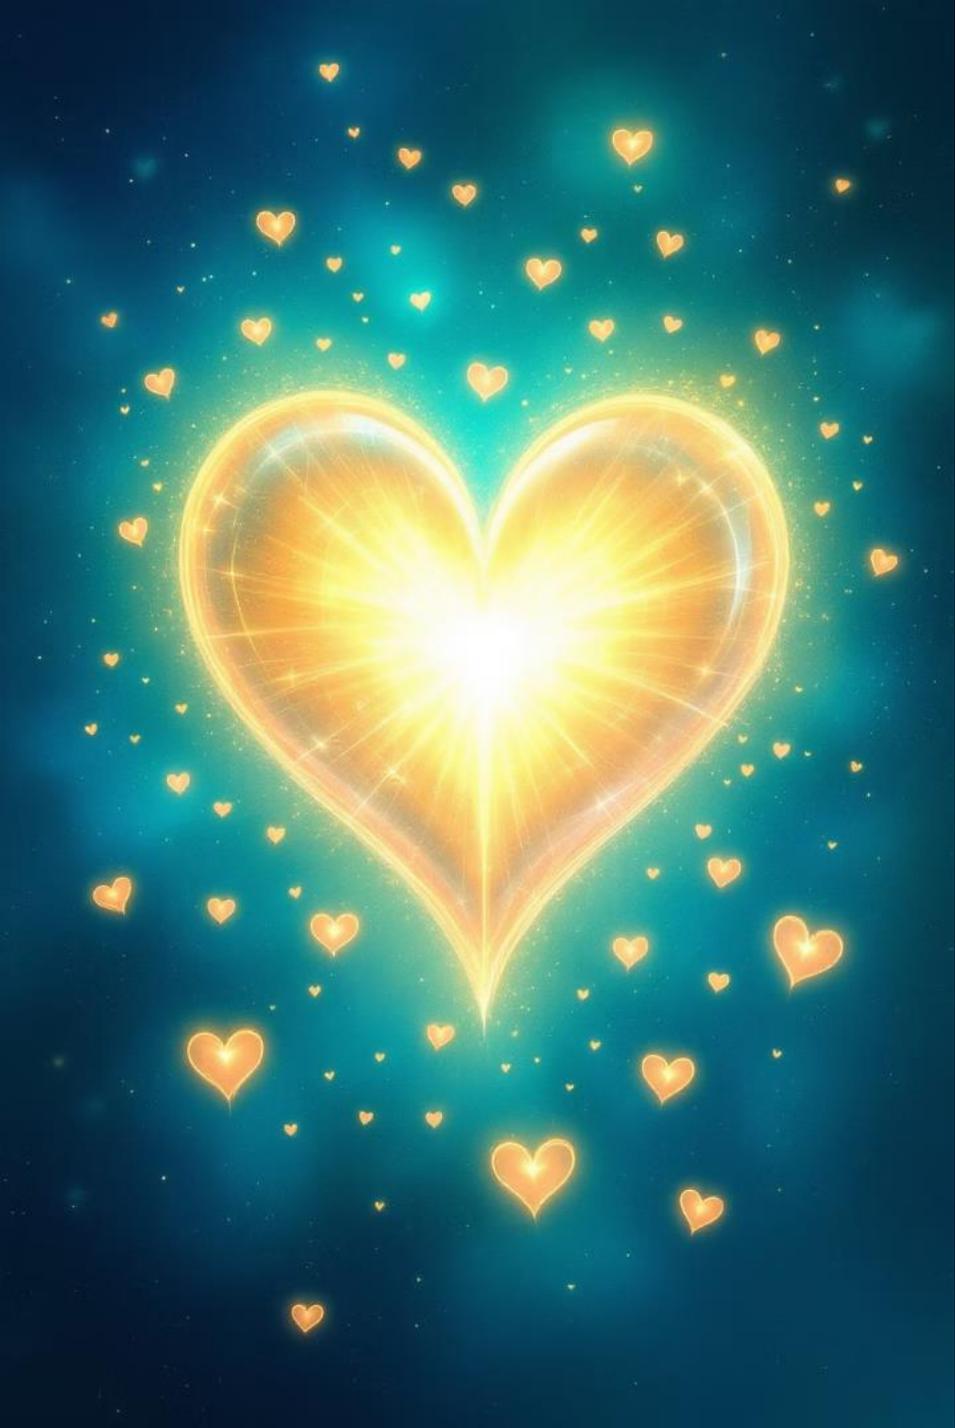

Even if one does not have worldly intellect, the Father does not like worldly cleverness. He prefers those who are **heartful.**

Use of the Intellect

The Father gives such a great intellect through which one can understand the Creator, and from that, know the beginning, middle, and end of the creation.

Basis of Attainment (Numberwise)

Attainments (numberwise) are based on having a **true and clean heart**—not based on service.

Service of the Heart and the Intellect

1

Service of the Heart

Service done with a true and honest heart.

2

Service of the Intellect

Service done only on the basis of the intellect.

3

Impact

The voice of the heart reaches another heart.
The voice of the intellect reaches only the intellects.

List of the Big-Hearted Ones

Today BapDada was looking at the list of those with big hearts.

Those who use their intellect earn a name; those who use their heart earn blessings.

1 Emerged in the Subtle Region

Today, the souls who had gone to the subtle region were emerged.

2 Soul-Conscious Stage (Ruh-Rihan)

Those special souls were experiencing a deep soul-conscious stage.

3 Main Topic

The main soul-conscious reflection was:

How much difference has remained between 'time' and 'completion'?

Preparation of the Numbers

How many numbers are ready?

Are the numbers ready or are they still becoming ready?

The numbered souls are coming on the stage one by one.

Question

The advance party was asking —
Right now we are doing the task
of the advance party,
but what special cooperation
are our companions giving in our
task?

New World

Where and who will take birth to
begin the New World?

Garland

They too are creating a garland.
Which garland are they creating?

The Need for Subtle and Powerful Thoughts (Manasa)

They too need special support in their task — support through subtle and powerful thoughts.

The souls who become instruments for powerful establishment are themselves pure, but the atmosphere — of people and of nature — is tamoguni (impure or heavy in vibrations).”

Extremely Tamoguni Environment

“Among the extremely tamoguni ones, the few satoguni souls are like lotus flowers.”

Question from Loving Souls

Do our companions remember such a great service, or have they become busy only in the centres or immersed only in their own zones?

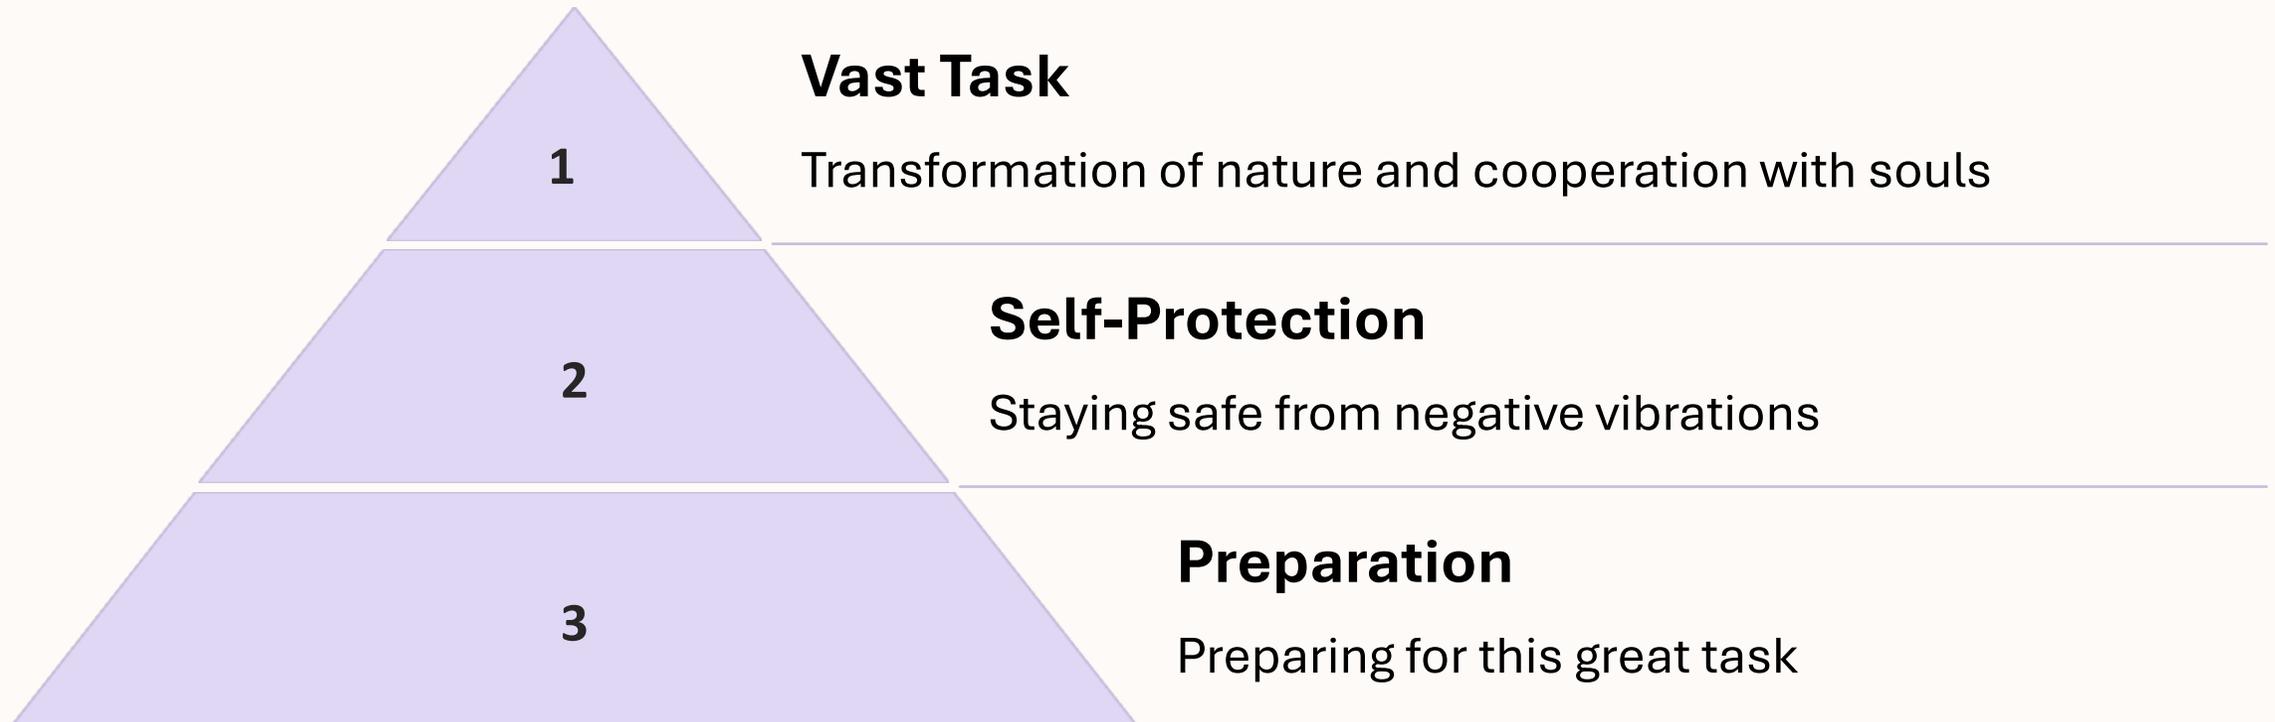

The Task of Nature Transformation

“So much of nature-transformation work, and the destruction of so many souls with tamo-guni (impure) sanskars — this will happen through some method or the other.

But sudden death, untimely death, collective death — the vibrations of such souls will be extremely tamo-guni.

To transform those vibrations, **to keep yourself safe from such bloody(extremely violent) and heavy vibrations in the atmosphere, and to give support to those souls —**

Are you preparing yourself for this vast task?”

The Task of the Unlimited

Or has someone just come, understood, and eaten —
is time not being spent only in this?

He was asking this.

Today BapDada is giving them a message.

Who are the instruments to carry out such an unlimited task?

1

Original Instruments (Adi Nimit)

Those who became instruments(Nimit) in the beginning

2

Instruments at the End

“So, in the end too, you have to become an instrument
for the great task of transformation.”

3

Success

The one who completes the final task
has accomplished everything

Preparation of the Womb-Palace

The womb-like palace also has to be prepared.

Only then will the new creation and the beginning of yogic power take place.

For yogic power, the power of pure thoughts (mansā shakti) is essential.

The power of pure thoughts will also become a means for your own safety.

Importance of Thought-Power

Only through the power of pure thoughts (mansā shakti) can you become an instrument to make your final moments beautiful.

Limits of Physical Cooperation

“Otherwise, even the tangible/physical cooperation needed at the right time may not be available due to circumstances.”

Need for the Power of Elevated Thoughts

At that time, if the power of the mind — that is, the power of elevated thoughts — is not clear and aligned, then your weaknesses will be experienced in the form of regret, just like ghosts of the past.

Weakness of remembrance

Because when there is weakness in remembrance, fear will be experienced — like the fear of ghosts.

Present and Future

Right now, you may somehow manage to carry on, but in the end, you will experience fear.

Importance of Preparation

Therefore, from now itself, accumulate the power of pure thoughts and the power of fearlessness — for unlimited service and for your own safety.

Sovereign(Rajya –Adhikari) of the Unlimited World

Only then, by becoming a co-operative helper in the final, beautiful and unlimited task, will you become a sovereign of the unlimited world. Even now, your companions and helpers are waiting for you. The tasks may be different, but both are instrumental for transformation.

1

The Task of the Advance Party

Some are preparing themselves — and continuing to prepare — to invoke (welcome or attract) elevated souls.

2

The Task of Preparation

Some are engaged in preparing others.

3

Instrument for Service

They are instruments for service — the relationship of friendship and closeness.

Sanskars of the Knowledgeful Soul

Because of this, we do not discuss knowledge in an emerging form, but due to the sanskars of being a knowledgeable soul, the elevated sanskars of the One, the best vibrations, and the ever-holy and happy face keep inspiring others.

Relationship and Friendship

Even though they may belong to different families, on the basis of some relationship or friendship, when they come into contact with one another, the soul—being knowledgeable—continues to feel that these are my own, or they are close.

Basis of Belonging

On the basis of belonging and closeness, they recognize one another.

The Task of the Advance Party

Right now, the time is very near; therefore, the work of the Advance Party is progressing at great speed. Such give-and-take is taking place in the subtle region.

Message from Jagadamba

Specially, Jagadamba was speaking sweet words to all the children.

Elevated Experience

Through these specialities, success will always feel easy and elevated.

Basis of Success

The foundation of success is always the power of tolerance and the power to face situations.

Experience of Vishva Kishor Bhau

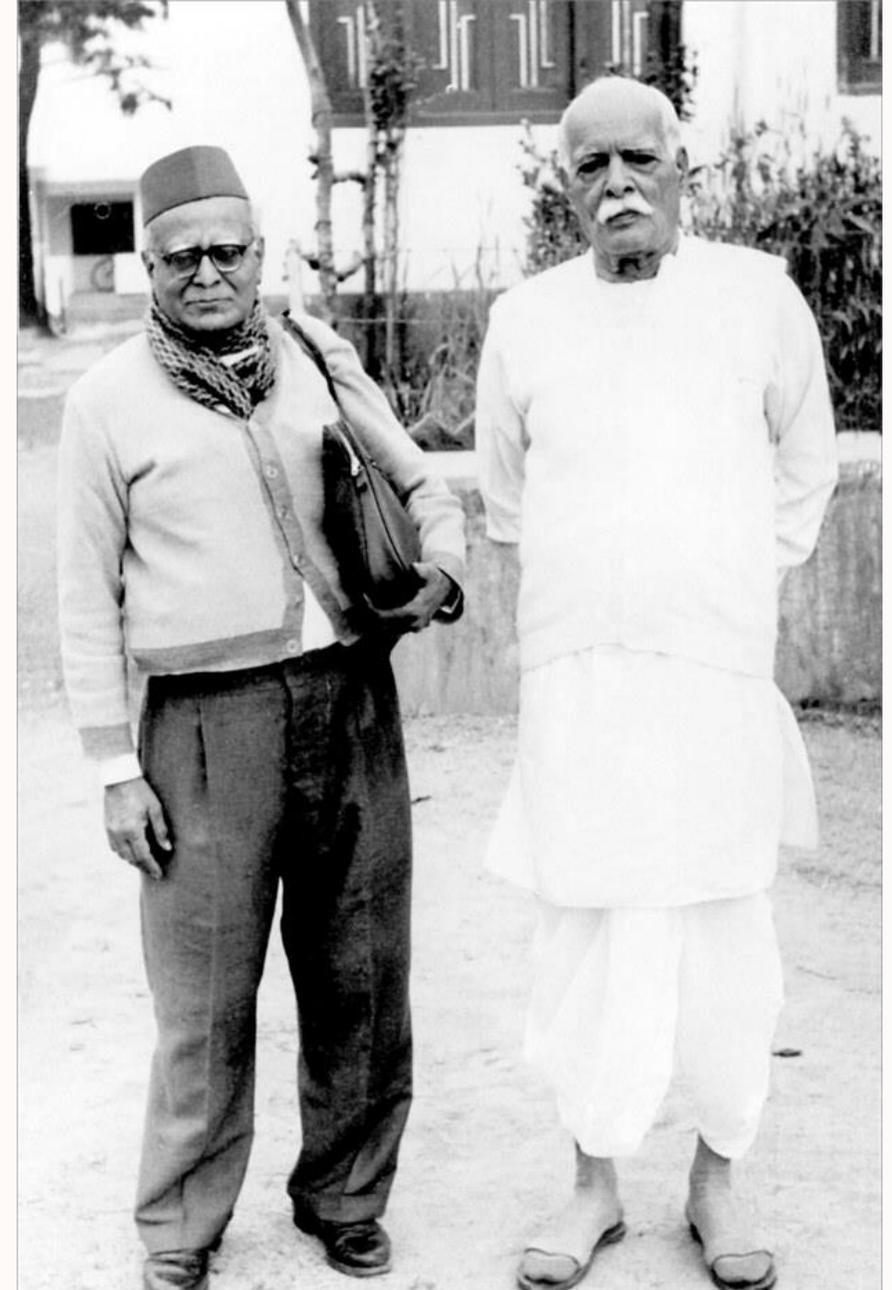

Vishva Kishor Bhau generally speaks very little, but whatever he speaks is powerful. In his few words, he conveys the entire experience that the foundation of success in any task is “**firm determination and intoxication (spiritual intoxication)**”.

Impact of Firm Faith

If your faith is firm, then the elevated intoxication (spiritual enthusiasm) is naturally experienced by others as well.

Example of the corporeal Father

Just as the corporeal Father(Brahmababa) always had the unshakeable faith and intoxication that *in the future I will become the World Emperor*, and indeed he became so.

Pandav Bhawan, Mt. Abu (8 March 1968): Dada Vishva Kishor Bhau taking leave from Brahma Baba while departing for Mumbai for an Operation. (This is the last photograph of Bhau).

The First Prince of the World Emperor

Such was the intoxication that **Vishva Kishor** also carried — that *I am the first prince of the World Emperor*.

This intoxication remained unshakeable in the present and the future.

And those who stayed with him naturally saw him in the same light.

Didi's Experience

Didi Ruh-Ruhan was doing very well.

She said,

“Why did you call everyone without informing them?”

The Method of Becoming Detached (Nashto-Moha)

All relationships connected with the body, all sanskars linked to the body — whether worldly or subtle — are still relationships.

By going beyond subtle relationships, the body, and sanskars, one becomes “*Nashto-Moha*” (detached).

This alone is the method, and this is what is destined in the drama.

Support in Becoming Free from Karmic Bondage

Because along with one's own effort, according to the Father and the drama, one also receives support in becoming free from karmic bondage.

Those who have remained cooperative children for a long time — the ones who have stayed close in the “One Father, no one else” mindset — such children definitely receive special support from the Father at such times.

1

Extra Support

Many wonder, “Has all this become *karmateet* (beyond the effect of karma)? Is this the *karmateet* stage?” But cooperative children, from the beginning, receive extra support.

2

Hidden Help

Therefore, even when one's own effort seems less, the Father's help at that time gives extra marks and makes them pass with honor.

3

Principle of Return

This support is subtle and hidden — which is why questions arise like: “How did this happen?” But this is simply the return of cooperation.

The Reward for Being a Heartfelt Helper

As the saying goes — “It comes in handy in times of need.” Those who remain helpers from the heart receive an extra-marks return at such times.

Do you understand this secret?

That is why, through the method of remaining detached from attachment, they attained success through the gift of extra marks.

■ Didi’s Experience

Didi kept saying:
“Always hold the finger of the Father and the Grandfather, or offer them your finger. Whether you hold the finger as a child or offer your finger as a parent—either way, keep the connection.”

■ The Basis of Success

In both forms, at every step, walking with the experience of holding the divine finger—this alone is the foundation of my success.

The Call to Fill the Advance Force

The advance party is doing its task. Now you must fill the advance force, so that the course of transforming the world is completed.

Because the foundation is ready.

When the foundation is ready, those who serve the unlimited will make the Unlimited Father manifest.

1

The Drumbeat of Revelation

It will play in one rhythm:

“We found Him, He has come.”

2

Remaining Tasks

There is still a lot of work left.

You think that everything is almost finished, but much remains to be done.

3

Elevated Intellect Through Words

Right now, the task of transformation through words is happening.

Now, through your attitude change people’s attitudes, and through your thoughts change others’ thoughts.

The Equality of Love and Power — 18 Jan 1988

Today, the Almighty Father who makes you embodiments of remembrance is looking at the children who are also embodiments of remembrance.

On this day, along with the experience of being face-to-face with BapDada's love, there is also the experience of both love *and* power— that is, the balance of love and power.

Remembrance Day is the day of receiving the blessing of equality in both — **love and power**.

by Shiv Baba

Brahma Baba: The Symbol of Love and Power

Impact of Love

Brahma Baba is the supreme symbol of the balance of love and power. Through love, he made every child constantly powerful. He did not attract children only through love, but through love he created a *powerful army* and made them instruments to serve the world ahead.

Importance of Power

Along with constant “*loving nature*”, he taught the lesson of “*detached and free from bondage*” — the stage beyond karma. Until the end, he gave every child the experience of being constantly unique and constantly beloved. This was the blessing he gave through the vision of those divine eyes.

The Visible Form of Love

Becoming Equal

The visible form of love is *becoming equal*.
The more true love there is from the heart,
the more enthusiasm and zeal
the children feel
to follow the Father in the same
way.

Royal Children

The divine mother has such spiritual love for her children
that every child becomes a king.
Everyone should become royal children, not subjects.

Spiritual Love

This spiritual mother's
spiritual love
does not make one weak or
dependent.
It makes one a cooperative
yogi —
that is, one who becomes a
king.

Remembrance of Brahma Mother

1 Equal Children

Before Amritvela, remember “*equal children*”.
Loving children and equal children.

2 Love and power

Loving children have the desire or thought of becoming equal, but along with the desire and the thought, they are not always constantly powerful.

3 Influence of Problems

Problems often pull them away from the stage of becoming equal. Because of love, they cannot forget the Father, but still the influence of situations distracts them.

Experienced Souls

Knowledge-full

At this time, according to the proof, you have become experienced in being **knowledge-full, powerful,** and **successful** for a long period.

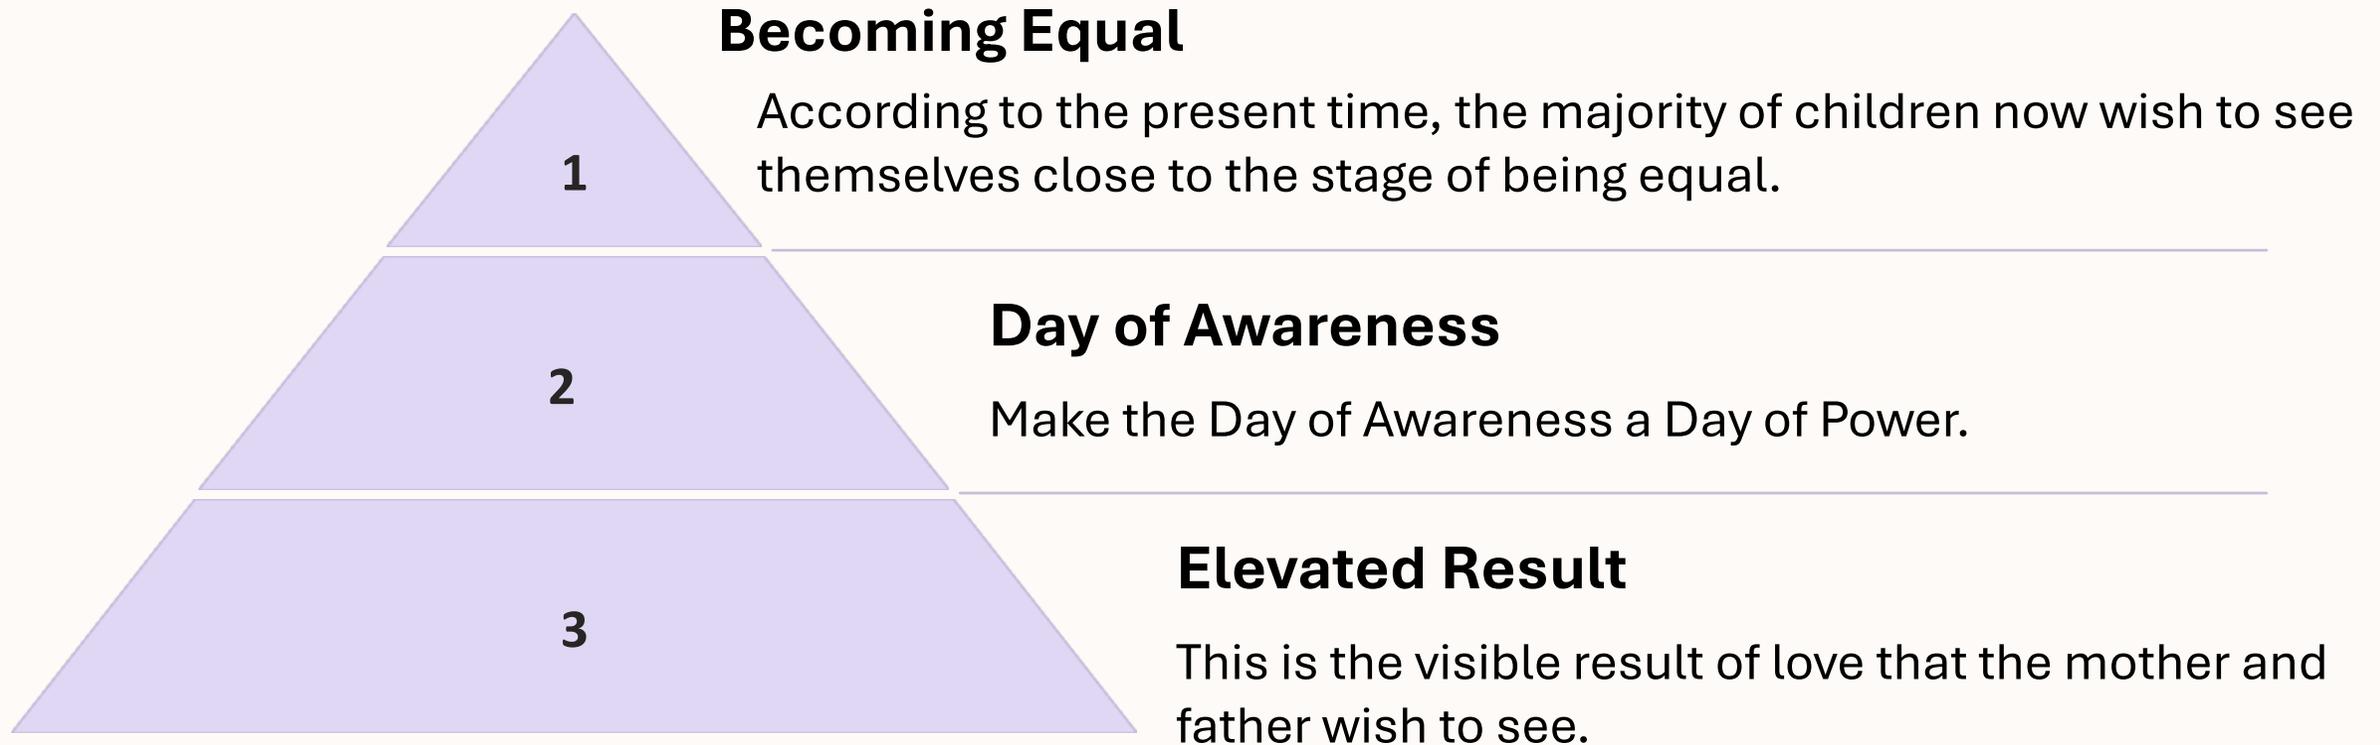

Experienced in Problems

Souls who have repeatedly experienced problems created by **Maya, nature,** or other souls.

Trikaldarshi (Knower of the Three Aspects of Time)

Are You trikaldarshi!
You Know the **beginning,** **middle,** and **end** of problems.

Attainment of the Stage of Equality

The Play of Maya

1

The Arrival of Maya

A little bit of Maya's play is also necessary. If you don't play the game, you will become sad.

2

Change of Perspective

Even if Maya comes, don't see it as an enemy — see it as a toy.

3

Entertainment

Then Maya will also become busy, and you too will enjoy yourself.

4

Move Forward

Change the form of Maya — don't be afraid. Transform it and make it your companion to move forward forever.

The Importance of Service

Spreading Happiness

The number one service is to make everyone happy.

To create a wave of happiness within all — this is the Father’s elevated service.

Remembrance of the Father

The Father’s remembrance naturally emerges in everyone. When they look at the elevated children, they don’t see the children — they see the Father.

Becoming Equal

You have received the blessing of serving to become *equal*. The blessing of “*Become Equal*” has been received directly in the corporeal (visible) form.

Specialties of Service

1

Service from the Heart

The one who serves from the heart reaches the Beloved Father very quickly.

2

Fast Speed

He is the complete computer — there is not even a need to move a finger.

Service of Madhuban

Madhuban is the blessed land of God's powers, where the importance of service is reflected at every step. This sacred land is a meeting place of remembrance of the Father and service.

Every service performed in Madhuban yields multi-million-fold results.

In every activity here, the Father's subtle presence is felt, which grants special powers to the children who serve.

This is the place where service and tapasya (spiritual effort) come together.

Different Forms of Service

1 All-Round Serviceable (Āl-round Sevādhārī)

An all-round serviceable soul is one who takes **full marks through every type of service.**

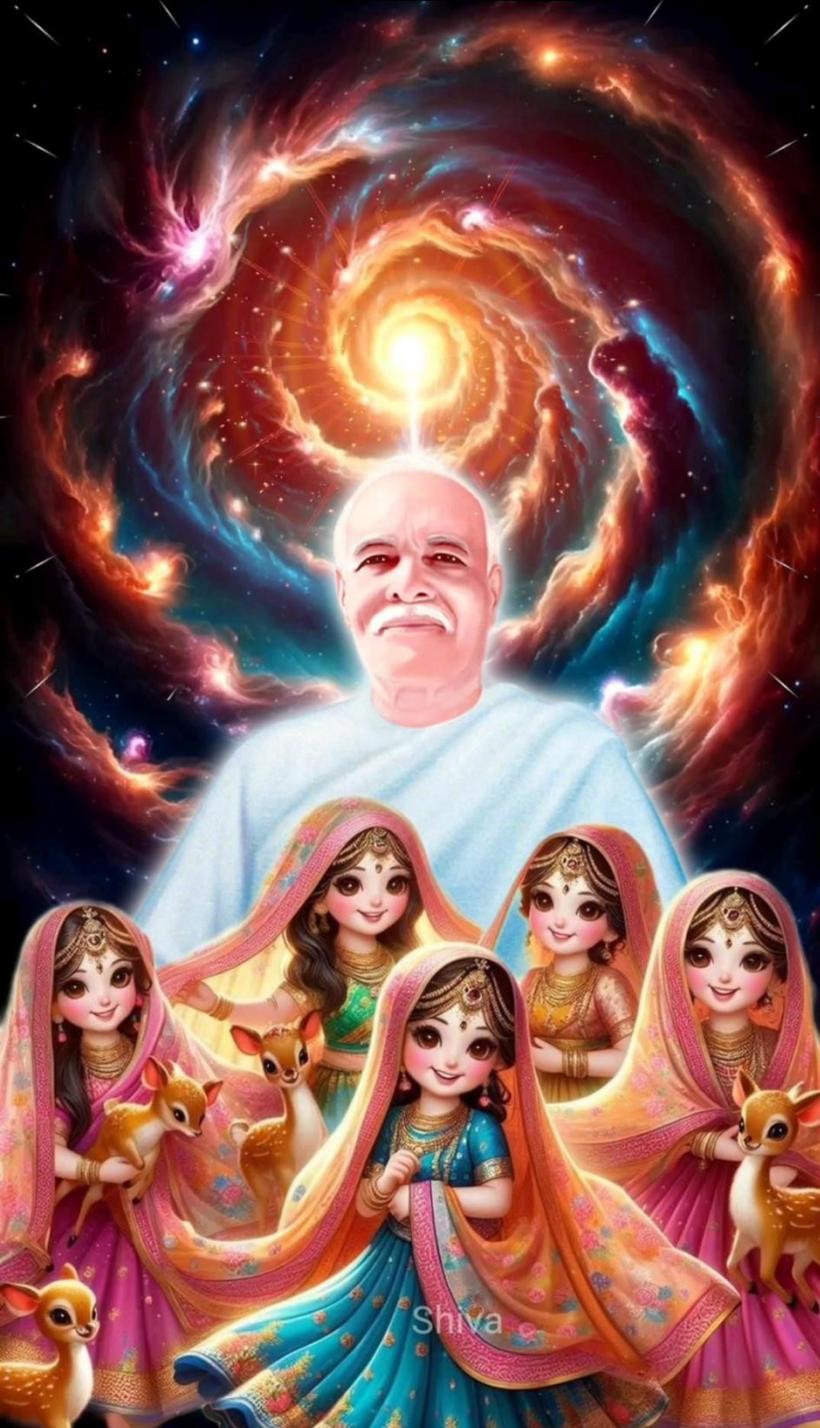

2 Service of Karma (Action)

Service through action also carries **100 marks.** If one's speech and mind are fine, but there is **no interest in service through action**, then the **100 marks are lost.**

3 All Subjects

Have you taken marks in **all subjects?** For example, becoming a **nimitt** (instrument) for giving a house—this is service; it earns **spiritual merit**, and **marks are awarded.**

Baba's Love and Remembrance for the Children

Heart-Bound (Dil-Takhtanashin)

Always heart-bound, always always the bearer of light, light, always giving the special blessing of becoming becoming the embodiment embodiment of constant constant remembrance and and awareness.

Love for Remembrance

All children, while walking, moving, and performing actions, are progressing with very good speed in the love for remembrance.

Zeal and Enthusiasm

Children keep giving news of their zeal and enthusiasm, and BapDada becomes delighted seeing them.

Dealing with Maya

1

The Perspective of a Game

A little bit of Maya is also part of the game. If you don't play, you will become sad. So play well, but do not accept defeat.

2

The Form of a Toy

If Maya comes, do not see it as an enemy. See it in the form of a toy. Then Maya will also get busy, and you too will enjoy the entertainment.

3

Transformation

Transform the form of Maya — do not fear it. Change its form and make it your companion to move forward forever.

Spirit of Service

100%

Enthusiasm for Service

All the children have a great spirit of service.
The programs are also getting better and better.

therefore, they are tireless and never get exhausted.

In all directions, the spirit and enthusiasm of service are moving forward positively.

On Remembrance Day – The Divine Versions of the Subtle BapDada 18 Jan 1990

Today, the loving Mother–Father of all the children is seeing garlands of invaluable pearls in the love-filled voices and hearts of their beloved children...

Seeing this love, they are giving a special blessing in return:

**“Always be close, always be equal, always be powerful,
and always remain content and give contentment.”**

Ocean of Love

Children's Love

Children from all parts of the country and abroad are immersed today in the ocean of love.

BapDada can especially see Brahma Mother absorbed in the children's love, and seeing the children merged in love, Brahma Mother too becomes merged in their love.

Mother's Love

Children know that Brahma Mother had special love for the children — and still does.

A mother who nurtures naturally and constantly carries special love for her children.

Day of Elevated Fortune

1

Today the Mother-Father were singing songs of the children's elevated fortune.

This day is special — the day when the sun and moon become the backdrop, and the stars become visible in the sky of the world.

2

Brahma Baba gave the children the **will-power of all powers**, meaning the *Will Powers*.

Through his drishti and powerful thoughts, Baba gave the children the special gift of “**Son Shows Father.**”

3

On this day, BapDada showed the practical form of playing the part of the **Bestower of Fortune** in a very visible way.

Brahma Baba also became the companion of the Father today in giving the practical experience of being the Bestower of Fortune.

Day of Transformation

Transformation of the souls of the world

The intellect of the knowledgeable ones became divine. The transformation of the intellect took place, and those who came into contact became cooperative.

Transformation of Brahmin souls

Through elevated thoughts, progress increased at a fast speed.

Transformation in service

With the gift of “**Son Shows Father**”, the service of the Air Route (Vihāng–Mārga) began. This gift became the **lift for service**.

The Future of Service

1

Becoming a VIP

You yourself will become a VIP. No one will appear greater than you.

2

Receiving Invitations

On your elevated and well-created stage, others will invite you.

3

Service Offers

People will themselves offer their services — of body, mind, and wealth — to you.

4

Revelation (Pratyakshatā)

The sound of revelation will become loud, and everyone's attention will be drawn to the Father through you children.

Becoming the Subtle (Avyakt) Form of Brahma Baba

Becoming Karma-free (Karmateet)

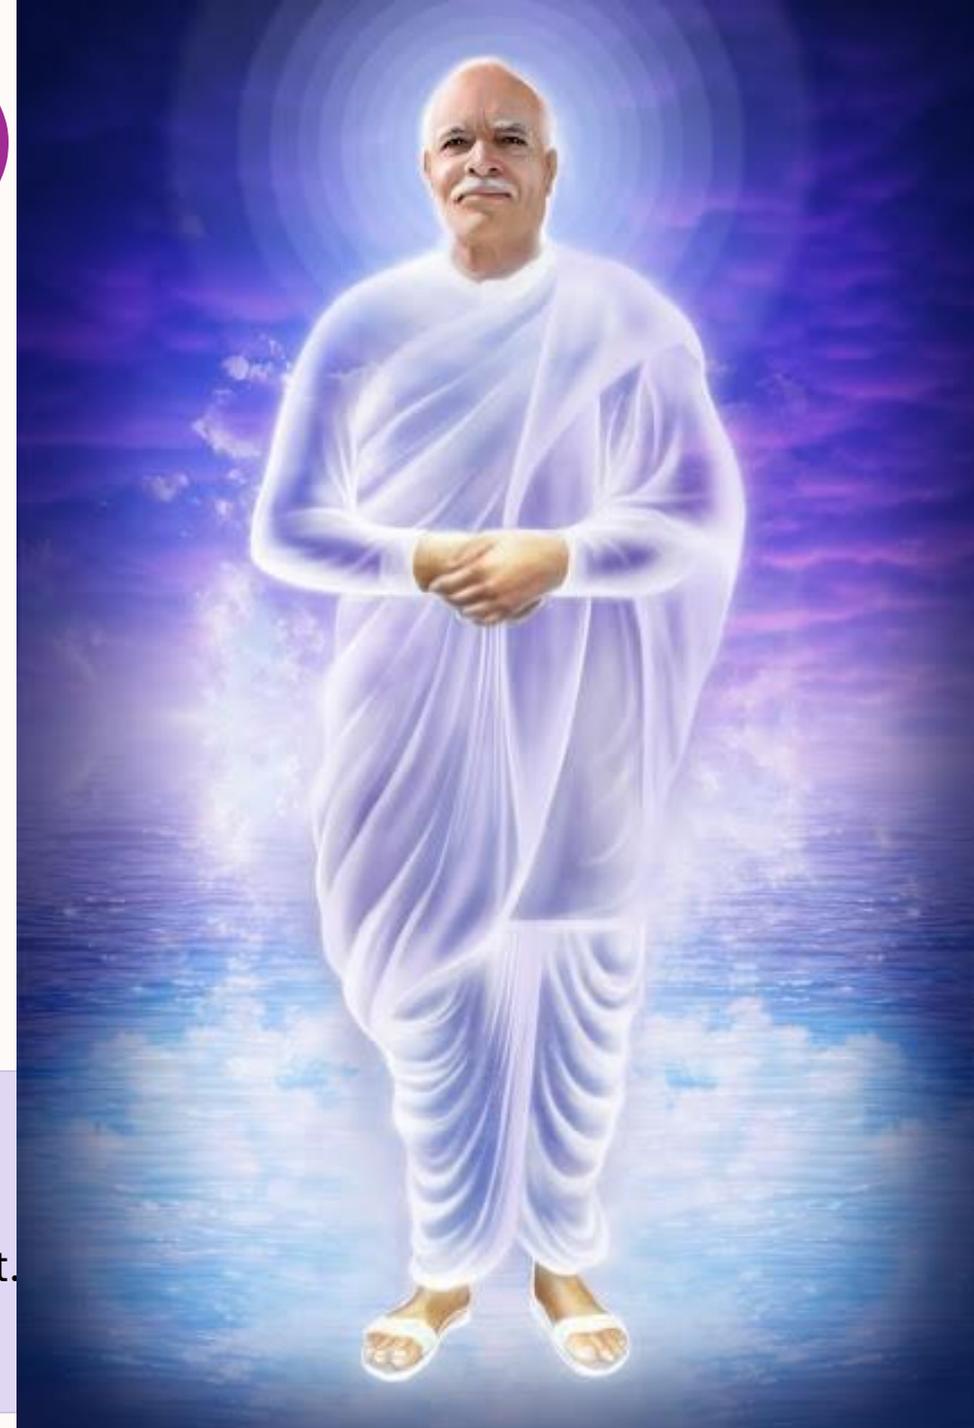

Brahma had to become karmateet, not enter the bondage of attachment. Drama tied him in the bondage of making him karmateet.

The Game of Time (Ghadi ka Khel)

When the time comes, the part changes. Therefore, it became the game of the moment. It made the children unaware, and it also made the Father unaware.

The Full Stop of Drama

That moment was destined to be a full stop. No matter how many questions arose afterward, not that particular moment. This was the unique, predetermined point of drama — it had to happen, and it had to happen exactly that way.

Brahma's Creation

Become an Intense Effort-Maker

1

Check Yourself

Always check whether you remain an intense effort-maker all the time or only sometimes.

2

End the “What” and “Why”

Now stop singing the song of “what” and “why.”

3

Sing the Songs of “Wah-Wah”

Sing the songs of appreciation and gratitude. Always consider yourself fortunate — one who earns blessings at every step.

To Become a World Benefactor, Become Full of All Powers and Give Cooperation to All

18 JAN 1991

Today, the Almighty Father is pleased to see His children in their embodiment-of-awareness form.

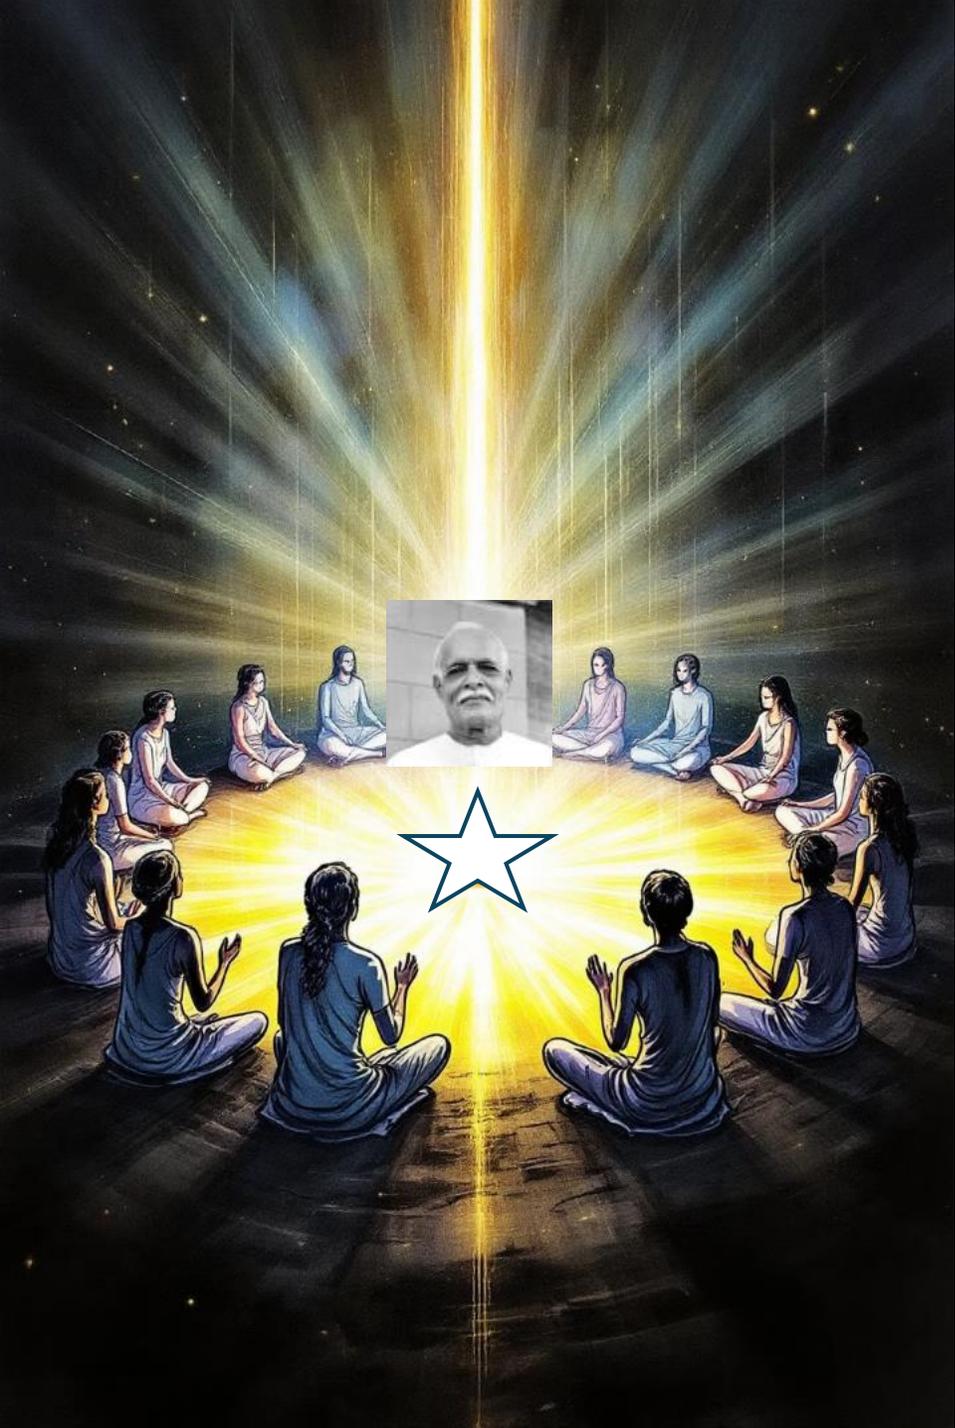

Children across the nation and abroad are celebrating Memorial Day.

On this Memorial Day, the Father reminds the children of their Brahmin life — that is, the powerful life — because along with Brahma Baba's life story, the children also have their own life story.

This is not just an ordinary gathering — rather, it is the small yet loving Brahmin family of children from all directions who are cooperative and full of affection.

3

Continuous Ceremony

Every moment is a meeting with the Supreme and elevated souls.
This constant meeting itself is the greatest ceremony.

The Stage Beyond Sound

1

Karma Yogi

Yoga while performing actions.

2

Angelic Stage

Beyond sound.

3

Incorporeal Stage

The stage of being bodiless.

The Power of Love: The Original Blessing of Brahmin Life 18 Jan 1994

The Ocean of Love, BapDada, explained through the blessing of the power of love the secret of making the impossible possible.

In the heart of every child resides Dilaraam, which itself is a very great power.

● by Shiv Baba

Benefits of the Power of Love

■ Making Effort Easy

The power of love makes effort easy. Where there is love, effort doesn't feel like effort. Work becomes a source of joy and entertainment.

■ Rising Beyond the Body

The power of love helps you forget the body and the bodily world within seconds. In love, you can forget whatever you wish to forget, and whatever you wish to remember naturally stays in your awareness.

■ Surrender and Equality

The power of love makes surrender easy and makes you equal to the Father.

Further Effects of the Power of Love

Experience of God's Presence

Love constantly allows you to experience God's presence with you at every moment.

Canopy of Blessings

Love always makes you feel as if you are under the protective hand and blessings of the Father.

Making the Impossible Possible

Love makes the impossible so easy that it feels as if the task has already been accomplished.

More Benefits of the Power

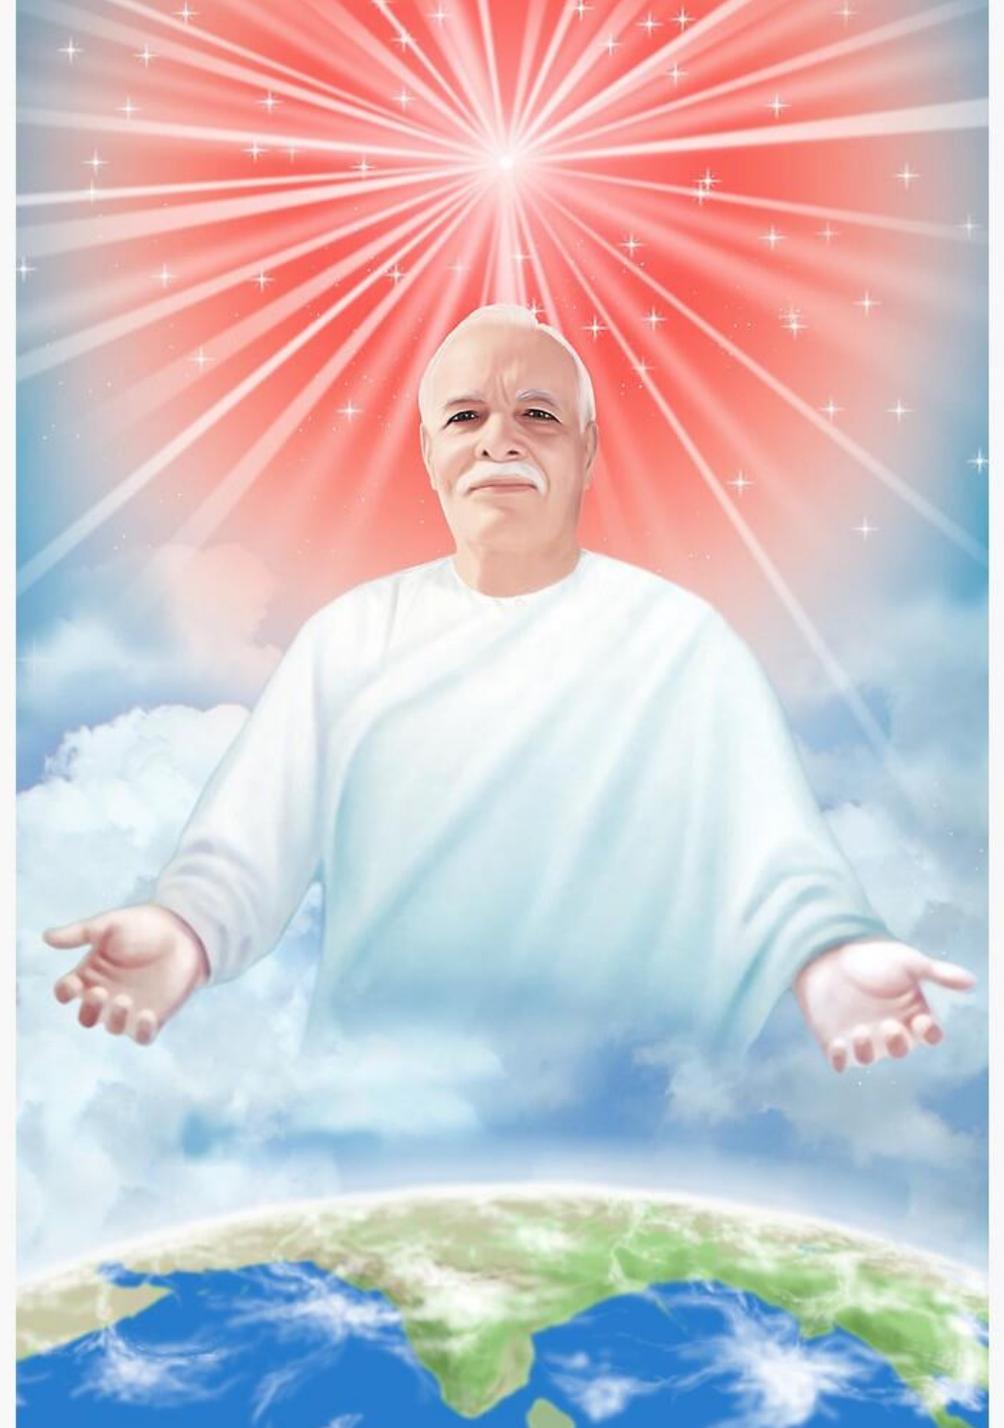

■ Freedom from Worry ■ Certainty of Victory

Love makes one feel carefree (at all times). It gives the experience of constant lightness and assurance.

Love allows you to experience a definite and victorious stage in every action.

■ Freedom from Hard Work

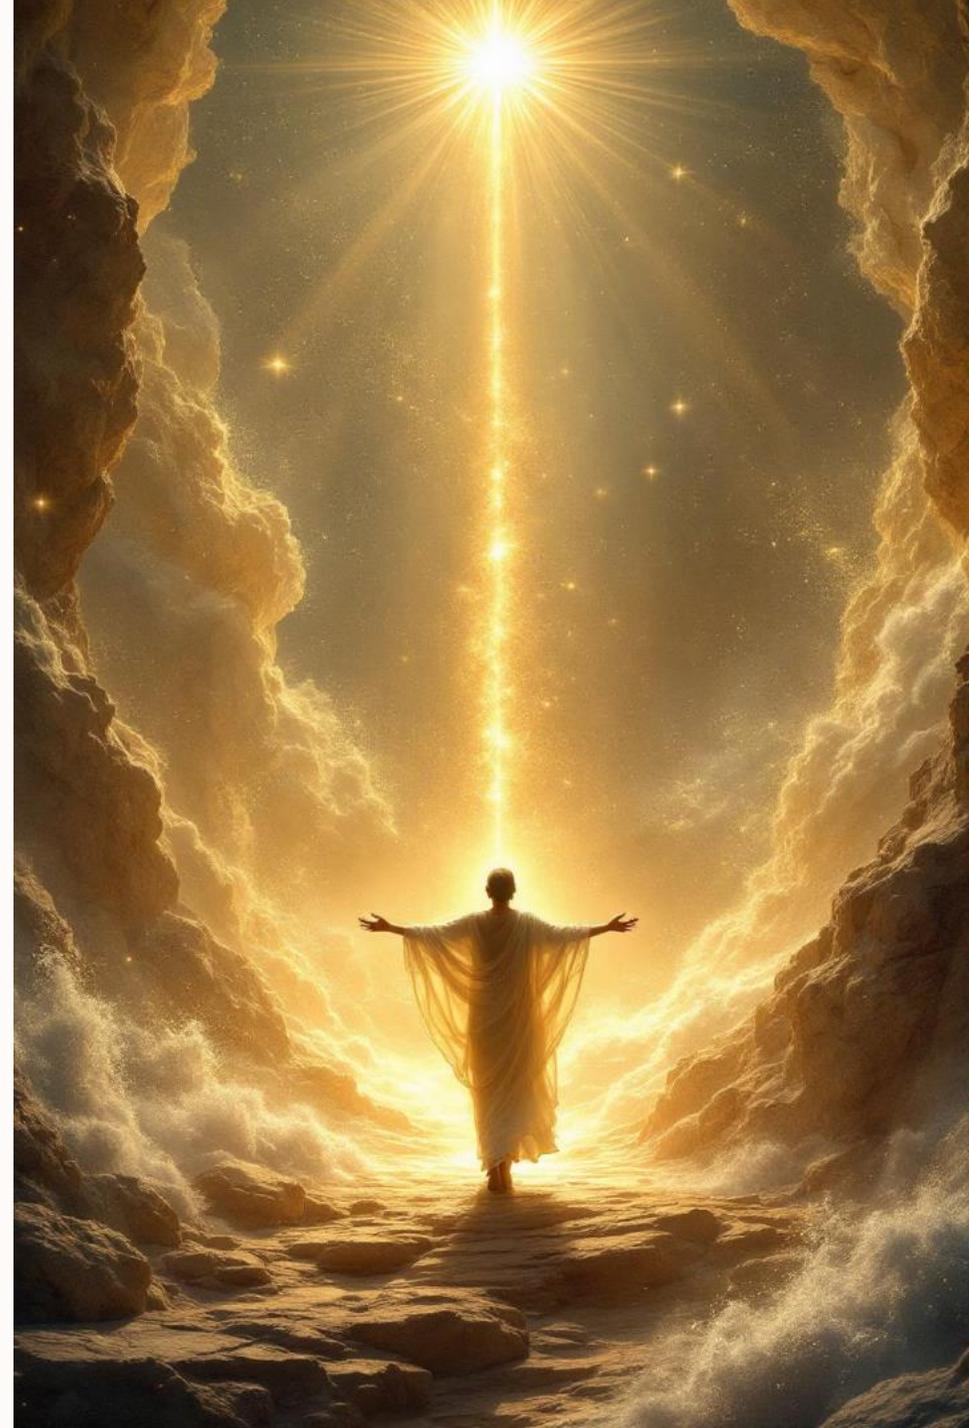

To free the children from hard labor, BapDada gives everyone the easy method — the **“power of love”** — as a blessing.

The First Experience of Brahmin Life

Remember the early days of your Brahmin life.
From the moment of birth, the power of love gave
everyone a new life.
To experience that love, there was no effort required — it
was a natural experience.

This first-birth experience itself is a blessing.
You became lost in deep love.
Always keep this blessing of love in your awareness.

Method to Transform Hard Work

1

Remember the Blessing of Love

During moments of hard work, remember the blessing of love.

2

Use the Power of Love

Transform your hard work through the power of love.

3

Experience Ease

Make your hard work easy and joyful.

Facing Situations

No matter how big or difficult a situation may be, with love, even a mountain-like situation can transform and become as light as water. (One can even turn a stone into water.)

No matter how fierce or intimidating the form of illusion (problem) may appear, immerse yourself instantly in the ocean of love — then the power of illusion that makes situations seem difficult will come to an end.

The Power of the Shiva Mantra

Your power to face situations will not just touch the mantra — it will *become* the Shiva-mantra.

Everyone possesses the power of the Shiva-mantra.

Merge into Shiva's love; don't just dip into it and come out — stay merged.

If you stay in remembrance even for a little while —

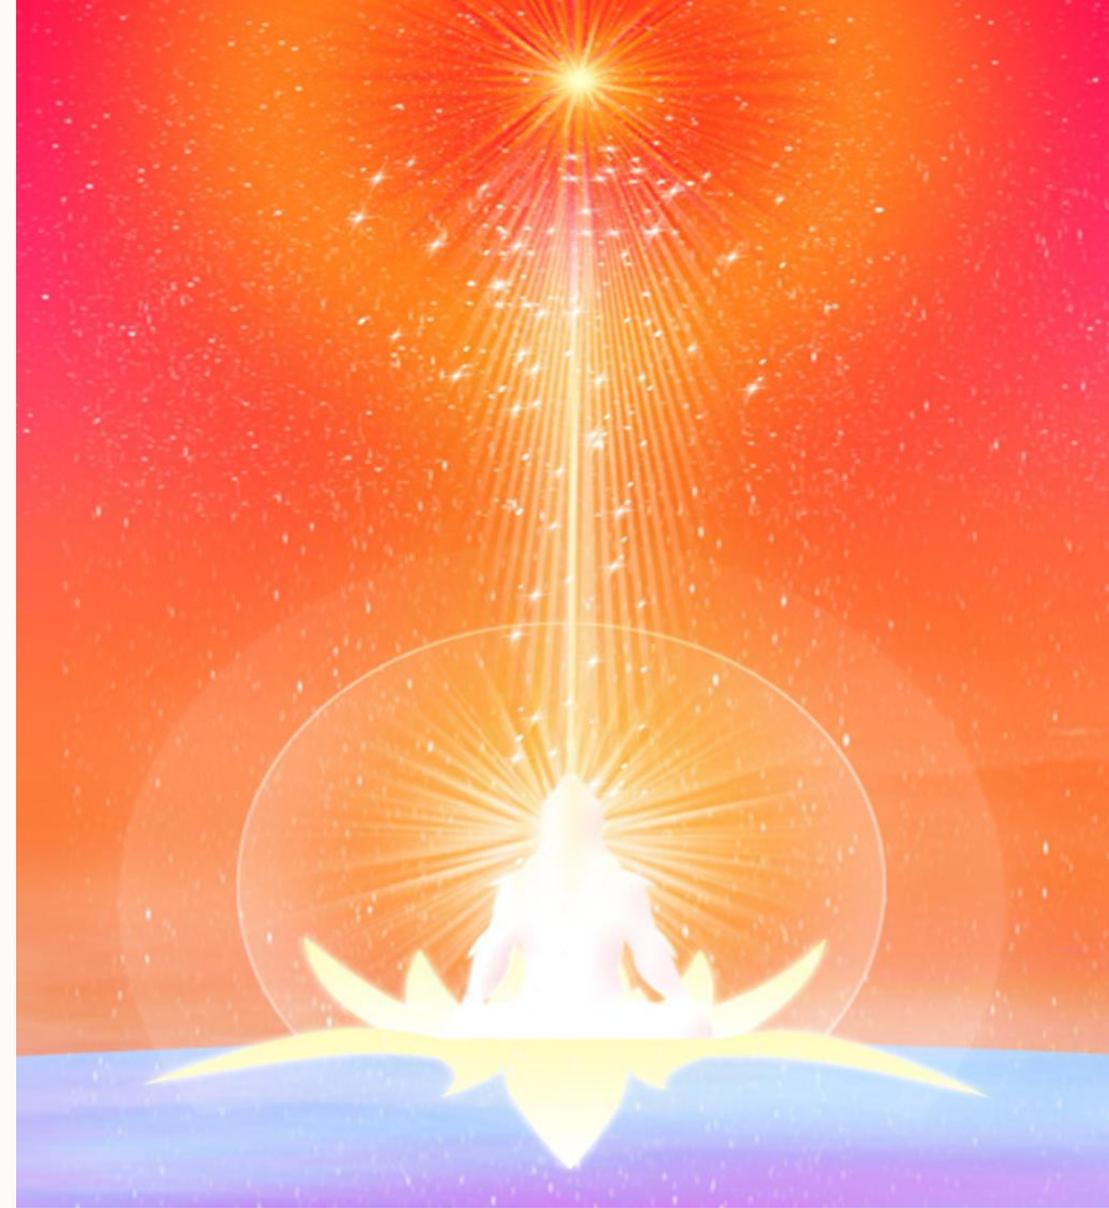

Sweet Baba, beloved Baba —

but if you dive in and then come out again,

Maya's influence appears.

If you merge completely,

you will go beyond the pull of Maya's vision.

The Power of Love: A Blessing of Birth

Losing Yourself in Love

The power of love is a blessing of this birth. Lose yourself in that blessing.

Easy Yoga

Love itself is easy yoga; Merging in love is complete knowledge.

The Importance of Love

The significance of today's day is also love.

Experience of Amritvela

In which special wave are you absorbed during Amritvela?
You are flowing only in the love of BapDada.
Apart from the one Father, is anything else remembered
within the soul?

Are you remembering easily without any effort?
So how did it become easy?
Because of love.

The Importance of the Confluence Age

So is today alone, the day of love?

The Confluence Age itself is the age of Godly love.

Therefore, understand the importance of this age and experience the feelings of love.

The ocean of love is filling your plates with jewels and pearls of love.

So always keep yourself full.

Do not become happy with just a little experience.

Become complete and full.

Jewels and Pearls of Love

In the future, you will be adorned with physical diamonds and pearls.

But these diamonds and pearls of God's love are priceless—so always keep yourself decorated with them.

From all directions, the remembrance of the children and the songs of love

are always heard by BapDada.

But today, especially, the children in the form of love have given the return of love,

and BapDada is constantly experiencing this loving form.

Through the blessing of constant love,

BapDada is once again giving you the special blessing of the elevated art of easy flight (udti kala).

Experience of God's Lap

Just like little children,
whenever any difficulty or challenging situation comes,
they merge instantly into their mother-father's lap.
In the same way, if you merge into the lap of God's love in
a second,
you will be saved from effort.

In a second, through the power of flying,
reach BapDada.
Then no matter what form Maya takes,
even from a distance it will not be able to touch you.

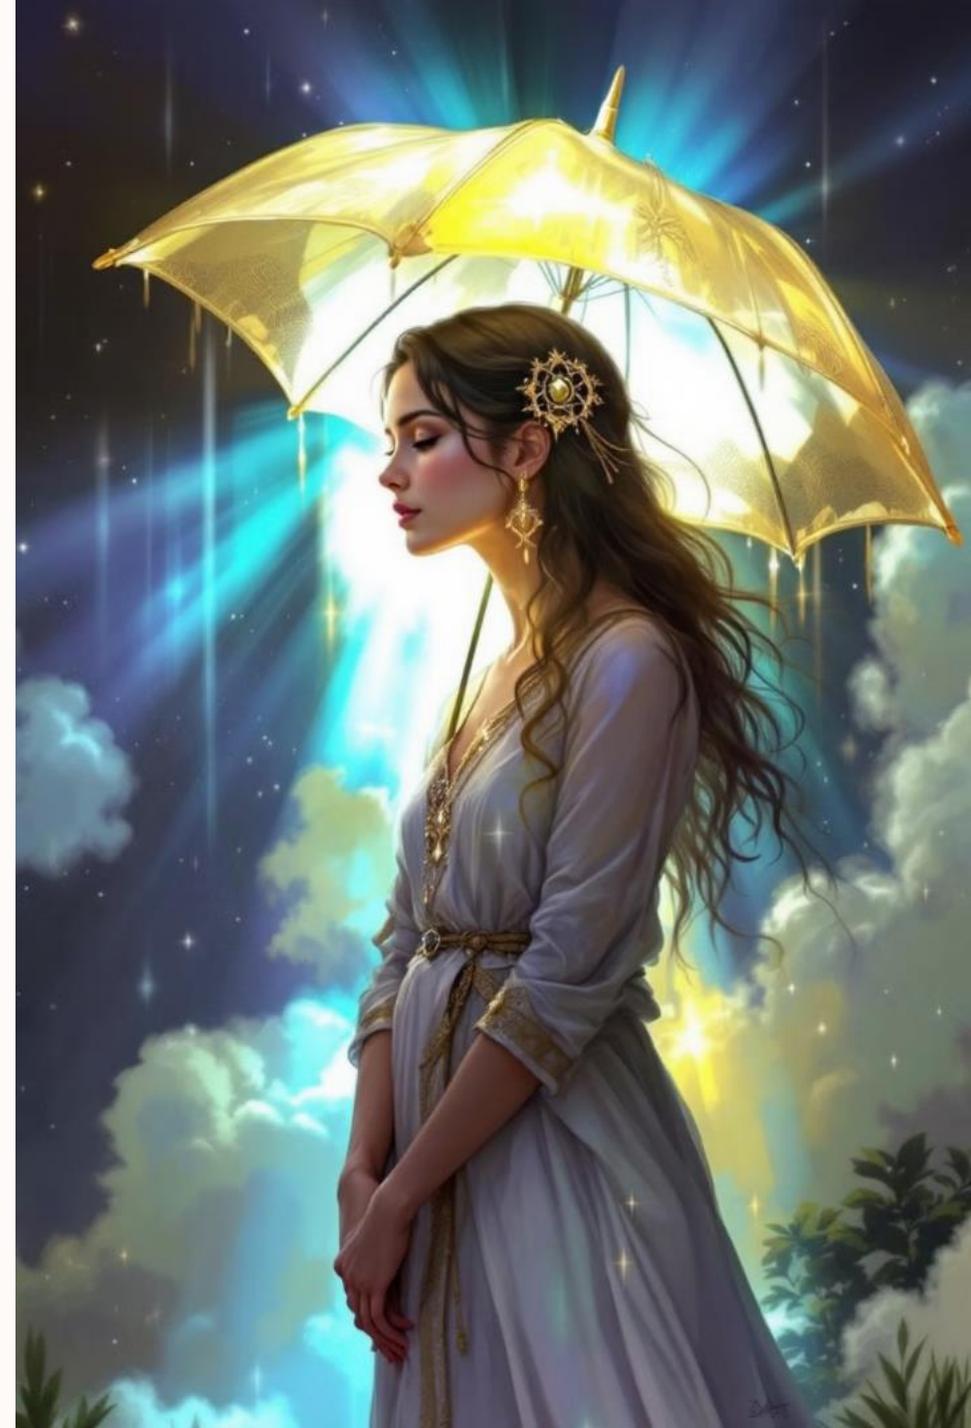

The Importance of God's Canopy of Protection

Because under God's canopy of protection, not just nearby but even from a distance, the shadow of Maya cannot reach you.

So becoming a child means staying safe from Maya.

It is indeed good to become a child.

To become a child means to become merged in love.

Blessing of the Power of Love

1

Merging in Love

Merging into the power of love and becoming free from effort.

2

Experience of the Flying Stage

Experiencing the easy flying stage through the blessing of love.

3

Protection from Maya

Remaining protected from Maya by staying under God's canopy of protection.

The Stage Beyond Sound

Do you naturally experience staying beyond all sound,
or do you naturally experience coming into sound?
To be beyond sound means to experience the **bodiless stage**,
the state of being free from the awareness of the body.

Just as it is easy to come into body-consciousness,
in the same way, becoming bodiless is just as easy—
or do you feel you have to make effort for it?

The Power of a Full Stop

1

Coming into Sound

The ability to come into sound within a second.

2

Applying a Full Stop

The power to apply a full stop within a second.

3

The Subtle (Avyakt) Stage

Becoming beyond the expressed (vyakt) state and stabilizing in the subtle (avyakt) stage.

Practice of Traffic Control

For this, the rule has been set that throughout the day you should practice *traffic control breaks*. Why do you do this? So that the practice becomes strong — that no matter how noisy the environment around you may be, you can instantly apply a brake.

The original and eternal nature of the soul is peace.
So, if an order is given to become stable in your eternal form within a second, would it take time?

Practice of the Angelic Stage

Becoming a Point of Light

"What if you try to Become a dot (bindī)(point) and a question mark appears instead — what will happen?"

The Importance of Time

Whenever you need, you should be able to become stable in that stage instantly.

Sudden Situations

Natural calamities or situational emergencies come suddenly.

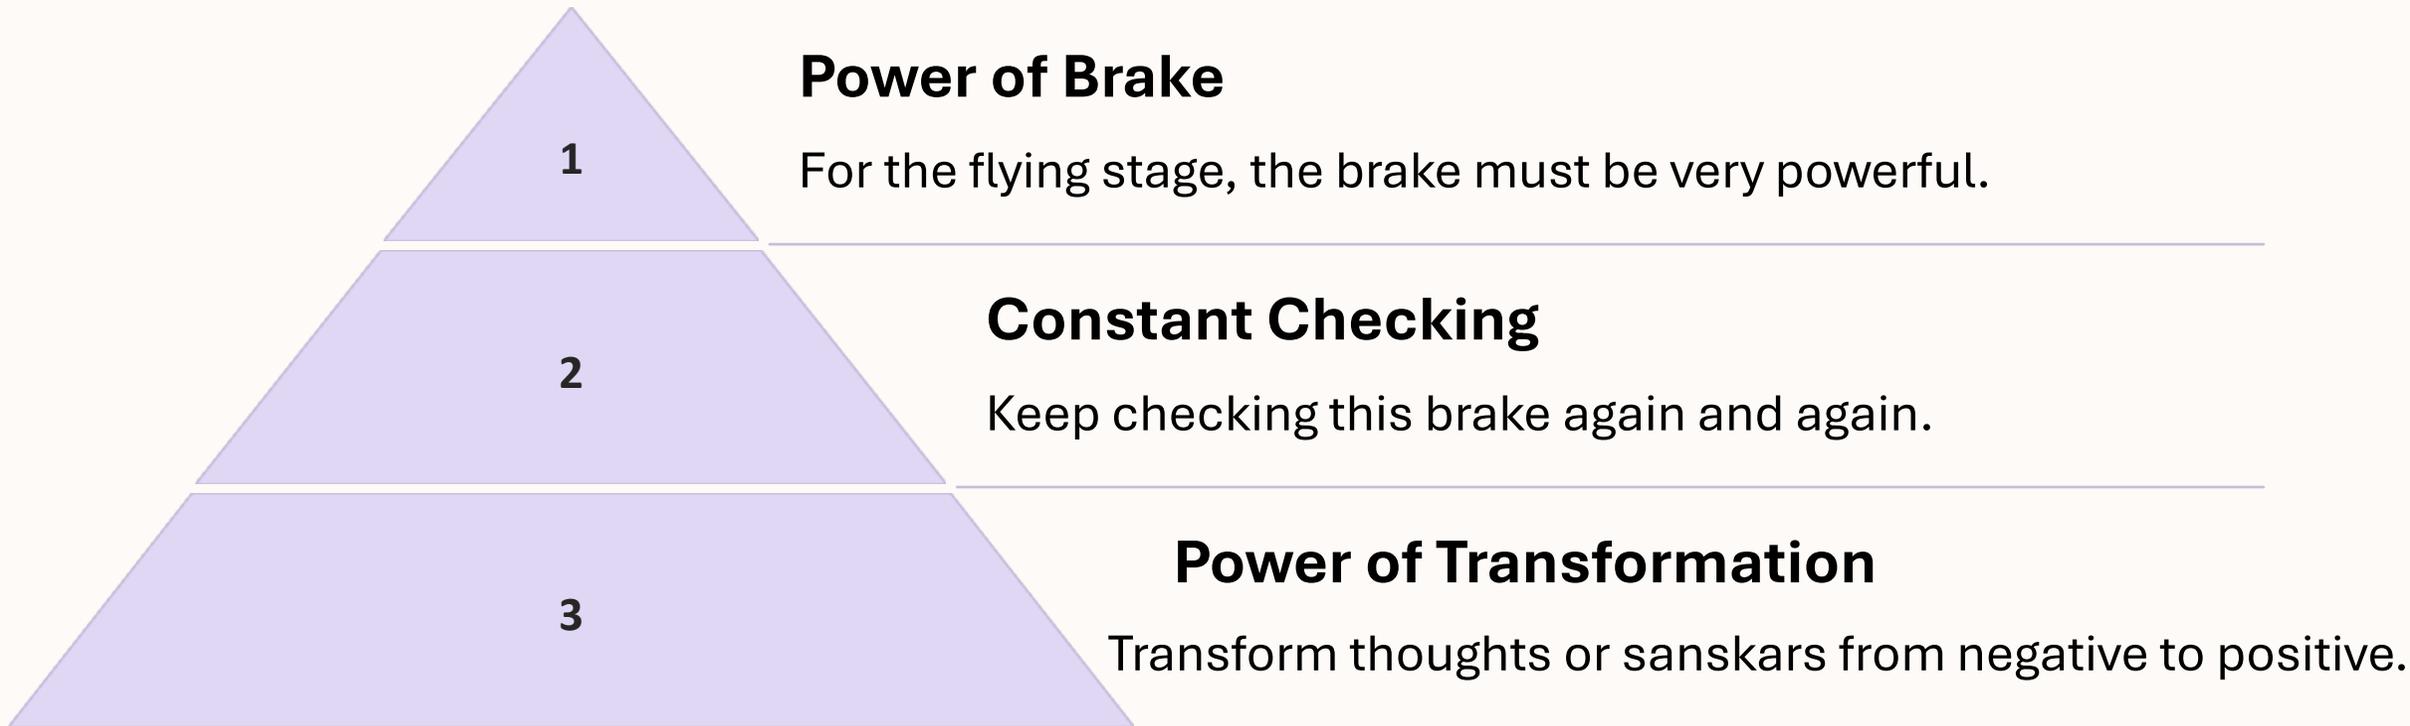

The Power to Face and to Merge

Day by day, nature is increasing its sudden turbulence. This is not going to decrease—only increase. Sudden calamities arise.

At such times, the power to face and the power to merge are needed.

And the intellect should not wander anywhere else—only “the Father and I.”
Wherever you wish to focus the intellect, it should focus instantly.

Need for Brake in the Flying Stage (Udti Kala)

From Self-Transformation to World Transformation

1

Self-Transformation

First, transform yourself.

2

Experience

Experience the speed/movement of waste thoughts.

3

World Transformation

Move from self-transformation toward world transformation.

Practice of Angelic Stage

Did you practise the angelic stage today?

Did it feel natural, or did it feel like effort?

At this time, all souls remember you—angelic souls who give peace and happiness—hoping that some angels will come and grant blessings.

So who are those angels?

Is it you?

You do maintain the intoxication, don't you, that *we are the elevated souls of every cycle?*

Special Qualities of an Angelic Form

Giver Form

An angel is a giver, not a taker.

Contentment

An angel means to remain content and to give contentment to others.

Constant Contentment

No matter what goes up or down in life, never become discontent.

Contentment: A Special Quality of Brahmins

Contentment with the Self

Always remain content with yourself.

Contentment with Others

Remain content with others as well.

Contentment in Your Role

Whatever role you have received, remain content in it and continue to move forward.

The Power of Firm Determination

If there is firm determination, then wherever there is firmness, success is guaranteed.
Keep the strong resolve that you will *never* let go of contentment — then success will always stay with you.

Firmness in your thoughts, firmness in your words, and firmness in your actions.
Not like this: that the determination was firm, but in actions things went a little up and down.

This Year's Goals

1

Always remain content

Practice staying content in every situation.

2

Never give up success

Make success your constant companion.

3

Become a benefactor of the world

Stay content and help others remain content as well.

Balance of Remembrance and Service

Do you always maintain a balance between remembrance and service?

Because the powers or qualities that you receive through remembrance are to be given to others through service.

So do you check both properly?

That it shouldn't happen that sometimes service increases and yoga decreases, or sometimes yoga increases and service decreases — does this happen?

The Importance of the Power of Remembrance

■ Power of Concentration

The power of remembrance means that the intellect goes exactly where you want it to go.

■ Instant Effect

Within seconds, you can make your intellect concentrated.

■ Victory Over Situations

No matter what the atmosphere around you is like, you must focus on your mind and intellect.

Every day is an Empowerment Day

Today is called Remembrance Day, also known as Empowerment Day.

So, celebrate the entire year as Empowerment Day.
Finish all waste.

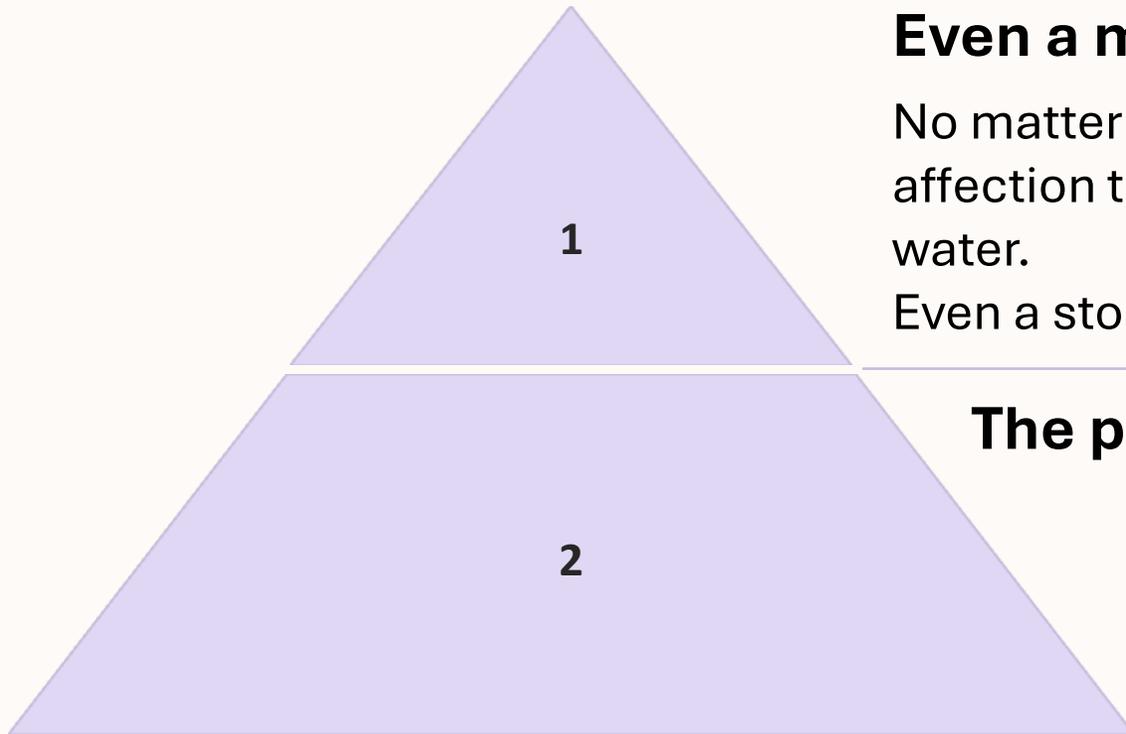

A firm determination means the determination of very intense effort.

So do not just become an effort-maker; become one who makes intense effort.

Good!

Power of Love: Turn a Mountain into Water

Even a mountain can become light through love

No matter how big or difficult a situation is, with love and affection the situation can change and become as light as water.

Even a stone-like obstacle can be dissolved like water.

The powerful form of Maya (illusion) can be ended

No matter how fierce or royal Maya appears, if you merge yourself in the ocean of love even for a second, the power of Maya will finish.

The force standing in front of you will not remain a spell of illusion (Chuu mantra), but will become a divine mantra(Shiv mantra).

Gyan Sarovar Inauguration: Sweet Avyakt Versions of BapDada 18 January 1995

Today, on this day filled with love, the Ocean of Love—BapDada—has come to meet His extremely loving children. BapDada has been listening to everyone’s songs of love, and He will continue to listen.

Seeing the love of each and every child, BapDada too sings a song:

“Wah, my loving children, wah!”

The children have also made today’s Empowered Day successful through their service, and they will continue to do so.

Brahma Baba too sings the praise of the children.

But in the avyakt form, he gives the children a special experience of nearness and companionship in a subtle yet powerful way.

18 Jan 1996

Today is the day of remembrance filled with love.

BapDada calls this day not only a Remembrance Day but also a Powerful Day.

In his corporeal form, Brahma Baba offered all his capabilities — that is, all powers — in a visible and practical way to the children for performing every task.

The Significance of 18 January

1

The Blessing of the Son Shows Father

This day is known as the day of receiving the blessing of the Son Shows Father.

The Stage of Complete Detachment and Remembrance

The day of 18 January represents Brahma Baba's complete and perfect stage of detachment and remembrance.

Brahma Baba's Renunciation(Tyag) and Service

Deep Affection

Brahma Baba was extremely loving towards the children.

The children who are experienced know how much he remembered the instruments who constantly served.

No Attachment, Only Love

There was no attachment, but there was love from the heart.

Because *attachment* is said to be that in which there is selfishness.

Definition of Detachment (Nashtomoha)

■ Detached and Loving

Brahma Baba remained completely detached and loving. That is why it is said that he was the embodiment of remembrance — *Nashtomoha*.

■ Renunciation of “Mine-ness”(merepan ka Tyag)

There was no sense of “mine”.
He was detached even from body-consciousness.

■ Follow the Father

So this day is for studying and practicing the lesson of following the Father in the same way.

Significance of Avyakt Day

This Avyakt Day has been a means to awaken the unaware souls of the world towards God's task.

The majority of people, seeing Brahma Baba, used to think or believe that their Supreme Soul was Brahma himself.

When Brahma Baba changed his part from the physical to the subtle form, people began to think that now the "God" of the Brahma Kumaris had gone, and that this Brahma Kumaris organization would end sooner or later.

Recognition of God's Task

1

Recognizing the Power

People understand that some power is working through them, but even now the poor souls do not know God.

2

Experiencing the Power

They can see that some power is getting the task done, and they are thinking about which power it is.

3

Recognizing God

And ultimately they have to understand —
Whose task is this?
Is it Brahma Baba's work or the Supreme Soul's work through Brahma?

Brahma Baba's Angelic Form

Reason for the Angelic Form

Why did Brahma Baba become an angel?
Why was the physical part changed?

Fast Speed of Service

Right now, you can see the fast speed of service happening through the angelic form, can't you?

Fortune of Souls

Brahma Baba becoming an angel became the reason for the opening of the fortune of the children—even more than for himself.

The Importance of Remembrance Day

Today is not a day to be observed the way people usually do —
“He has gone, he has gone.”

Instead, it brings enthusiasm and zeal with the feeling of
“Follow the Father” —

that we too should become embodiments of remembrance,
free from all attachment.

This is a day to study the practical lesson.

Today, did tears of sorrow come out of anyone’s heart?

Did they come, or did they arise a little internally?

Play with Maya by Staying Detached as a Witness

Welcome Maya

You should welcome Maya — not panic and say, “Oh no, what has happened!”

Understand the Game

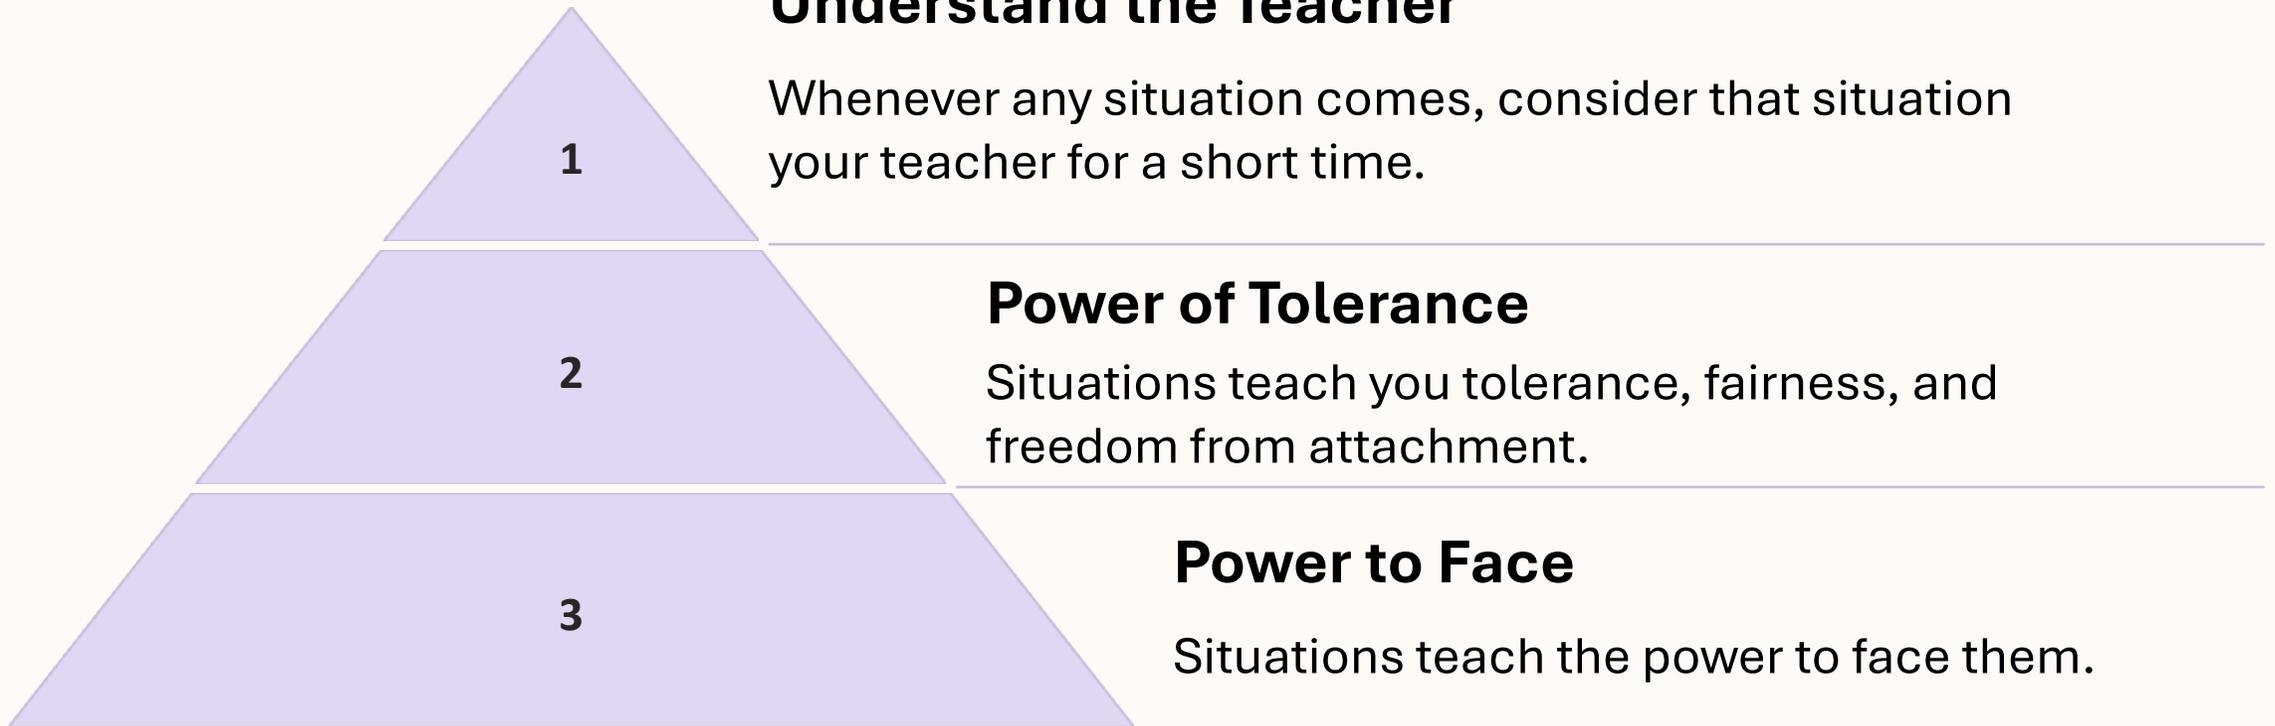

Whenever Maya comes in any fierce form, always play while remaining a detached observer.

Power of Maya

Maya has no real power now. It is only like the form of a lion from the outside — but in reality, it's not even a cat!

Learn from Situations

The Importance of Becoming a Trustee

1

Hand Everything Over to the Father

Being a trustee means handing everything over to the Father.

2

Staying Free from Worry

Everything is good and will definitely become good — this is being worry-free.

3

The Form of Support

This is called the form of being supportive.

Method of Becoming Powerful

1

Positive Contemplation

Turn even the negative into positive —
this is called auspicious
(positive) contemplation.

2

Being a Well-Wisher

Become a well-wisher for everyone.

Keep attention on these two things.
Understood? What will you do?
Just don't forget these!

The Importance of Good Vibrations

It has been observed that there are many such situations and many people who do not understand through your words, but when you become a well-wisher and give them good vibrations, they change.

And you also have to become free from one more thing.

In this Brahmin life, you are meant to become *free*, isn't it?

Nine things have been mentioned from which you must become free.

If you become free from these nine things, you can become the *nine jewels*.

The Importance of Not Being Disheartened

Stay Stable in Turbulence

Whether it's any physical illness, a storm in the mind, disturbance in the body, turmoil in nature, or even upheaval in service — in any kind of disturbance, never become disheartened.

Become Big-Hearted

Become a big-hearted person. Look at how vast the Father's heart is — is it small?

Keep Courage

If you remain courageous, the Father will also become your helper.

Relation Between Courage and Help

1

Courage First

First comes the child's courage, then comes the Father's help.

2

Power of Decision

If any confusion arises in the mind, at such times one must use the power of decision.

3

Mind Turned Toward the Father

Decision power can only work when your mind is turned toward the Father.

Faith During the Ups and Downs of Wealth

Ups and Downs of Wealth

Wealth also goes up and down. When even billionaires experience financial highs and lows, then what can one say about ordinary people?

Have Faith

But you must have firm faith that those who are with the Father and truthful — no matter what the situation — BapDada will surely provide for their basic needs(their daily bread).

The Significance of the Diamond Jubilee

The Significance of the Diamond Jubilee

The Diamond Jubilee holds great importance because it symbolizes a stage of life, service, and remembrance that is as strong, valuable, and unbreakable as a diamond.

It marks a milestone of consistent spiritual effort, elevated actions, and the power of purity.

Just as a diamond shines with many facets, the Diamond Jubilee reminds us to shine through our virtues, become unshakeable in situations, and remain constantly sparkling with soul-consciousness.

It is a celebration of transformation, dedication, and the invaluable contribution made over many years.

This occasion inspires us to become *diamond-like*—clear, powerful, and unbreakable—so that the light of our elevated life can benefit many others.

The Importance of Service in the Diamond Jubilee

1 Work for Every Zone

BapDada has given some service service or another to every zone zone in this Diamond Jubilee Jubilee year.

2 Service for Youths and Kumaris

Service has been assigned to the youths, service has been given to the kumaris, and service has been given to householders.

3 Proof of Service

BapDada says: bring something—whether you bring a small necklace, whether you bring a bracelet, or whether you bring a big garland—but you must bring something.

The Importance of Giving Courage to Souls

Many souls are deeply unhappy due to inner tension. They simply do not have the courage in their thoughts to move forward.

So you, as master Almighty Authority, give them courage — and they will progress.

Just as someone who does not have a leg can still walk when given an artificial wooden leg, in the same way, you must give them a *leg of courage*. Not a wooden leg — give them the leg of courage.

Reveal the Father's virtues through your own form – 18 January 1997

Today, BapDada is looking at two vast gatherings. One is the physical gathering where all of you are present in front of Him, and the second is the subtle gathering of the avyakt children. Children from all directions are, at this moment, seeing the Father in front of them in the subtle form and listening to Him.”

by Shiv Baba

Courage to Become Like the Father

You may clap with happiness, but the Father receives the applause of the heart first.

Practice of the Jeevanmukt (Liberated- in- Life) Sta

From Amritvela until now, the garlands of memories from the corporeal children who follow sustenance and from the subtle children who follow sustenance — both — have reached BapDada.

In everyone's heart, the image of BapDada's remembrance is visible.

And in the Father's heart, the love-filled feelings of all the children are merged.

ब्रह्मा बाप के विशेष पाँच कदम

1- सबसे पहला कदम -- सर्वेश त्यागी। न सिर्फ तन से और लौकिक सम्बन्ध से लेकिन सबसे बड़ा त्याग, पहला त्याग मन-वृद्धि से समर्पण अर्थात् मन-वृद्धि में हर समय बाप और श्रोमत की हर कर्म में स्मृति रही।

2- दूसरा कदम -- सदा आज्ञाकारी रहे। हर समय हर एक बात में -- चाहे स्व-पुरुषार्थ में, चाहे यज्ञ-पालना में निमित्त बने क्योंकि एक ही ब्रह्मा विशेष आत्मा है जिसका डामा में विचित्र पार्ट नुंदा हुआ है।

3- तीसरा कदम -- हर संकल्प में भी वफादार। जैसे पतिव्रता नारी एक पति के बिना और किसी को स्वप्न में भी याद नहीं कर सकती, ऐसे हर समय एक बाप दूसरा न कोई -- यह वफादारी का प्रत्यक्ष स्वरूप देखा।

4- चौथा कदम -- विश्व-सेवाधारी। सेवा की विशेषता- एक तरफ अति निर्माण, क्लर्ड सर्वेन्ट; दूसरे तरफ ज्ञान की अर्थारिटी। जितना ही निर्माण उतना ही बेपरवाह बादशाह। सत्यता की निर्भयता--यही सेवा की विशेषता

5- पांचवा कदम -- कर्मबन्धन मुक्त, कर्म-सम्बन्ध मुक्त अर्थात् शरीर के बंधन से मुक्त फरिश्ता, अर्थात् कर्मातीत। सेकण्ड में नष्टोमोहा स्मृति स्वरूप समीप और समान।

Liberate Yourself and Become a Master Liberator

18 Jan 2007

Today, the Ocean of Love, BapDada, is looking in all directions at His loving children.

Seeing two types of children, BapDada is very pleased — the *merged-in-love children* and the *lovely children*.

The waves of love from both types of children are reaching the Father even before Amritvela.

by Shiv Baba

Day of Love

Children's Song

From each child's heart,
an automatic song is playing —
“My Baba.”

BapDada's Song

From BapDada's heart too, the same song is
playing —
**“My children, my beloved children, the
crown-jewel children of BapDada.”**

Specialty of Remembrance Day

Wave of Love

Today, because it is Remembrance Day, everyone's hearts are filled with an even stronger wave of love.

Pearls of Love

Garlands of pearls of love from many children are being offered around BapDada's neck.

ĘMŃGMŃMŃŃEI ŐQŃ

The Father too is adorning the children with the garland of His loving arms.

Remembrance Day is Empowerment Day

This day reminds us of so many memories, and every memory makes us powerful in a second.

The list of memories comes to mind within seconds.

As memories come in front of us, the intoxication of empowerment rises.

1

First Memory

When you became a child of the Father, what memory did the Father give you?

*You are the **fortunate soul** from the beginning of the cycle.*

2

ἰὸν μὲν ὁ ἄριστος

What transformation came from this first memory?

By becoming **soul-conscious**, the intoxication of the Supreme Father's love arose.

3

Word of Love

Which word of love first emerged from the heart?

"My sweet Baba."

Godly Attainments (Praptiya)

What intoxication arose from the golden word “**My Baba**”?
By saying, knowing, and accepting “*My Baba*,” all Godly attainments became your own attainments.

Automatically: Remembrance

Where there are attainments, remembrance does not have to be made—it comes automatically, naturally, because it has become *mine*.

Sense of Belonging (Mine-ness)

When the Father’s treasures became my treasures, then this feeling of belonging is not something remembered—it remains automatically. automatically.

Easy Remembrance

It is difficult to forget *my One*;
it is not difficult to remember.

Godly Sustenance

You have become worthy of God's sustenance—the sustenance that is received only **once in the entire cycle**. Souls and deity souls do receive sustenance, but **God's sustenance is received only once in one birth**.

Worthy(Righteous)

Becoming **Righteous** of receiving God's sustenance.

Once

The sustenance that is received only once in the entire cycle.

One Birth

The sustenance that is received only for one birth.

Become an Easy Yogi

On today's Remembrance to Power Day, the intoxication and joy of God's sustenance remained in easy remembrance. Today's atmosphere was filled with easy remembrance.

2

Removing Effort

Making Everything Easy

Three Types of Service Together

Add this in your life this year:

Whatever service you do—suppose you are doing service through words—then it should not be only service through speech.

Mental (Mansa), verbal (Vacha), and loving-cooperative action (Karmana) — all three types of service should be included together at the same time.

They should not be separate.

Ì MŌĀMĪ ÑQM

Service through pure thoughts

Vacha Seva

Giving knowledge through speech

Karmana Seva

Giving cooperation through actions

Become a Moving Museum

You can serve through your face and even through your behavior.

Become a moving museum.

Just as in a museum or exhibition there are various types of pictures, similarly your eyes, your forehead, your smiling lips—these different means can all be used for service.

Ī ÑMÍÑÑPŌĜŔÑĈE

Spreading peace
through your eyes

Knowledge-Filled Forehead

Radiating knowledge

You will become victorious when you accomplish what BapDada has assigned for this year — show it by becoming an example.

1

Become Victorious

Remain victorious
in every situation

2

Remain Unaffected

Do not be influenced
by any obstacles

3

Become an Example

Become a model for others

Adornment of Love (Sneh ka Shringar)

Decorating flowers is common—people do that.

But the difference between your adornment and the decoration done by people is that you become the embodiment of love and then decorate.

Those who understand their duty
and do it with love—

where there is love, the fragrance and decoration of flowers becomes even more beautiful.

Aeroplane of Love

Traveling in the vehicle(Aeroplane) of love

Adornment of Love

Adornments done with love become far more beautiful

Love for the Murli

BapDada is happy that everyone loves the Murli — and love for the Murli means love for the Murlidhar (the One who speaks the Murli).

To *fulfil* love and to *show* love are two different things.

Those who truly love the Murli are the ones who *fulfil* that love.

Those who do not love the Murli can be counted among lovers; they but cannot be counted among true lovers.

Love for the Murli

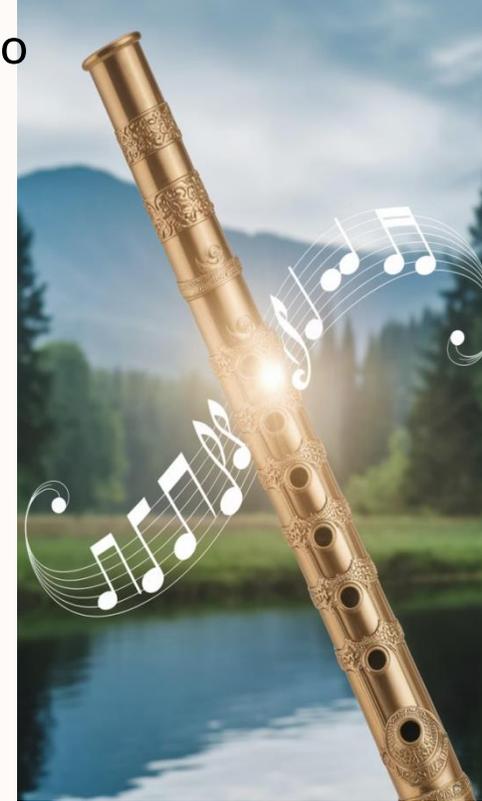

Listen to the Murli regularly and apply it in life.

Love for the Murlidhar

Keep love for the Creator of the Murli.

Fulfilling Love

Imbibe the knowledge of the Murli in your practical life.

The screenshot shows the Brahma Kumaris mobile app interface. At the top, there is a logo for Brahma Kumaris, a language dropdown menu set to Hindi (Hind), and a menu icon. Below this, there are buttons for 'Daily Murli', '19th', '21st', a download icon, and a play icon. The main content area displays the date '20/08/17', the name 'मधुवन', and the date '25-12-82'. The title of the Murli is '"अव्यक्त-बापदाद"' and the author is 'ओम् शान्ति'. The topic is 'विधि, विधान और वरदान'. The text of the Murli is in Hindi, discussing the love of children and the role of the father.

Liberate Yourself and Become a Master Bestower of Liberation

Today, the Ocean of Love, BapDada, is looking at the loving children everywhere. Two kinds of children are appearing very cheerful — **the absorbed (loveline) children and the lovely children.**

The waves of love from both are reaching the Father even before Amritvela. From the heart of every child, one automatic song is playing:

“My Baba... My Baba.”

And from BapDada’s heart the same song is heard:

**“My children, my beloved children,
BapDada’s royal children.”**

by Shiv Baba

The Significance of Remembrance Day

1

Waves of Love

Today, because it is Remembrance Day, everyone's heart is filled with strong waves of love. Garlands of pearls of love from many children are being offered around BapDada's neck.

2

Arms of the Unlimited Father

The Father is also adorning the children with the garland of His garland of His loving arms. All the children have merged in the merged in the unlimited arms of BapDada.

3

Remembrance and Strength

Today, on Remembrance Day, BapDada is reminding everyone everyone of the countless moments of powerful remembrance. This day brings immense memories and fills fills every second of remembrance with strength.

The Importance of the First Remembrance

■ The Fortunate Soul Soul from a Kalpa

Ago
When you became God's child, the Father gave you this remembrance:
"You are the fortunate soul from a kalpa(5000years)ago."

■ Soul-Consciousness

By becoming soul-conscious, you experienced the intoxication of the Supreme Father's love.

■ My Sweet Baba

The moment the first loving words "My sweet Baba" emerged from the heart, all attainments from from the Supreme Soul became your own attainments.

The Importance of Belonging (Mine-ness)

Natural Remembrance

Where there is attainment, remembrance does not have to be forced. It comes automatically and naturally, because it has become mine.

The Treasure Is Mine

When the Father's treasure becomes my treasure, treasure, then belonging does not have to be remembered—it remains naturally. Forgetting becomes difficult, and remembering is remembering is no longer difficult.

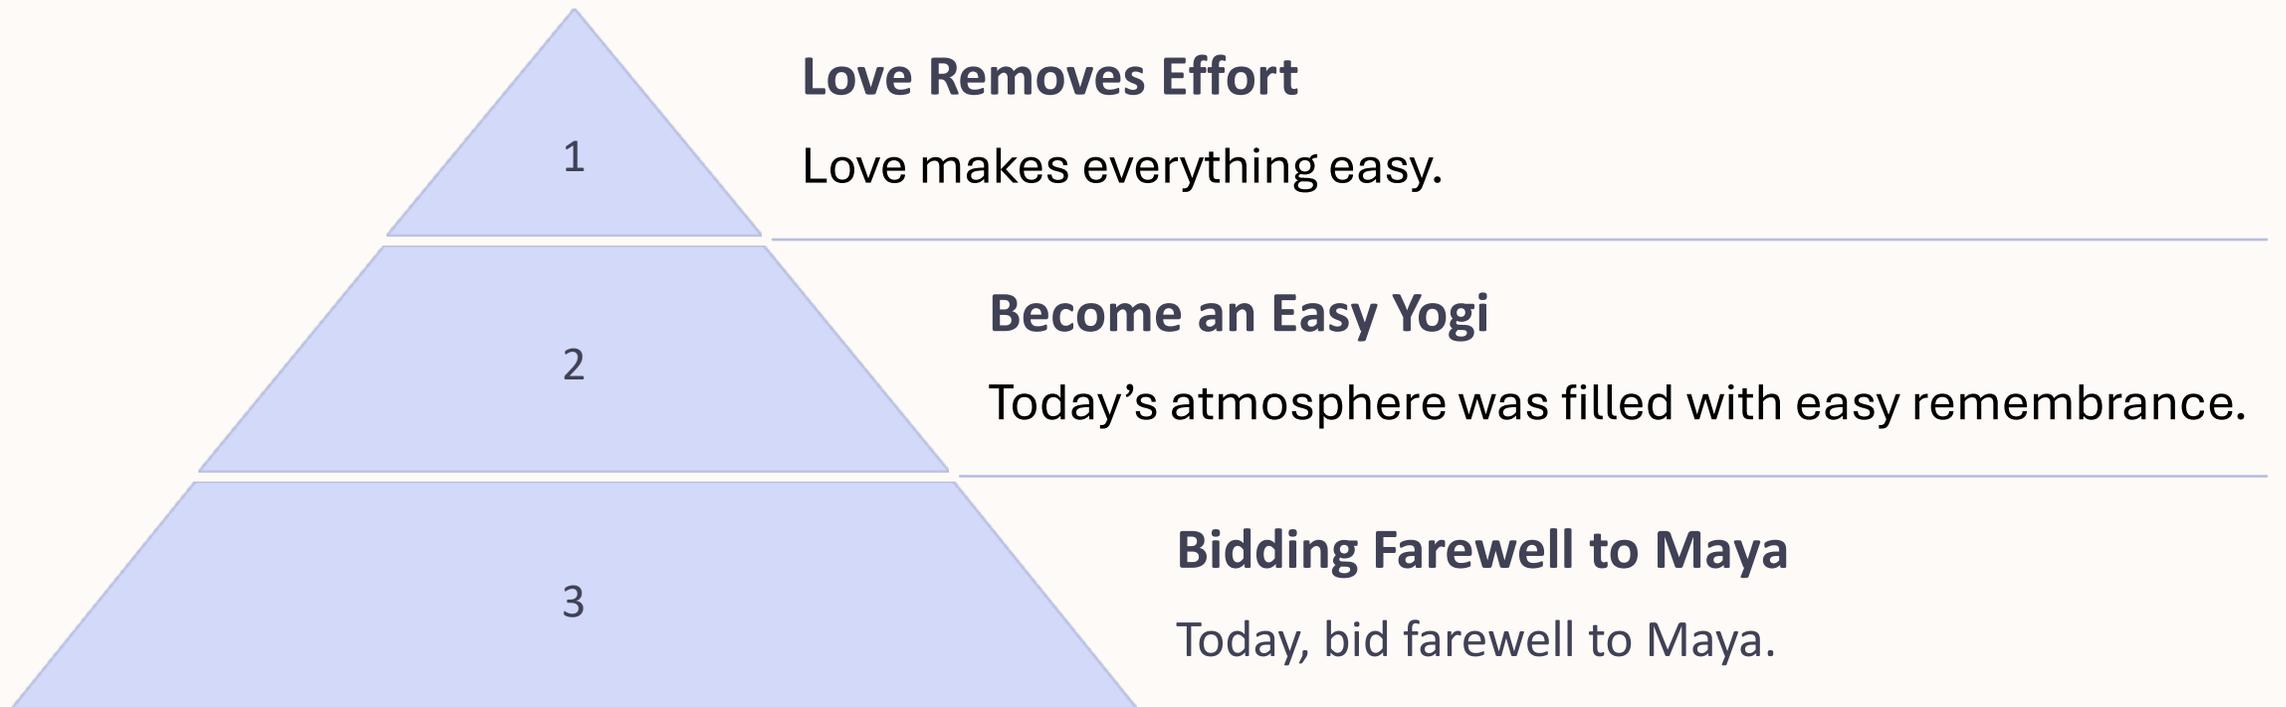

The Importance of Godly Sustenance

1 Bestower of Fortune
With just one word,
“My Baba”,
the Bestower of Fortune,
the Giver of imperishable
treasures, was made
mine.

2 Godly Sustenance
You have become entitled
to Godly sustenance,
which is received only
once in the entire cycle.

3 The Importance of One Birth
Souls and deity souls
receive sustenance, but
Godly sustenance is
received only for one birth.

The Importance of Love

If you continue to remain immersed in such love, then bidding farewell to Maya will become permanent.

The Significance of the 70th Year

A Unique Year

BapDada wishes to celebrate this year as a special year.

A Beloved Year for All

This year should become dear and beloved to everyone.

A Year Free from Hard Effort

Make this year a year free from struggle and hard effort.

A Year Free from Problems

Celebrate this year by becoming free from all problems.

The Goal of Becoming a Liberator (Mukti- data)

Become Free Yourself

First, free yourself from all bondages.

Become a Master Liberator

Then become an instrument to help others attain liberation.

Go to the Land of Liberation (Mukti-dham)

In the end, take everyone to the land of liberation.

Liberation From Excuses

“ Not this, but that”

This kind of language binds one in bondage and makes one dependent on problems.

Firm Determination

Let life go, but do not let determination go.

One has to change

You may have to bow down, you may have to change, you may have to tolerate, you may have to listen — but **you must change.**

Finalizing the Determination

1

Make a Determination

Make a determination from the heart.

2

Imbibe with Maturity

Imbibe the determination with maturity.

3

Finalize It

Demonstrate the determination by finalizing it.

This year, will you finalize the file that goes to BapDada as final, or will you add more papers to the file again this year?

Three Types of Service

Service through the Mind (Manasa Seva)

Serving through
pure thoughts.

Service through Words (Vacha Seva)

Spreading knowledge
through speech.

Service through Actions (Karmana Seva)

Helping others
through actions.

At the same time, become a loving and cooperative instrument in **mind, words, and actions**. Every companion—whether a Brahmin companion or those from outside who come for service—should be treated as a companion. However, giving cooperation and love is what earns **number one marks in service through actions (Karmana Seva)**.

From Problem to Solution

Identify the Cause

Understand the cause of the problem.

Remove the Cause

Transform the cause into its remedy.

Attain the Solution

Find a permanent solution to the problem.

BapDada has only one hope:

that the remedy is visible, the cause comes to an end, the problem finishes, and solutions continue to emerge.

Fulfilling the Promise

■ Staying Together

A promise to remain with the Father in every situation.

■ Becoming a Companion

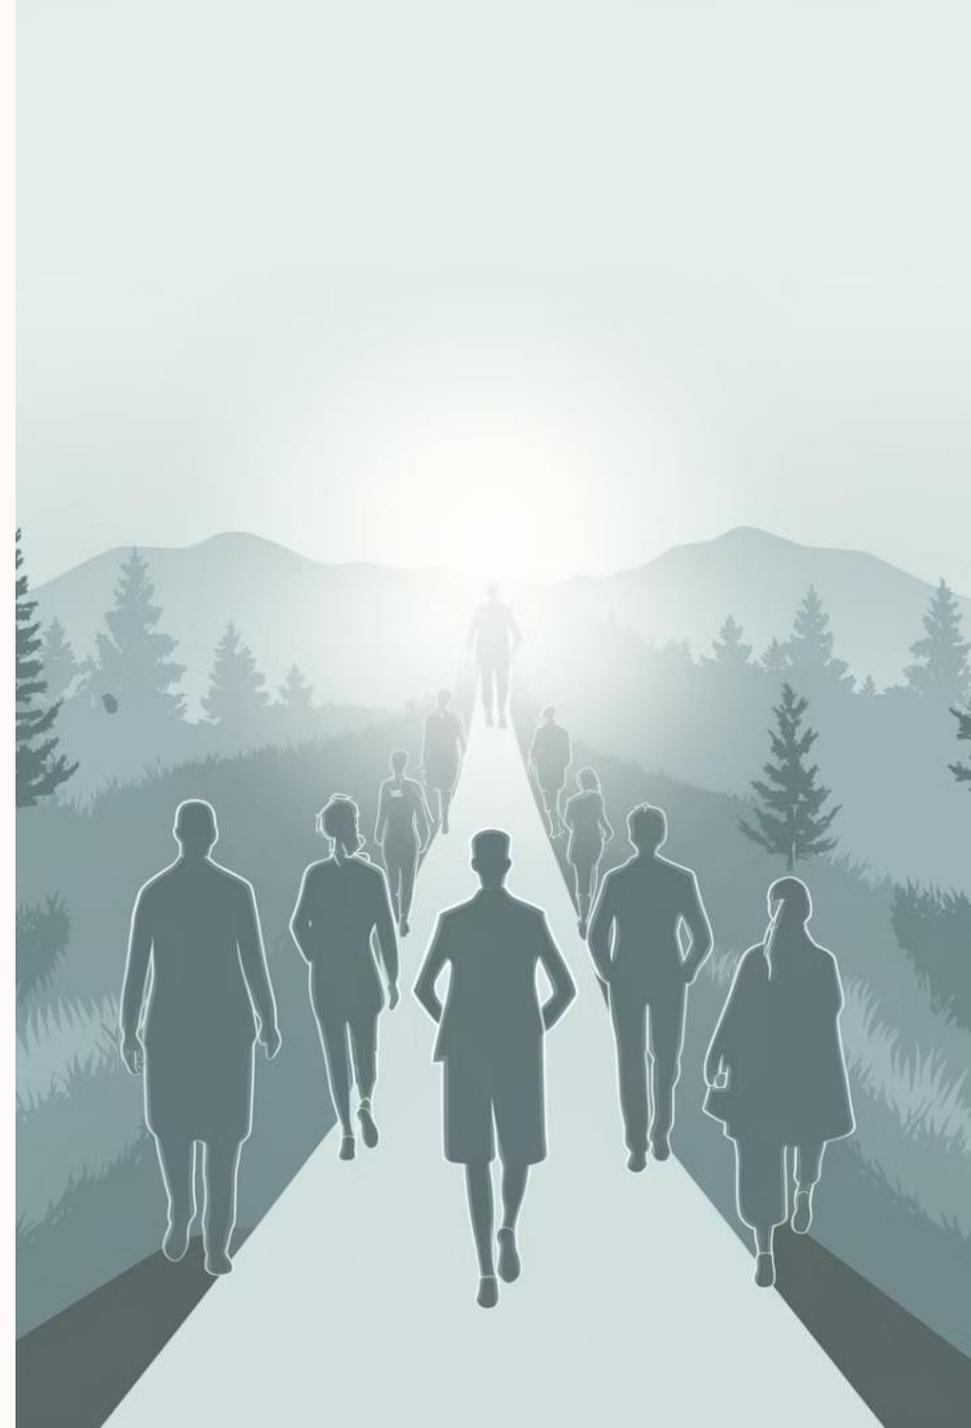

A promise to become a cooperative partner in the Father's work.

■ Walking Together

A promise to walk with the Father until the very end.

All of you made this promise to the Father the moment you took birth:

to stay together, become companions, walk together, and finally enter the kingdom with Brahma Baba.

The Greatness of Maharashtra

A Land of Great Souls

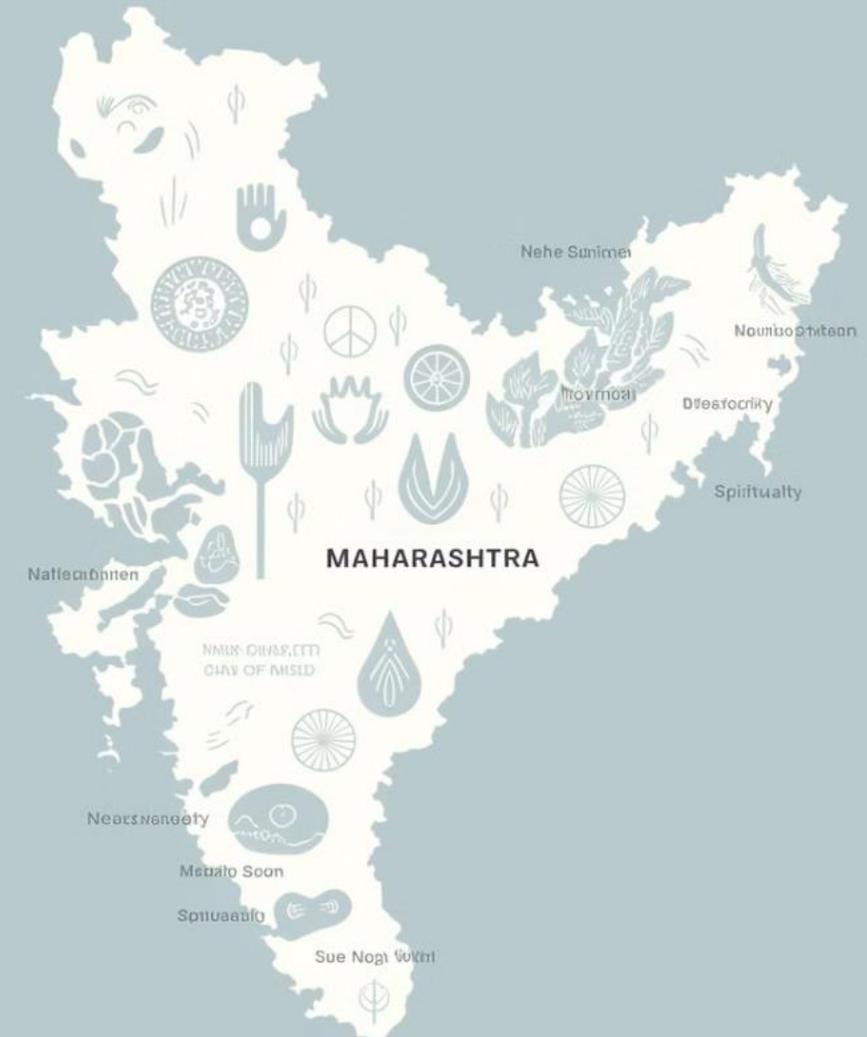

Maharashtra means the land of great souls.

BapDada's Special Attention

BapDada's special attention is focused more on Maharashtra and Delhi.

Sakar Sustenance

Both Maharashtra and Delhi received sustenance directly from **Sakar Brahma Baba** and **Jagadamba**.

The Responsibility of Maharashtra

A New Method of Service

Bring out a new way of serving now.

Spreading the Message

So that the message can spread easily.

New Invention

Create some new invention.

Now Maharashtra has to accomplish something great.
A lot of time has already passed, and no new invention for new tasks has yet emerged.

Special Qualities of Double- Foreigners

(Double-foreigners = those who are detached from both body and bodily consciousness)

Firm Determination

A double-foreigner, if they take up any task, then it is a clear **yes** or **no**—there is no wavering.

Victorious Group

Whichever task they take up, in that task they become victorious.

Compassionate Servers

Becoming merciful souls and giving the message to souls—this is becoming a server equal to the Father.

A Moving Museum

Eyes

Divinity should be visible through your eyes.

Forehead

Your forehead should shine with knowledge.

Smile

Your smiling lips should spread happiness.

Be a **moving museum**.

Just as in a museum or an exhibition there are different kinds of pictures, in the same way your **eyes**, your **forehead**, and your **smiling lips** are different instruments. Through these instruments, you can serve others.

The Power of the Yuth (Group)

Double Power

In giving the message and spreading the voice in all directions, the yuth (group) has double power.

A yuth is victorious, meaning **determined and resolute**.

Have you made such a resolve?

I have to change myself.

I have to adjust.

I have to cooperate.

I have to give love.

First I, first I — practice this within yourself.

Become Victorious

Always remain victorious, and become one who makes others victorious.

The Adornment of Love (Sneh ka Shringar)

Adornment of Flowers

Decorating with flowers is a common practice, but there is a difference between your adornment and the adornment done by others.

Loving Form

You have adorned yourself with a loving form. You do not do it as a duty or obligation; you do it with love.

Fragrance and Beauty

Where there is love, the fragrance and adornment of flowers naturally become beautiful and attractive.

BapDada's Message

Love and Blessings

BapDada remembers such loving children very much and also gives them blessings.

The Importance of Madhuban

Becoming a resident of Madhuban greatly helps in accumulating the Golden Chance.

Love for the Murli

Love for the Murli means love for the Murli-Bearer.
Love and attachment are different; to love is different from being attached.

The Return of 40 Years of Subtle Sustenance

Today, BapDada has come from all directions to meet His serviceable companion children. BapDada is happy to see His companions, and songs are playing in His heart:
“Wah! Wah! My companions in world transformation service!”

Today, from Amrit Vela, loving garlands were being offered to BapDada from all sides. There were three types of garlands:

- garlands of enthusiasm and zeal to become equal to the Father,
- garlands of the tears of the separated gopis,
- and garlands of the complaints of some children.

 **by Shiv Baba**

A Day of Love and Power

The Power of Love

No matter how big a problem may be—like a mountain—the power of love turns even a mountain into cotton.

Love is like an umbrella that always keeps one safe.

Special Qualities of Love

Loving souls do not consider remembering the Father to be hard; they find forgetting difficult. A loving soul can never forget love.

A Day of Becoming Absorbed in Love

Love Through Effort

When effort comes to an end, it transforms into love.

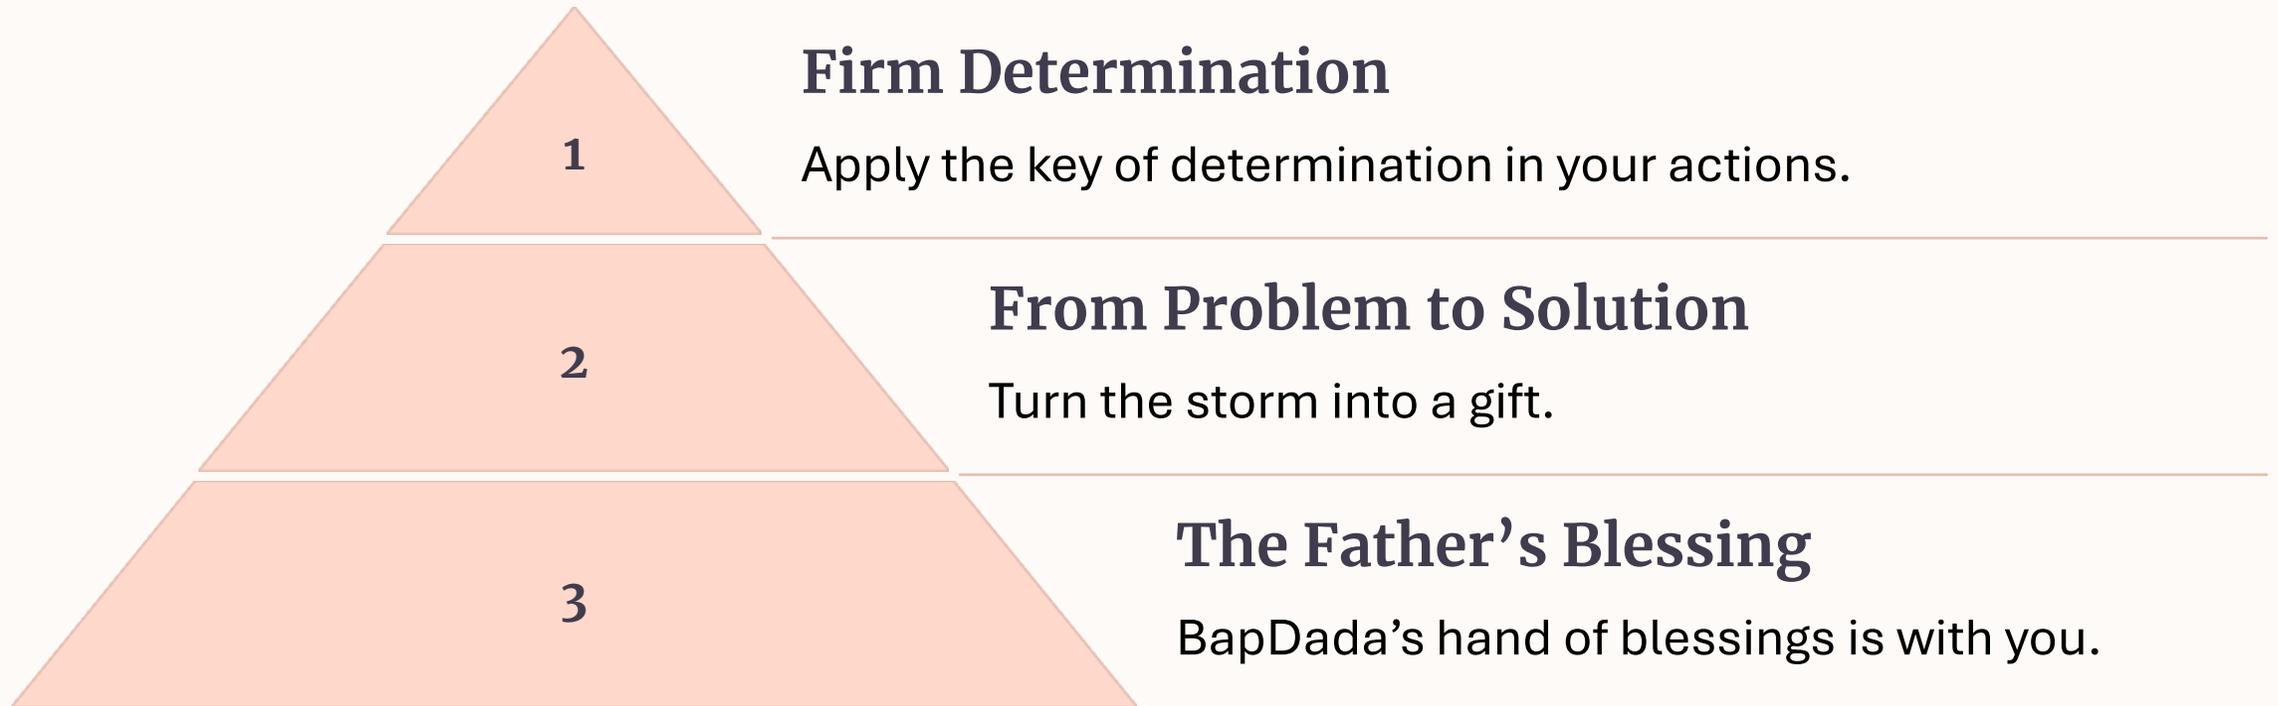

The Stage of Being Absorbed (Lovleen State)

The soul becomes absorbed in the love of the Supreme Soul. It is not “lean” — it is *love-lean*, fully absorbed in love.

The Result of Homework

The result of 75% of the children was good. They have to become equal to the Father, no matter what storms may come.

Turn the Storm into a Gift

At the end of the Iron Age, storms will certainly come.
But for you children, the storm is not a storm — it is a gift.
BapDada's hand of blessings is with all the effort-making children.

40 Years of Subtle Sustenance

1

Zero and Hero

In the first phase of the 40 years, you become zero. Being zero reminds you:
“I am a hero — a true hero, a great hero.”

2

Playing the Hero's Part

Become a hero actor and perform every task like a hero.

3

The Four Principles

Along with being zero and a hero, practice four principles in your natural life — and practice them with determination.

Four Important Principles

Become Benevolent

When you see someone's weakness or hear about it, be compassionate and kind-hearted.

Be a benevolent thinker and offer your support.

Practice Positive Thinking

To stop wasteful or negative thoughts, practice positive thinking.

Create a disciplined timetable for the mind.

Maintain Positive Attitude

Just as negative attitude spreads polluted vibrations, positive attitude spreads purity.

Therefore, keep your attitude positive.

Create a Positive Atmosphere

It is everyone's responsibility to create a positive environment—whether he/she is small or large, new or old.

How to Become a Positive Thinker

1

Be Compassionate

When you see or hear about someone's weakness, respond with compassion.

2

Offer Support

To be a positive thinker means to give support to others.

3

Practice Forgiveness

Do not focus on weaknesses, and never hold hatred toward others.

4

Give Strength

Become a source of support—when you give support, support is received.

Method of Positive Thinking

1

Give the Mind a Royal Title(Swamaan)

Give the mind a specific title of swamaan as daily homework.

2

Create a Timetable for the Mind

You make a timetable for work, now make a timetable for your mind as well.

3

Relax, Realize and Revise

Everyone gets 12–13 breaks a day— use them to relax, realize and to revise your thoughts.

4

Stay in Enjoyment

By keeping the mind busy, time will not be wasted in waste thoughts, and we will remain in the joy of the Confluence Age.

Positive Attitude and Spiritual Atmosphere

Importance of a Positive Attitude

A negative attitude spreads a polluted atmosphere as well.

Therefore, maintaining a positive attitude is essential.

Responsibility of Creating the Atmosphere

Everyone must take the responsibility that I should create a pure and positive atmosphere through my thoughts and actions.

Whether the effort is small or big, new or old—
it is everyone's responsibility.

Role of a World Transformer

World Transformer

Is everyone a world transformer; world transformer is your swamaan

From Negative to Positive

Transform negativity into positivity.

In this, **“me first”**—
not *you first*, but *I will begin*.

Transformation of the Atmosphere

The atmosphere of every service center should become a **temple of consciousness**—
pure, elevated, and powerful.

Responsibility of Transformation

1 Be Ready

Humanity, advanced souls, and even nature are waiting.

You are the one who must be ready.

It is not about waiting anymore—it is about *being prepared*.

2 Remove Fear

Today, fear is spreading in all directions.

You know this very well—*what will happen next?*

So, to bring about change, **first become fearless yourself.**

3 Become a Protector

Change is required.

You must become a protector.

You will have to let go of certain things and learn to **give love**.

This Year's Slogan

0

No Problems

This year's slogan is "**No Problems.**"

1

Flag of Victory

The **flag of victory** will wave in the heart.

24/7

Dance of Happiness

Everyone will keep dancing in happiness at all times.
Happiness is the dance of the mind.

The Gift of Virtues

1

Children of the Giver

If you are children of the Giver, then give **some virtue as a gift to everyone**.

2

Firm Resolve

In one second, that firm resolve will become an elevator—the resolve of a bestower.

3

Reach in a Second

In a second, reach **the Supreme Abode, the subtle realm, or the corporeal world**.

Wherever you wish to go, you will reach **without effort**.

4

Never Empty-Handed

Never let anyone go away **empty-handed**. Always give **some gift of virtue** to everyone you meet.

This Year's Task

Monthly Result

Keep the **result of every month** with you this year, and also **send the “OK Card”** through the teacher in the Yagya.

Card of Blessings

Do not send long letters. Send an **“OK Card.”** Whatever **blessing card** you receive through the teacher—**send that.**

The Gift of Virtues and Powers

How many gifts of **virtues** and **powers** do you have? If you start counting the list, **you'll see how long and rich it truly is.**

Final Message

Always listen to the **four teachings** and let the **fifth one be experienced and lived.**

By constantly reflecting on these points and remaining in a state of inner awareness,
become Brahmin souls who are angelic in nature.

To become a **deity** is your **birthright.**

From angel to deity is the destined journey.

So remain **ever immersed in love**, deeply absorbed,
and keep the **key of unwavering determination** firmly
in your **mind, intellect, and memory.**

To all children in every direction,

remembrance and loving regards from BapDada.

— 18 Jan 2011

Today, a special love was experienced among children everywhere.

This day is celebrated as **Remembrance Day**.

BapDada saw from the subtle region that in the heart of every child there is the image of the Father's love, and in the Father's heart too, the love for every child is filled.

by Shiv Baba

The Power of Love

Experience of God's Love

This is Supreme Love—
divine love can be experienced
only at the **confluence age**.

Basis for Becoming a Helper

This love makes every
child a **co-operative
helper**.

Foundation of Birth

Love is the foundation of everyone's birth.

Day of Remembrance and Day of Empowerment

Day of Remembrance

Today is called the Day of Remembrance, when we remember **the Father (God)** and our **true self**.

Day of Empowerment

This day is also a Day of Empowerment, when we are reminded of **our inner powers**.

Day of Coronation

Today is also called the **Day of Coronation**. On this day, **BapDada**, through **Brahma Baba**, specially crowned the children who were transformed into **great warriors**, with the **crown of world service**.

The Father made the children **kings** and Himself became the **King-maker**. By blessing them with the status of **equal heirs**, He adorned them with the **crown of light**.

The children have brought the **blessing of service** into action.

BapDada observed that when He toured abroad as well, every child was found immersed in **loving remembrance**. The facilities that the Father has given are being properly used.

This day is a special day to **receive the blessing of facilities through loving remembrance**.

Practice of Becoming a Karmayogi

1

Amrit Vela

Many children experience Amrit Vela very well and also experience incorporeal consciousness.

2

Time to Become a Karmayogi

When the time comes to become a **Karmayogi**, there is a difference between doing both tasks together — **yog (remembrance)** and **action (work)**.

3

Need for Balance

Effort should be made to create a balance between action (karma) and yoga.

The Need for Sudden Preparation

BapDada has told all the children that the **destruction of the world can happen suddenly**, therefore one should **always remain prepared**. One should **settle one's karmic accounts**.

1 Knowledge

Become proficient in **spiritual knowledge**.

3 Service

Remain engaged in **selfless service**.

2 Yog

Practice **constant yog (remembrance)**.

4 Dharana (Inculcation)

Inculcate **divine virtues**.

Detached and Soul-Conscious Form (Nishtamoha Smriti Swarup)

Brahma Baba made himself such an example through intense spiritual effort that the experienced children witnessed it. By suddenly practicing **becoming bodiless**, he would soar beyond the physical form.

He gave the children the **tilak (mark) of becoming angels**. The reason for this was his **long-term practice of bodilessness**.

Many experienced children saw that **while performing actions, he would naturally become bodiless**.

Improvement in Karma Yoga

Importance of Awareness (Smriti)

While performing actions, one should remain in the awareness that **“I am a soul”**, and also **remember what kind of soul I am.**

Swamaan (self awareness) of Being an Instrument (Karavanhaar)

I am an **instrumental soul**, and **the actions are being performed through me.** One should remain established in this self-respect.

Seat of Mastery

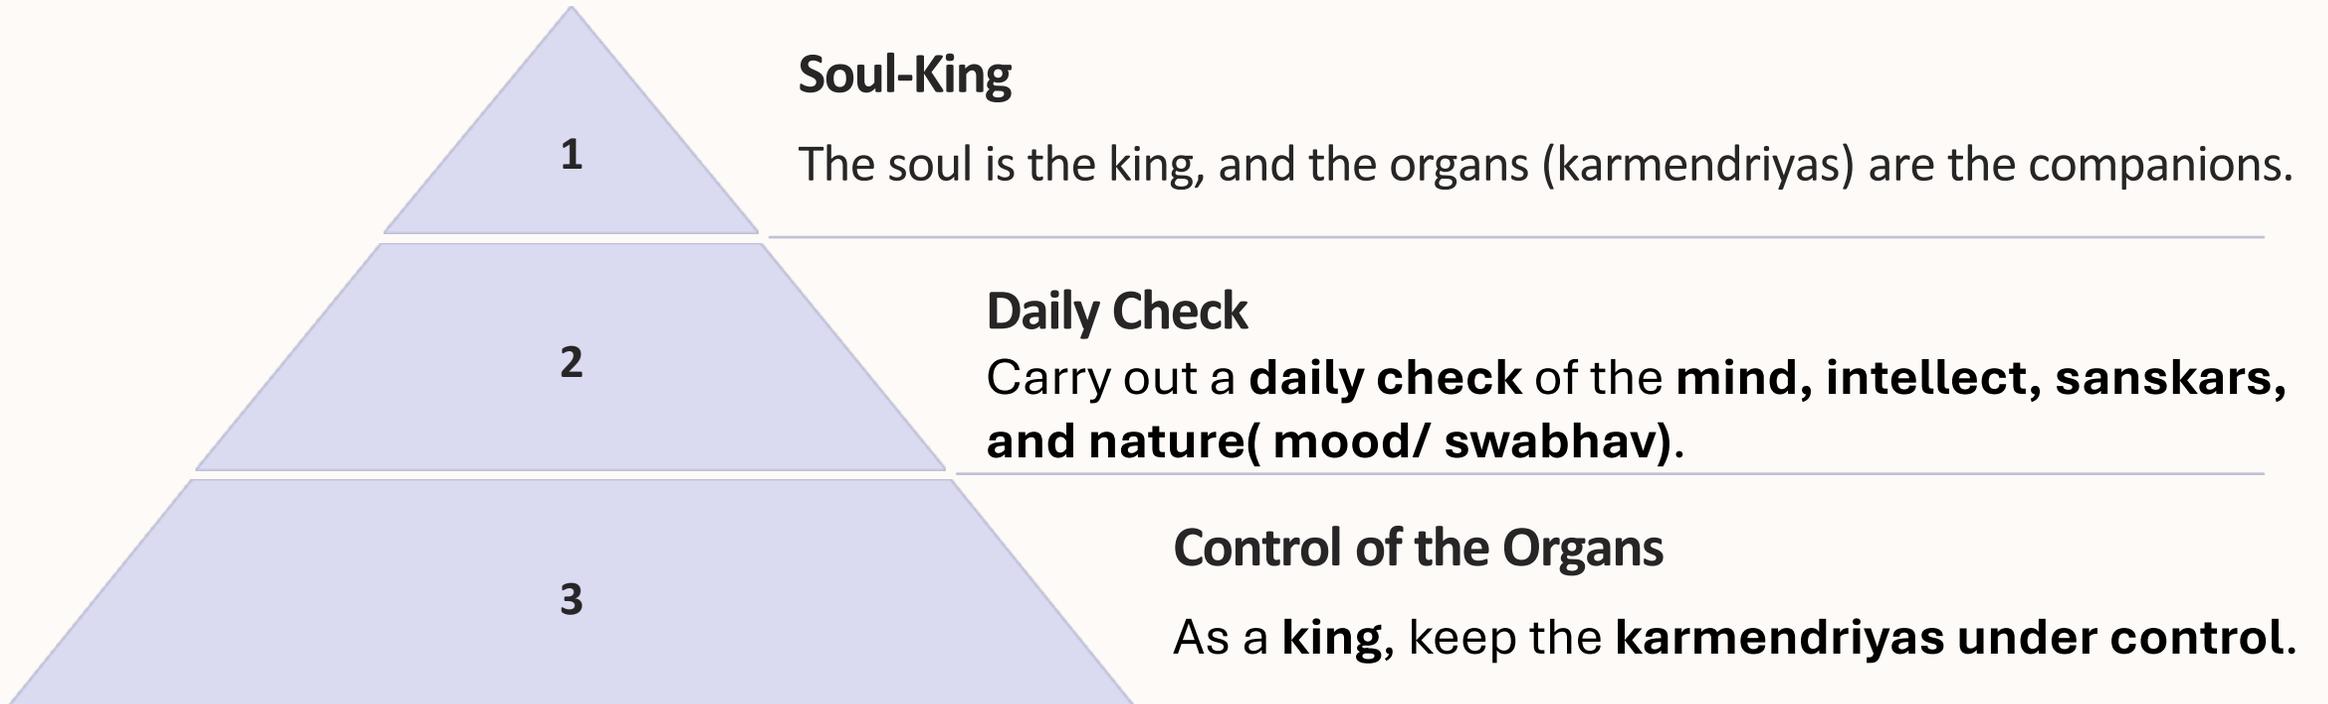

By remaining seated on the **seat of mastery (master almighty authority)**, actions will remain **orderly and disciplined.**

Practice of Brahma Baba

Brahma Baba practiced this from the very beginning:
every day at the time of **completion(night)**,
he would hold a **royal court of the organs (karmendriyas)**.
He would become the **Master Instrument (Karavanhaar Malik)** and
would **receive and give an account of every action** of the organs.

Brahma Baba gave this much **attention right from the start**, so you too
should move forward **considering yourself to be the Master
Instrument (Karavanhaar Malik)**.

The Form of the Soul-King (Atma Raja)

The Boon(Vardan) of the Almighty (Sarvashaktivan)

BapDada has given **every child**, at the time of taking **Brahmin birth**, the **master boon of being all-powerful (Sarvashaktivan)**.

This boon has been given by the **Almighty Authority**.

By remaining stable in the stage of this boon and **giving orders**, the **powers will obey your orders**.
You are the **master**, and you have received the **boon of being all-powerful**.

BapDada's Expectations

1

Become a Royal Child

While performing actions, remain a *royal child*.

2

Sovereign Authority (Self-Rule)(Swarajya Adhikari)

Become one who has *self-sovereignty*.

3

The Seat of Self-Rule

Do not leave the *seat of self-sovereignty*.

Awareness of Kingship

BapDada wants this: while moving about and performing actions, do not forget your kingship; do not leave your seat. Without the seat, no one accepts your orders.

Do not give up your supreme right.

At every moment, whatever work you do, keep a timetable for your mind along with it.

Timetable of the Mind

1

Fix Swamaan (Self-Respect / Awareness for the Day)

Fix your Swamaan (thought for the day) while performing every action.

2

Authority of Ownership (Mastery)

Decide in what form you want to keep the authority of ownership.

3

Regular Practice

Practice this discipline regularly.

Time for Intense Spiritual Effort

Now the time for ordinary effort has passed; this is the time for **intense spiritual effort**.

Do not stop anywhere even for a moment—**it has to be done now, it has to be achieved now.**

Jagadamba's slogan was:

“Never say ‘when’. ‘Now’.

Whatever has to happen tomorrow may happen, but **I have to remain ever-ready.”**

Preparation of the Four Subjects

Knowledge (Gyan)

Mastery in
spiritual knowledge

Yog

Continuous practice of yog

Service (Seva)

An attitude of
selfless service

Dharana (Inner Discipline)

Assimilation of divine virtues

Complete Dispassion (Vairagya of the Intellect)

Check within your heart: am I truly *one who remains detached?*
Become a soul-conscious being free from attachment and attraction.

Brahma Baba himself practiced deep effort and became like this.

One should experience **complete dispassion of the intellect**.
This practice will help you suddenly become *bodiless-conscious(Ashariri)*.

The State of Being an Instrument (Karavaṇhār/ Trustee)

Soul Consciousness

“I am a soul” —
keep this awareness.

Instrumental Soul(karavanhar)

“I am an instrumental soul;
the organs are the doers.”

Sense of Mastery

Become a master
and give directions
(commands).

Invocation of Powers

When you have the blessing of the Almighty Authority, there is nothing greater than that. If, while remaining in the stage of this blessing, you give an order, the powers will obey your command.

The soul is the master and has received the blessing of the All-Powerful from Almighty Authority; remain in this form and, as a master, give the command.

The Need for Continuous Practice

1

Continuity

Practice remaining in this state at all times.

2

Not intermittently(Never Sometimes)

Remove the word “sometimes” from your dictionary.

3

Instant Readiness

Keep yourself ready to be present at a moment's notice.
(Always remain prepared to be present instantly
(at any moment).)

The Role of a World Benefactor

You are a world transformer, a benefactor of the world.

Therefore, while moving about, do not forget your royalty; do not leave your seat (position).

No one wants to give up their rights—so you should not give up your supreme, divine right.
Remain in your self-respect at all times.

Message of the Day of Remembrance

- Always stay ready

Practice being prepared at all times.

- Practice over a long period

Continuous practice over a long duration is necessary.

- Sudden change

Change can happen at any moment, so always remain ready.

BapDada's Blessings

BapDada is bestowing the **tilak of victory** upon the fast-effort-making children everywhere, those who are constantly moving forward with enthusiasm and zeal.

To each and every child, BapDada is giving **love and remembrance on Remembrance Day**. Every child is enshrined in BapDada's heart, and in the heart of every child, the Father is enshrined(samaya hua hai).

Along with service, become co-operative with one another and spread a wave of intense spiritual effort in the atmosphere.

Become victorious in mind and serve souls through the mind.

(18 January 2012)

 **by Shiv Baba**

Today is a special day of love. Children everywhere are celebrating a meeting in a form of love. Seeing the feelings of love of all the children, BapDada became immersed in everyone's love and, from the heart, these words emerged: **“Wah, children, wah!”**

The Day of Becoming A Master from a Child

1

The Day of the Royal Tilak

Today is the day of the children's royal tilak. BapDada, staying in the angelic form himself, made the children instruments for world service.

2

Becoming a Beacon(Backbone)

Become a beacon yourself and reveal the children on the world stage.

3

Congratulations

BapDada, seeing the service of the children and the responsibility they have taken, is extremely happy to see its results and is giving heartfelt congratulations to the children.

The Boon of Being a World Server

Love and Affection

BapDada saw that even now the children have accepted and are continuing to carry out, with deep love and from the heart, the boon of being world servers that was given by Baba.

Enthusiasm and Zeal

At the present time, the children living in both major and minor centers have the enthusiasm that very soon they want to reveal Bap everywhere and in all directions.

Baba's Revelation

This enthusiasm and zeal—BapDada observed by making the rounds—that among the children of both small and large service centers, the enthusiasm for service is very, very good, and it will continue to remain good in the future as well.

The Return of Love and Service

Love Through the Vision

Today, on the day of love, BapDada is giving all the children—whether from India or abroad—the return of love and service through His vision and from His heart.

He is bestowing imperishable love-filled remembrance and blessings of elevated fortune (padam-gunā).

Enthusiasm for the Revelation of Baba

According to the present time, the enthusiasm to reveal Baba is gradually beginning to enter the hearts of souls as well.

The Success of Brahma Kumaris

Transformation

They understand that the Brahma Kumaris have achieved something; transformation is taking place.

Good Work

Earlier, people did not understand what they did. Now they have come to realize that they are doing good work.

Success

What we ourselves could not do, they have achieved success in doing through their organization.

The Aim of Becoming an Angel

1

An Angel Like the Father

Now every child needs to have this enthusiasm, zeal, firm determination, and intense effort that they must become an angel like the Father.

2

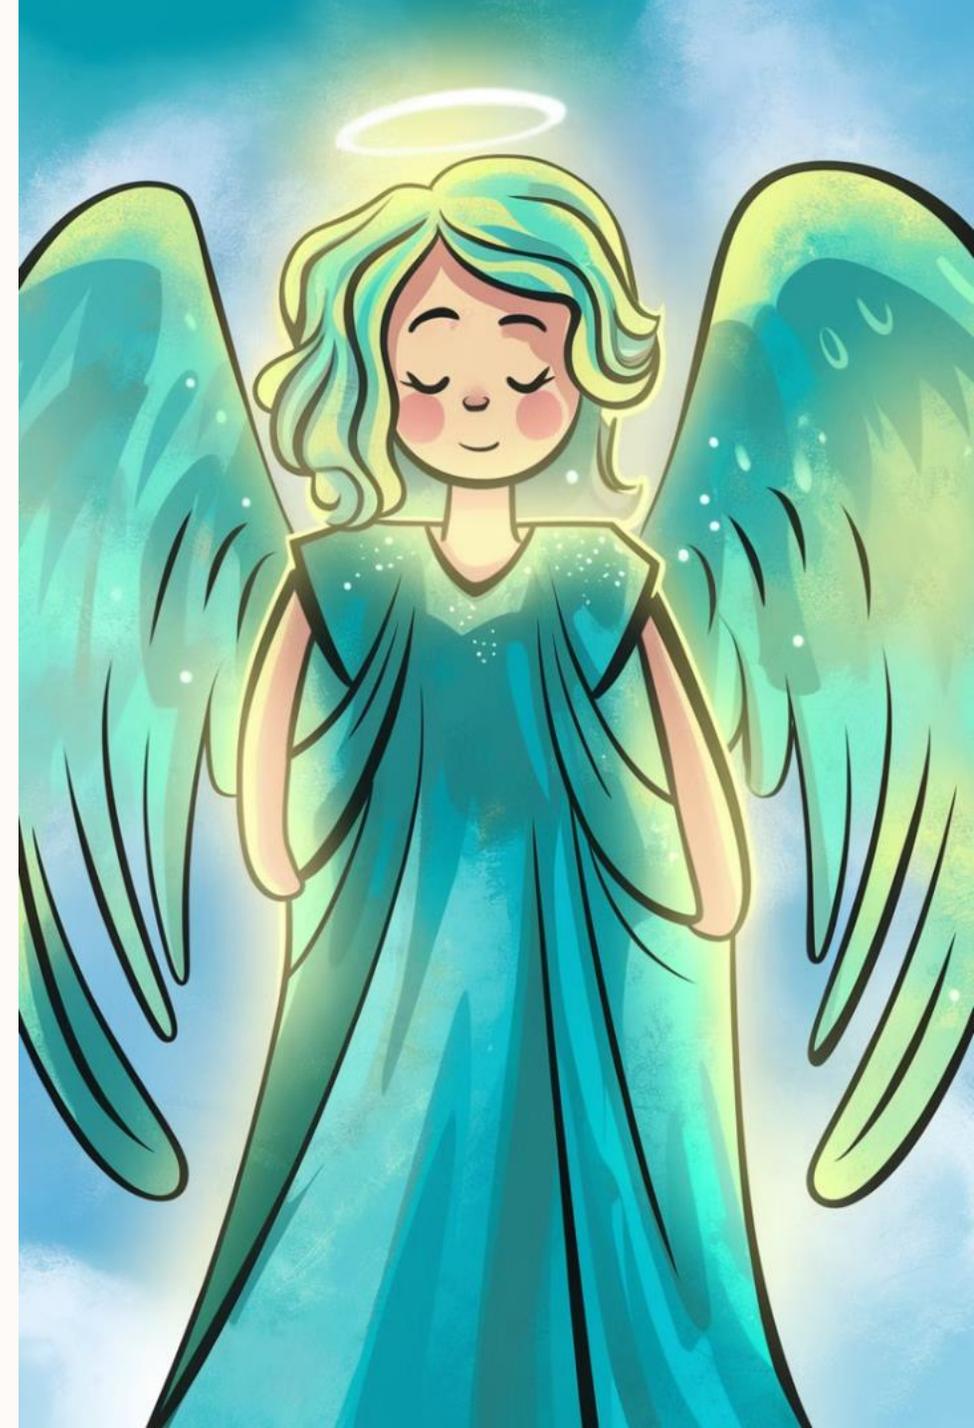

Return Is Necessary

Because now everyone has to return together with the Father.

3

Walking Together and Ruling Together

One has to become an equal angel, because the promise is that we will walk together and rule together.

The Ideal of Brahma Baba

The Form of Angelic Life

Brahma Baba demonstrated the form of angelic life while living his life.

There was so much responsibility.

Everyone had to be made yogi,
yet despite carrying such great responsibility,
he always appeared carefree and loving.

Carefree Emperor

He remained a constantly carefree emperor,
not an anxious one.

In the same way, you children also now have to
become angelic, carefree emperors equal to
the Father.

A Call for Intense Spiritual Effort

1 Enthusiasm and Zeal for Service

BapDada has seen that according to the present time, the amount of enthusiasm and zeal for service that is visible in practical action now needs to be transformed into *intense spiritual effort*. Become and make others intense effort-makers, become complete, and beyond this point also remain constantly filled with enthusiasm and zeal.

3 Spreading the Zeal for Service

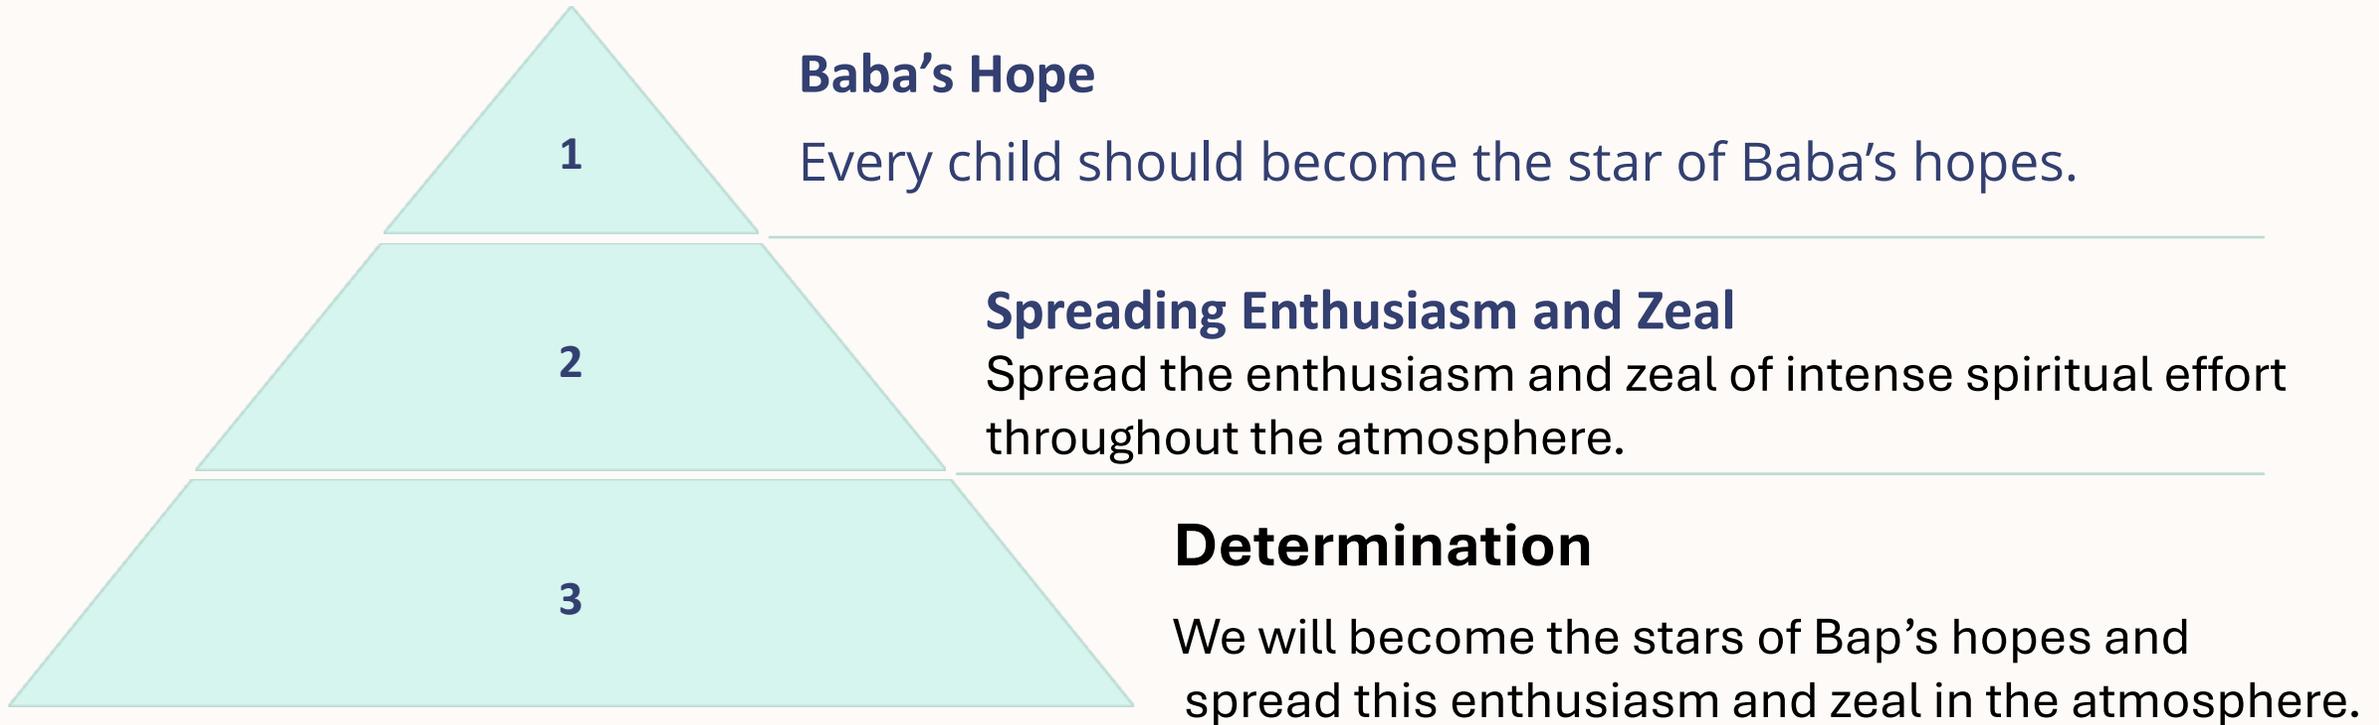

Just as one or two have spread the enthusiasm for service in the atmosphere, in the same way BapDada has this pure hope in the children—that this wave should spread throughout the atmosphere.

2 Creating Enthusiasm in the Atmosphere

Spread enthusiasm and zeal even in the atmosphere. Become cooperative with one or two others and now spread a powerful wave of intense spiritual effort in the atmosphere.

Becoming the Star of Hope

Wasteful Thoughts and Time

Pay attention to the reasons due to which each child's mind goes into wasteful thoughts and wasteful use of time.

Two-Month Goal

For these two months, each child should create a personal method to save themselves from wasteful thoughts and wasteful use of time.

Maintaining a Chart

During these two months, everyone should maintain their own chart to track how much control they exercised over wasteful time and wasteful thoughts.

Children, consider yourselves to be *Shiva Power*;
the Father is with you.

Always remain happy and keep sharing happiness.

 **by Shiv Baba**

Joy in the Diamond(Behad) Hall

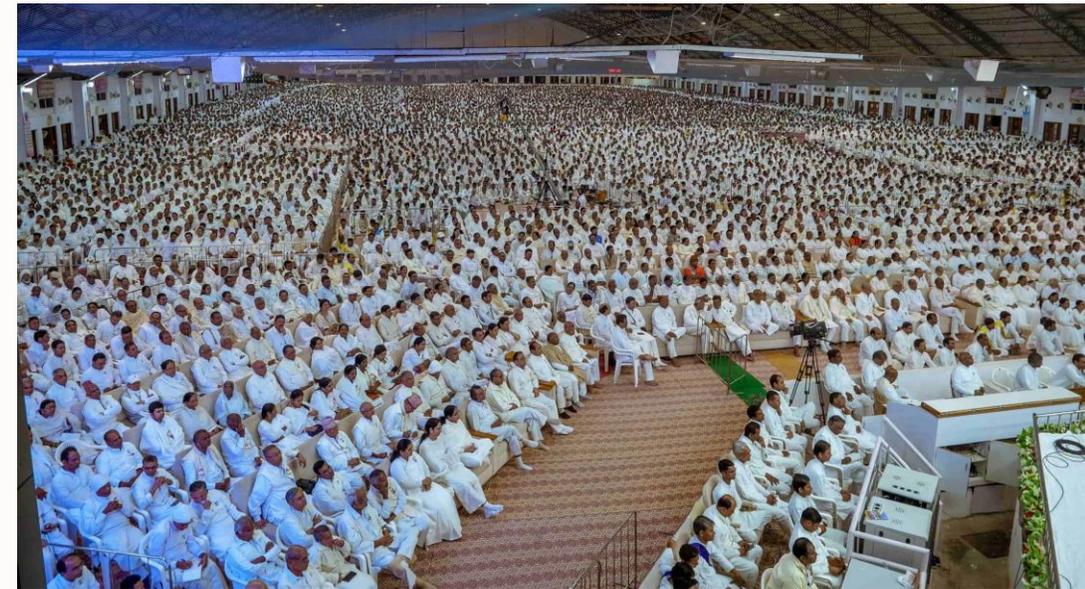

□ Brahmin(Behad) Stage □ Smile

All brothers and sisters are sitting today in the Brahmin Hall with great joy. In everyone's heart there is the feeling that we are established in the Brahmin(unlimited) stage.

□ Sweet Meeting

How sweet and beautiful is the meeting of Baba and the children! Seeing each and every one, my Brahmin family is truly wonderful.

How sweetly everyone is smiling! In BapDada's heart are my sweet children, and in the hearts of the children is my sweet Baba.

Brahmin Family

Joyful Family

The Brahmin family—seeing one another within the Brahmin family, everyone is feeling joyful. Sitting together like this in the Brahmin stage was also a drama.

Wah Baba, Wah!

Baba is saying, “Wah, children, wah!”
And the children are saying, “Wah, Baba, wah!”
This scene too was unique and wonderful.

Fun in Madhuban

1

Madhuban Family

This is the Madhuban family, isn't it?

Yes, raise your hands like this.

The Madhuban family—gathered together in the grounds of Madhuban.

2

Atmosphere of Happiness

How joyful it feels in Madhuban! Seeing the Madhuban family, everyone has come to Madhuban.

3

Experience of Unity

Look at the entire Madhuban family sitting together—just like one small family gathered as one.

Special Meeting

A Treasure of Happiness

Seeing such a big divine family, how much happiness there is—

Wow! What a wonderful family this is.

Experience of Sweetness

Wherever we look, there is so much sweetness.

What is visible on everyone's faces? "My Baba, my Baba."

Seeing Baba, everyone is smiling so much.

Joy of Meeting

After such a long time, everyone meets one another; such a large family has come together—this itself is happiness. Just seeing the family brings joy, doesn't it?

Special Meeting

1

An Extraordinary Meeting

This meeting is not an ordinary one. After so many years, you and we are seeing each other in a physical, face-to-face form. Simply by looking at one another, we are becoming joyful.

2

Song of the Heart

From everyone's heart, the song of "Wah, Wah!" is playing. Even though you and we still live in different places, it feels as if—despite the distance—our meeting has somehow taken place.

3

Hope of Meeting Again

This too is a small meeting, but now there is hope that such meetings will continue to happen. Otherwise, when meetings are so far apart, one truly understands what it means not to meet.

BapDada's Happiness

Love for the Children

BapDada also feels very happy seeing the children. Whatever is going on in each one's heart, we feel that Baba has simply met us—that itself is enough.

Experience of Unity

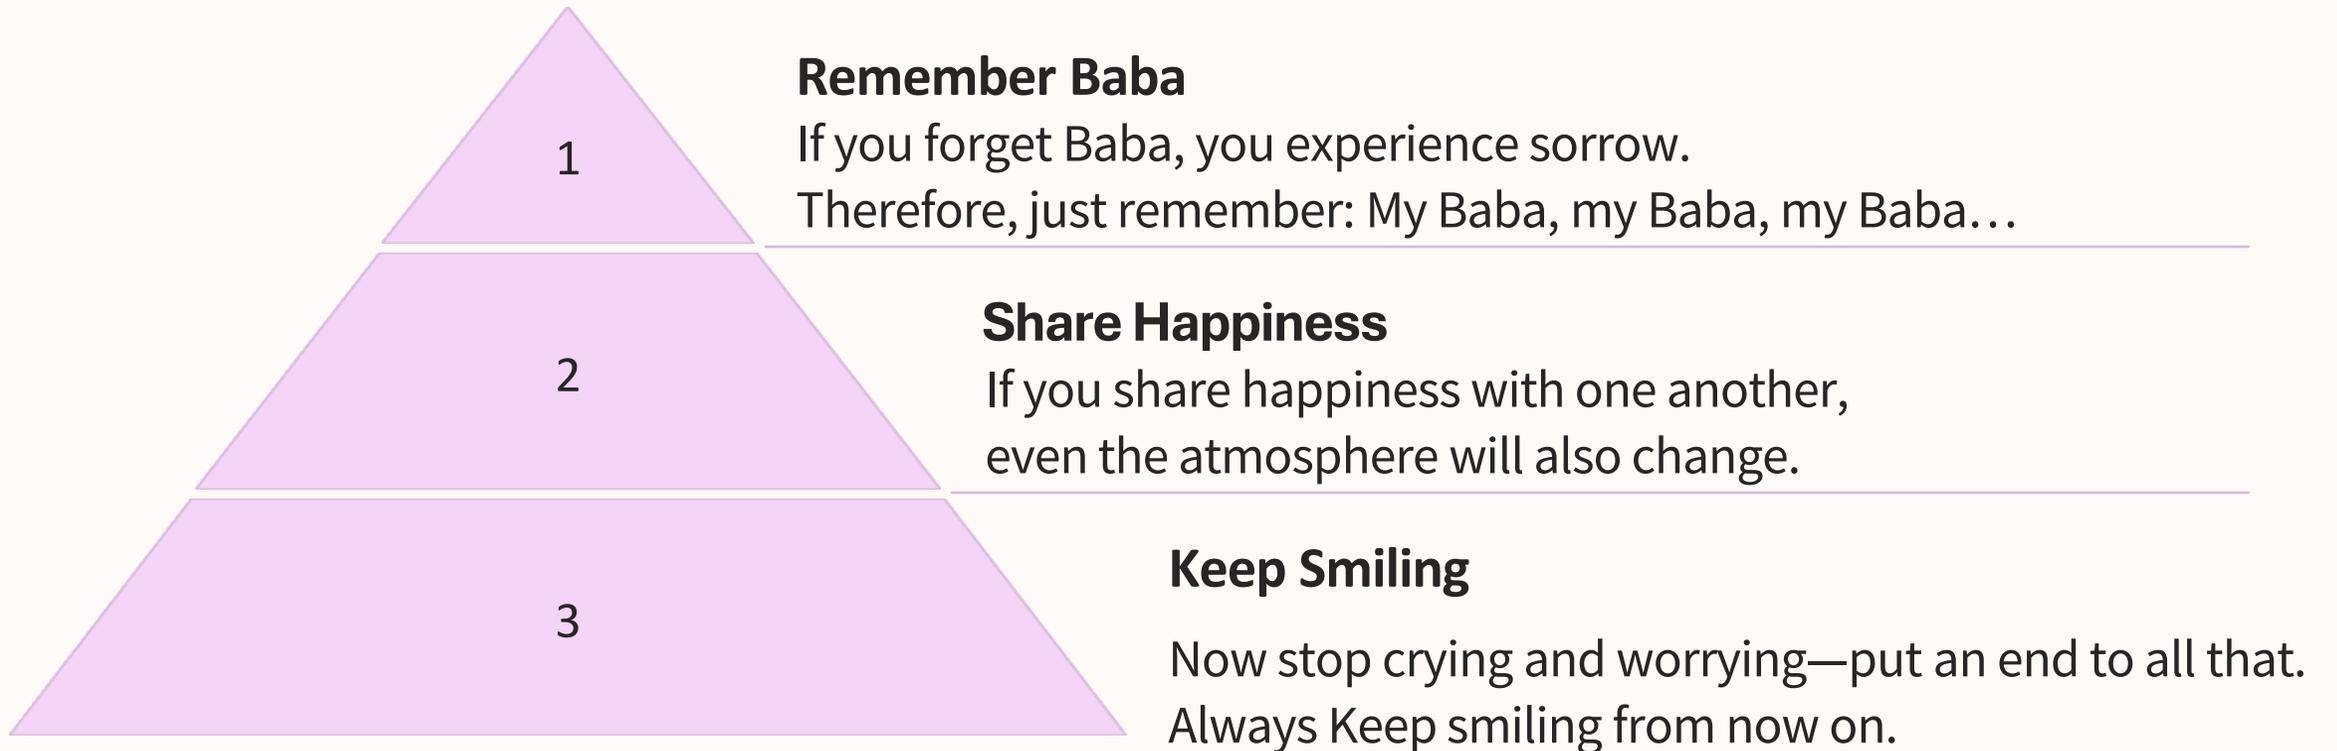

This meeting and parting — this too is a wonderful part. See how lovely it feels when we meet; after a short time, we will part again.

Message of Happiness

What will everyone do now? Everyone has met one another. After celebrating the meeting, there will again be separation. What does the separation of so many days feel like now in everyone's heart?

Message of Happiness

Always remain happy and keep sharing happiness.
You lack nothing—happiness is already with you.
Whoever you meet, keep smiling. Do not let go of happiness.
Keep happiness with you at all times.

परमपिता शिव परमात्मा

प्रायःसभी धर्मों के लोग परमात्मा को निराकार अर्थात् अशरीरी मानते हैं। शिवलिंग ज्योति-बिन्दु परमात्मा की ही यादगार भारत के कोने-कोने में तथा भिन्न-भिन्न देशों में पाई जाती है। परमात्मा शिव ही हम सर्व आत्माओं के परमपिता, परमशिक्षक एवं परमसद्गुरु हैं। अतःनिराकार ज्योति-बिन्दु स्वरूप परमपिता परमात्मा शिव को याद करने से ही हम पापों से मुक्त हो सकते हैं।
